## **Rector's Report**

1986 was a good year for Southland Boys' High School. Achievement was, as it usually is, at a high level both inside and outside the classroom and despite a national shortage of secondary teachers we survived the year in good order and with minimum inconvenience to most pupils because of the efforts of the staff.

Perhaps in retrospect the year was notable for the higher profile music assumed in the school after having been in a minor role for a number of years. The Yamaha Music Laboratory, the Pipe Band; the several public music performances and the increasing frequency with which singing voices were heard all contributed to the growing presence of music as a normal part of school life. Long may it be so.

Much of the credit for the pleasantness of 1986 goes to the pupils. The majority for most of the time were responsible, well behaved young men and their attitude made for amicable relationships and easy management. Especially notable was the mature, supportive, helpful attitude of those in form seven. Their leadership contributed in a major way to the harmony of the year.

Towards the end of the year, as with other years, the school did its best to assist those wishing to enter the work force by providing character references or full testimonials. This task takes some time to complete because the necessary data for each applicant has to be collected from several sources and then collated before being put into final form. The last part is my responsibility and (usually) pleasure because there is much that is good to say about most people. For some few the task is difficult and occasionally not completed because they have not shown their best characteristics at school.

The most helpful things we can say about a boy in a reference are:

- that he makes good use of his abilities in class
- that he is courteous and caring
- that he gets on well with other people

In short, that he is a good citizen

A person about whom such things can be said is likely to give an employer value for money. Those qualities that define good citizenship are the same out of school as in. 'If we all bear them in mind and practise them, 1987 will be at least as good a year as 1986.

## **Staff Notes**

In spite of the predictions made the previous year, 1986 proved to be a relatively stable year as far as staffing is concerned. After the initial influx of new staff, only a few changes in personnel occurred. The situation in no small way assists in maintaining staff morale and the general well-being of the school.

In February we welcomed to the full-time staff Mr C. McGillivray (Mathematics and Science), Mr Carr (Mathematics), Mr M. McKamey (Physical Education), Mr A. Bisschops (Technical), Mrs K. Edwards (Economics and English) and Mrs A. Pask (English and French). Mr McGillivray came to us via industry and Teachers' College, Mr Carr from Takitimu Area School, Mr McKamey all the way from the States, Mr Bisschops and Mrs Pask from the Teachers' Outpost and Mrs Edwards from Lincoln High School. To the part-time staff we welcomed Mrs Menzies (Science) who, until recently, spent her teaching career in England and Mrs Anderson (Remedial Reading) from Kingswell High School. Later in the year Mr Sherborne joined the Physical Education staff as Head of Department. An old boy of the school, he had previously taught at James Hargest and in Murchison.

A previous staff member was to return in Term II. Mr Peter Haworth decided to venture back south to the Commerce Department after a spell in Motueka. We were pleased that Mrs McKinlay and Mr Edgerton continued to assist us and so help to ease the shortage predominantly in the Science Department. Mrs McKinlay left us during Term II to attend to her new addition to the family. Congratulations and thank you for your valuable time spent at school. Mrs Lynley Millar resumed her part-time duties in languages during Term II.

We lost the services of two staff members during the early part of the year. Mr Tiplady decided to join the 'crew' in Tauranga and left for an assistant's position at Mount Maunganui College. This is his second departure from school and again will be missed, particularly in the staffroom. Mrs Thomson also left because of her husband's appointment to a position in Christchurch. Her cheerfulness and fashion consciousness, in addition to her teaching skills were a feature of her time with us.

In addition to Mr Waterston, to whom reference was made in last year's notes, five other staff members left us at the end of 1985. Mr Sapsford returned on promotion to Kingswell High School, Mr Reid went on promotion to Cargill High School, Mr Rolfe left for Morrinsville College, Miss McCarthy left to take up a position at Cashmere High School and Mrs Randall was appointed Itinerant Teacher in Reading for the local primary service.

To all these people we wish them well in their new appointments and thank them most sincerely for the contribution each one has made in their own way to the corporate life of the school.

## **Social Committee Report**

The year has ended,  
Socials are through,  
No more of punks,  
And Hillbillies too.

It was fun,  
While it lasted,  
Despite the trend,  
Of getting blasted.

Next year we wish them,  
All the best,  
And hope at least,  
They pass the test.

1986 has been a year to remember huge successes. From the packed Punks and Pre-schooler's party to the enchantment and majesty of Neptune's Realm.

The committee, along with our Girls' High counterparts, ran approximately 12 junior and senior socials which were all enthusiastically attended. We found however, that it was difficult to get junior boys to go along dressed in a costume appropriate to the theme of the night. It is because of this that the committee suggests that it should be compulsory to dress in theme for junior socials.

Once again the annual formal ball was a resounding success. The satisfaction of a successful night was worth the many hours of organising and preparing undertaken by both schools. Who would have believed that within 24 hours the Girls' High hall could be turned into a spectacle that more than adequately justified the theme of Neptune's Realm.

The committee would like to thank the staff of both schools who assisted at socials. We would also like to wish the next social committee all the best for next year.

### 1986 SOCIAL COMMITTEE:

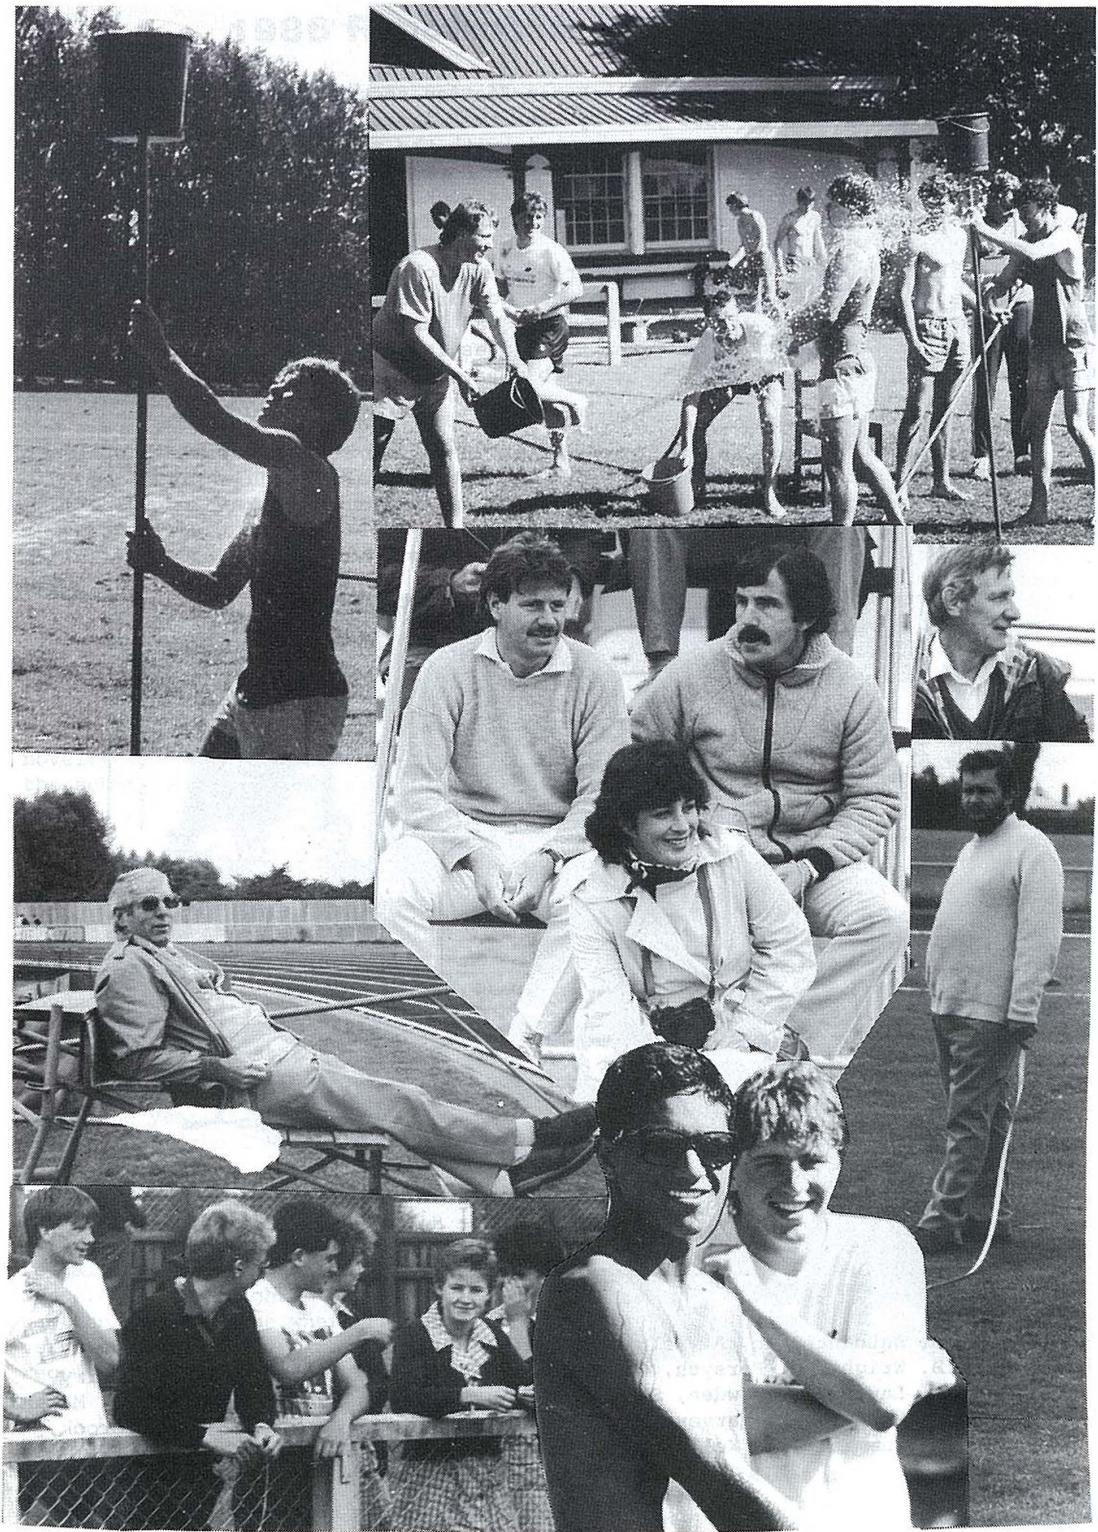

Paul Drayton, Brett Smith, Richard Tapper, Tarewa Williams, Paul Dawson, Laurence Mawhinney, Dean Horo, Donald Carradus and Barry Finnerty.

## **Coldstream Hostel Report**

The hostel was, for the first time in many years, full with an initial roll of 100 pupils. There were numerous achievements recorded during the year. Boys had a greater commitment and pride in the Coldstream name than in the other years I have been here. This was highlighted by victories in the overall athletics competition this year with 100% participation. As in other years, the hostel players came to the fore in the interhouse rugby, both the juniors and seniors retaining the shields won last season. This, combined with creditable results in other sports, resulted in a 3rd placing overall for the year, one of the best results in recent times. On the social side of things the Hostel Ball was very successful due to excellent organisation, and was thoroughly enjoyed by all. Two socials were held in conjunction with Enwood Hostel and they were enjoyable occasions as well.

The smooth running of the hostel was due mainly to the excellent management of Mr Brinsdon and the motherly touch provided by matron, Mrs Lindsay. Their unique combination of discipline and freedom made hostel life harmonious. Housemasters and hostel prefects also contributed to a successful year at the hostel.

## Library Report

The start of the year saw a newlook non-fiction section in the library after some hard work at the end of last year by both the library staff and some enthusiastic librarians. The "oversized" books were put in with the rest of the non-fiction which created a lot more shelf space. This made books a lot easier to find in the non-fiction section. Despite cries in the first week of, "Where's the sports section?" people have adjusted to the new layout and have found it much more efficient.

The library received a modest number of new books during the year which will hopefully be supplemented by an influx of new books donated to the school by the seniors leaving at the end of the year. It is sad that the custom and tradition of giving a book to the library on leaving school has faded to a certain extent. It would seem appropriate for pupils leaving to donate a book as a token of appreciation of what has been done for them.

Thanks must go to Mrs Anderton and Mr Lauren for their considerable contribution to the library's efficient functioning throughout the year. The librarians also deserve much credit for sticking to their, at times, arduous tasks and for working extremely well throughout the year. Thank you.

Angus McIntosh

## 1986 Report from Music Room

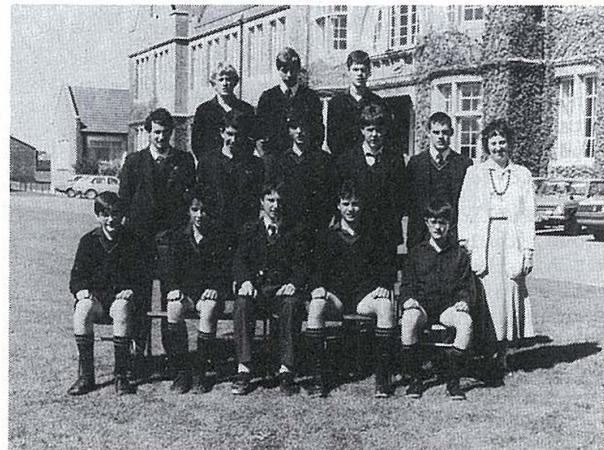

### KEYBOARD ORCHESTRA

The school purchased a keyboard laboratory this year, consisting of 16 electronic keyboards, one main keyboard and a teacher's control consul. Pupils had the opportunity to form a keyboard orchestra with Miss Black as our conductor. We practised during lunchtimes and our first performance was an item in the Southland Music Festival, held in the Civic Theatre on 3 July. We played the theme from "The Magic Flute", "The Bird Catcher's Song" and "The Entertainer". Different members of the group played different parts and the orchestra performed commendably.

Our next performance was for the school revue where we played "The Diabellis March" as well as "The Entertainer".

Being the first keyboard laboratory in Southland it was often regarded as a novelty and these performances provided an opportunity to display the diversity of the school's new musical equipment.

Jon Waldron

### CONCERT BAND

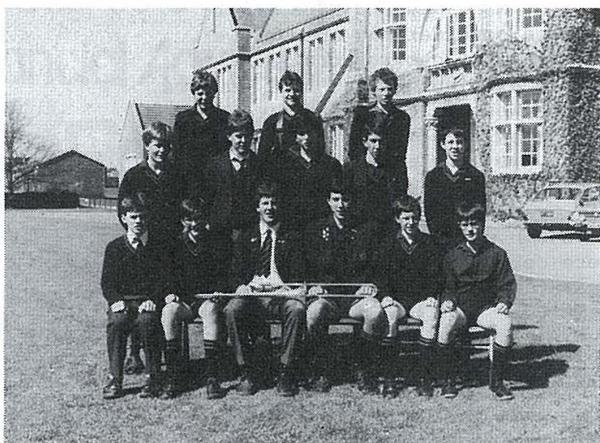

This year we have had a very active Concert Band who have given regular performances throughout the year. Under the baton of conductor Mr David Gallagher, the thirteen-strong group managed to reach a very good standard of musicianship.

The year started off with two concerts in school assemblies which were very entertaining for the students. About half way through the year the band participated in the Westpac Music Competition, where we gained some much needed experience. The highlight of the year was the school revue where three very good performances were well received by the audience.

On behalf of the band I would like to thank Mr Gallagher and Miss Black for the time and effort that they have contributed to the Band. Also I would like to thank all the Band members for the time they have put into practices and performances.

Overall it has been a very successful year.

Derek Gilbertson

#### PIPE BAND

What the uninitiated might call a weird caterwauling rising from the school's grounds was only the recently established pipe band practising.

Formed by Mr Edgerton in Term II, the band has gone from strength to strength during its short existence. With a solid core of well-established pipers and drummers plus several learners, the band looks to have a sound future.

Public outings have been numerous, including performances at the R.S.A., the Special Olympics, and a well received item with an organ accompaniment in the school revue. The band has also played at various school functions, piping the 1st XV on to the fields for interschools and playing at the school fair.

If the present level of participation and enthusiasm is maintained, the Southland Boys' High School pipe band looks set to grow and prosper.

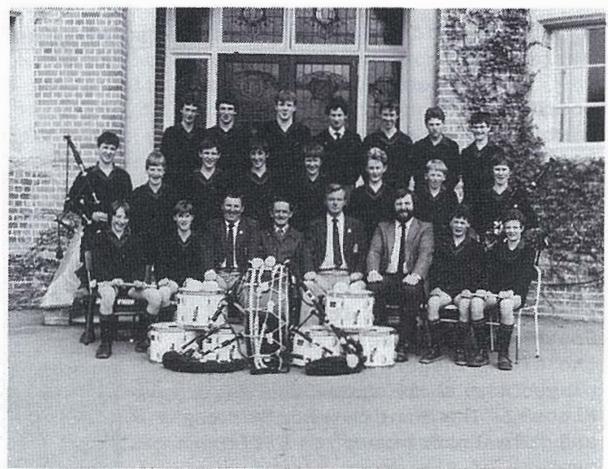

Thanks must go to music tutors Messrs Gilmor, Clarkson and Reid as well as Miss Black and the Rector for their help and support with special thanks to Mr Edgerton for getting the band off the ground.

Andrew Cole

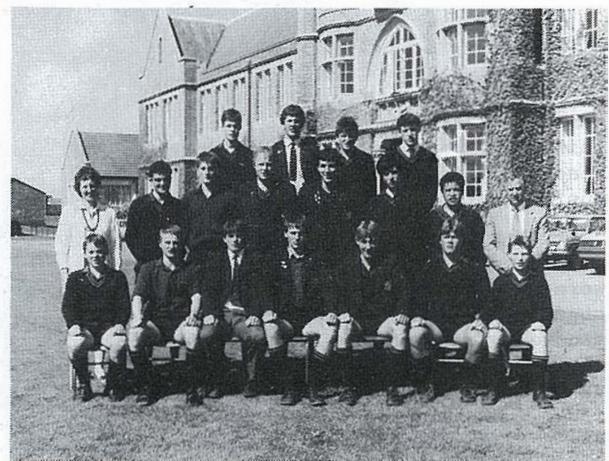

#### SCHOOL CHOIR

This year saw a revival of the choir in the school under the guidance of Mr James and Miss Black. After a considerable absence we entered a choir, consisting of about half juniors and half seniors, in the Westpac Competition. With David Powley accompanying on the piano, we sang a latin song "Non Nobis Domine" as a round and "The Rio Grande", an old sea shanty. Although we were not placed we were certainly not disgraced and learnt a great deal. Hopefully next year will see a much improved choir in the competition. The choir continued practising, and singing at the ANZAC service and took part in the Revue. The climax of the year was the senior prizegiving at which we sang "Eliza Jane" and "Joshua Fight the Battle of Jerico".

The improvement in the choir during the year was very evident and by the end most of the choir were singing quite confidently. This can be largely attributed to the work of Mr James and Miss Black. Thank you to all students who participated in the choir particularly to the 7th Form who made up the bulk of the group. Many members of the choir got a great deal of satisfaction from being in the choir and hopefully next year there will be a continued interest.

school life, including the 1st XV, choir and gymnasts - some of whose antics were very funny indeed.

