Staff Notes 1985

The school has been fortunate in being able to maintain a full staffing quota for the year. At times there were periods of great stress but major crises were averted.

There was a loss to the school of staff of long standing and in senior positions. Mr Shields departed at the end of 1984 for an assistant's position in Dunedin at King's High School. His assistance with sport and prize giving, in addition to his work in the English department has been missed. The problems in this department were further exacerbated by Mr McIntosh's appointment as Tutor in charge of the Outpost. Although only a temporary position, his departure created a reshuffle in which Mr Riley took over as HOD. Miss Boyd's timely arrival back from overseas after a two year absence saw her once again at the chalk face. Her cheery presence has been welcomed.

Another senior staff member to depart was Mr Hamill. The call of the sea and warmer climes were just too much for him. Leaving a brand new house and a few envious colleagues he accepted a position at Tauranga Boys' College. We thank him for his valuable contribution over a wide area of school activities.

Another departure for Tauranga and retirement was that of Mrs J. France. Her contribution to music in the school goes back a number of years. Her organisation of small groups of musicians to visit Old Peoples Homes, schools and other organisations was a feature of her time at the school, and her enthusiasm, warmth and concern for the boys never wavered. We wish her well in the north.

Mr Adams also left for the North Island during the first term. He accepted a position at Palmerston North Boys'. After a period of full-time study in the school, Mr Adams was granted leave of service to complete his degree so consequently we didn't see much of him during that period. The Sporting fraternity and the textbook room will miss him. Our best wishes go with him in his new position.

The new arrivals to the staff this year have seen an influx of women to our ranks. Mention has already been made of Miss Boyd's return. Mrs Lyness also arrived at the beginning of the year to teach in the English department. During the middle term we welcomed Mrs Thomson (Commerce) and Miss Dockerill (Languages). Another face familiar to many staff was Mrs Cave who returned to the school after an absence of some eleven years to take over responsibility for Chemistry.

To all these people we wish them well in their new environment and trust that their association with the school will be a happy one.

During the year Mr Shekell taught in a relieving capacity in the Science department. His presence has been most welcome in times of real difficulty. The same could be said for Mr Edgerton who has looked after the Music since Mrs France's departure. His military-like discipline and enthusiasm outside the classroom has been the hallmark of his time here.

Several members of staff left at the end of this year to take up appointments elsewhere. Mr Reid's valuable contribution to Phys-Ed and Outdoor Education especially will be missed as he moves to HOD of Phys-Ed at Cargill. Mr Sapsford returns to Kingswell as Head of Junior Science and we thank him for his services to Science, Rugby and PPTA. A sad loss to the golfing fraternity and the school is the departure of Mr Rolfe to Morrinsville. He was instrumental in establishing golf as a sport in the school and made significant contributions to Outdoor Education and in the classroom. After three years enthusiastic and dedicated teaching Miss McCarthy moves to the "big smoke" and will teach at Cashmere in Christchurch. Her efficiency, cheerful

personality and involvement in Debating and Drama will be missed. Another loss to the English Department is the return to the Primary Service of Mrs Randall. Her expertise in Reading has benefitted many students but she has also made enthusiastic contributions in Drama, Dance, Reading and Writing above and beyond the call of duty. Thanks. At a time when German was a fledgling subject in the school, Mrs Miller came as a part-timer to shepherd this subject to its present strength. We thank her for her expertise and commitment. Although assisting with Economics this year, Mrs Boivin's strength has been in the English Department where she has willingly and ably taught for the last few years. We thank her and appreciate her contribution.

The year will see the end of an era with the departure of Mr Waterston. Wally has been part of this school for 33 years. He began in 1949 with a spell of about 12 months, then in 1953 he was appointed to the full-time staff. Since then he has taught in the Science department, acted as Head of Biology and latterly as Head of Junior Science. In addition he has assisted in a large number of extra-curricular activities. The cadet unit flourished under his guidance. Lifesaving and Shooting were other activities he was involved in. For some time he was coach of the 1st XV. In recent years, although not actively involved in coaching, Wally has supervised all the winter sport activities and organised the interschool visits. Now he has decided to retire. He will be missed by both boys and staff. His bright, cheery manner, his "fatherly" advice, his friendliness to a wide range of people. SBHS and Wally Waterston have for a long time been identified as one. The separation will be a difficult one. Wally, the school thanks you for your service and dedication. We all wish you well in your retirement. Ave atque Vale.

Call and See Us First.

Mr W. S. Waterston

The departure of Mr Waterston for retirement at the end of this year brings to an end his association with the school that has spanned 36 years.

Mr Waterston joined the relieving staff in 1949 for a year. In 1953 he was appointed full-time assistant in Science. Later, he was appointed to a position of responsibility in Biology while in recent years he has been Head of Junior Science. In the classroom he has become known for his fairness and concern for the progress of his students.

Outside the classroom he has been involved in a large number of activities. He was Officer in Charge of the Cadet Battalion from 1959 until its dissolution in 1964. He was coach of the 1st Rugby XV in 1962 and 1963, after spending previous seasons with the 3rd and 2nd XV's. His involvement in Life-saving dates back to 1959. For a number of years Mr Waterston was master in charge of Shooting. In all these activities he has shown real dedication and received satisfaction in a job well done.

His direct involvement in Sports has in recent years given way to the role of administrator. Since 1966 he has been in charge of winter sport throughout the school and the all-embracing tasks that that charge involves - ground marking, arranging interschool visits, the purchase and control of sports gear etc. Each year he has compiled the Special Prize lists and ensured that the "hardware" is returned from the previous year ready for engraving and distribution in the current year. For some time he was also the overseer of the Inter-House Competition. In each activity, Mr Waterston has approached the tasks with a sense of purpose and displayed a real flair for organisation. Above all, he has not forgotten that there are real people behind the organisation and the implications that has for the administrator.

In the community too, Mr Waterston has been active. Only a brief mention need be made of these here but in recognition of his long involvement with the ATC Unit, in 1978 he was awarded the MBE - a deserved honour for dedicated service.

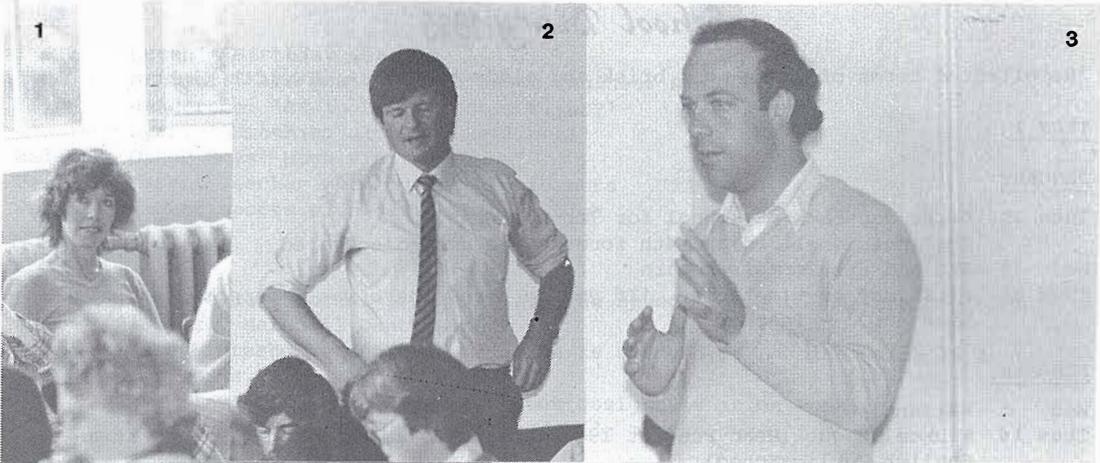

Such a tangible reward cannot be offered by the school. But there must be many personal rewards as he looks back over a career in the school that has extended over so many years. He has the utmost respect of Old Boys, present pupils and Staff, as well as the community at large. No greater compliment could be made to a man. We will miss his engaging personality, his colourful stories of events past, his friendship in and out of school, his tact and diplomacy, his forthrightness. We will miss him as a valued colleague and teacher worthy of the profession. We wish him good health and happiness for his retirement.