Script writers, Mr Lawrence and Mr McIntosh excelled themselves and included some execrable puns.

The Pop Band was introduced as "The local answer to 'Dire Straits', rather rough, I'm afraid, so they're called 'Foveaux Straits'", and at the hilarious band practice a player, earphones plugged in and listening to the races told the conductor he had 'the trots'. The Pipe Band too received its share-among them what the Scotsman said when he heard the owl cry ('Hoots Mon') and the reason for the high cost of a set of bagpipes ('inflation').

The Revue gave the opportunity for over 100 boys to take part in the all-male company, and for over 20 staff to become involved - an experience enjoyed by all who took part.

The continuity was provided by Michael Henstock in the character role of the school caretaker, and David Frame as the school Rector. They and the musicians enabled smooth running performances.

Our thanks to all the staff involved and particularly to Mr Lawrence and Miss Black.

## CLUBS & ACTIVITIES

### Radio Club ZL 4CT

A small but enthusiastic group met each Tuesday after school. 25 contacts were made despite poor communication conditions this year. This was because the Sun was at the minimum of its 11 year cycle of activity. Conditions did start to improve right at the end of the year.

10 contacts in Australia  
5 contacts in U.S.A.  
1 contact in New Caledonia

7 contacts in New Zealand  
2 contacts in Canada

### Photo Club

This year's Photoclub comprised a dozen or so happy snappy chappies whose mission was to capture on film, highlights of sporting and cultural events throughout the year. To do this they employed a variety of cameras from the humble 110 to sophisticated SLR automatics.

On the learning front, it took most of the year to break into the darkroom but finally small groups managed to get some hands-in experience of processing their own films. (The results do NOT appear here).

The club thanks Mr Michael Reeves and his friendly team at Photocentre for once again showing their support.

Congratulations also go to Brett Imlach (and others) for successful entries in outside competitions.

Good Shooting!

### Form 7 Cooking Class

Every Wednesday afternoon of the first and third terms, during activities in the last period, strange and exotic aromas wafted down the lower Pearce Block from the canteen. These aromas at times reached the office of Mr Alabaster who, on investigating one day, found the gentlemen of the seventh form experiencing the finer points of making Chinese wontons.

The class, taken by Miss Black and Mrs Pask, was intended as an introduction to matters culinary for those who may next year find themselves flatting while attending university away from home. Not all of them had previous experience in the kitchen and the class provided them with an opportunity to experiment with different ways of cooking for themselves, without having to rely on Colonel Sanders or the Pizza Hut.

Each week the boys were given sets of recipes relating to a specific area of cooking, for example soups, meat, vegetables, fish or desserts. The next week they brought their ingredients along and, with the others in their group, concocted weird and wonderful dishes. Not everything was one hundred per cent successful, but most of the food prepared was delicious and the ability of the cooks bodes well for student flats where they may live in the years to come.

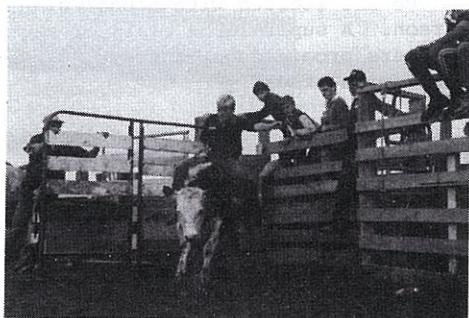

## Rodeo Club

1986 saw the beginning of a new era for Southland Boys' and the New Zealand Rodeo Cowboys' Association, when a secondary schools Rodeo Club was formed.

Of the three members who started the club in 1985, only one returned. This, and the fact that this was the first Rodeo Club outside of America meant we launched into the unknown.

However 17 keen young cowboys decided to give the sport a go. Every Wednesday for the 1st and 3rd terms the club travelled out to the arena at Sandy Point or Gorge Road to receive tuition in several different rodeo events; Bare Back, Saddle Bronc and Calf Roping.

On behalf of the club I would like to thank Mr Doug McLachlan, President of the New Zealand Rodeo Association, for his help in setting up the club. Also thanks to Mr Russel Nicol for the use of his arena at Gorge Road. The tuition from Messrs Tony Harrington, Greg Robinson, Sandy Irwin, Alan Woodley and Phil Ryan in the different events was much appreciated. We hope 1987 will be a successful year.

## I.S.C.F.

(International Student Christian Fellowship)

We began the year meeting as one group during Thursday lunchtimes but at the end of the first term decided to split into two smaller cell groups.

At the end of Term II we dissolved the cell groups so that we could share what we had learned in them. We successfully applied our new found knowledge to our own lives and it was encouraging to see the changes. Highlights of the year's programme included a visit by Cargill I.S.C.F., a visit to Hargest and a dynamic speech by Kevin Mudford.

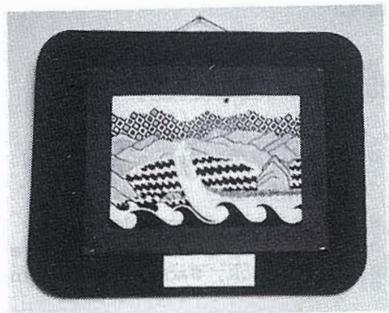

It was good to have a core of about 20 students who were committed to I.S.C.F. this year. The students appreciate the time and effort devoted by Mr Rout, Mr Paris, Mr Duncan and Mrs Pask for her culinary treats.

## Computing

With a full complement of 15 machines from the start of the year, the full potential of the school's computer system has begun to be realised. Many boys from all forms have learnt wordprocessing; allowing them to write essays, poems and assignments without any (or only a few!) mistakes and to practise the principle of first, second and third draft writing.

Some Maths classes have learnt some difficult ideas more easily on the computers. Commerce and Science classes have also had the opportunity.

At intervals, lunchtimes and after schools the computer room has been popular, particularly if there is a game on the network. However, every so often, games mysteriously disappear! Some boys are learning the intricacies of the computer's memory and have improved their knowledge of programming this year.

### 1986 ART REPORT

1986 art started with a boom with Mr Sarson. A super-large class of eager 6th formers promised an interesting year (for all nine of us).

In the first term an art camp was mixed with a bio camp and we all took off to Deep Cove for a few days. It turned out that the Biology group got quite a lot of work done while the Art expedition achieved "a reasonable" standard of work (nice chocolate cake!) It was when the group returned to school that the fun really started, deciphering sketches and producing finished designs. Some of our efforts are currently on display in the hall - large efforts!

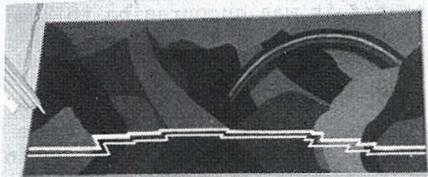

# ART

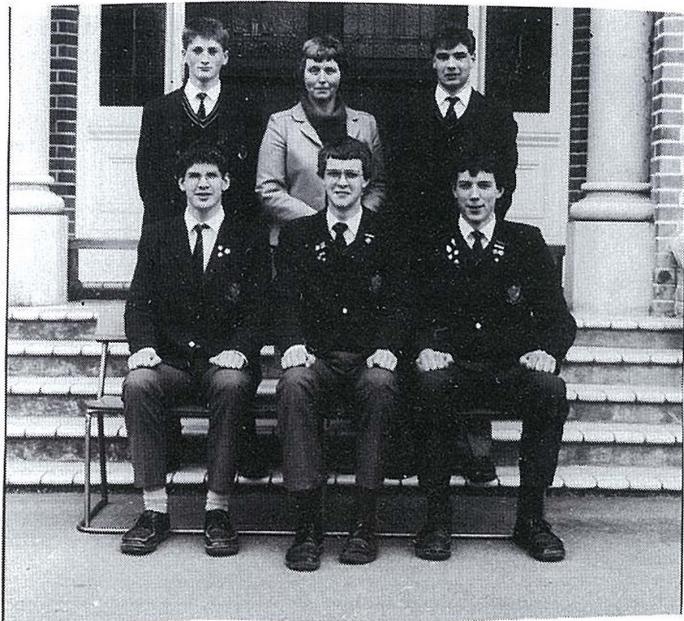

The school entered 3 logo competitions during the year - two by the Sixth Form for Friends of the Library, Te Anau and the Southland Promotions and the other by all the art classes, for the National Parks Board. No winners this year, but some of the 6th Form did manage to get a photo of their logos into the paper.

Our major success this year was the Young Contemporaries Exhibition held at the start of the third term in the Southland Museum where there were so many of our entries some Boys' High ones were turned away. A Third Form group was awarded the prize for a soft sculpture.

Outside school some of us participated in an airbrush class at the Polytechnic - altogether a good year.

## Debating

Back row: D. Lindsay, Mrs W. Drayton, J. Cowan.  
Front row: J. McNaughton, P. Drayton, A. MacIntosh

This year the Senior 'A' debating team, Paul Drayton, Jason Cowan and David Lindsay were in action early in the Westpac National competition.

School's first debate was against South Otago High School, with the topic "That Nuclear Free is the Best Policy". The new combination of speakers made the debate far from lively, but nevertheless school won. School then travelled to Alexandra for the second round at Dunstan High School. This was a close debate against the former national champions, but a consistent team effort saw school win. The third round was against Southland Girls'. School's approach to this debate was deemed too ingenious and dexterous and precious marks for content and arrangement were lost. It was unfortunate that we had the affirmative of the topic "That we are Paid What We Are Worth". The result brought a smile to our female counterparts but disappointment to us.

At Otago Boys', school gave their all. It was a well-fought humorous debate which saw our more experienced counterparts take a narrow victory. A pleasing effort from school.

At Waitaki Boys', school was unlucky not to secure the trophy. Once again school put in a sterling effort.

In the first of our Home Interschools against Kings High School, Boys' High was victorious. The debate was appreciated by the large audience in the hall. The final debate was against Timaru Boys'. This also was held in front of a large supportive audience. The debate saw school emerge the victors. The team, out for revenge for last year's loss at Timaru, performed well. School was the negative in the topic "That Big is Better".

In the local competition two teams were entered. The 'A' team of Matthew Kersey, James McNaughton and Mark Williams drew the debate with the Girls' High team. Unfortunately the adjudicator gave his casting vote to Girls' High.

The 'B' team of Angus McIntosh, Steven Early and David Frame soundly beat a Hargest team and progressed to the second round. There they met the Girls' High 'A' team and after a good debate were beaten.

The three earthy house debates on lively topics delighted large, lunchtime audiences in the hall. The Deaker and Page teams were placed first equal. This was the clinching of the House points competition for Deaker.

All the teams would like to thank Mrs Drayton for her time, coaching and patience. Thanks also to the band of supporters who attended the debates, to Mrs Anderson who chaired many debates, and to the adjudicators who gave up their time to come and judge. Finally our thanks to the First XV for filling up our buses on the inter-schools, allowing us to travel cheaply.

Paul Drayton

## **Junior Debating**

Coach: Miss Boyd

The Third Form team this year, was comprised of Christopher Lineberry, David McCarthy, Christopher Van der Westhuyzen and Travis Lamb.

Our first debate was at Aparima College on the proposition "That the New Zealand teenager is well-balanced and industrious". We took the negative side and won very convincingly. Christopher Lineberry was best speaker.

In the second debate against Southland Girls' High School we took the affirmative "That Comics are better than Classics". Despite a valiant attempt we lost the debate. Travis Lamb was commended for his lively and humorous approach.

For the first time at debating, the boys acquitted themselves very well to get to the second round.

## **Public Speaking**

In the space of four days, the School Speech Competition was very keenly contested. Ten 3rd formers spoke with enthusiasm. The joint winners, J. Kersey 3L and D. Tapp 3P, were obviously well prepared and able speakers who deserved the acclaim they received and will, hopefully, continue their interest in this field.

Ten fourth formers also did verbal battle. Their experience of school and knowledge of each other made their speeches entertaining and very much in time with the sense of humour of their peer group in the audience. Again there were joint winners, I. Forrester 4L and D. Eyles 4G. These boys will also make excellent speakers for the future.

In the 5th form, there were eight competitors. The interest here was in the sense of style which started to emerge among the speakers. These boys not only had something worthwhile to say, they were aware of the power of the English language as a medium of persuasion. After a keen contest, a clear winner emerged, A. McLeay 52.

Among the Seniors, there were 20 competitors. The breadth and depth of talent displayed made the contests exciting in every way. These young men are intelligent, thoughtful, with the ability to express a reasoned, sometimes passionately held, point of view, which informed, persuaded, entertained and occasionally shocked their large, involved audience. Paul Drayton, the Head Prefect, speaking on a Nuclear-Free Pacific was a worthy winner.

## Korimako Speech Contest

On 1 August a combined group of SGHS and SBHS students travelled to Dunedin to act as a support group for their entrants in the regional finals of the Korimako Speech Contest. Joseph Rushton of 4F was the SBHS entrant to their Sir Turi Carroll section, in which he gained a second placing. Joseph spoke of the importance to him of his Maori heritage and his need to rest in contact with Maoritanga. His speech concluded with a resounding waiata by the support group.

### TE MAORI EXHIBITION

The Te Maori Exhibition opened in Dunedin in time to be the once-in-a-lifetime opportunity for Otago and Southland school children to view the taonga of the Maori people which had received such interest in the United States. Approximately 160 third and fourth formers travelled to visit the exhibition and received a Powhiri from the group hosting the pae pae. On the two occasions the boys response was made by Taka Panere and Riki Cherrington supported by the boys' well-rehearsed waiata. Friendly and knowledgeable guides conducted groups through the various sections with the mana of the taonga being highlighted by their associated stories. Kia manawanui, kia kaha Te Maori.

### THINKATHON

What missionary planted the first grapes in N.Z. in 1819?  
Which Rugby Union held the Ranfurly Shield for seven days in 1963?  
What is the name of a beaver's home?  
What did Peeping Tom peep at?  
What world record was recently beaten in Invercargill?

If you could answer these and 95 other similar questions, you would have been a good contender for first prize in the "Thinkathon" organised by the P.T.A. Sponsors paid for each question correctly answered and Philip Webb, of 4R, collecting \$200, was the eventual winner of the first prize - a ten speed bicycle.

Nearly \$3,000 was raised by the P.T.A.

## **Southland Mathematical Association Competition**

Like previous years there was enthusiastic participation in the annual Southland Maths Association Competitions (SMAC).

The 3rd form did particularly well with two teams gaining prizes. One team was placed first and the other team scored enough points to come second equal with a team from Southland Girls' High School. Only one group could receive the second prize so there had to be a play off. The team from our sister school answered the question first so the boys' team had to settle for third place. It was certainly a cliffhanger finish.

The fourth form team gained a commendable second placing that evening as well.

Overall results were:

**Form Three - Teams Event**

1st Logan Cahill, Richard Peterson, Terry Frisby, Damon Elder  
3rd Barry Folster, Andrew Syme, Hamish McNaughton, Christian Tribbe

**Models**

1st Brian Kelly  
2nd Hamish McNaughton

**Form Four - Teams Event**

2nd Nigel Batchem, Tim Bayne, Ian Forrester, Antony Joyce

**Design**

High Commended Mark Stevens

Pupils performed extremely well in the Australian Maths Competition with Barry Milne 51, winning a prize. This was an excellent achievement because it meant that his score was in the top 5% of schools in New Zealand and Australia.

Successful candidates who earned certificates of distinction were:

Form 3 - W. Jones, C. Tribbe, T. Frisby, Q. T. MacIntosh, I. Bishop, B. Folster  
Form 4 - I. Forrester, C. Lucy, L. Bloom  
Form 5 - L. Pullen, J. Blair, D. Powley, B. Borland, P. Calvert

## Junior Drama Day

"Oh mama, I will be a dutiful daughter"

"The quality of mercy is not strained"

"The only hope for Chameleon is to invade Earth" - a Chameleon can take on the image of any living thing, plant, animal..... or human being"

"Mum, dad, every month when the moon is full, I have these terrible urges..... hair sprouted from his chin, he bayed the moon, his red eyes glistened and his fangs gleamed.... who would be his next victim."

"But, sir, it's not just the playing - it's the winning that counts - isn't it?"

"The Battle of the Big Little Horn - Custard's last stand!"

"The All Blacks run onto the field led by Aunt Daisy carrying her famous Black strip of bacon and egg pie"

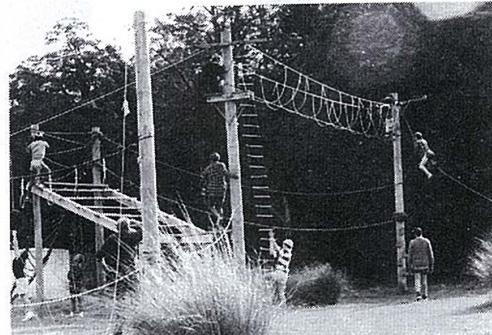

"The boy who smashed all the windows in his house and was let off because he came from a broken home."

A feast of drama, ranging from Shakespeare, through the Victorian melodrama and contemporary sit-coms, to an interesting encounter with an alien, was enjoyed by the whole school and staff.

The high level of talent and wit displayed will stand school drama in good stead for many years. Well done 4L, 4G, 4P, 3L, 3F, 3G!

# CAMPS!

## SIXTH FORM CERTIFICATE YEAR CAMPS

Cows don't take kindly to intruders. That was the message received by more than fifty SBHS sixth form trampers near Kinloch in November. A four-pronged assault was planned on the surrounding geology and vegetation to mark the end of a long, hard SFC year, and the troops were keen to show just how fit they were, and how much fancy, expensive gear they had. Through a fortunate arrangement, the group was allowed to pitch camp on an island near the Dart River Bridge. A brave bus driver and intrepid Merv ground and swerved their way through the riverbed to deliver tents and supplies, and the serious business of camping began.

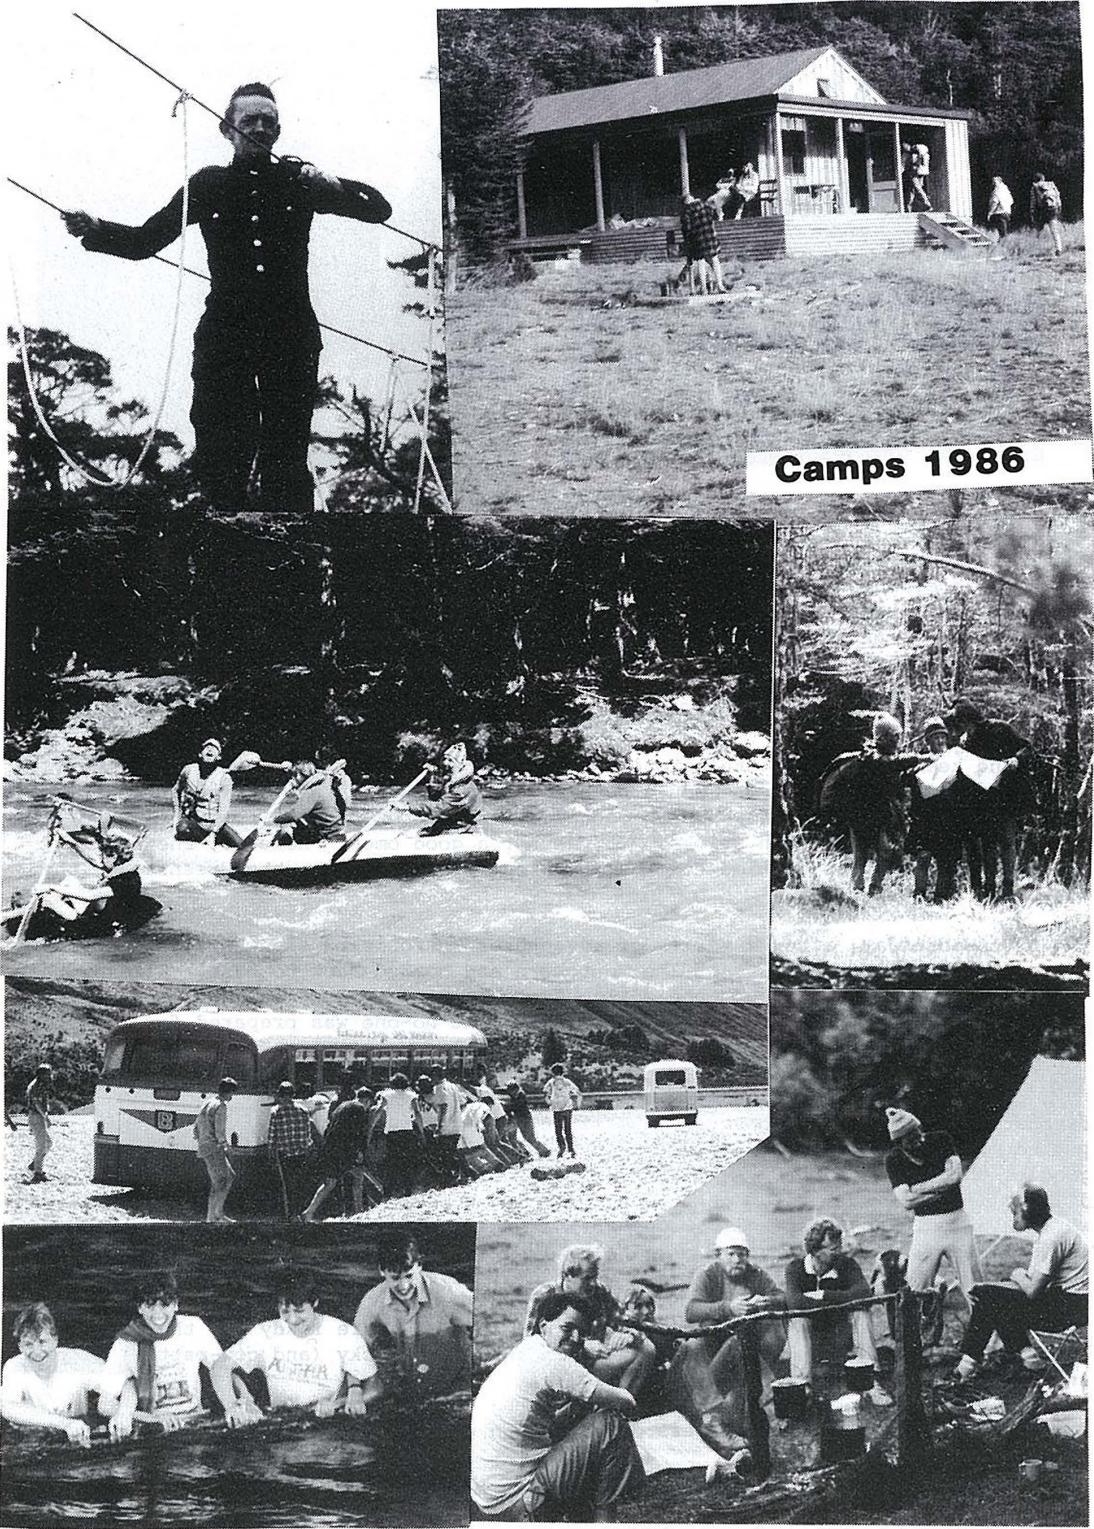

The keen group, the Greenstone-Routeburn trampers, were to set off the next morning, Monday - early. One would have hoped for a good night's sleep, but in the small hours, the herd of cows which occupied the island, prowled round the tents and had to be chased away with sticks. It was not a good omen. However, the parties departed more or less on time for their various destinations - the Greenstone, the North Col and Sugarloaf.

On Wednesday, after a series of adventures (chronicled elsewhere), the troops boarded the bus at the start of the Routeburn and headed back to base. Already there had been reports - ludicrous, one would have thought - of cows eating the ropes off tents. Colin even gave an eyewitness account, but no-one was prepared for the scene of devastation that confronted everyone on arrival.

The cows had demolished the fireplaces, so painstakingly erected, and had demonstrated contempt by covering the sites with their ultimate weapon. A gang had peeled off to a smaller campsite, kicked a hole in one of the tents, eaten some goodies and then chewed up a LEATHER wallet containing a ten dollar note and a driving licence. Colin had left a pan of baked bean remains by a tent flap. These were devoured, and the pan licked clean. As the reports of damaged tent ropes and trademarked fireplaces began to diminish, in came the final ignominy - a cow or cows had broken into a tent, attacked the supplies, and eaten a pottle of MARGARINE.

The cows attacked again that night, but the lads were ready for them. A fearsome Kevin, blisters and all, war-danced in the hot, sticky (and cow-patted) night and the assailants fled.

From then until the trampers departed, an uneasy truce reigned.

Camps 1986

## Assault on the North Col.

The plans for this attempt on the North Col at the head of the north branch of the Routeburn were finalised, after a fashion, round the camp fire at base. The party leaders - Merv, Kev 'n Nev - embroidered their deliberations with lengthy reminiscences about Mt Cook, Ayers Rock, the French and Swiss Alps, the Matterhorn, K2 and Bluff Hill. What a wealth of accumulated experience!

It was decided that two groups would be delivered to the start of the Routeburn - the Sugarloafers, led by Colin (South Col!) and Ambrose, and Merv's men. And that's what happened.

Merv's men stretched out their day and reached their campsite far up the narrow-neck of the north Routeburn. Snowdrifts on the opposite slopes proved too attractive for the lads, who romped happily in them until sausages, Vesta and campfire chow provided stiff competition. North Col was assaulted the next day before it could defend itself.

The party, having picked its way through/over boulders that would have daunted lesser beings, clambered up a difficult knob, lunched, and then set foot in the snow that led to the top. Those with light footwear stayed behind until it was established that a route could be forced while the bold trudged upward. All the while, a slight, bearded being flitted about in the snow with an ice-axe and a camera. But the expedition was successful - and safe - and the sneaker-footed followed. Amid congratulations, it was noted that the bearded being had gone one better and was half way up the adjoining rock face, one hand clinging, the other clutching a camera. Kevin made it up to the snow field, shooting all the while, and then glissaded down. It was clearly time to go.

The descent was memorable. Yeti-like footsteps disfigured the mountain. Fearless idiots tobogganed down the slopes foot first and head first. Fortunately, the climbers had a skilful cameraperson in Hamish, who faithfully recorded the highlights of the climb. Unfortunately, the climbers also had an unskilful mountaineer in Hamish, who lost his camera in an unlovely glissade. But everyone got down, and assorted groups made their own way back to camp; assorted groups - and Alex. Alex kept Nev and Merv company on the way back on what proved to be a leisurely stroll. Once back, food became the priority, especially for the leaders who, it appeared, had been so busy organising everybody else that they forgot to check their own food. Kevegetarian was all right, but the others did it hard on curried chicken-water, muesli and flaky rice. The sight of Merv trying to barter that rice for ANYTHING, but ANYTHING, and the cruel heartless looks on the faces of Gavin, Jason and Jamie will live long in memory.

So too will the stark figure of Jonathan up the hill engaged in what he thought was a matter of some privacy, but viewed with increasing incredulity by staff and fellow students alike.

Back at the Routeburn Flats hut, the lads encountered counterparts from Hargest - clearly a moving experience for Bradley, who could hardly cope, and an extremely moving one for Jamie who was tanning the complete body beautiful when the young women arrived. There, too, Merv's men learned of the hair-raising adventures of the Sugarloafers who became bushed and bluffed owing to a map-reading oversight. To prove that this was not a reflection on their general intelligence and fitness, Ambrose and his team ran up to the Harris Saddle and back, followed more prudently by those of Merv's men who could still walk. The tramp back to the car-park was uneventful, but it was a weary party of trampers which boarded Buchanan's bus for the trip back to base.

## Rafting the Rapids (or "Care for a Tube?")

Getting a party of rafters up the Rees River was no problem for Buchanans, nor for the mighty Maxi, for that matter. What took real time was the preparation of the tubes and the raft, the fitting of the wet-suits, and the locating of suitable water.

Two runs were made. The staff, not unnaturally, had the more secure and comfortable raft, while the mob made do with inner tubes from trucks and tractors. But what fun! Negotiating a rapidly flowing river is never easy at the best of times, but in a tossing, whirling inner tube, whether on its own or tied to someone else's, the trip took on roller-coaster proportions. At the end of the second run, a commemorative dunking took place, and the staff happily joined the lads in the river to complete a very festive occasion.

## Greenstone Trip

It was 10 o'clock by the time the bus reached the start of the Greenstone track. Once there, it was "packs on" and away. Mr Thompson set a blistering pace which was to take its toll on him later in the trip.

We tramped solidly for four hours only stopping to cross swing bridges, then stopping for lunch. After lunch we were, once again, on the trail for another 3½ hours walking through swamp land and occasional bush. We rested at the Mid Greenstone hut, drinking salted water to keep cramp at bay.

It was a majority decision to press on to the Lake McKellar hut. The track was easy going but time was running out and to cap it off, it began to rain at 5 o'clock. To everyone's annoyance, it was learnt that people hadn't brought parkas which could have jeopardised the whole trip.

We reached the hut at about 8.30 p.m. to the astonishment of a German couple who had settled in for the night. Tea was cooked in the dark then it was off to bed only to be kept awake by the snorers.

The next day it was beautifully fine and only 20 minutes to Lake McKellar which was the first real scenery we had all trip to date. Another 1½ hours and we were at the Lake Howden hut where we had lunch and a break. Lake MacKenzie hut was three hours away so we set off. The Routeburn opened up to us and displayed its majestic scenery. The Earland Falls were at their best, the view of the Hollyford Valley was great and The Orchard was awe inspiring. We arrived at the hut at about 5.30 p.m. and while the students jumped in the lake the teachers found their beds more desirable. The third day was also fabulous. The steep climb up to the Harris Saddle was full of views of the Hollyford Valley. Once at the Saddle a select few decided to climb Conical Hill (1515m). Once at the top, a fabulous view was obtained of Martins Bay and Lake Howden. A great time was had also sliding down the snow on parkas.

After lunch it was on to the Routeburn Falls Hut after a brief snowball fight with the other rafting group we met. At the Falls Hut Mr Thompson was the only one keen on spending the night there. He had lain in the sun and had, in his words, suffered from "heat exposure" but we carried on down to the Flats Hut. With only two hours until the end of the track, many students wanted to carry on out but the teachers decided that they couldn't go any further so we pitched our tents again.

The last day was a gentle two hour walk out to the bus and back to the Dart River camp. A good tramp with many pleasing encounters.

## **Stewart Island Tramp** NOVEMBER 1986

The original intention of the Stewart Island tramping group was to spend a week tramping round the northwest circuit of the island. Unfortunately one party member's health and another's boots were failing to measure up to the task by the end of the second day so a change of plans was called for. Instead of continuing with the circuit we agreed to backtrack and spend some time exploring over at Masons Bay.

Making the most of a welcome spell of fine weather, we returned from Benson Peak to Freshwater Landing. The following morning we walked over to Masons Bay and spent the rest of the day beachcombing amongst the variety of interesting beach litter that had been discarded from fishing boats working off the coast.

Stewart Island's reputation for "chocolate swamps" and bottomless quagmires proved to be largely unfounded as a result of the extended dry period although one or two wet muddy nether regions resulted from deviations from the strategically placed boardwalks along the wetter sections of track.

In the end the week was a more relaxing one than it would have been if we had completed the full circuit. However, it was still a tired and sunburnt group that boarded the ferry for the homeward journey.

## **Boyd Creek**

In June of 1985 a report was prepared by the New Zealand Forest Service on the educational potential of the Snowdon State Forest which surrounds the school lodge.

Part of the report suggested that a track be cut from the School Lodge to link with the Upukerora track for the purpose of intensive vegetation studies.

In August and November of this year groups of students, under the supervision of Ranger Ron Hinton and staff members Messrs Baldwin and Sherbourne, started on the construction of this track. The track travels through a rare vegetation regime of mixed beech (Red, Silver and Mountain, at the same altitude) and has already aroused the interest of a University group for vegetation studies.

At this stage approximately five days work will complete the cutting and forming of the track.

The school offers its thanks to the New Zealand Forest Service for the provision of staff, materials and guidance and the following pupils for their time and efforts in the creation of a unique and permanent facility.

We also thank the Old Boys Association for their monetary support and hope such assistance continues.

Pupils involved were: T. Anderson, D. Bathurst, G. Baxter, D. Cook, J. Cooke, I. Fraser, O. Gibson, A. Hogue, A. Irwin, J. Lamb, S. MacDonald, L. Mawhinney, T. Milligan, D. Mitchell, N. Perkins, P. Rance, B. Smith, A. Soper, L. Welsh.

## 6th Form Biology Camp

The 6th form biology camp this year was held at Deep Cove. Miss Black and Mr Thompson who organised the camps split the classes into two groups of about forty pupils.

For many pupils it was their second visit to the area, and it seemed even better than the first trip. The hostel was roomy and very comfortable which made for a great stay.

Our departure from Invercargill during the early hours of the morning was just too early for one member of the group to get out of bed. He missed the bus - and the trip completely. On our arrival at Manapouri, we loaded the boat and departed well ahead of the arrival of yet another group member who had intended to meet the group at Manapouri before its departure. He managed to catch a tourist launch to the power station later that morning.

After a tour of the power station we crossed over the Wilmot Pass in a very early model bus. The view at the top was incredible, you could see far down the cove. Upon arriving at the hostel we sat down to receive the welcome from the ranger's wife and were then released to do research in the surrounding native bush.

During the camp we climbed up the mountain behind the hostel to an unbelievable height. Although the trip up there was terrible, the view from the top was magnificent. Soon after we reached the top it began to rain so we were forced to make a hasty descent down the vertical track. No relaxed ramble for us --, more like abseiling.

The fishing trip out into the cove was very enjoyable although relatively unsuccessful. Most people caught numerous "Jock Stuarts", but very little of anything sizeable.

The nights at the hostel were reasonably relaxed except for the battles involving pillows and batons between 5th and 4th years. The exercise involved in the battles was enough to put everyone to sleep.

The trip was a very successful one that everyone enjoyed thoroughly. Thanks must go to Mr Thompson, Miss Black, Mr Ward, Mr Murcott and all other parents and teachers involved.

## Spirit of Adventure

"Morning chinups" echoing through the mess decks was, perhaps, not the nicest way to be woken up at 05.50 hours but nevertheless that was how Callum, the fourth mate, chose to wake us up on voyage 299 of the "Spirit of Adventure". Ten minutes later we set out on our daily sortie on to the freezing deck in preparation for a frantic thirty seconds, which took us from the bow of the "Spirit" to the rope ladder.

A voyage on the "Spirit of Adventure" may not be everyone's idea of how best to spend ten days but it was certainly a dream come true for me. (Believe it or not the "swim" was actually very refreshing.)

It all began dramatically at Marsden Wharf, Auckland, in the pouring rain, with builders rushing around, a jazz band playing, helicopters overhead, press cameras pointing and generally people everywhere discussing the "Black Ship" at the other end of the wharf. In fifteen minutes we were in seamen's jerseys and yellow wet weather gear and out on the yards learning how to untie the gadgets on the topsail at the top of the main mast. Soon we led our big sister the "Spirit of New Zealand" alias the "Black Ship" out of the harbour on her maiden trainee voyage and disappeared into the mist for ten days of pure adventure.

These ten days would see me come to terms with the Hauraki Gulf as well as my fellow trainees. The first part, I thought, would be no trouble for a veteran of many crossings of Foveaux Strait. However I was proved wrong and the second day was highlighted by my contribution to the "Chunderathon" trophy. I was deserted in the galley by all but one of my dishwashing companions, (who was on the floor noisily filling the scrap bucket). I made a hurried exit, tripped over the wheel house door, spreadeagled on the deck and lost my lunch. However this noble effort was not enough to win the coveted trophy which went to Brian, who managed superior texture and sound effects as he decorated the Mate's jacket.

The following nine days were pure enjoyment with a visit to Mount Hobson on Great Barrier, exhilarating flying fox rides on the Coromandel, navigating tunnels on Waiheke and clinching the inter-watch trophy in the "Rubber Duckie" and dinghy races.

Amongst all this we did manage some sailing which was supplemented with water skiing using the Mate's bunk, dinghy races and small boat sailing.

It all climaxed on the second last day when we controlled the ship in 45 knot winds and managed to get from A to B.

We arrived back at Marsden Wharf after the match race with the "Spirit of New Zealand" to hear stories from their mixed crew of broken toilets, necessitating the use of buckets and of other "growing pains" of a new ship and we were pleased that we had been on the older smaller one.

My important memories are not of the ship but of the people and the lessons learned. Sailing a ship does not take a Captain and crew but a team of co-ordinated people who must work together to get anywhere. You also learn about yourself, your limits under stress and what you can achieve with extra effort.

For me the "Spirit of Adventure" was a fantastic experience which, I feel, every young New Zealander should take the opportunity to have a go at. The addition of the "Spirit of New Zealand" means more trainees can go each year and I hope many more boys from Southland Boys' High will be able to do so.

### LETTER FROM KAIN, 1986 A.F.S. STUDENT

My friends from Boys' High,

I am writing to say thank you for all that you've done for me. I've been here for only (well, not "only") about 11 months and I've really grown to love the Kiwi people and the Kiwi way of life.

This has been a real eye-opener for me and a growing experience for me. I know already I have changed within myself in this period of time and I think even my family in Thailand will be amazed at the change in me.

For this change I give thanks to you and your people and the patience they've had with me. Sometimes I get scared about having to go home to Thailand because, through my eyes, everything will be different and so un-Kiwi. I've gained so much here and have even found that some of my thinking is the same as Kiwi and I don't mind one bit.

I'll sign off here. Please take care and hopefully we'll see one another again sometime in the future.

With love, Kain

P.S. A precious memory is the source of lifelong happiness.

### AUSTRALIA-NEW ZEALAND ROTARY EXCHANGE

This Student Exchange is a programme in which students from New Zealand stay in Australia at an Australian student's house for the first term of the year while the Australian student stays at the New Zealander's home for the second term. It's organised by Rotary, and students from all over New Zealand participate in the scheme. It can be applied for through school or the local Rotary club.