Mrs France.

Earlier this year, Mrs France retired to Tauranga, after eleven years of valuable service to the Music Department.

Mrs France was involved in many areas in the school, including musical productions run in conjunction with Southland Girls' High School, the running of the School Band and encouraging many pupils to obtain their Music Attainment Certificates. Mrs France was also instrumental in pupils entertaining various groups of the community outside school.

Mrs France has made a great contribution to Southland Boys' High School and will be missed by all.

DEPARTING HEROES

1. Oh no! Do I have to make a speech
2. Perhaps if I close my eyes, I'll go away
3. I was in charge of Grant Block Toilets....
4. No, I'm not laughing at Reidy's problem
5. Drat! It's still there. Hope no one's noticed
6. Retired, but not retreated!

Valedictory Speech

At the beginning of this year one of my teachers gave us a speech; during your life at school you receive many such speeches, some more memorable than others.

In outlining the direction our year in his subject would take, his key point was 'know thyself'. As time progressed the real meaning of it dawned on me and it is something that I have remembered and reflected upon throughout the year and when it comes to the end of a year, or in the case of some of us an era: five year's secondary schooling, its significance becomes all the more important.

It is often said that the 7th form year is one of potential. You get out of it what you put into it, some put a lot in others just get out of it a lot. It can be a year of mediocrity or one of challenge and advancement. You are more or less thrown into the deep end Oscar. It's all of a sudden the real world, one in which the motivation must come from within - the choice becomes yours, you make of it what you want. It does have its advantages though - especially in the 7th form. You can have your cake and eat it too. The sacrifices sometimes have to be made but above all else it's a fun year.

It's not the results you will remember in 20 years. It's the memories of all the days at the beach - the toga parties, the aftermatches and the quiet evenings at the Avenal, the 4th form Socials: it's all the close calls you had and all the trouble you almost got into. They're the things that stick in your mind. They are the rewards of the 7th form year.

That's why on reflection it isn't all bad, whoever said that your school days are the best of your life wasn't far wrong. It's an occasion like this where achievements are recognised but sadly not always those that really count. The real winners are those who did their best. Whether they receive a prize or not is irrelevant. The real winners are those who gave their all, who spent their Saturday mornings helping with preparations for the ball, those who saw a job needing done and instead of waiting for someone else to do it did it themselves. All those who gave a hand when it was needed. They are the ones who got something out of this year; some leave Southland Boys' with a book, others leave with a sense of achievement, self awareness and satisfaction at having contributed something worthwhile. We all come here boys. Some of us leave boys, others leave part way along the road to becoming men.

After five years in any one place you can develop an affection for the surroundings and it is only when you come to leave that an appreciation can be gained. For many of us it is accompanied by a sense of loss and sadness. It can even become a time of regret when you look back on all the things you could and should have done. This place becomes a symbol of predictability and even security. It's the place where you start to grow up. It's a place where you learn your strengths and are forced to face your weaknesses. It's a place where your life's major friendships are forgotten but most importantly it's a place to get to know yourself and others.

We are the product of 5 years in this institution and like it or not it has probably set our life's direction, our aims and aspirations. It's a really important part of your life, one that has its victories and its defeats but one you will always remember. I came here a timid and overawed 3rd former. I now leave a thinking individual but most importantly, the last 5 years have lead me to know myself.

Spirit of Adventure

No greater gift has been given to the youth of New Zealand that the 'Spirit of Adventure'; it's only a pity that not every young Kiwi can enjoy the experience it offers.

The 'Spirit' was the brainchild of Mr L. J. Fisher, an Auckland industrialist. The history of this beautiful 105 foot steel schooner is well known, as is its image of being the ultimate test. There is no doubt that the adventures and experiences you share with your fellow trainees are the most testing and memorable of your early years.

Voyage 275 was no exception to the rule and provided one of the most challenging and rewarding 10 day periods in my life. I flew up to Auckland on the 30th of July and arrived at Marsden Wharf at 0100 hours. After a thorough run down on the ship's basic routine and several experimental climbs of the masts while stationary we set sail. Having never really seen Auckland, the beauty of the countless lights of the city accompanied by the thrill and sense of urgency that goes with a very first sail at night created an unforgettable atmosphere.

The general routine of the 'Spirit' was, as would be expected, far from monotonous. The day would begin at 0600 with a swim, no ordinary swim at that. It involved jumping from the bow spit and a race to the stern using the only means out of the water, a small scramble net. I can assure you that jumping off the side of a ship into complete darkness with the prospect of a desperate struggle in icy cold water is far from enjoyable and when coupled with lack of sleep, hunger and exhaustion it can be quite a terrifying way to start the day. The reward for such pain was, however, a hot breakfast cooked by the 'Spirit's' faithful cook Charlie. He never failed to please and almost became a symbol of home.

The next activity was cleaning the ship, and that inevitably meant polishing what seemed like endless amounts of brass - and unless this was done to the captain's satisfaction the whole day could be spent at this mundane but nevertheless necessary task.

No 'Spirit' voyage would be complete without mention of the toilets. Because of the lack of available space their size was kept to a minimum. This meant that it was virtually impossible to assume a natural position. This difficulty became increasingly less pleasant during rough weather, a time when the occupancy rate was considerably higher. There was also made clear a very important accompanying rule 'if you block them, you clean them out - by hand' a very strong incentive to conserve paper and to be efficient.

On the second day we got our first taste of open sea rig work. When you're 70 feet up it is a different world, any movement of the ship below is magnified 100 times and it has been known for the yards to actually drag in the water. One trainee from Tauranga found it difficult to cope with the sway and rewarded all onlookers with quite a spectacular display, hurling breakfast down onto the deck and some unsuspecting crew members. For his trouble he was awarded the ship's 'Chunderathon' trophy.

The trip without doubt had its stressful moments including one time when the captain stopped the ship a couple of hundred metres from shore and asked us if we could all swim, he then said that if we couldn't we would have to improvise for he told us to jump off the ship, swim to shore and run across to the other side of Waiheke Island. He then added that if any of us made it he would pick us up from the jetty. Our crew of twenty trainees passed this initial test and were congratulated on having a very co-operative team spirit. Little did we know that the day's activities had been part of the captain's decision making process as to whether we

were capable of attempting the most difficult adventure that any 'Spirit' crew had ever undertaken. His master plan involved mountain climbing, but of a very unusual variety. Our goal was to climb 2038 foot Mount Hobson on Great Barrier Island - the unusual aspect was that he wanted us to drag a dinghy, in full sailing gear up with us at the same time. The whole operation was much more draining than any of us could have expected; it took two days to get the boat up and back and over two and a half hours to manhandle it the last 100 feet to the summit.

Perhaps the most fortunate occurrence on our voyage was that we happened to call in to assist in saving several hundred beached whales at Katherine Bay on Great Barrier. I was lucky enough to be with one of the crew in a zodiac that actually helped herd them back out to sea. The whole scene was amazing with upwards of twenty small boats in a semi circle herding approximately 300 whales.

To cap off the voyage we elected our own crew from amongst the trainees and were given complete control of the ship. It just so happened that on that day, for the first out of ten we struck gale force winds and very rough seas. I had a particularly nerve-racking day for I had been elected First Mate and had the onerous task of directing activity on the Foredeck. The high winds meant that there was incredible strain on the Jibs and the Fore Staysail. After almost having to cut a sail loose and contend with other anxious navigational moments, we made port. We celebrated a successful trip by steering under full said beneath the Auckland Harbour Bridge at the 5.00 rush hour - creating quite a spectacle for the homeward bound commuters.