While staying in Australia on this exchange programme you will go on several trips with other exchange students. When my exchange student was in Australia with me there were three trips organised by Rotary. The most enjoyable one was when the Australian and New Zealand students stayed at Tathra on the East Coast with global exchange students from Denmark, Sweden, Japan, Solomon Islands, Brazil, South Africa, U.S.A., Canada and Mexico.

Here in New Zealand all the Australian students went to Te Anau and saw the Glowworm caves; to Manapouri and the Power Station; to Queenstown where we had a ride on the Shotover Jet and dinner at the Skyline Restaurant; then ended at Wanaka and its frustrating maze. The trip took four days and it was fantastic!

Many of the people I have met on this exchange have become my best friends and even though it's almost time for me to go back to Australia, the experience has only just begun because in the near future I will come back to New Zealand to see my friends again. I may even travel further to see friends in places such as Denmark, Solomon Islands and the U.S.A.

I don't miss my family at all (this makes me feel a little guilty) and if I miss anything at all it would be my friends from school at home.

When I first got to New Zealand I was surprised to find everybody telling jokes about Australians. Australians never tell jokes about New Zealanders but things may change on my return.

New Zealand is the most patriotic country I know of. The people here are even more patriotic than any Americans I've met.

The weather here isn't so good as I might have hoped. It's mostly rainy, windy and cold. I should be used to the cold because where I live it can get down to minus fifteen at night. We receive quite large snowfalls every year and it is not unusual for schools and roads to be closed. In the summer, temperatures soar to anything up to 38 degrees.

I've been ski-ing several times since I have been here and I love it. It's much better than skiing in Australia. It's cheaper for Australians to fly here and ski for a while than it is to ski at home. It's not difficult to see why the ski fields here see so many Australians on their slopes.

Many New Zealanders seem to think that I have some kind of an accent and you will all, no doubt, be surprised when I tell you that it is not me with the accent, but all you New Zealanders. Your strange, foreign accents and major "mispronunciations" have caused me considerable trouble. Not long ago I went into David Reid Electronics on Spey Street to buy a computer disc. I asked them if they could show me a selection of discs but instead they showed me a selection of desks!

This exchange is worth every bit of my money and I recommend it to anybody.

Short Story by Mathew Kersey

"Two minutes to go, you're four points down, and if you don't pull finger you're not going to be in the final. You should be twenty points ahead, now get out there and show them what Southland Boys' means."

"Time in," the referee motioned as we took our positions on the court. A quick steal gave Willie, our captain, a runaway lay-up. A full court press gave us three successive baskets and it was all over. We gave our cheer and retired to the dressing room.

"Jeez, that was pushing it a bit close!" wafted a voice from the misty cavern that was the showers. I groped my way along the wall until I found a vacant set of taps and their soothing message dissolved away the sweat and stickiness.

"Hey everyone," another voice called.

"What?" a chorus answered.

"We're through to the finals!"

It was obvious but delightful news.

There was a series of whoops, cheers and even screams as someone turned their cold tap on full to deprive everyone else of their cold water supply.

"You're still not boxing out, Kooz," said Willie as we drove back to the motel in the minibus.

"I know," I replied. I usually do know, its just a matter of doing, and my not doing has given away a lot of points."

We descended on the food ravenously, having not eaten for hours. Tournaments always break up familiar mealtimes and sleeping hours.

"If we're to beat Logan Park tomorrow, we're going to have to show more dedication, concentration, aggression and cut out all the silly passes which gave so many turnovers today. Now I want you all to get a good rest tonight, and try not to think about tomorrow." Typical coach talk! Discussion followed, including the usual heated arguments over blame and an all round criticism of some players. A request for one of our NBA tapes to be played on the in-house video was soon followed by our heroes battling it out in front of 5,000 strong crowds. A league above us, but stirring stuff! This, coupled with a congratulatory drink from our manager and our win in the semi-final gave me a warm glow which cast the apprehension of tomorrow's final to the back of my mind.

We retired to bed and fell asleep quickly, having resisted the temptation to talk.

The next day is quickly upon me, and, like a dream, we are warming up with gentle layups in front of the steadily increasing crowd. I can see my parents and mates from school. I am eager to impress and do fancy layups and hitting jump shots from all positions. The referee calls "One minute!" and we huddle, going over strategies. We take our places on the court and the toss up comes down in our favour. Bradley passes to me on the fast break. I receive the ball and move to dribble but my body responds slowly. My movements are restricted as if I am trying to run through treacle. Everyone, the crowd, the players are all staring at me as I fight to move. They are laughing and pointing.... Then I wake up, sweating.

"Get up, ya' lazy sods!" threatens our manager. A cup of water is at the ready - no doubts as to its purpose. The glow has gone, like the changing of the guards; nervous apprehension has taken its place. The game is at eleven o'clock, and we find it difficult to eat much - the butterflies stir up nervous spasms. Our preparations are quiet, methodical, and we are careful not to miss out anything we may need. It's impossible not to forget their 6'8" centre, or their quick guards who make life so difficult, or the crowd (!!) who'll be watching our every move.

There are only ten men playing at once, five from each side, so anonymity is impossible. I nearly forget the panadeine for my infected toe, to play without it would be hell!

It is 9.45 a.m., all finally prepared, we get into the minibus and sit in silence for the short trip to the stadium. We move to the far end of the six court gymnasium, and jog around in the near darkness, giving each other gentle encouragement, stretching tight and fatigued muscles. Huddled together we stretch carefully and plan today's game.

The clock hands find 10.45 a.m., fifteen minutes on the countdown, as we run out onto Court One, our eyes taking a while to adjust to the bright lights. The stadium seats are filling and as I look at my team mates, there are no smiles, only expressionless facades dripping with sweat.

The warm up is quickly over, but some annoying misses in the jump shot department bug me. We take off our sweatshirts, teeshirts and get in a huddle, hands in. Last minute words from coach and Willie, and our chant "Southland" has us taking our places against our opposites on the court....

A time out, five seconds left, the score has Logan Park one point ahead, an unbelievabe finish to a match which has seen the score see-saw dramatically. The fouling-off of Willie gives me the task of finishing the game the freshest player. Time-in, and a jump star in their keyhole.

Bradley receives the ball, passes to me (I've....) the ball comes to me (...been here...), and I catch it (...before?). Something twitches in my subconscious as I move upwards for a jump shot, the ball leaves my hands, the crowds wait.....

### THE RUGBY PLAYER

The tale of the Rugby Player is not much fun,  
A rugby ball shoved down his throat from the age of one,  
A future All Black his father boasts with a smile,  
But his eight year old replies in a while,  
"I like soccer, it's the best game,"  
"Shut up you snotty, twit-faced poofter,"  
he says quite ashamed.

Our player is ~~not~~ twenty and involved in a fight,  
An opposing player has crossed his path late one night.  
But he thinks as he raised his hammer,  
For this I could get twenty years in the slammer.  
So he thinks to himself with glee,  
"I'll get him next ~~saturday~~ and get off scot free."

Five years later and one of the best locks,  
The player is off to face the Springboks.  
Despite the racial violence and strife,  
To play at Ellis Park is the pinnacle of his life.

However his face happens to get in the way,  
Of the iron fist of Flippie Wanderwe  
Although his eyesight is almost gone,  
He says to his coach: "Me want play on"  
Grimly his coach replies: "No fear,  
Not with brain fluid running out of your ear."

With his career now over and body in tatters,  
He's proved he's a man and that's all that matters,  
A cripple and vegetable he's going insane,  
And he's proved to play rugby you don't need a brain.

This road's a place for tough guys, pal  
Rubber smells as he passes by  
That mechanical baby sure does fly.
2. Outside kindy, a loving mum  
Inside kindy having fun  
In the car and away they go  
What fun it is to watch her grow
3. Heat radiates from stationary tyres  
The lights turn green and the engine fires  
Performance parts and racing things  
Held together by rust and dings.

### RUGBY 1st XV

Captain: Tony J. Hunt

Coach: Mr C. R. Williams

The team was selected and training began later than usual this season, mainly because many team members had commitments to summer sports teams. In the third game, school was hammered by a confident Pirates team 28-10. The team developed rapidly after this defeat and many players matured almost overnight.

In retrospect the 1986 season was highly successful: school won the local Under 20 competition (and the A.J. Geddes Cup) and two of the four traditional inter-school matches. The drawn match against Otago should have been an easy victory but scoring opportunities were not taken. The unexpected loss to Waitaki was largely a result of our complacent attitude.

Generally the 1986 1st XV played skilful and attractive rugby. Most team members secured places in various representative teams; again highlighting the importance of our school teams in the development of local and regional age-group rugby.

Thanks to Mr Williams for his time and effort and to all those supporters (especially parents) who have followed the team this season. It has been a long and hard season - several team members played more than thirty matches.

### Inter-school matches

#### v Otago - draw 6-6 (two penalties apiece)

School had a long preparation for this encounter which is always regarded as one of the most significant inter-school matches in the South Island. The ground was heavy; conditions cold and windy. It was largely a forward struggle with school having slightly the better of the torrid set pieces. Several scoring opportunities were not taken by school. Tony Hunt was the outstanding forward on the ground, scoring a sensational try in the closing minutes of the match. Brett Smith had a fine match at centre.

v Waitaki - lost 9-16

School took Waitaki far too lightly. The first 30 minutes were dominated by school but scoring opportunities went begging. Lapses of concentration allowed Waitaki into the match and at half-time they were ahead by 12-3. A strong half-time talk put the missing fight back into school and victory seemed imminent. However a "soft" try to Waitaki and some confusion over a tap penalty near the Waitaki posts, prevented this. We finished strongly as in 1984 but victory proved elusive. A disappointing performance because we lost to an inferior combination.

Again Tony Hunt was the outstanding player on the ground. The school front row (Malcolm Dermody, Laurence Mawhinney, Nathan Stratford) plus Graeme Watt also had solid games.

v King's - won 18-6

In the first spell school was placed under some pressure by a smaller but tigerish King's team. We won considerable ball but possession was wasted through aimless kicking and funeral pace distribution by our inside backs. More determination and teamwork were evident in the second half and we ran out comfortable winners.

v Timaru - won 42-6

Played on a very heavy No. 1 ground (much to the dismay of the opposition). School took early control and was never seriously threatened. Some fine scoring movements were constructed, often a result of slick handling and passing. Timaru were outclassed but played with commendable spirit and vigour. Overall a fine team effort by school.

TEAM MEMBERS: CRITIQUES:

Tony Hunt (Flanker and Captain)

- Unlucky to miss N.Z. representations this season (was under close scrutiny by the selectors). A formidable competitor especially with the ball in hand. Set a fine example as captain both on and off the field. Has a promising future in the game.

Malcolm Dermody (Loosehead Prop)

- Strong and uncompromising. Able to compete in any company. A valued team member with a well-developed sense of humour. Played outstanding rugby for the South Island Secondary Schools team at the inter-regional tournament.

Laurence Mawhinney (Hooker)

- Played well above his weight. Displayed admirable courage and determination. One of the fittest team members. Outstanding against the Australian Secondary Schools team.

Nathan Stratford (Right-Head Prop)

- Developed into a strong and skillful Scrummager. Also a strong tackler. Will be a decided asset again next year.

Richard Syme (Lock)

- Became more aware of his strength as the season progressed. Outstanding in line-outs and useful in the tight.

Graeme Watt (Lock and Prop)

- Strong and mobile. A key member of the pack especially in the tight play. Played as a lock for school but developing as a prop for representative teams.

Iain Fraser (Flanker)

- Developed into a useful blindside flanker. Trained hard and made a significant contribution to the tight play of the team.

James Lamb (Flanker)

- Had a slow start to the season but matured very quickly. A dedicated team member. Excellent with the ball in hand.

- Hugh Chandler (Utility Lock/Flanker) - Overawed at first but displayed admirable courage and a willingness to learn. Excellent line-out jumper. A most improved player.
- Allan Poy (Flanker) - Left school early in the season but continued to play in club matches. A versatile forward - fast and vigorous. Served the team well.
- Hunter Murray (Vice Captain Half Back) Often the smallest player on the field but always aggressive and uncompromising. Served the team well both on and off the field. Was the key link between backs and forwards; has a long pass off either hand. Strong tackler.
- Mark Scully (Five-eighth) - Took over as 1st five-eighth after the season started and became a reliable distributor of the ball. Punts well off either foot. Handling and passing improved as did his support play. Generally a reliable goalkicker. Will be a decided asset to the team next year.
- Owen Eastwood (2nd five-eighth) - Excellent ball skills and a keen eye for the gap. Improved considerably during the season - had outstanding games against Pirates (the second match) and Timaru. Also achieved the rare distinction of Blues in soccer (1985) and rugby (1986).
- Brett Smith (Centre) - Plagued by a recurring injury which hindered his progress. A strong runner able to create gaps. Best displays were in the early part of the season. Should concentrate on development of passing and handling skills.
- John Simmons (Wing) - Exceptionally quick off the mark. A fast and elusive runner. Became more aware of the possibilities and demands of the position. A promising footballer.
- Michael Wallace (Wing) - A strong runner whose fearless approach more than compensated for a lack of pace. Always dependable on both attack and defence. A grand team man.
- Simon Forrest (Full-back) - Outstanding on attack - the team's chief weapon. Became a formidable defender as the season progressed. Needs to develop some goal-kicking skills ("torpedo") for next season. Played an outstanding game against the Australian Secondary Schools team.
- Simon Raynes (Wing) - Possesses exceptional pace and agility. Will develop into an outstanding three-quarter next season given the required concentration and determination.
- Julian McColl (Utility back) - Found it difficult to adjust to a higher level of rugby but turned in some useful displays against club sides. With more dedication could become a more than useful full-back.
- Representative Honours:
- South Island Secondary Schools:  
Tony Hunt, Malcolm Dermody, Brett Smith, Graeme Watt
- Southland Secondary Schools:  
Tony Hunt, Malcolm Dermody, Brett Smith, Graeme Watt, Nathan Stratford, Laurence Mawhinney, Mark Scully, Simon Forrest
- South Island Under 18:  
Malcolm Dermody, Graeme Watt
- South Island Under 16:  
Mark Scully (also selected for NEW ZEALAND UNDER 17)

#### 2nd XV RUGBY

Captain: Dean Horo

Coach: Mr Baldwin

Again this year the 2nd XV was a very young side with only three players back from the previous year. With dedication and commitment, however, we finished 4th in the Town Under 18 competition. In the first round we won seven out of ten games. Our first hard game was against the big Waikiwi team. We were winning 9-0 at half time but lost the game 16-12. Also that round we were beaten convincingly 36-3 by Cargill. In the second round an improved school side almost upset the strong Cargill side who won the competition. In this round we won 2 and lost 3. With our losses to Otago Boys' High and Waitaki Boys' High our interschool record was disappointing, but we learned valuable lessons from these sides.

Our congratulations go to the following team members who gained selection for the Southland Under 16 team: L. Welsh, S. Ashford, J. Sharp, C. Hall.

#### 3rd XV RUGBY

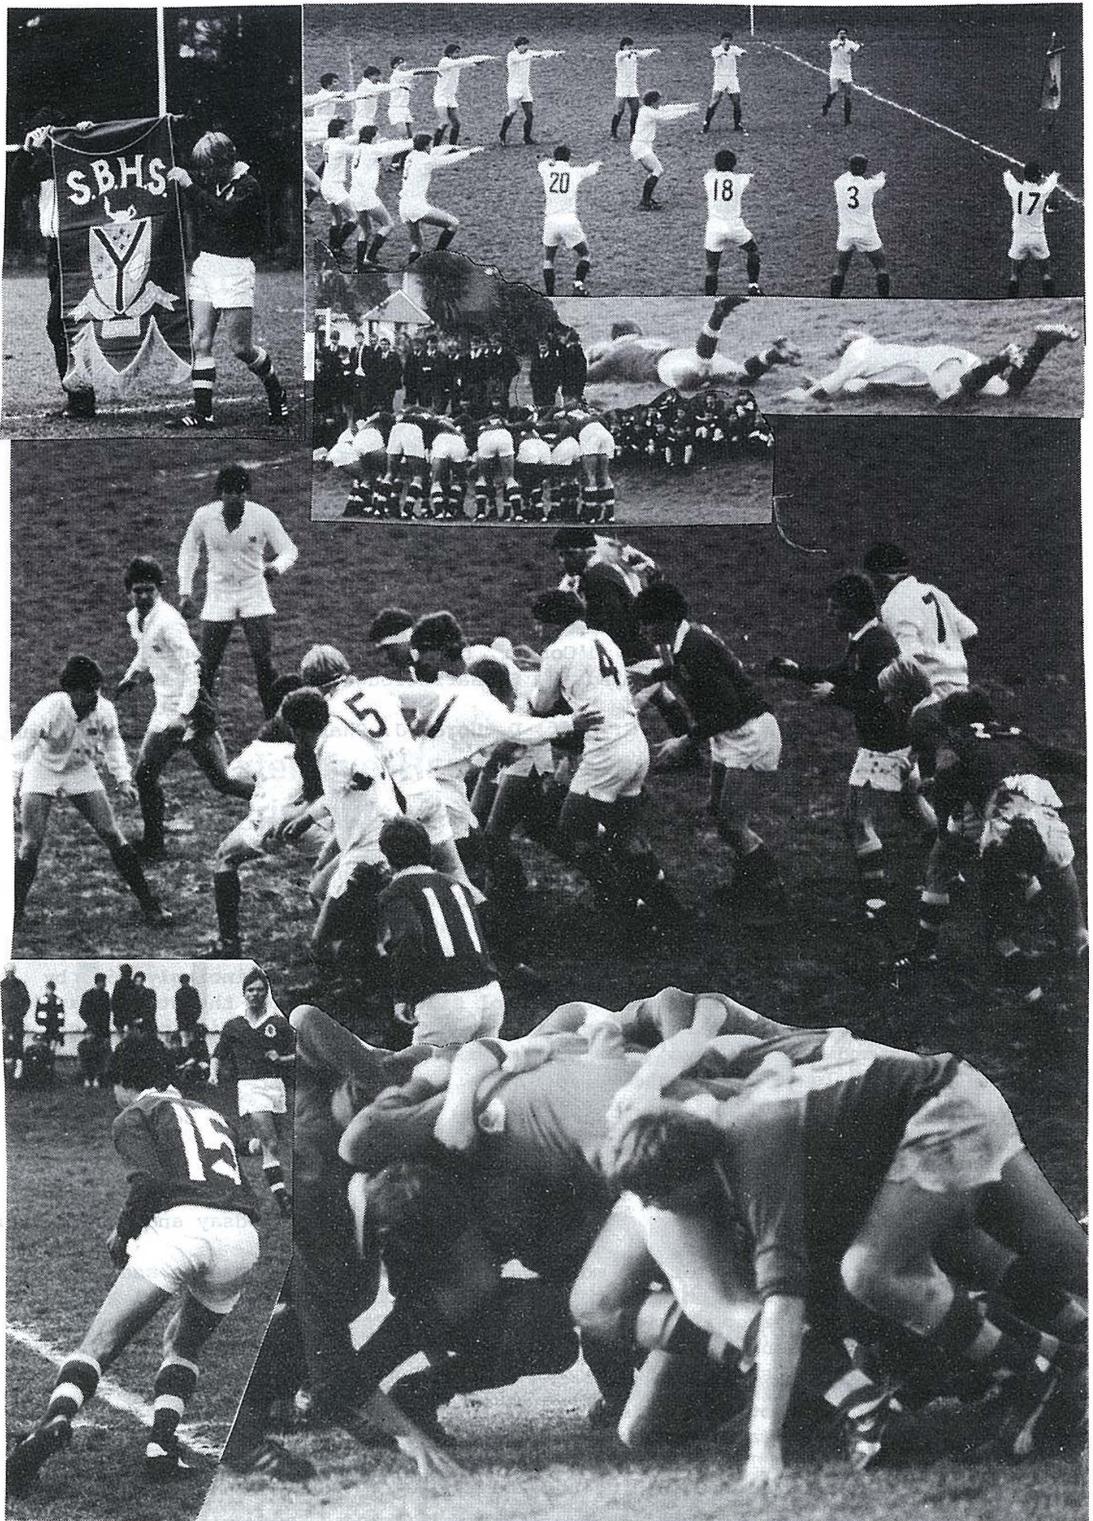

Captain: C. Robinson

Coaches: Mr Lindsay and Mr Edgerton

This year's team was one of the most successful 3rd XV's in many a season. The team gained 3rd place in Section B of the U/18 grade. The team played well against heavier, hairier and uglier opposition. The highlight of the year was a win over the James Hargest 1st XV on our own school grounds. We were close to the section victory but the final game, against Woodlands, was held the day after the school Ball.