That's about the sum total of my voyage, an experience that I would urge everyone to apply for. I am in no doubt that it has in some ways changed my life. The close association and interaction with other young people makes everybody concerned more appreciative of the need for co-operation and trust in other people. Not only on the 'Spirit' but in all spheres of life these two ideas are essential. I got to know myself a lot better, my strengths and weaknesses and I came away with confidence and the feeling of wellbeing.

I would very much like to thank Southland Boys' for the opportunity they gave to take part in an unforgettable experience, one that has added greatly to my education.

6th Form Biology Camp

The Biology Camp this year was situated at the new site of Boyd Creek Lodge instead of Stewart Island as it has been in past years. The camp was split into two groups of about forty, the first being supervised by Messrs Thompson and Tiplady, Miss Black, Mrs Clendon and other volunteers.

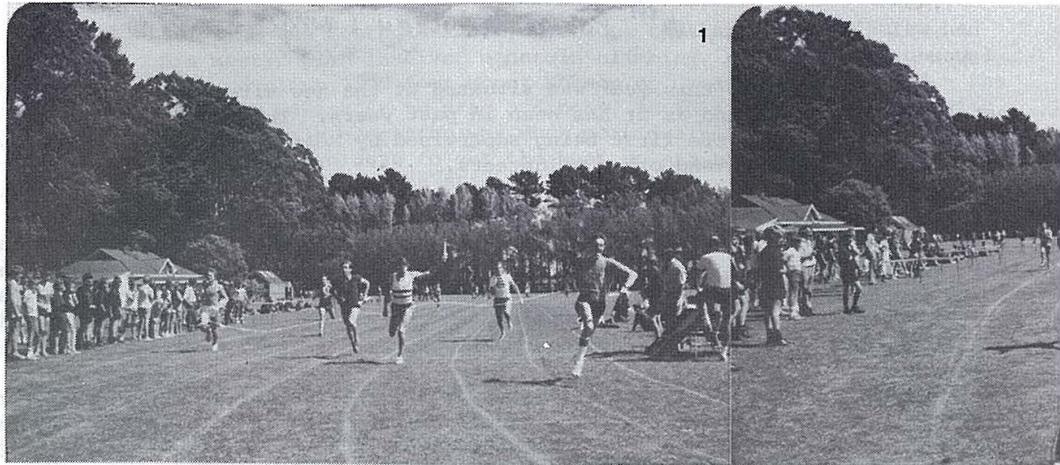

Our arrival at the track into the Lodge was heralded by the news that we had to cart all the gear a kilometre to the hut. The first two trips weren't too bad but there were a few weary bogs by the fourth, when we had to carry the tents! Camp was set up and a quick study of some forest organism's ecological riches left us ready for tea - stew and mashed spuds. Some had an early night while others battled into the early hours with shaving cream and apples.

Day two started early and we walked out to the bus for our trip to Milford. Stops were at Lake Gunn for sketching plants and stocking up on supplies and the Homer Tunnel for some rock climbing and sub-alpine studies. Next stop was the Chasm for lunch and we enjoyed a breath-taking view of one of nature's wonders. We then carried on to Milford for a launch trip around the Sound. Highlights of this trip were many - watching the seals, porpoises, many waterfalls and drinking unlimited cups of tea and coffee. We returned to camp for a dinner of baked beans, spaghetti and an assortment of tinned, bottled and frozen foods.

The third day was greeted with apprehension as a long walk was in store. The day promised to be another scorcher and it was in these conditions we set forth on our tramp. Numerous stops called for by the mountain man, Mr Thompson, were all that interrupted an exhausting climb. During these stops we carried out zonation and stratification studies and we had lunch in a clearing half way up. The near-vertical track was energy draining, but after a long haul to the top we were rewarded by the view of Lake Te Anau and the Eglington Valley - one of the most memorable scenes of the trip. We returned weary and hungry and enjoyed a refreshing dip in the Creek.

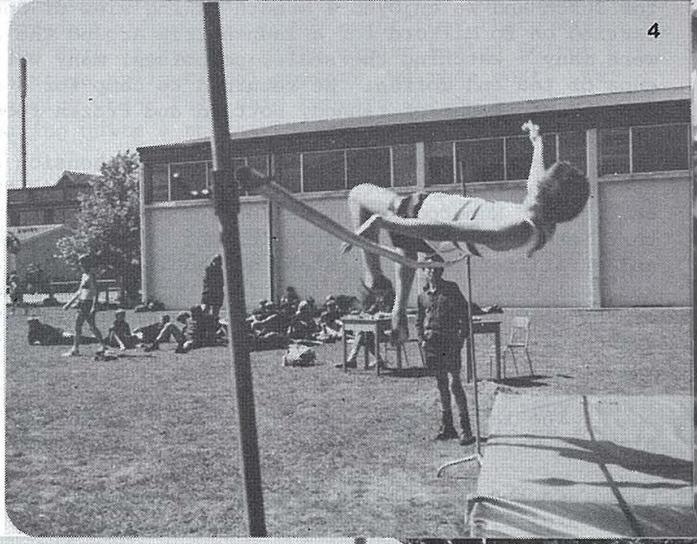

The last night was spent in front of a very large bonfire whose flames leaped high and well into the night.

On the last day we finished our studies, packed up the tents and returned to Invercargill. The trip was really enjoyable.

School Council 1985

Chairman: Roger Gimblett
Secretary: James Barnes

Our Accomplishments this Year

- A Major Project - "Revitalise the House Competition" - introduced interhouse debating to the house competition. This gave students practice in the art of public speaking and formulating argument, and also provided free lunchtime entertainment. It was a new concept in house competition for the school and will hopefully be the start of a broader competition in the future. House Captains were invited to our meetings this year and they had many valuable ideas to contribute.

The House Points Board was re-established in the Foyer and generally the Council felt there was more interest in the House Competition this year.

- Once again we ran 'lunchtime videos'. As usual these were popular and successful.
- We put forward suggestions for the use of money raised by the Workday.
- We attended International Youth Year (Southland) meetings and pledged our support to the Junior City Council.
- We raised funds for new lighting equipment for drama and dances.
- We provided a voice for the ideas of the students of SBHS.

Conclusions:

This has been another successful year for the School Council. 1985 has again illustrated the worth of having such a group in Southland Boys' High School.

Acknowledgements:

Thanks to the Rector, Mr James, the office staff, the staff and all class representatives for giving their time and assistance with our organisation and activities.

Social Committee Report

A better time could not have been had by all, than by those members of the senior school who were actively involved in this year's Combined Social Committee. As usual there was great enthusiasm shown by all and it was really encouraging to see that the opportunity to dress up and go wild for a few hours was well supported by practically all members of both schools. The high 'spirits' were on the whole directed at constructive fun.

The year contained many high points which gave a sense of satisfaction to the organisers and, in a pleasing way, reflected the many hours of hard work put in by the social committee. This year's Icebreaker once again utilised a live group, Dorothy Marshall's Dance Band. Their own brand of rock'n'roll went down well with those that attended and their success on the national scene reflects the growing quality of their music. We were lucky enough to be able to make use of the date, July 4th and the colourful array of costumes contributed to a very good night all round.

Following on from last year's lead the Committee provided good music by employing our own members - Neils and Mags - although it usually turned to be a group effort.

Good management and planning coupled with a lot of hard work made this year's Ball an astonishing success. The authentic surroundings for the "ANCIENT EGYPT" theme, good behaviour, an enthusiasm on everybody's behalf to get up on the dance floor and dance and a great supper from Mrs Gumbley meant that the whole evening was thoroughly enjoyed by all.

Thanks must go to Mr Alabaster for his guiding hand as well as all the staff members who gave up their time to help us with supervision. Much was learnt by all concerned about organisation and matters concerned with money. We extend gratitude to our faithful counterparts down at Southland Girls' and wish all those involved with such ventures next year the best of luck.

Social Committee members were: Matthew Yarnell, Paul Conway, Alastair Savage, Michael Noble, Chris Adam, Mark Hamilton, Philip Eastwood, Bruce Gawn.

Partial Terms: Michael Broughton, Derek Nind, Shaun Taane, Stephen Cockeram, Allan Poy.

3rd FORM SOCIAL

The school socials for 3rd formers with Southland Girls' High School were a great success this year.

All three socials had themes which were: "Australia", "1960's", and "Film Stars".

When the prefects running the socials allowed everyone inside at 7.30, all the boys at first sat on one side, with all the girls on the other, but eventually everyone relaxed.

At the finish, which was about 10.30 p.m. the lights went on and everyone said their goodbyes and left to wait eagerly for the next social.

Debating

DEBATING 1985

J. McNaughton, R. Bell, P. Drayton

J. Barnes, M. Yarnell, R. Gimblett, Miss J. McCarthy

This year saw the continuance of what has been in recent years a fine tradition of debating within our school. Following in the footsteps of the Deakers and Andersons of the past, came quite an experienced line up. This year's senior 'A' team consisted of Matthew Yarnell, first speaker, James Barnes, second and Roger Gimblett, third.

The team's activities got under way early in the first term when we were entered into the Westpac national competition. To our credit we managed to battle our way into the third round by defeating some worthy opposition. Our first debate of the year was against a lively team from Gore High School; the topic being 'That the censorship of books and films is desirable' after a win here we debated 'the meaningfulness of modern abstract Art' with South Otago High School. It was a close contest, where we discussed what could only be described as a meaningless topic - one which even the adjudicator was at odds with - we were victorious. As time progressed our experience and growing confidence became evident. Unfortunately, even our best performances of the season were not quite enough to secure a win against the reigning national champions, Dunstan High School. It was a spirited encounter over the pro's and con's of being the servant or the master. Sadly luck didn't go our way, and our visitors from Alexandra went home the happier, albeit with a slender victory.

With our participation in this competition now at an end we could concentrate on the forthcoming interschools. We came up against perhaps our toughest opponents - Otago Boys'. In a discussion over 'whether unemployment is the hope of the future' we were defeated in what was a very marginal decision. The materialisation of anticipated brilliance was not forthcoming on their behalf. (They weren't as good as we thought they would be!)

However, on the day not even the oratory skills of Roger could capture us the victory, which was to our great disappointment.

Not daunted by this set back we went on to record two convincing home and away wins against Waitaki and Kings. Our trip to King's in Dunedin proved to be one of the most memorable and enjoyable ones. In what was our best all round team performance, we showed our opposition, and the rather large audience, what we Southland orators were capable of. Unavoidable commitments meant that the usual team was unable to debate in Timaru and our place was taken by our sixth form team. To their credit and the school's, they performed admirably. It was unfortunate however, that their debut resulted in a loss. The experience gained however, will, I'm sure, make them an awesome foe in future combat.

One noticeable absence from the debating calender of events this year was an interchange with our arch rivals Verdon and Southland Girls' - what we lost through not having these cultural exchanges was however gained in the form of large and appreciative audiences at our other venues - and the emergence of a faithful supporters' club.

Mention must be made of the inaugural teachers verses pupils debate in which many an old score was settled to the amusement and satisfaction of both onlookers and competitors.

Yet another welcome sight on the debating scene was the commencement of an interhouse debating competition - the brainchild of the School Council through Rober Gimblett. Thanks must be extended to him for his efforts. As well as him, the staff members, Miss McCarthy and Mrs Drayton must be thanked. They gave their endless support and valuable time so that we might learn and enjoy. Appreciation must also be directed towards one, Mr McIntosh, an expatriot staff member and our inspirational advisor whose guiding hand contributed to a successful year.

6th Form Debating

This year, in the Senior Jaycee debating competition the school entered two teams. The 'A' team consisted of Richard Bell, James McNaughton and Paul Drayton, and the 'B' team consisted of Ian Gray, Angus McIntosh and David Frame. In the first round both sides had victories, the 'A' team comfortably defeating Girls High 'B' and the 'B' team in an upset, defeating Verdon 'A'. Ian Gray achieved best speaker in his debate, as did Richard Bell in his. In the second round the 'B' team met the favourite Girls' High 'A', and though beaten they did not disgrace themselves. The 'A' team met Verdon 'B' in the second round and again comfortably won, earning itself a place in the finals against Girls' High 'A'. In this final debate the 'A' team, after a closely fought duel in which the whole team put in a sterling effort, won. But all these achievements would probably have not been achieved without the hard work, and infinite versatility, and innumerable ideas of Mrs Drayton and Miss McCarthy, our coaches.

HISTORIC PLACES DEBATE

Two fourth formers Lauchlan Welsh and Craig Donaldson represented school in an informal debate held at James Hargest for the Historic Places Trust.

The proposition was that 'All things improve with age' and school took the negative. The affirmative was taken by Girls' High. The effort by Lauchlan and Craig was highly lauded by the adjudicator Mr A. McIntosh. The audience was greatly amused by the ad-libbing and humour of these intrepid twosome.

The result was a narrow victory on more technical grounds by the well prepared Girls' High Team. Thanks to Miss Boyd for her help at such short notice.

JUNIOR 'A' DEBATING

The Junior 'A' team consisted of Lauchlan Welsh, Tristram Lawson and Phillip Sadd. Their first (and only) debate in the Jaycee Competition was on the proposition 'That the hunting of animals be abolished'. The team took the negative against Southland Girls' High 'B'.

Boys' High lost rather narrowly by 12 points which considering the strong interjections by the Girls' High team, seemed to be a narrow margin. The atmosphere of the debate was humorous and very good natured. Thanks to all those involved and to Miss Boyd for her help.

JUNIOR 'B' DEBATING

The 1985 Southland Boys' High Junior 'B' Debating Team consisted of Lauchlan McNeill, Richmond Turner and Ian Forrester.

They went into their first debate very much the dark horse and against all odds, defeated the Verdon 'A' Team by a one point margin. They reached the semi-final, where they were well beaten by the Southland Girls' High 'A' Team in an entertaining debate. Boys' High were affirming the topic 'That Small is Best', but were proven wrong. The Boys' High Team, however, had the best speaker.

The members of the Boys' High Team are enthusiastic and would like to do better next year.

FIRST STAFF VERSUS SCHOOL DEBATE

The inaugural debate was based on the topic "he who can does, he who cannot teaches". The staff team, Messrs Roche, Sarson and Edgerton were the affirmative against the school's team of Roger Gimblett, James Barnes and Richard Bell. The debate was chaired by Matthew Yarnell.

The audience made up of mainly sixth and seventh formers was treated to a sparkling display of verbal repartee. The highlight of the debate was the humour and placards introduced by the school team which featured jokes largely about Mr Edgerton's size and thinly disguised jokes about Mr Sarson's hair. Even though the Leader of the negative was 'shocked' by the personal insults, the audience loved them and the staff took it all in good spirit.

The result was indecisive and the debate was declared a draw. Mr Roche summed up the debate, "This will surely go down in history". Hopefully this will become an annual fixture.

Computing

Two more computers were bought in Term I, giving us 7 BBC machines. Good use has been made of them before school, interval, lunchtime, and after school. Later in the year, testing was introduced to set a standard for students obtaining their own directories on the network. Some original programming is beginning to appear.

A number of junior English classes have used the word processing facilities with enthusiasm and skill. It is hoped that all students will eventually become proficient at this.