Thanks must go to both Mr Lindsay and Mr Edgerton for their much appreciated coaching. Thanks also to all those players who helped us out when there was a shortage of regular players. Thanks also to D. Lindsay for Captaining the team in the first half of the season before joining the 2nd XV.

Team: C. Robinson (capt), M. Williams (Vice-capt), K. Erdman, S. Hansen, T. Hannah, B. Cloake, M. Kersey, J. Trotter, R. Reid, R. Swale, C. Russell, R. Slee, A. Cole, B. Smith, A. Ruddenklau, N. Trotter, L. Padgett, P. Mutch, J. Cantrick, W. Denny, L. Joyce

UNDER 16 OPEN BLUE

Captain: J. Enright

Coach: Mr D. Cooper

I would like to thank the team for their enthusiasm and dedication throughout the season. The team gives their thanks and gratitude to Mr Cooper for his guidance throughout the year.

We finished 2nd equal with Verdon in the competition Our closest games were with the eventual winners, Cargill. We went down to them 8-4 and 6-4.

We had to overcome misfortunes during the season. First of all our five initial victories were discounted when Limehills Star joined our grade half way through the season. Then Lance King was promoted from our team up to the 2nd XV.

Players to stand out were: Rob Mitchell, a very strong player and a demon tackler; Nic Stratford was an asset to our team and he was chosen as a Southland U/16 rep; Andrew Barker and Glen Smith were the two key backs in the team.

The team: N. Stratford, C. Ramsay, D. McDougall, T. Ritchie, J. Munro, J. Turner, B. Sadlier, J. Enright, R. Mitchell, P. Fleet, W. Lewis, L. Pulham, J. Smith, A. Barker, A. Hamilton, G. Smith, N. McKenzie, L. King, G. Syme

UNDER 16 OPEN RED

Captain: Doug Smith

Roach: Lyn Walker

The team began the season as a squad of mainly "lesser stars" and comparative novices. By the end of the season however, the team was able to match all opposition in all aspects of play.

Aims for the season were two-fold - firstly, to develop and improve individual skills and secondly to develop back and forward unit play with an understanding of the need for team spirit. We were fortunate to have Jeff Mathieson, the T.B.S. sponsored coach and John Polson to assist in these fields.

Difficulties encountered meant improvement was slow. Only four of the squad were backs with any experience and regular practice to develop skills and unity was hampered by the remarkable capacity to incur after school detentions displayed by many of the squad.

Team members received the "benefit" of playing in various positions as combinations were sorted out. It was appreciated that so many willingly played wherever required whether fullback, halfback or hooker, on different Saturdays.

When the team began to "put it together" in the last round, a highlight was achieved with a drawn match against the School Blue team, following earlier 30 point losses to them. The key to this end of season improvement was the players finally believing in themselves and the team having confidence in their own ability.

Several players deserve particular mention. Doug Smith for a sound, consistent season as Captain and loose forward, Wayne O'Connor for his consistent display of all the skills required by a 1st five-eighth in spite of a succession of "learner" half-backs inside him; Roy Broomhall, whose determination and pace on attack and defence earned him the respect of all other back lines, particularly opposing centres; Richard Smith our 7th only final halfback for his unselfishness in playing in this position for the final part of the season. These players were well supported by the rest of the players who trained consistently and reliably - particularly Oosterbroek, Kapo, Taipari, Jones, Lawrence, McNamara, Dermody, Wilcox, Forbes, Sullivan and Colyer.

UNDER 16 RESTRICTED BLUE

Captain: Martin Godfrey

Coach: Mr Ward

We started the season off with a mobile forward pack and keen, hard running backs. Our opposition was often heavier and taller than us but this never seemed to get in our way.

The team's strong point was its attacking skills and as the season progressed the team began to link these excellent attacking skills with competent defence tactics. The backing up of the ball carrier was a very strong point in the team's play which set up many a try.

The team came runner-up in the competition which gave a fair indication of the team's performance overall.

Our thanks for the dedication of our coach Mr Ward and to all the parents who braved all weathers to lend support.

The team: M. Godfrey (Captain), C. McDowell, J. Hall, B. McIntyre, J. Burgess, J. Gillan, W. Sheldon, M. Arnold, N. Crosswell, R. Smith, J. Goodman, M. McLean (Vice-Captain), S. Nicholson, V. McQuarrie, M. Edwards, K. Learmonth, C. Wilkes, P. Ellis, M. Hood.

Results:

Played 12 won 7 lost 5. Points for: 148, Points against: 125

The team began the season well, winning its first four matches. The highlight of these matches was the 21-15 victory over the Cargill 'A' team. A last minute intercept try by D. Sim gave the team a deserved win.

From this point on we faced the top three teams repeatedly, losing five times in a row. However, team spirit was maintained and we won our last two matches of the season in positive style.

The team would like to thank Mr Bailey for his time coaching us during the season.

Our first game was against Cargill. We ran on the field at 10.30 a.m., an hour later we walked off 55 points in the rear. Things didn't get much better, losing to the Southland Boys' High School Red team 30-10 in the next game.

However, our team improved throughout the season beating the SBHS Red team once and most of the other teams comfortably.

Our coaches did a tremendous job giving up their own time after school and in the weekend. We would like to thank them for that.

Captain: G. Hamilton

Coach: Mr W. Richardson

The team played strongly from the start of the season and always played as a team and not individuals. This team work paid off as we only lost one game during the whole season. This success was mainly due to the skilled and patient coaching of Mr Richardson and the team thanks him for his time and effort.

The team was: J. Forbes, G. MacIntosh, R. Nichol, D. Tapp, G. Hamilton, J. Hanlen, G. Deacon, B. Corbett, M. Smith, M. Hazlett, D. Fleet, M. Turner, J. Henderson, J. Soames, J. Moreton, W. Sangster, J. Watkinson, T. Dawson, M. Richardson, P. Robinson, S. Minchin.

Coach: Mr Murcott

After an early season setback, our team, with a few positional changes, started to develop into a very good all-round unit, which ended with a competition winning performance against SBHS 'Blue' by 11-0. Our success was due to the following factors:

- A sound forward performance
- Some exciting running from the inside backs and centres
- Mr Murcott's ability in reading our opposing team's play.

The team would like to thank Mr Murcott and in his absence Mr Haworth for both their time and coaching skills throughout the season.

### 1st XI HOCKEY

With many players remaining from last year, this year's team was strong but was let down on occasions with inconsistent form.

With all our defence players from 1985 returning the team had a strong defensive core. This meant that early in the season we were shifted from the Senior Reserve grade up to the Senior Men's Division.

The forwards were reorganised several times throughout the season to overcome an initial lack of goal scoring ability and to make the team work as an efficient unit.

This year the team trained under a new coach, Mr B. Neilson, who had new ideas and gave us the ability to worry the tough opposition in the senior grade.

Interschool results in 1986 were disappointing, with one draw and three losses.

#### v Otago drew 1-1

Otago Boys' had a very young team, and their strongest player was injured and did not play but we were unable to take advantage of the situation. Otago had the best of the first half and scored, but a period of strong pressure hockey in the second half from SBHS saw us score, and very nearly take the lead. Overall the final score was a true indication of an evenly matched game.

#### v Kings' High School lost 2-1

Definitely our worst result of the season. School's confidence before the game and into the early stages did not result in good play. Long-time rivals Kings made the most of their win but vengeance was to be ours at the tournament.

v Waitaki Boys' High School lost 2-0

Waitaki had an experienced team and were strong both in defence and attack. Unfortunately we did not have the ability to penetrate the Waitaki defence, having few shots at goal and unable to force any penalty corners. Once again Waitaki's dominance over us in interschools continued.

v Gore High School lost 5-2

In this game we had the best chance for many years to beat the ever-strong Gore High team. The first half was very even, with our forwards constantly worrying the Gore High School backs and pressuring an inexperienced goalie. Our defence played extremely well, forcing an offside on many occasions. However, in the second half, Gore was too strong and as often happened during the season, scored quick goals to put the game out of our reach.

The Tournament

As usual we competed in a tournament in the August holidays. This year it was the Challenge Shield at Waitaki Boys' High School, in which eight teams participated.

In our first pool game we played Kings' High School and were delighted to win by 3-0.

Our second pool game saw us beaten by Waitaki Boys' High School 4-0, who were eventually to become 1st equal in the tournament. Once again Waitaki applied pressure and were too strong.

Next we played Kingswell, and although they took an early lead we settled down to beat them 4-2, and so earned a place in the semi-finals.

Unfortunately, Gore was our opponent and once again we provided extremely strong opposition in the first half with Gore scoring once in the final seconds. In the second half, however, we were no match for them, conceding five goals.

The play-off for 3rd/4th was a very even match, as we played Otumoetai College. They had a very skilful forward line. Good saves were made by our defence and we often narrowly avoided conceding a goal. We were able to reply and score the winning goal.

We came away with a creditable 3rd place, a very satisfying result in a tournament with many strong teams.

N. Mills and I. Campbell were selected for the tournament team.

The Team

The team was changed constantly throughout the season, with most players having games in both attack and defence. The changing combinations were not always successful but proved effective at the tournament.

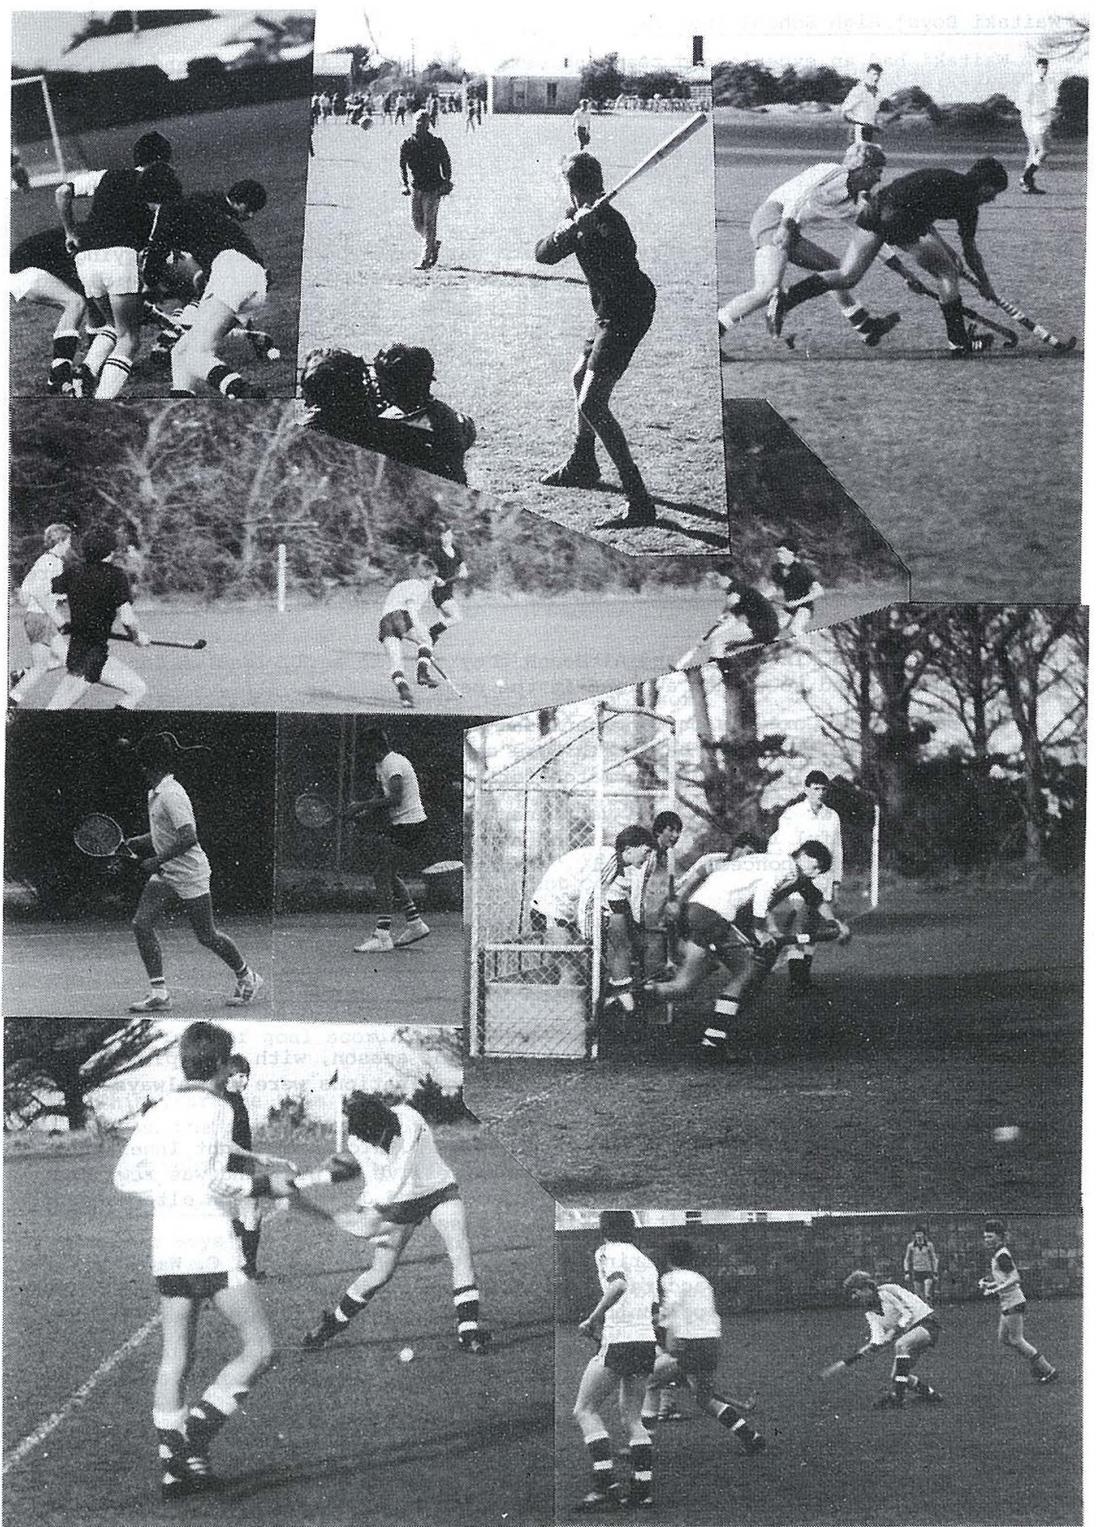

At right wing was I. Campbell who linked with N. Hickey at Right Inner to form many attacks. N. Mills at Centre forward was aggressive in play and was rewarded with many goals. C. Coates, A. Tapper, T. McGregor and J. McNaughton alternated in the left wing and Left inner positions with success.

The halves, J. Symons, M. Harrington and later in the season, C. Waddell were strong in attack and defence, accurate in passing and made good use of overhead passes to provide attacking opportunities for the forwards.

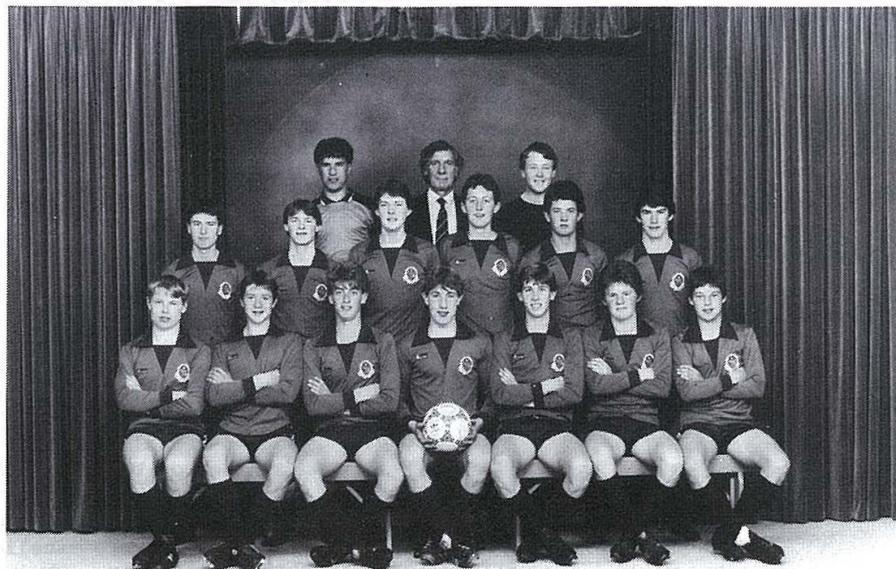

The fullbacks were K. Mills and S. Cross who stopped many opposition moves with hard tackles and quick clearance of the ball. S. Galt at goal keeper played with ability during the season.

Thanks to Mr B. Neilson and Mr N. Riley for their dedication throughout the season in coaching and support.

There is potential for a strong team next year, good luck.

### 1st XI SOCCER

Captain: David Goodwill

Coach: Mr Goodwill

### Local Competition

The team was once again entered into the local Senior Reserve Grade. There was a good nucleus of last year's team returning. The team competed very well against its opposition and, on goal difference, ended up an unofficial second place but due to loss of points because of unregistered players we ended an official fourth place.

Games played: 14 Won 6, Lost 5, Drew 3

### Interschools

Versus Otago Boys' High School, Southland Boys' lost 2-3. The team played very well regardless of our loss. Otago always produce a classy side and the team fought back well after being 3-0 down at half time. Goals to J. Stephens and R. Hawke.

### v Kings High School

Southland Boys' drew 0-0. Although this match was not spectacular goal-wise, this was a monumental performance by our team. Kings were after revenge after their first loss against us last year for the first time in nine years.

### v Timaru Boys' High School

Southland Boys' won 2-0. A good win after our shock loss last year. Timaru fought hard but could not contend with the school's pace and skill. Both goals to J. Stevens.

### National Tournament

The team was delighted at being accepted in to this tournament. We were up against it from the start but in producing our best soccer of the season came out with some noteable performances.

Those were: beating Linwood High School in a nail-biting game 2-1 and beating Wellington champions, Tawa, by 3-1. We were finally placed 14 out of 24 teams competing. This was an amazing placing as we were ranked in the last four.

PEN PORTRAITS

David Goodwill (Captain)

- A skilful ball player who distributes the ball well. Became noted for his aerial duels with much taller opponents and developed a strong tackle. He led the team well in their fitness training and was second highest goal scorer.

Jason Stephens (Vice Captain) and top goal scorer)

- A player with much skill and an amazing eye for goals. A valuable member of the side who has a great future. Excellent shot with both feet.

Brent Smith

- A highly skilled, intelligent player, who worked very well under pressure situations. Strikes the ball particularly well.

Neil Fraser

- A skilled player who was excellent under pressure. A good striker of the ball and at home in defence, and in attack.

Blair Turnbull

- A very skilled player, whose supportive play and distribution of the ball were excellent. A strong force in next year's team.

Roger Hawke

- An excellent striker of the ball, who scored some very good goals. A very skilled player.

Jason Soper

- An aggressive player whose total commitment and energy earned much respect.

Dean Gillam

- A good defender who worked well under pressure. A good tackler.

Chris Panting

- A totally committed goal keeper who produced many game saving saves.

Andrew Clarke

- A pacy striker who had a strong shot. Had many good games.

Grant Ryan

- A skilled player who worked his way into the team with total commitment and energy.

Craig Stevens

- A very skilful and experienced player who will be a strong member of teams in years to come. A great future.

Daryn Dore

- An excellent player under pressure. The most improved player who cemented his place in the side after performing very well in early games.

Our special thanks to Mr Gilroy who helped us early in the season and to Mr Goodwill for taking over coaching. Also thanks to O. Eastwood, P. Chalmers and G. Robertson for their help in interschools and national tournaments.

UNDER 17 SOCCER

Captain: Hunter Donaldson

Coach: Mrs Smith

The team had a good year in the local Under 17 Grade competition despite having changes during the season. We played 7 games, winning 4 and losing 3. This meant we were runner-up in the competition. The top goal scorer was Craig Donaldson with six goals. In the interschool game against Gore High School we lost 2-1.

The team: Ian Forrester, Craig Smith, Paul Laurie, Jason Jones, Hunter Donaldson, Richard Welsh, Philip Mercep, Johnathon Peterson, Lindsay Hyde, Vance Pritchard, Craig Donaldson, Grant Maddison, Steven Frost, Nigel Winder, Warren Amos.

Our thanks to Mrs Smith and Mr Goodwill for giving up their time and coaching us throughout the season.

UNDER 15 SOCCER

Captain: J. Clifford

Coach: Mr Mitchell

Manager/Coach: Mr Goodwill

The team achieved great things by winning their grade. The opposition included the schools 4th form team and it was they who posed the greatest problems in our league record which looked like this:

Played 7, Won 2, Drew 2, Lost 1, Points 10, plus seven games cancelled.

The main reason for our success was the determination and spunk of every player involved. Even the players who were only playing half a game most weeks never became disheartened or gave up.

Special thanks go to both Mr Goodwill and Mr Mitchell who both kindly gave up their time managing and coaching us throughout the year. Also, thanks must go to Grant Eade for captaining the team during my absence due to injury.

Our congratulations go to the following team members chosen as Southland reps: Ian Lawrence, Christian Tribbe, Martin Kemp, Gordon Lamont, Boyd Roff.

The team: Ian Lawrence, Kevin Laing, Barry Foister, Wilson Grieg, Christian Tribbe, Gordon Lamont, Jonathon Clifford, Grant Eade, Blair Maddison, Boyd Roff, Martin Kemp, Shye Williamson, Gareth Mitchell, Todd Greaves.

UNDER 15 SOCCER BLUE

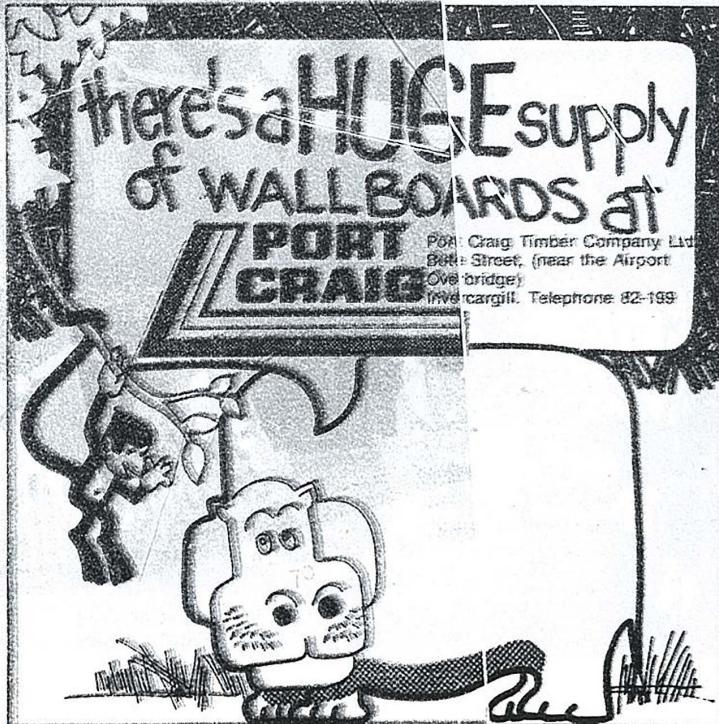

Captain: J. Shaw

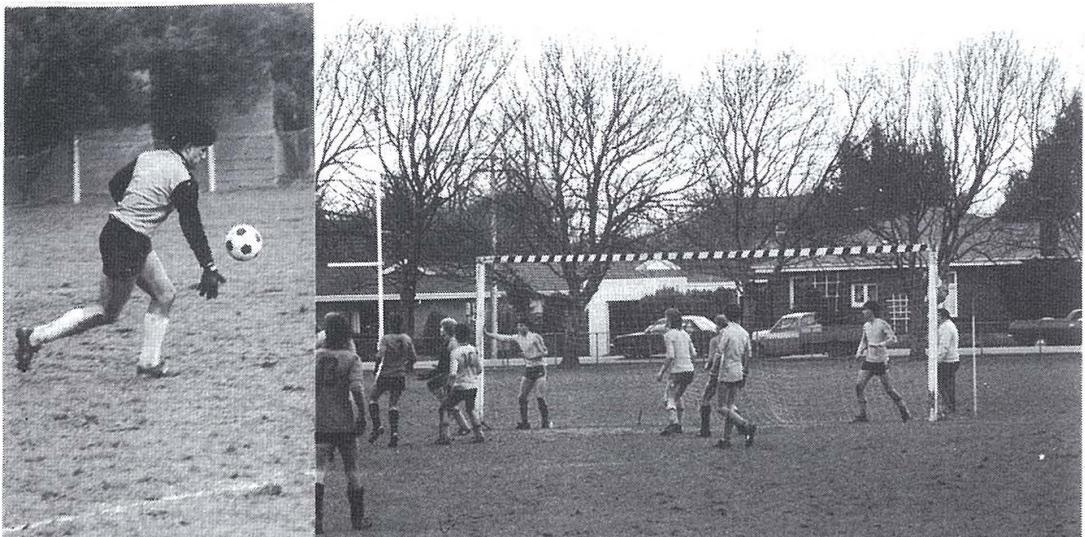

Coach: Mr Paris

The team competed well and came third in the competition, in spite of losing some points due to non-registration of some players earlier in the season. The team played in a good sporting manner which led to ice creams all round.

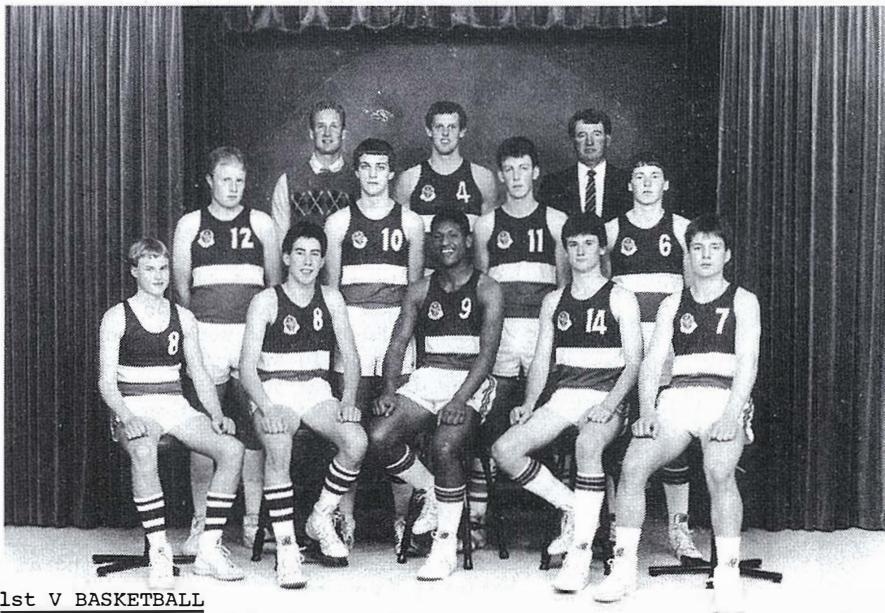

Thanks to Mr Paris for his dedication and enthusiasm during the season.

The team: Wayne Smith, Roy Nive, Jason Webber, Malcolm Bishop, Alister Everett, Shane McStay, Jason Bloom, Nigel Mills, Ashton Fair, Jason Shaw, John Forsyth, Craig McColl, Terry Bone.

1st V BASKETBALL TEAM

Captain: Tarewa Williams

Coach: Mark McKamey

Manager: Stuart Chilton

The 1986 1st V Basketball team was a successful and talented squad. With only three players returning from the 1985 team, much work was needed to teach the offence and defence to new players.

We won 2 out of 3 interschools and placed second at the regional tournament in Dunedin, qualifying us for the National tournament. The highlight of the season was attending the National Secondary Schoolboys' Tournament in Rotorua - something no other team has done in Boys' High's history.

The team did well in the town competition, winning the 'A' Reserve Grade Championship Cup and the 'A' Reserve Grade Final Cup.

On behalf of the team, I would like to thank Mr Stuart Chilton, the team manager. His assistance in organising lodging and meals in Dunedin and Rotorua, along with his encouragement, proved invaluable to the team.

PEN PORTRAITS

Tarewa Williams (Captain)

- Tarewa proved to be a knowledgeable and helpful captain respected by all team members. He set an example for younger players by hustling all the time and remaining calm under pressure. Tarewa is highly skilled in all aspects of the game. His leadership will be missed next season.
- Richard is quick under the boards enabling him to rebound and score underneath. He came up with rebounds when the team most needed them. Richard was a high scorer against Otago Boys' keeping the game close until the end. He will be hard to replace next year.

Richard Tapper

David Knight

- David is a knowledgeable basketball player, also having played on the Southland Third Division DB League Team. He worked hard all season developing an excellent jump shot. He was named "Player of the Match" at the National Secondary Schools' Basketball Tournament.

Roger Southby

- The team's most consistent player who was always looking for the ball and following his shots. He was the teams highest scorer several times and played well at the National Tournament. Another player who will be missed.

Bradley Smith

- Bradley is a hustling defensive player who led the team in steals and stopping the fast break. He is a good ball handler who can direct the offence. He needs to work on outside shooting and will be a big asset to the team next year.

Mathew Kersey

- Mathew did a good job of playing both forward and guard. He worked hard on defence making it very difficult for opposing players to score against him. Mathew is a supportive team member who always gave his best effort.

Paul Drayton

- Paul played both forward and centre well. Paul played his best basketball at the end of the season and did a good job rebounding at the National Tournament.

Richard Everest

- Richard played both guard and forward with great intensity, gaining great experience that should pay off next season. With a little work on his ball skills he will get a lot of time on the court next season.

Karaan Chilton

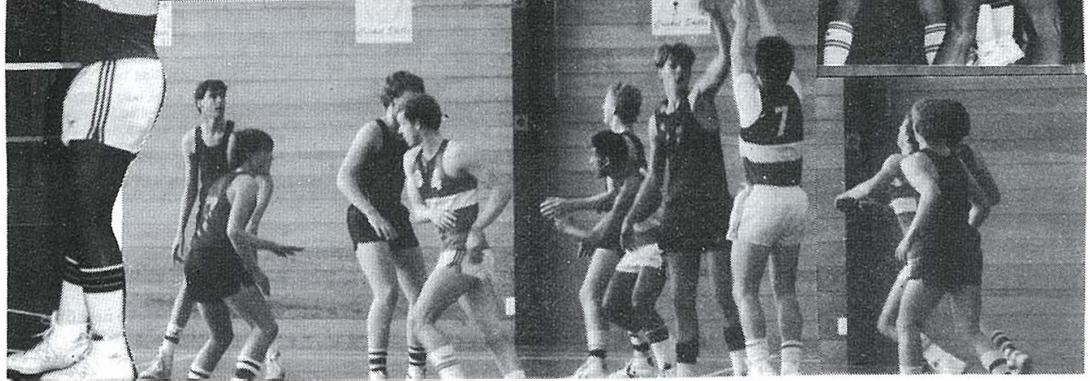

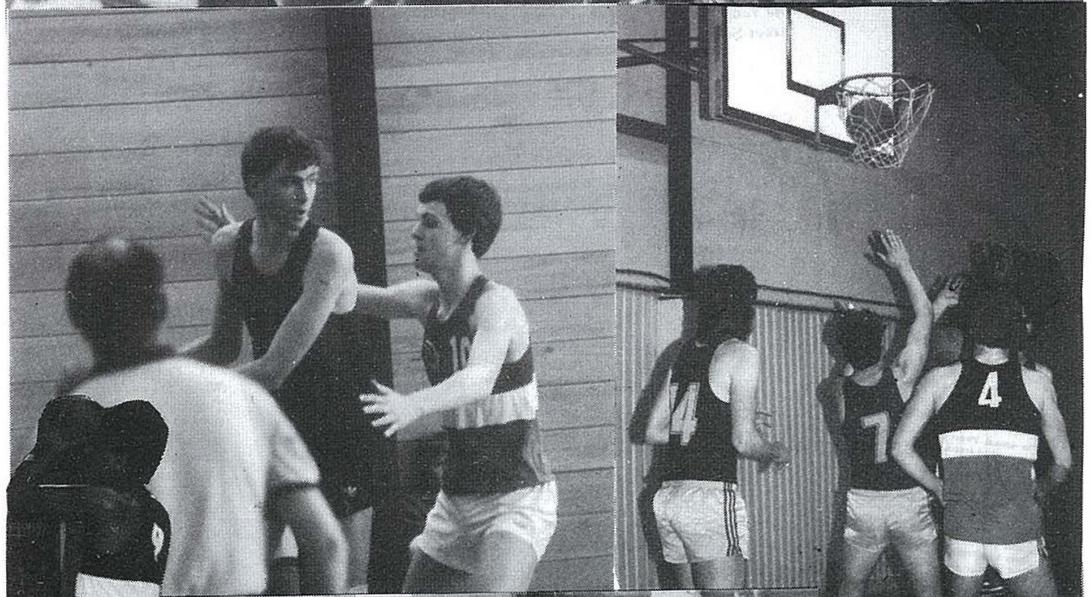

- Karaan was the team's most improved player this season and played regularly in the latter games of the season. He is a good outside shooter when needed and only needs to improve his defence. He will be an asset to next year's team.

Donald Jackson

- Donald used his playing ability to advantage and made it difficult for opposing players to score. He was a supportive team player who always worked hard.

## Fives Through The Ages

### 1906 Some Needs of the School (By W. H. K.)

Our school has energetically taken up the game of fives or, as we call it, hand-ball. Now this cannot fail to be of great benefit, for it is a game which requires both agility and quickness of the eye. It is a game which obviously is a healthy amusement. While it amuses it at the same time exercises the muscles both of the arms and of the legs, hardens the skin of the hands, and makes them less susceptible to blistering when required to do manual labour—even gymnastics. Since the influx of new-comers to the old court is quite inadequate to supply our needs. We have to make use of any available space on the school walls, with the result that the balls are continually going on the roof and through the windows. When the girls move to their commodious new quarters could we not have courts each side of the middle door of the Gymnasium? By a continuation of the asphalt to the wall and the simple erection of wings we would be enabled to prosecute our game to a greater extent than at present. There would be magnificent room for this splendid game. Two fives courts would thus be provided at little expense. We hope the Governors will take our hints into consideration.

**1907: Two fives courts erected at a cost of £180 in September.**  
Tennis courts, armoury, lunch room, staff room, miniature rifle range, school yard enlarged. Girls vacated the Conon Street School.

THE FIVES COURTS

### FIVES, 1908

Committee : Millard, Miles, Hewat, D. Anderson, Simon (Secretary).

Since the beginning of the year so increased has been the interest in Fives that the courts have rarely been idle. As a result of assiduous practice, we now have several first-class players, and, all round, the present School standard shows a vast improvement on that of last year. In default of more regulation courts, the Gymnasium wall has been utilised, and the Juniors gladly avail themselves of the increased facilities for practice thus afforded. Such is the interest taken in the game that a handicap tournament has been held, for which the gratifying total of 68 entries was received. From 8.30 a.m. till dark the courts are engaged—an evidence of the popularity of the game.

#### Fives Championships of 1912.

Secretaries: E. CAMERON, N. MURRELL, E. SCANDRETT.  
The annual Fives Championships of the School were held in December, and on account of the good weather the events were quickly decided. Considering that the events were championships, the entries were on the whole good. The results of the various sections were as follows:—

**SENIOR SINGLES.**  
Smith beat Wild  
Cameron beat Lamont  
Lindsay beat Grant  
**Second Round.**  
Cameron beat Smith  
Christophers beat Lindsay  
**Semi-Final.**  
Cameron beat Christophers  
**Final.**  
Cameron beat Macgregor.  
E. Cameron deserved his win, playing a plucky uphill game, and at last gaining the 1912 championship.

**DOUBLES.**  
Reid and Wesney beat Christophers and Cameron  
Grant and Templeton beat Lamont and Ryburn  
Macgregor and Greig, a bye.

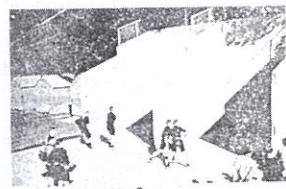

**Semi-Final.**  
Reid and Wesney beat Grant and Templeton.  
Macgregor and Greig, a bye.

**Final.**  
Reid and Wesney beat Macgregor and Greig

**JUNIOR SINGLES.**  
Murrall beat Halibut  
Stevens, D. beat Holt  
Johnson beat Murdoch

1934 : Fives courts completed.

### Fives Notes (1951)

Fives, I am afraid, are not what they once were. Where are our "giants" of the game such as J. C. The science of Fives as they applied it, is no longer the low standard and for the slow rate at which this is, I think, self explanatory. Enthusiasm is sadly lacking in the game. Buckingham, Barnet and Brookland alone, seem willing to concentrate in their play.