Some Maths classes have discovered that computers can help them improve their understanding of some difficult topics.

Quite a bit of software has been bought and it is planned that this will be used within several subject areas in 1986.

Fishing Club

The Fishing Club had an enjoyable season this year. There were outings to various rivers including the Makarewa, Oreti and Mataura which were appreciated by all, especially by the fish who escaped unscathed!

The motto for future years might be "Be kind to dumb animals".

Radio Club ZL4CT

The Club ran only to the middle of Term II but in this time we contacted amateur radio operators as follows:

New Zealand 2, Australia 7, U.S.A. 6.

We continue to find that these operators are always pleased to contact the school, and have a chat to all members of the club.

Music

The year has been one of changes for the Music Department. We were sorry to lose Mrs France and both the pupils and the staff have happy memories of the many musical occasions we have shared over the years.

The Core Music has been ably cared for by Mr Egerton for the remainder of the year, while the School Certificate class has been taught through the Correspondence School and Miss Black assisting after her return from Europe.

The boys have performed several times out of school, with the performance at Tweedsmuir Intermediate School including a work 'Tweedsmuir' which was composed by the 5th form class. Performances have also been encouraged in the school assemblies. There are several talented pupils in the school and we look forward to hearing more from them in the future. A school entry placed in the 'Spot On' Video Contest was highly commended.

National Music Week was celebrated in the assemblies and with displays and music playing in the school library.

There have also been changes in Itinerant Teachers and we look forward to having all positions filled in 1986. Mr Aspey, Mr Perniski and Miss Black, presented a recital to the 3rd formers on 4 December. With the purchase of six snare drums, a Drum Corps has been established and 17 students are making very satisfactory progress. Certificates were presented to the pupils who were successful in the Itinerant examination scheme.

A Senior Choir has been formed with the assistance of Mr James and they performed at the Senior Prize-giving. A Junior Choir and Instrumental Group played for the Junior Prize-giving and items were also presented at the 5th year Graduation.

We now look forward to the purchase of new equipment for the Music Department.

Canteen

This year, the Southland Boys' High School canteen staff has seen a lot of new faces join the team and it has also been very pleasing to note the return of Grant Gerken, Russell Smart, Dean Riddle and Alan Forsyth. New faces such as R. Fernando, M. Williams, B.J. McNamara and J. Moore certainly added an inspiration to the whole of the team's efforts.

Mrs Baker, our new assistant canteen worker proved to be an asset to the running of the establishment but who could forget our longtime favourite, canteen 'warden' Mrs Gumbley, the stalwart of our year's effort. She has excelled herself in the running of the canteen and in keeping the team in order.

The biggest thrill of the year must have been the installation of the new canteen which is situated on the old P4 area.

On a sadder note we say farewell and thanks to those 'guys' who made the canteen the place it is today: G. Gerken, D. Riddle, R. Smart, A. Forsyth and B.J. McNamara.

Finally, on behalf of the canteen student staff I would like to thank Mrs Gumbley, for her time and effort, it was gratefully appreciated.

Inter-School Christian Fellowship

The ISCF group this year saw a major change in the way we met. At the beginning of the second term we decided that it would be best if we met as two Cell Groups held during Wednesday and Thursday lunchtimes. The purpose of this was to get to know each other better which is more easily done in a smaller group. The Cell Groups were lead by Mr Paris, Mr Rout and Philip Knight.

It was good to have a core of about 20 students who were committed to ISCF. They included a number of third formers along with a good representation of other form levels.

Highlights of the year's programme included a cycle trip to Winton, a weekend camp and taking assemblies for the junior school.

Mathematics ~ Competition Results

Pupils were actively involved in various competitions throughout the year.

In August a group of 7th formers went to St Peter's College in Gore to attend a Senior Mathematics Seminar. They participated in a competition there and gained first place.

Pupils performed well in the Australian Mathematics Competition. The candidates awarded a Certificate of Excellence were:

FORM 7: Mervyn Skeggs, Shaun Ryan

FORM 6: Paul Drayton, Luke Sarson, Brant McNaughton

FORM 5: Grant J. Ryan, Craig McGeachie, Jon Waldron, David Lindsay, Steven Early, Graeme Wood, Wayne Munro, Simon Raynes, Warren Henderson, Dannie Baillie

FORM 4: Aaron Neilson, David Powley, Michael Gilbert, Leslie Pullen

FORM 3: Antony Joyce, Neil Lawrence, Nigel Batchem, David Cassidy, Christopher Atkinson, Ian Forrester

Successful pupils who competed in the SMAC (Southland Mathematics Association Competition) were:

FORM 5: 2nd place for the team of Grant J. Ryan, Steven Early, Graeme Wood, Wayne Munro and Simon Raynes

FORM 4: Design Section: 1st Janan Dunning, 2nd Sanjay Samanathan
Model Section: 3rd = Lee Sarson

FORM 3: 1st place to the team of Timothy Bayne, Anthony Mason, Nigel Batchem and Ian Forrester.

The library has had another interesting year with the continued improvement of its facilities through new books and comfortable new furniture.

The library has been well utilised this year and it is pleasing to note that the number of issues have steadily increased from previous years. Does this mean that reading is once again becoming a popular pastime?

The smooth running of the library can be attributed to Mrs Anderton and Mr Lauren, whose continuing help and guidance have encouraged the librarians in their worthwhile voluntary task. Many thanks to the team of librarians who have kept the library tidy and in good shape.

We are planning to carry out some re-organisation of the non-fiction section before next year and we hope that these adjustments will result in increased efficiency in the library.

DANIEL WEBSTER'S HORSES

If, when the wind blows
Rattling the trees,
Clicking like skeleton's
Elbows and knees -

You hear along the road
Three horses pass -
Do not go near the dark,
cold window-glass.

If, when the snow first lies
Whiter than bones -
You see the marks of hoofs
Cut in the snow -

Hoofs of three horses
Going abreast
Turn about, turn about
A closed door is best.

Upright in the earth
Under the sod
They buried three horses
Bridled and shod,

Daniel Webster's horses.
He said as he grew old
"Flesh I loved riding
Shall I now love it cold?

Shall I not love to ride
Bone astride bone
When the cold wind blows
And snow covers stone?

Bury them on their feet
With bridle and bit.
They were fine horses
See their shoes fit."

If, when the wind blows
Rattling the trees
Clicking like skeleton's
Elbows and knees -

Remember Daniel Webster.

THE MISSING COQ SPORTIF

A Lee Pearson Adventure by
Paul Drayton 61

Lee Pearson took off his trench coat and his Thomas Magnum baseball cap. He thoughtfully brushed his moustache. "What a tough case"; he'd trailed the French terrorist for six weeks and now had lost him but he had a lead, there were reports from the Ureweras of mysterious people and strange goings on. He decided to go there and find the missing terrorist. Perhaps he was being hidden by a French guerilla band, who were out to take over the country and make Akaroa the capital. That seemed the most likely option to Pearson.

On arrival in the Ureweras, Pearson was directed to a small musterers hunt. He glanced at the French flag, hanging limply from the flagpole near the hut. "Not much wind," Pearson thought. He knocked on the door, a woman wearing a beret and a blue and white striped tee-shirt answered.

In the minutes that followed, while Pearson questioned the woman, Kim McLean, he became aware of certain facts. Firstly there was a smell of garlic and wine in the air, secondly through the half-open door he could see croissants and snails on the kitchen table. There was something that connected all this to the missing French terrorist but Pearson couldn't quite figure out what. Still the story that Kim McLean told, had to be true. She was a novelist researching the implications that the 1890 Gold Rush had on the socio-economic lifestyle of wild pigs in the Ureweras. This was, to Pearson, very clearly the truth but something nagged him in the back of his mind. So he decided to return later that night to investigate further.