However, to strike a cheerful note, the junior game and it is on them its future rests.

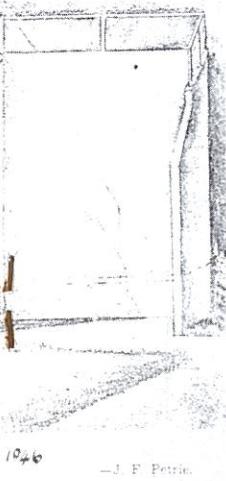

#### SELF-HI

If sports were rated by the numbers played, fives would be a major sport in the school. For some years now the number of courts available has been great, and this year it will be the existing two.

The construction of the courts has been entirely paid for by friends of the school, including Mr Rout and the physical education classes have had the use of the site. The actual building has been left to Mr H. B. Wilson. By the time this magazine appears, the work will be completed.

The Parents' Association, which is sponsoring a fair in March, 1954, to raise the £500 necessary to complete the work.

### 2nd V BASKETBALL

Coach: D. McIntosh

The 2nd V this year had a very rewarding season. The team began the season by only narrowly gaining acceptance into the Town 'B' grade competition and by the time all the problems had been ironed out too many games had passed for the team to ever gain a placing in the competition.

A great deal of progress was made however, in individual skills throughout the season by all team members. Thanks must go to Dean McIntosh for putting in many hours of practice. Dean's coaching markedly improved the team's confidence throughout the season. The team's biggest let down would have to be the lack of team confidence early in the season. Skills developed and strengthened this year will be of benefit to everyone next season. Thanks also to Mr McKamey for putting a lot of energy into convincing the Basketball Association that we should be allowed in the town 'B' grade competition.

Team members were: T. Sycamore, T. Dunlop, A. McLeod, C. Smith, S. McLister, L. Stevens, T. Stuart, I. Smith.

### FORM 4 BASKETBALL

Coaches: Mrs Young, Mr Young

This year's 4th form Basketball team was up against some very strong competition from other schools, especially Cargill and Kingswell High Schools. The school team trained hard on Thursday nights and improved greatly throughout the season. The team had wins against James Hargest and Verdon which put them third in the competition.

Thanks must go to the parents and friends who came along on Friday nights to support the team. Thanks also to Mr Stevens, Mr Oliver and Tarewa Williams who helped with various practices and games.

A special thanks to both Mr and Mrs Young for their time and interest.

### FORM 3A BASKETBALL

The 1986 Form 3A Basketball team was coached by Mr C. McGillivray and consisted of: Jonathan Keast (Captain), Murray Brice (Vice-Captain), Aaron Shirley, Richard Peterson, Jonathan Smith, Mathew Bowes, Paul McDonald, Robert McNeill and Craig Chalmers.

The team played in the Friday night basketball competition and the team's momentum picked up in the second round after a slow start to the first. I think everybody enjoyed playing in the team and we scored our fair share of wins.

We owe our thanks to Mr McGillivray for his effort and his enthusiasm in coaching the team.

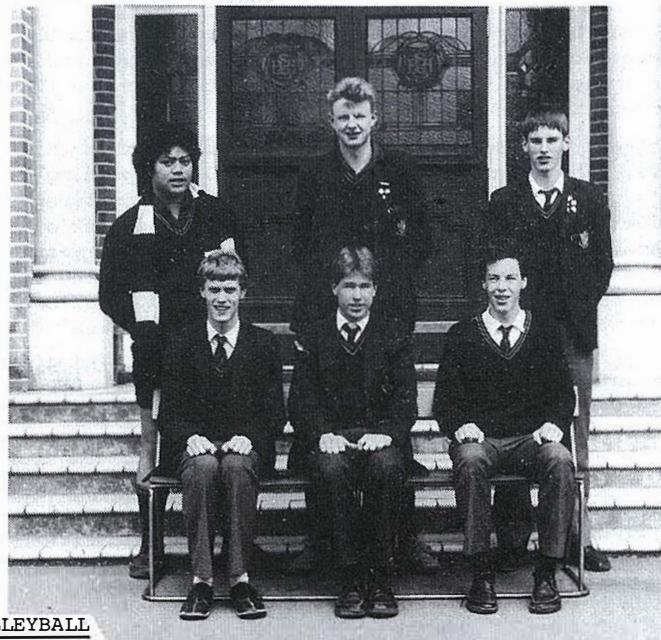

### FORM 3B BASKETBALL

Although the team was not successful in winning its games, the level of enthusiasm was high.

It was particularly pleasing to see the improved standard of individual skills and team play throughout the season.

Team members were: Paul Kitto, Julian Kersey, Richard King, Calvin Stevens, Boyd Roff, Brent McKenzie, Daryl Marshall, Nigel Stenhouse, Craig Young. Our coach was Mr Rout.

### SENIOR 'A' VOLLEYBALL

Captain: B. Aronsen

Coach: Mr Lawrence

The past season of volleyball has been a very successful one and has included over 10 interschool challenges, including matches against Kings High School and Gore High School. Kings proved to be our toughest opponents, and their expertise left us floundering to lose by 4-0. But the tables were turned when we played the young, inexperienced Gore team where we won by 4-1.

Our interschool challenges between the other Invercargill secondary school teams were disappointing though we came 4th overall. Through the determination of the team and the dedication of the coach, Mr Lawrence, we managed to improve our skills a great deal from last year and proved to be tougher opponents than expected.

### SENIOR 'B' VOLLEYBALL

Captain: Brent Pilgrim

Coach: Mrs Lyness

In 1986 the Senior 'B' Volleyball team had mixed success. In the after school competition we finished second equal with James Hargest High School. We had 8 wins, 2 losses, 1 default to us and 1 default against us.

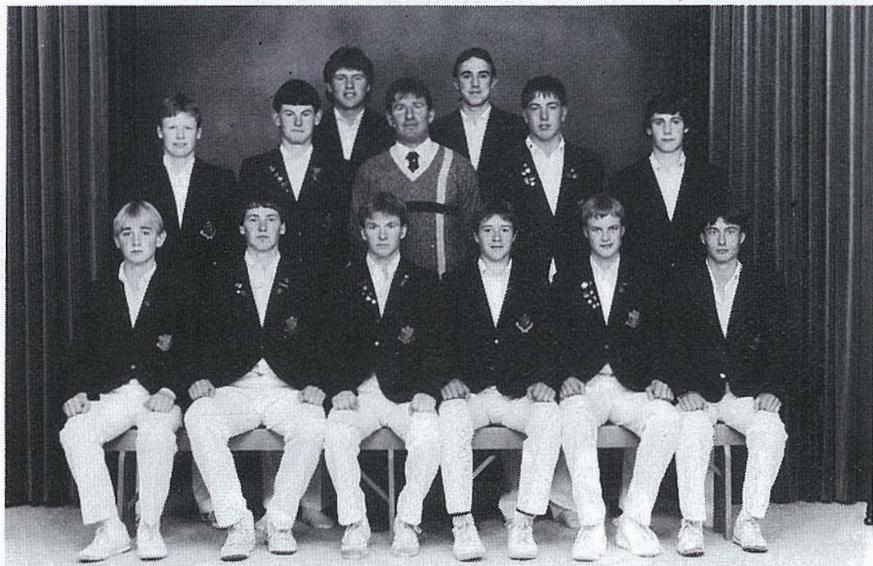

At the volleyball tournament at the Indoor Cricket Complex at the end of the season we played well as a team and won the Senior 'B' competition.

My thanks go to all the players who turned up willingly to games and to those who filled in. Thanks also to Mrs Lyness and Mr Lawrence who organised and ran a valuable taxi service. I hope volleyball continues to grow in the school and we repeat and improve on our success next year.

Team members were: Brent Pilgrim, Simon Barnes, Joseph Nepia, Philip Thompson, Nigel Hulls, Ben Tiata, Richard Rutter

### 1st XI CRICKET

Captain: Hunter Murray

Coach: Mr Bailey

The 1985-86 season saw a young inexperienced team compete in the local Senior Reserve competition. The team's enthusiasm and spirit more than made up for inexperience. This year's side had much depth in both batting and bowling departments. This balance in the side was a major factor in the team's success.

This season's interschools saw the team beat St Andrews by one wicket, and draw in the other three matches.

The season's leading wicket taker was Roger Southby with 32 wickets. The season's highest run scorer was Mark Scully.

With the nucleus of the team coming back next season, all looks good for 1st XI cricket in 1987.

Thanks to Mr Bailey for the time given to look after the team during the season both as a player and as a coach.

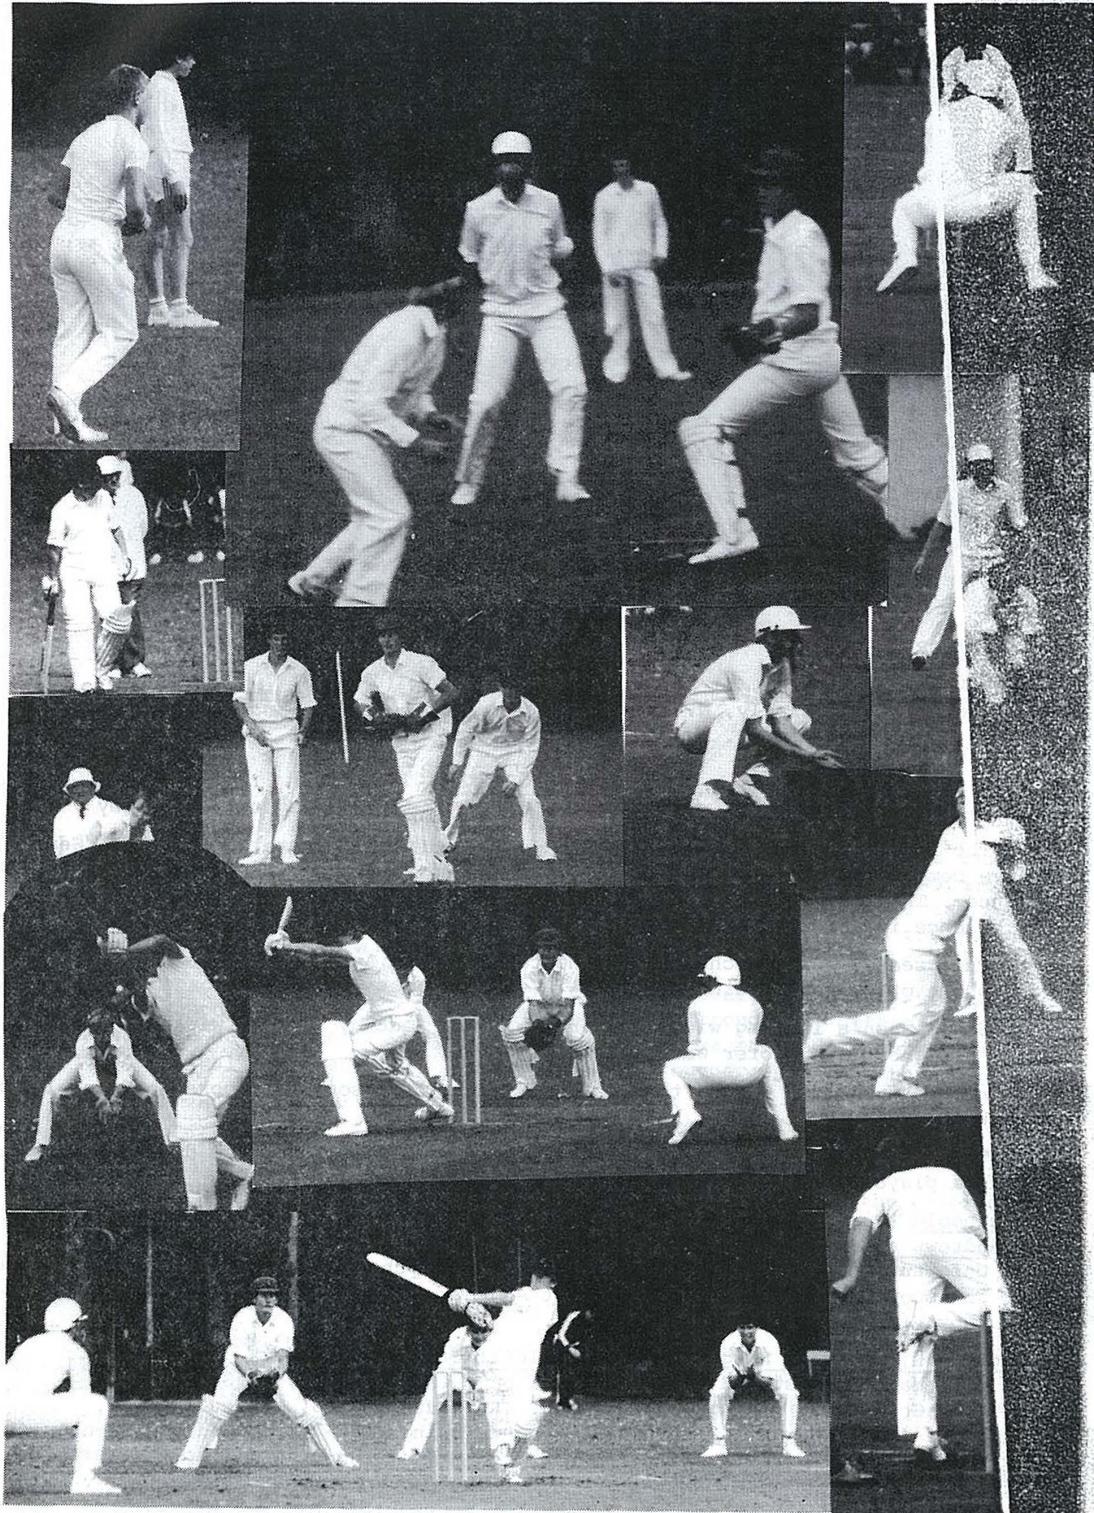

#### Interschools

##### v St Andrews at St Andrews 3/12/85

Unfortunately due to the weather 1 35 over match was only possible. SBHS batted first and scored 86-7. M. Scully 40. St Andrews 86-8. L. Joyce 2-14, S. Forrest 2-18, R. Southby 2-22.

##### v Kings High School at Kings High School 10-11/3/86

SBHS batted first and scored 150 all out. N. Mills 58, M. Scully 48. Kings High School 1st innings 188 all out. R. Southby 3-53, M. Scully 2-30, G. Popham 2-48, H. Murray 2-35. SBHS second innings 180-7 declared. M. Scully 49, I. Fraser 33, J. Sharp 31. Kings High Schhol were set 144 to win in 22 overs. The sportsmanship of SBHS was commendable as the bowling was shared around to give Kings High a change. Kings High reached 129-6. H. Murray 1-4, D. Jackson 2-38..

v Otago Boys High School at SBHS 18-19/3/86

Once again the weather played a part in this game and a draw was inevitable. SBHS batted first and declared at 80-2. M. Scully 40 n.o., J. Sharp 19 n.o. OBHS then batted till after tea reaching 207-9 and then declared. R. Southby 2-37, H. Murray 3-57. SBHS in 2nd innings batted till stumps reaching 86-4, I. Fraser 35.

v Shirley Boys' High School at Shirley 24-25/3/86

We were sent into bat and managed 117 all out. I. Fraser 23, J. Sharp 23. Shirley Boys' High School then made 206-8 declared. R. Southby 3-46, G. Popham 2-30. Then in our second innings we managed 163 all out, after at one stage being 47-7. Due largely to R. Southby's 223 minute stay at the crease and H. Murray's 59 minutes. R. Southby 59, H. Murray 26. Shirley Boys' were set 75 to win but at stumps only managed 61-5. Result draw. Fine fielding secured four run-outs. R. Southby 2-20.

PEN PORTRAITS

**Hunter Murray (Captain)**

- A very determined cricketer who lead the team by example. Leg spin bowler who perhaps tried to do too much with the ball. Very safe fielder with a strong arm.

**Roger Southby**

- Opening bowler and team's leading wicket taker. Able to bowl for long periods maintaining a tight line and length. Patient lower order batsman who saved the match with Shirley Boys' with a fine 59.

**Nathan Mills**

- Left-handed opening batsman who played some vital innings. Team's wicket-keeper whose mature approach was always an asset. A fine 58 v Kings'.

**Donald Jackson**

- Middle order batsman who often brought stability to an innings. Is maturing as a batsman and should score heavily next season.

**Iain Fraser**

- Opening batsman who played a number of good innings. Showed a safe pair of hands in the field.

**Jason Sharp**

- Batsman. A young player who had all the shots. Will develop into a talented cricketer.

**Daryl Gellatly**

- A middle order batsman whose tendency to over use the cut shot often led to his downfall. Will improve next season. Fine aggressive fieldsman who chases everything hard.

**Mark Scully**

- Team's leading run scorer. Talented batsman with the ability to strike the ball extremely hard. Useful medium pace bowler picked up a number of wickets with his change of pace. Has the potential to develop into a fine all-round cricketer.

**Simon Forrest**

- A hard hitting batsman who has yet to show his true potential. An exceptional fieldsman whose strong arm embarrassed many opposition batsmen. Useful change bowler.

**Gary Popham**

- A young opening bowler who bowled with accuracy and movement. Useful lower order batsman who played some fine knocks. Safe fieldsman.

**Lincoln Joyce**

- A bowler who picked up wickets with changes in pace and direction. Hard hitting tail-end batsman.

**Craig Stevens**

- Young player who is developing into a fine batting prospect. Exceptional fieldsman close to the bat.

**Jason Smith**

- Promising opening batsman with a steady methodical style. Safe fieldsman.

#### 2nd XI CRICKET

Captain: L. Mawhinney

Coach: Mr Downey

The second XI had a very difficult start to the season. With most of the older players moving up to the 1st XI and with new players emerging from lower grades we had to work hard to find a winning combination. Once this was achieved the team never looked back. Dean Horo and Farrel Taane put in some fine batting performances throughout the season and Gary Popham bowled consistently well throughout the season. The season ended with a game against Fiordland College 1st XI in Te Anau. This game was won by us and it is hoped that this visit will continue as it was enjoyed by all.

The team would like to thank Mr Downey for his support and guidance throughout the season.

The team: L. Mawhinney, J. Smith, D. Horo, F. Taane, G. Popham, C. Stevens, O. Eastwood, D. Lowe, F. Mansen, D. Frame, R. Hawke.

#### COLTS CRICKET

Captain: Corey Rawlings

Coach: Mr Richardson

The season began well with a very impressive win against Kings' High. There were a lot of nerves because there were eight new team members playing their first game for the colts. Kings' batted first and were quickly on the back foot after losing a wicket in the sixth over. In his first game Richard King did very well to get 6 for 16. Kings' total was 59. Our first innings got off to a great start with an opening partnership of 87 between K. Brown (38) and R. King (58). Other good scores came from C. Rawlings (40) and the wicket-keeper C. McKinnon (35) and our first innings total was 289. Kings' had another bad start with the first wicket going down for O. Good bowling by D. Lowe 4-11 kept the score down. Their total was 89. We won by an innings and 151 runs.

The next game was against Otago Boys'; it was a drawn game with no real highlights.