Since he was a master of disguise he stalked delicately up to the house disguised as a tree. This was successful until a wandering dog found his leg irresistible. He shed this disguise and squelched in wet shoes up to the window. Then he wafted into the house disguised as a bad smell. When he was in the hut he lay down disguised as a floorboard. He listened; Kim McLean was talking to someone on the phone. "For some reason, the line must be bad," Pearson thought, "the person on the other end sound as if he's speaking French or something! I must complain to the Post Office. How's a Private Eye like me supposed to do his job with faulty equipment."

Then suddenly the door opened and in stepped the French terrorist and the terrorist strode purposefully towards McLean but unfortunately for Pearson right over him, knocking him unconscious with a vicious left foot kick.

When our intrepid hero awoke the hut was empty. He'd lost the terrorist's trail again. He left the hut down-hearted and drove back up to Auckland to catch an international flight. It was a pretty boring trip except for the two Onion Sellers he'd picked up after he'd noticed their red, white and blue Citroen broken down on the side of the road. They reminded him of two people he knew somewhere but the world's a small place so Pearson dismissed the thought.

"Hop in," Pearson said, "where would you like to go?" They took off their berets and their "Vive la France" badges glistened in the sunlight. "Oh, merci, to the Auckland Harbour, s'il vous plait, preferably near the Rainbow Warrior", the Sellers said.

"Damn", Pearson thought as he dropped them off. His chief would have him for garters as he hadn't even got a single clue where the terrorist had gone after the hut. And as our detective drives up to the airport the sea breaks quietly on the rocks, the seagulls cry and swoop and in the distance, two explosions are heard.

Dallas Collingwood 4R

The baked beans slopped slowly from the wooden spoon to the tin plate - three helpings were served for three hungry men.

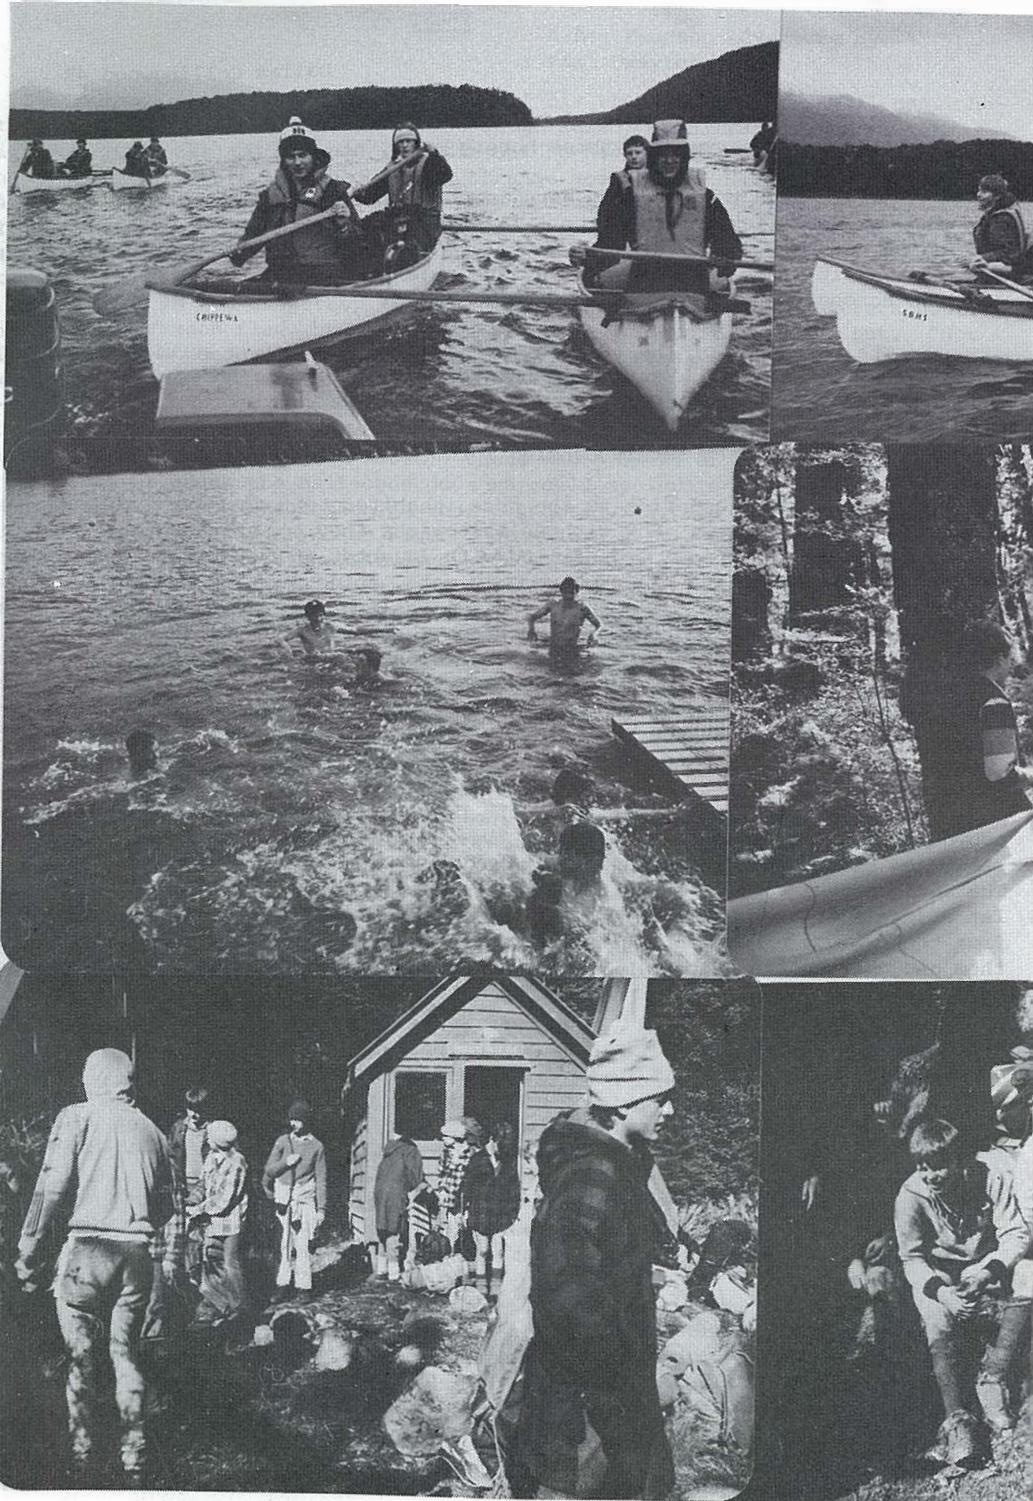

"We'll have to move from here in the morning" said the largest of the three men, who was busy licking his plate. The other two gave a grunt of approval and carried on eating. "Do ya reckon they'll be coming after us Johnny?" The larger man replied, "Na it'll be a while yet. By the time they get a rider to the nearest town we'll be across the state line and free men."

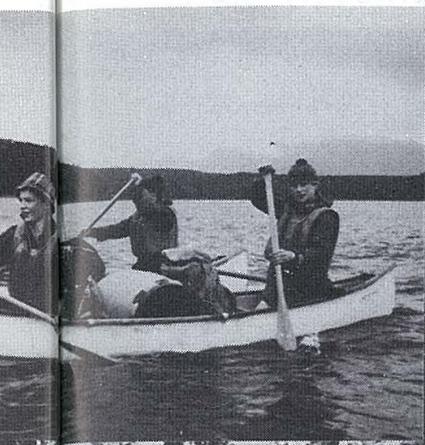

The third man of the trio was a quiet man who wore a scruffy beard which covered most of his face. He looked the most gentle of the three. His appearance was nothing to go by though, for he had been the most ruthless during the hold-up at that small Missouri bank. All three bank tellers had fallen to his blazing colt .45s after the money had been safely bundled into their saddle bags.

After their long ride to the once inhabited town they were all extremely tired as were the horses. Now with full stomachs they could bed down. They picked the saloon to bed down in. Once filled with laughter and a warm atmosphere, the saloon was now a desolate place where only rats, spiders and desperate men running from the law, ever came. Two of the men fell asleep that night while one stayed awake thinking of the opportunities he had. There was ten thousand dollars in those saddle bags which lay at the end of the bar along with the saddles. The greed in the man told him to take the money and run, run to a secret place where the other two would never find him. He looked over at the sleeping bodies who were his partners. They had stood by him during the hold-up and unlike him they had not planned to run out on him. Sleep crept up on the man and he soon found himself dreaming.

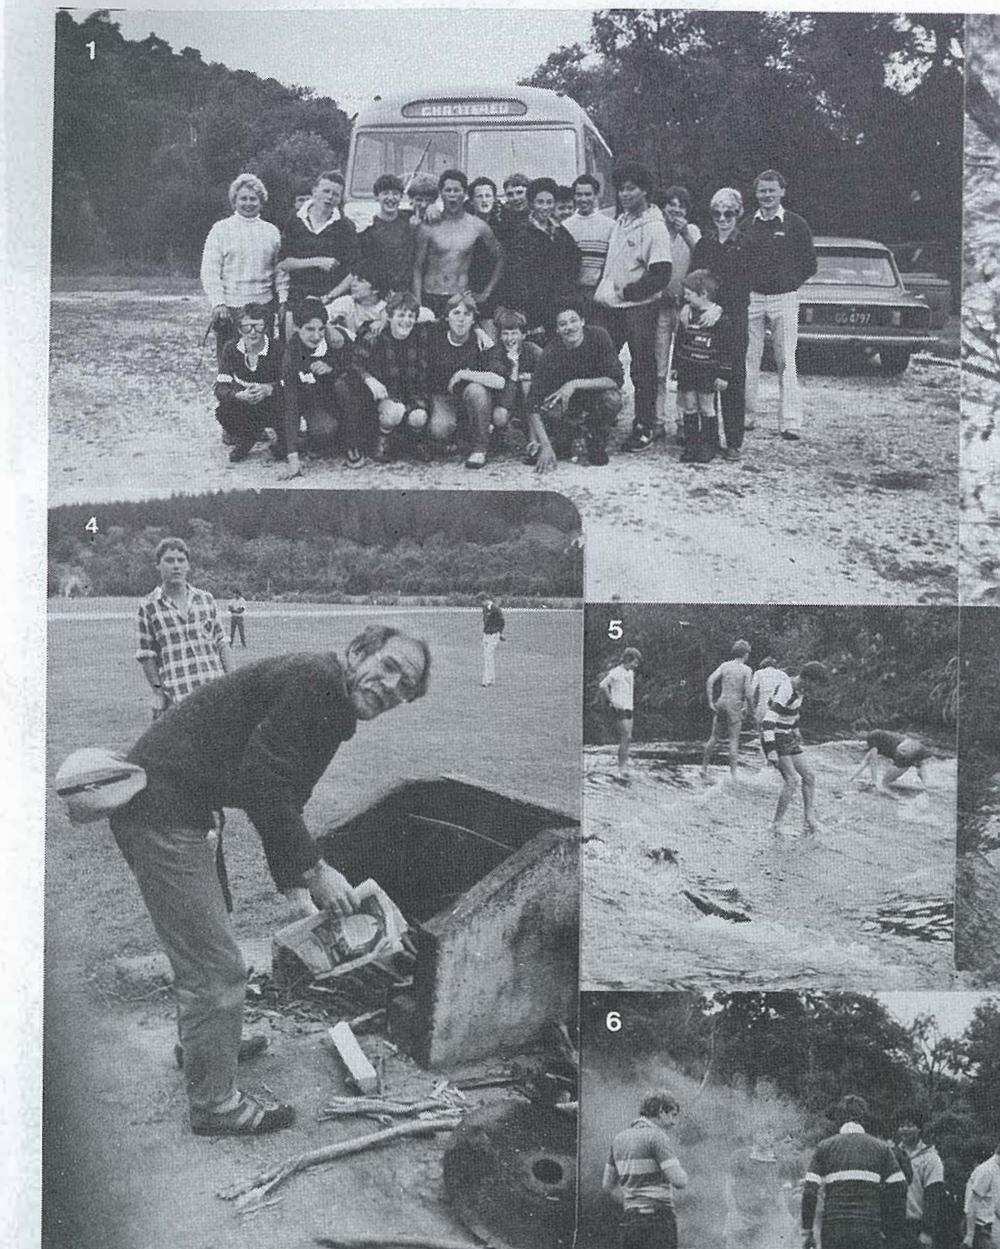

The morning sun came through the broken windows and shone on the dusty, cobwebbed bar and eventually found the eyes of the sleeping man. He awoke, yawned, stretched and gradually remembered why he was in the deserted saloon. He was alone. The saddles were gone as were the saddle bags. He leapt from his makeshift bed and let a scream of rage break from his otherwise quiet mouth. The saloon doors flew from their rusty hinges onto the verandah as the man violently made his way through them and over to the stables. The horses, all three, were gone. His partners had betrayed him.

ESSAY

M. Kersey

The alarm clock rang with startling clarity, a nagging child reaching into the depths of my sleep. Habit moved my arm in the direction of the disturbance and a blinding flash of light accompanied the depression of a switch. What a way to go, my mind thought as I fell out of bed into the shower, limbs unco-ordinated after eight hours lax.

The warm water cleansed the cobwebs from my brain, bringing the morning into perspective. With the suddenness of hitting a brick wall it broke upon me the significance of the day.

"The exams.....," I moaned through the cascades of water. A quick scrub followed by a naked dash through the house to clothing found me sitting at the breakfast table munching cornflakes.

"Good luck in your English," came wafting through the kitchen as Mum hurried away to work.

Two minutes in the microwave and the Milo was its usual steaming self but incomsumable as usual. The nagging child returned. Have you done enough swot; have you got enough time; any petrol in the bike; paper, pen, ruler? Get lost! The child rendered itself quiet, but instead moved to another part of my anatomy to wreak havoc with my digestive organs. It's amazing how much those things really feel like butterflies. I wish they'd get lost!

A check of the timepiece disclosed only an hour to wash, pack, get lunch, get to school; what if I run out of petrol? The return of the butterflies. The house became a maze - bathroom, wash, hall, bedroom - where's my pencil case? Panic! Frantic tearing around the house, the study, dining room, lounge, bedroom and ah... it's in my bag. "What a drong...." I muttered and Moses nodded in his knowledgeable, feline way.

Parka, gloves, helmet, glasses, lunch. Quick as a flash I was kicking over the Yamaha. Backfire, once, twice, choke, ignition, lift off!

"Oh I do like to be beside the seaside, Oh I do like to be beside the sea....", drunken mutterings of songs well known as I broke into the city limits. A small excursion to Dave's house was followed by the expected panic stricken cries.

"Those essays, they're so hard, four of them, half an hour each, I'm gonna fail..."

"Oh shut up!"

Back on the road again, - "That reminds me of a Willy Nelson song, how does it go?" The great institution is in sight, towering over Queens Park like a sentinel or Colditz! We pull up outside ignoring the third formers standing alienated in their first year at High School. The outer confidence exhibited as we strutted up the drive was a poor match for the inner panic.