Then we travelled to Christchurch to play Shirley Boys'. We batted first and did not do very well only scoring a total of 82 on a very wet wicket. Shirley batted and scored 117 with T. McCallum getting 4-26 and C. Rawlings 3-28. We then batted again and scored a good 181 with C. Rawlings getting 50 and D. Lowe 31, this put us 146 runs ahead. Shirley batted again and won the game off the last over.

Thanks to Mr Richardson for coaching the side and accompanying us on our trips.

The Team: C. Rawlings (captain), D. Lowe, K. Brown, R. King, R. Nichol, T. McCallum, N. Broughton, G. Hamilton, T. Johnston, A. Sharp, R. Goodwill, C. McKinnon, K. Tanne, C. McColl, M. Purdue.

## Golf

GOLF

Back Row: N. Perkins, Mr R. James

Front Row: B. Kingsland, J. Wikstrom, J. Stephens

The 1986 golf team consisting of John Wikstrom, Nigel Perkins, Jason Stephens and Barry Kingsland were faced with the difficult task of following the team who won the national trophy last year. The first hurdle to cross was the provincial tournament and this wasn't won as convincingly as we hoped. Our team wasn't sure of a win until all four scores were in from both our numbers on and two teams. Our scores were 82, 84, 85 and 93 respectively seeing us off to the finals in Wellington by only two shots over the number two team.

The team flew up and met the team manager Mr James at the airport on 7 September. A practice round on the eighth was found to be most enjoyable and the general opinion was of a fairly easy course. The day itself however proved much harder once the pressure was on and the team found themselves only managing a fifth position at best. Playing two rounds each, respectively they were 82, 80, 81, 84 in the first round and 83, 81, 77, 80 in the second. We managed the best overall net but no prize was received.

The team wishes to thank Mr James for his contribution and help in keeping spirit amongst the team members throughout the year.

### HARRIER REPORT

The nucleus of this year's team, a younger than normal one, was provided by the 1985 U/16 team which competed so well at the N.Z. Secondary Schools Road Championships in Dunedin in December 1985 finishing 3rd in the six man competition and 4th in the three man competition. (Placings were: A. Lauren 19, A. Bayley 29, B. Sadlier 32, B. Wilson 33, M. Wright 45, J. Shaw 50, T. Dawson 71, B. Conner 80, N. Winder 95.)

The 1986 interschool year began with a loss to Otago B.H.S. redeemed to some extent by a fine individual win by Tristan Dawson in the junior race.

The junior team, once again headed by Dawson, provided the basis of a close overall win against Waitaki B.H.S. at Oamaru. The seniors ran better at home and matched the juniors in the Kings High School visit by providing the first four placegetters. Jason Shaw and Tony Lauren were the individual winners this time.

It was the senior team that clinched the overall win against Timaru B.H.S. at Invercargill after the juniors had only drawn their competition. Shaw and Lauren were once again the individual winners. The final interschool event saw good running from the seniors repulse a challenge from the strong Gore High School and the drawn result there added to a convincing junior result gave the school a good overall win. John McDonald won the junior race.

At the 6 x 2000m interschool relay for schools in Southland/Otago held at Milton, the school team of R. Swale, B. Wilson, A. Tribe, B. Sadlier, A. Bayley and A. Lauren ran creditably to finish 18 secs behind Otago B.H.S.

School teams won the U/14, U/15 and U/16 1/2 teams' races at the Southland Cross Country Championships for Secondary Schools with Wayne Smith, Jason Smith and Tony Lauren winning individual titles. Murray Brice was our top competitor at the Otago/Southland S.S. Cross Country Championships, finishing second in the U/14 race.

At the N.Z.S.S. Cross Country Championships held in Nelson, Nathan Chilton was our top placegetter finishing 23/291 in the Junior Boys event.

On the local scene the Harrier Club won all the team events for U/16 and U/18 runners with Tony Lauren recording a convincing win in the U/18 road race. The school team also captured the junior section title in the annual Invercargill-Winton six man relay.

## Tennis

Captain: M. Williams

Coach: Miss Boyd

The School Tennis Team was exceptionally strong this year and performed with merit against all opposition. Once again the depth of tennis at Southland Boys' was evident with a number of good juniors emerging. The team performed well against Kings H.S. and SBHS but with excellence against OBHS, our traditionally strong opponents.

**Results:**

**Seniors**      v Otago Boys' High School lost 7-11  
 v Kings High School won 12-0  
 v Shirley Boys' High School won 16-5

**Juniors**      v Otago Boys' High School won 9-3  
 v Kings High School won 8-4  
 v Shirley Boys' High School won 10-2

The Senior Team was:

Mark Williams (Captain)

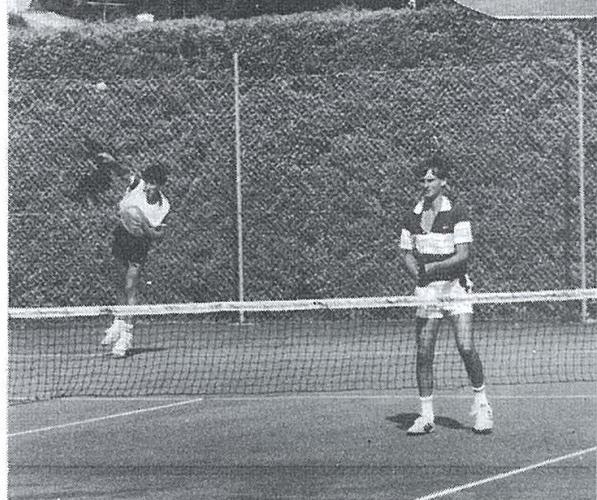

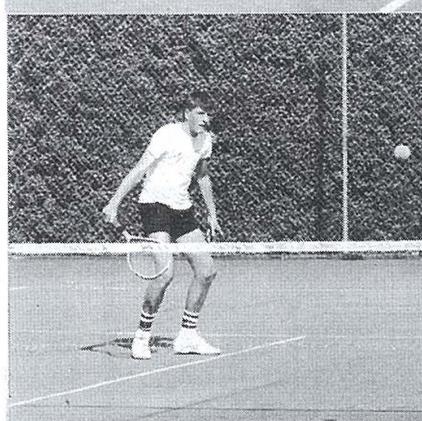

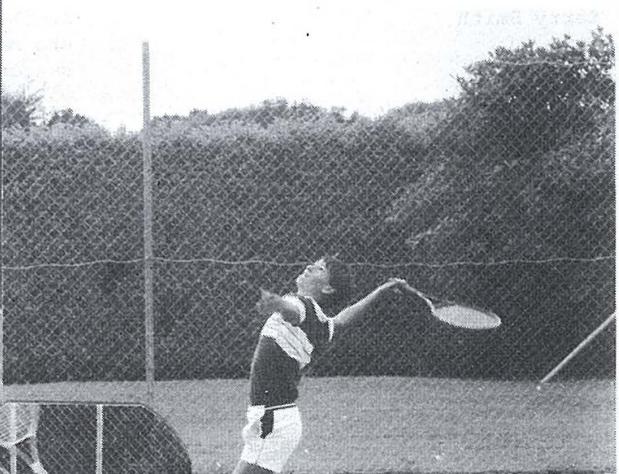

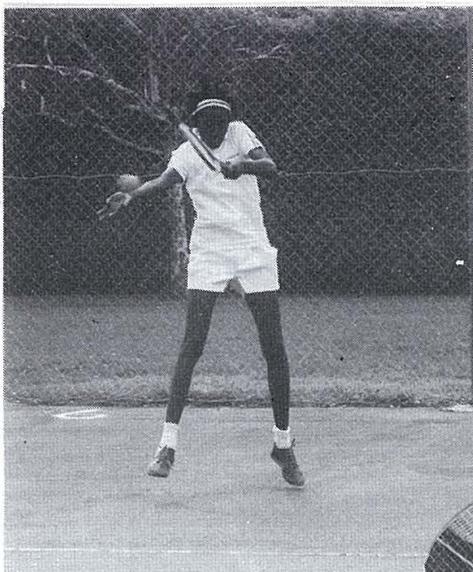

- An experienced player who set a good example for court behaviour. Played well all year but especially against Otago Boys'.

John Cantrick

- Another player with plenty of experience who has made a valuable contribution to tennis at Southland Boys'. Played exceptionally well against Shirley Boys'.

Lance King

- Although only a fifth former with a lot of potential, has already established himself as an opponent to be respected. Played very well in all his matches and will be a very valuable team member next year.

Barry Smith

Tim Pollock

Paul Lamb

Sanjay Sathananthan

Lyndon Stevens

- Another fifth former with a lot of potential who maintained a successful record all season. Displayed a fine temperament and will also be a valuable team member next year.
- Although Tim had a limited range of shots, he was a good example of what determination and perserverance can achieve. A highly commendable season.
- A capable player who formed a good partnership with Tim and achieved some notable victories. Always gave his best resulting in a good season.
- Sanjay was given limited opportunities this season but when called upon, played well. A very aggressive player with a powerful forehand
- An unorthodox player who displayed a lot of natural ability. Lyndon also suffered from a lack of opportunities but showed an enthusiastic attitude.

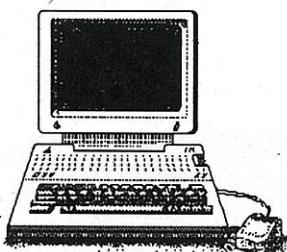

Our thanks to Miss Boyd for her time and interest.

## Softball

The 1986 team comprised mature and talented players, with 7 players returning from last years team.

This year's team was the most successful team ever fielded by the school, gaining a much deserved 6th place in the national secondary schools tournament.

To reach the tournament the team played firstly in the Invercargill finals in which it defeated Cargill High School 5-4 in a relatively well fought game. The team then travelled to Dunedin on a Sunday where it competed in the Otago-Southland regional finals. First up school played Waitaki Boys' where it won convincingly 10-6. The second game of the day lacked the concentration of the first game and the team lost to Kaikorai Valley High by 2 runs. Points for and against meant the team would have to play Waitaki again in the final. The result of the mornings game saw a fairly relaxed attitude to this game, and school found itself in a very tight high scoring match which ended after two tie-breaking innings. Impressive batting from B. Ellis, A. Poy and C. Smith who all scored vital runs meant a win to school by two runs.

The team left for the national finals in Blenheim on Wednesday, 19 March and arrived the following afternoon. Competition started the next day when we faced the eventual winners of the tournament, Te Aute College. We put up strong competition and only lost 5-3.

Other Results were:

Lost to Tauranga Boys' College 11-2  
Lost to Birkdale College 6-2  
Lost to Mana College 11-4  
Lost to Burnside High School 12-4

The team played well but it lacked a specialist pitcher which proved to be the team's downfall despite Glen Roff's and Bradley Smith's gallant efforts. Glen Roff was the top batter of the tournament. Congratulations Glen!

The team would like to thank Mr Cooper for the time and effort he gave to the team throughout the season.

## Waterpolo

1986 saw four teams entered in the Invercargill Schools Waterpolo Competition. The 'A' team again showed its dominance winning easily against all schools except for two close losses to the Verdon 'A' team. The second placing in the competition is a tribute to the players as there are no coaches or formal practices.

Once again the social contingent of players was strong and once they learnt the rules, had some close and enjoyable games.

All in all it has been an enjoyable year with the notable success being Bevin Ellis' selection in the New Zealand Under 16 team. The players would like to thank Mr Sherborne for his organisation and help through the year and they look forward to another enjoyable year of waterpolo under his guidance.

## Swimming

On 14 April, seven boys travelled to Christchurch to participate in the annual South Island Secondary Schools' Swimming Champs. Once again Southland Boys' proved it has swimmers that are a force to be reckoned with. School won the championship by only one point from Christchurch Boys'. This came about through a thrilling win in the last race where our 4 x 50 freestyle relay team came through to beat Christchurch Boys' by one tenth of a second.

Richard Tapper, Andrew Hamilton and Craig Boylan gained placings in their individual events while Brad Pankhurst, Terry Bone and William Lewis held their end up by making it to the finals. It was a good all-round team performance.

Richard Tapper

## Sailing

In three years of secondary school sailing, this year proved to be the most successful for the SBHS team. With the team being scraped together just two days before the Southland finals, the team's expectations of victory were very small. In the finals the team came up against a very practised and polished Wakatipu High School, on their home waters. In a series of 10 races lasting the whole day, the team was tested in conditions of 5-15 knot winds. Some very creditable sailing by Angus Tapper and his crew of Jamie Trotter in the stronger winds helped put the team a clear 10 points ahead after 5 races and after 10 races we just managed to win the series by a small margin.

With the Southland Secondary Schools Sailing title to our name we travelled to Timaru during the May holidays to contest the national finals. Although victory would be a bonus, we were just eager to be competitive. During the finals the earlier form of Angus Tapper did not show through and Michael Adam with his crew of David Rooney, and Neil Fraser with his crew of Jason Swain proved to be the more successful combinations. We ended up with a placing of 15th out of 18 teams, with three wins; these being over Wanganui, Buller and Bayfield High Schools. The knowledge and experience gained by all was of great benefit and will be put to good use next year.

Many thanks to Mrs Tapper and Mrs Rooney who organised and supported the team in Timaru, and to Mr Tiplady who organised fundraising.

The team was: Michael Adam, Neil Fraser, Angus Tapper, David Rooney, Jason Swain, Jamie Trotter, Hamish Carter.

## **Badminton**

In winning the local Secondary School competition during the mid-term break, we qualified for the South Island Championships to be held in Timaru.

In losing 6-2 to Christchurch Boys' High School we were placed second in the South Island. We felt a little unlucky as there were a couple of hard fought, three set matches which could have gone either way. With only two fifth year pupils in this year's team the future of badminton in the school looks in good shape. My personal thanks go to D. Marshall (reserve) who travelled with the team and ably filled in when required. On behalf of the team I would like to thank Mr Wayne Kingsland for his managerial, coaching and driving skills.

The team: Roger Southby (captain), Barry Kingsland, Mark McLean, Nathan McKenzie, Daryl Marshall.

## **Rowing**

Coaches: John Frampton,  
John O'Conner

This summer the school rowing team has been very successfully rejuvenated. With the help of Mr Frampton and Mr O'Conner from the Waihopai Rowing Club the school has built up a very strong and keen crew with its sights set on the Mardi Cup in Hamilton early in 1987. The team has put in many hours training each week on the Oreti River and running around the tracks of Sandy Point. So far this season the crew has competed very successfully at both local regattas held during November. Racing against larger, older men the crews are doing exceptionally well to come out with placings. Strong commitment, dedicated coaches and a will to win have proved to be the team's greatest assets. With the successful come-back this season it will be good if the impetus continues and the sport again next year receives keen interest from both senior and junior pupils. Thanks to John Frampton for putting in many hours of coaching to improve the team's rowing. Thanks also to the Waihopai Rowing Club for the use of their valuable equipment.

Crew: Blair Turnbull, Tony Sycamore, Richard Chapperton, Karl Kupe, Craig Colyer, Andrew Syme, Geoff Syme, Richard Syme, Steven Baracough, Michael Henstock, John Cantrick, Warren Campbell, Andrew Cole, Robert Minchen, Wayne Munro, Richard Lucy, Toni Dunlop, Dion Forrest, Jeremy Burgess, Phillip Rance.

## **Cycling**

Cycling was included as a winter sport for the first time this year and, in fact, operated all year due to the interest shown by pupils.

Every Wednesday for one hour, the cyclists are required to complete a 14 km ride or lap racing (practising team riding) - track bike not required.

Events for the year included a trip to Palmerston North for six of the top riders to represent the school in the Sir Bernard Ferguson Challenge (a 16 km time trial), the Joli Cup (10 km time trial), Manfield (40 km for A grade, 20 for B grade track racing) and the Manawatu Tour (110 km road race).

Also started this year for the first time was the School Time Trial of 16 km held in Invercargill.

The Joli cup was won this year by Southland Boys' High School as was the School Time Trial.

In the Sir Bernard Ferguson Challenge we were placed 9th out of 30 teams and one Southland Boys' High School member was placed 13th out of approximately 90 in the Manawatu tour.

VALEDICTORY SPEECH

Everyone at school asks themselves one question. This question is: "What am I doing at school and what is school doing for me?"

'Southland Boys' has given me for five years a dependable base and enough freedom for me to find the answer for myself. Others in history have also striven for the answer. C. A. Helvetius said "Education made us what we are", and "Education is what survives when what has been learnt has been forgotten."

On the other hand Oliver Goldsmith said "Let schoolmasters puzzle their brains with grammar, nonsense and learning. Good liquor, I stoutly maintain, gives genius a better discerning."

His advice has been followed by some people here and regretted on many a Sunday morning. But when the rest of us emerge from being, as Shakespeare so aptly said, "A Whining schoolboy, with his satchel and shining morning face, creeping like a snail, unwittingly to school", we realise that the last five years haven't been so bad after all. So I'll wallow a little in the nostalgia of the days of shorts and socks daringly around our ankles and the progression to blazers and trousers. We'll remember the timidity of a third former, the fearlessness of fourths, the fifth formers' finesse, the self reliant sixth and finally the security and sincerity of the sevenths.

It is with a melding of all these characteristics that we emerge from the educational production line, packaged ready to be placed in the real world. Each of us has been carefully shaped and our design influenced by the employees and helpers of this fact factory. It is to these people that we send our thanks. Their reward is found in the knowledge that another functional product is in the community. The process of learning ends finally with each pupil attaining a suitable answer for themselves to the question.

For me the answer lies in the school motto: "not for school but for life we are learning." Southland Boys' High School has prepared me and other learners for life.

I thank the Rector and staff for the opportunities we have been given and their guidance to make sure we have made the most of them. I know why I've been here and I appreciate what school has done for me.

"Non scolae sed vitae discimus"

## RULES OF FIVES

The rebuilding of the fives courts has seen such a resurgence of interest in the game that the rules are printed here for easy reference.

### COURT

- Front Wall - Line across 3' high
- Floor - Service line 2' front wall
- Back line suitable distance from end of side walls to mark end of court

### SERVICE

1. Decided by rally - at least three times up on front wall
2. Server shall serve to alternate sides of court, e.g. front right to left court then front left to right court etc.
3. Ball bounced and hit upwards on front wall to reach down the court and land beyond service line - it may come off side walls.

### RETURN OF SERVICE

1. Serve may not be struck on the full - it must bounce on ground
2. Ball may hit any wall first but must in due course hit front wall above the line - on the line receiver can play again but immediately

### PLAY

Players hit ball alternately until an error is made

- (a) Down i.e. below line
- (b) Out of court - beyond the bounds of court before striking the ground - on the boundary receiver can claim to play again immediately
- (c) Bounce twice
- (d) Ball may be struck on the full
- (e) As for return of service (2)

### SCORING

1. Points can be scored on own service only
2. Server loses rally - change of service but no points
3. Usually games ends at 21 points provided a two point margin exists or else continue until it does.

### DOUBLES

Play as for singles but:

1. Side A serving - 1st player serves until he loses serve. When Side A again gets serve player B must serve.
2. Either player may hit the ball at any time except when receiving service when only the player receiving may hit the serve.  
Player 1 receiving service to right court must ALWAYS receive service in that court for the whole game.