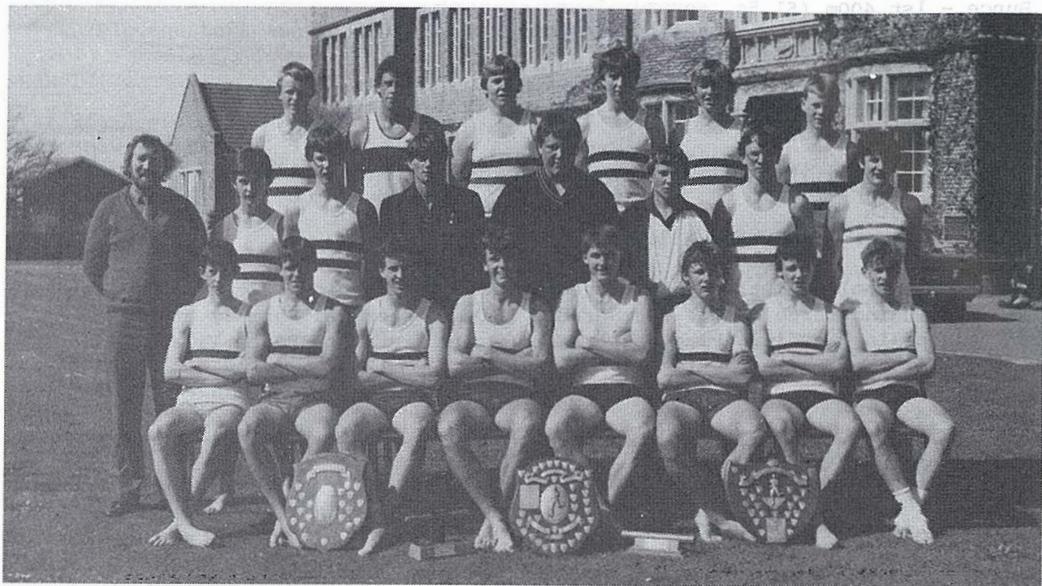

The removal of gear was done in a haze, separated from the mind like watching through a looking glass. I floated down the corridor.

The Hall!

A strange calm descended as I moved to my seat.

I think I'll do well in this exam!

N.Z. SECONDARY SCHOOLS CHAMPIONSHIPS

Highlight of this meeting was Alan Bunce's convincing win in the Senior Boys' 800m and his subsequent selection in the N.Z. Schools' team to compete against an Australian Schools' team in January.

Other good efforts were recorded by the Junior Boys' Road Race team (A. Lauren 19th, A. Bayley 27th, B. Sadlier 32nd, B. Wilson 33rd, M. Wright 42nd, J. Shaw 48th, T. Dawson 67th, B. Conner 76th, N. Winder 88th) who finished 3rd in the 208 strong field; Grant Gerken 6th in 400m hurdles final; Ashley Brice 7th in Junior Boys' discus, and the 4 x 400m relay team (G. Gerken, D. Riddle, A. Lauren, A. Bunce) 5th in the Senior Boys' final.

Congratulations must go to our top athlete Alan Bunce for his National Colts (U18) 800m title and record and also his selection in the Chelsea Young Athletes Development Squad. The school will follow his career with interest.

Once again Otago BHS proved a stumbling block in interschool competition, beating us in our first encounter. The team recovered from this early defeat however to win its next home fixture, against Waitaki and then the three away fixtures against King's HS, Timaru BHS and Gore HS. The Timaru fixture was once again marked by some extremely close and competitive running and an equally tight result.

At the National Secondary Schools' Cross Country Championships, Alan Bunce finished a close 2nd out of 281 in the Senior Boys' race, Barry Sadlier (51st) and Tony Lauren (56th), competed well in their first attempt at National Competition in a large field of 406.

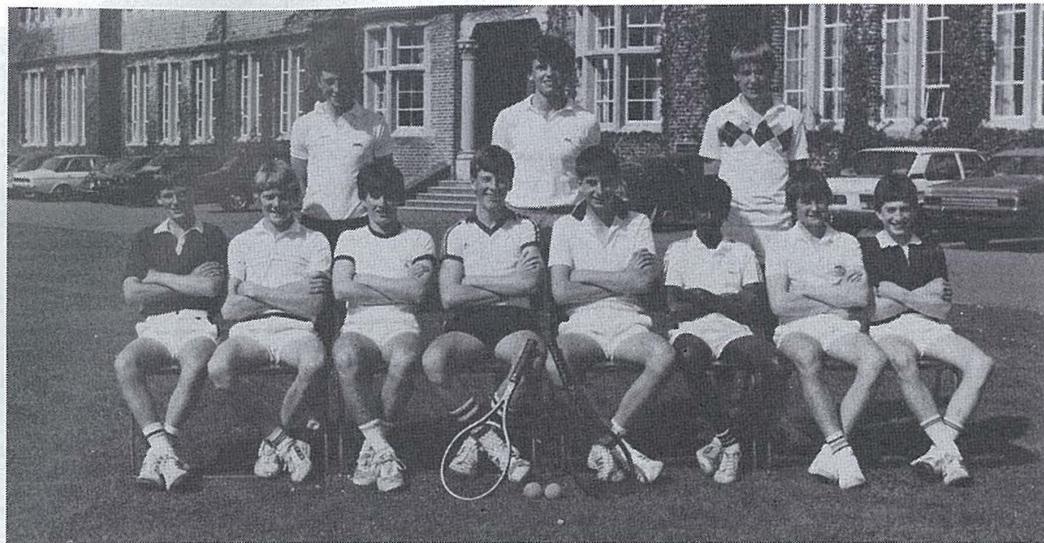

The school's team won all 4 teams competitions at the Southland Secondary Schools' Cross Country Championships. Individual placegetters were:

U/14: J. Shaw 2nd, J. McDonald 3rd
U/15: B. Sadlier 1st, N. Winder 2nd
U/16: J. Hodge 2nd, A. Bayley 3rd
Senior: A. Bunce 1st

Highlight of the Otago/Southland Secondary Schools' Championships was the win by the U/14 boys team spearheaded by top performances by Glen McIntosh 2nd, Jason Shaw 3rd and John McDonald 4th. The intermediate team also did well to finish 3rd.

On the home front Alan Bunce and James Hodge represented Southland in the Junior race at the N.Z. Cross Country Championships. Alan Bunce (Junior) and Bradley Wilson (U/16) won cross country titles and Andrew Bayley won the U/16 road race title. Our U/16 team won all the team races it contested.

TENNIS TEAM 1985

Back row: L. King, G. Gerken, P. Lamb

Front row: B. Smith, L. Stevens, J. Cantrick, M. Williams (Captain),
T. Pollock, S. Sathananthan, D. Gimblett, P. King

Captain: Mark Williams

Coaches: Miss Boyd
Mr Williamson

This year's inter-school Tennis team had only two remaining senior players but due to the promotion of two juniors a formidable team was created. The position of coach was taken up by Mr Williamson and later by Miss Boyd who were both a great help, especially in keeping the morale of the team up. We thank them for their time spent in coaching and organising the team.

The senior team was:

Mark Williams

- A strong player who displayed a good attitude and temperament. He possesses an all round game. An experienced player who participated in all inter-schools

Michael Broughton

- Michael is a mobile player who possesses exceptionally quick reflexes. Very effective at the net and especially in the doubles. An experienced player who took part in all inter-schools except St Andrews.

Tim Pollock

- Tim was a newcomer to the team having progressed through the junior ranks. His confidence and performances improved vastly throughout the season. He participated in all interschools.

Paul Lamb

- Another newcomer to the team, Paul gained a lot of experience from the season. Although he lacked confidence his game progressed considerably. He took part in games against St Andrews and Otago Boys'.

John Cantrick

- An experienced player who showed great consistency. John was very quick and displayed strong determination. He participated against Shirley Boys and Kings High.

Grant Gerken

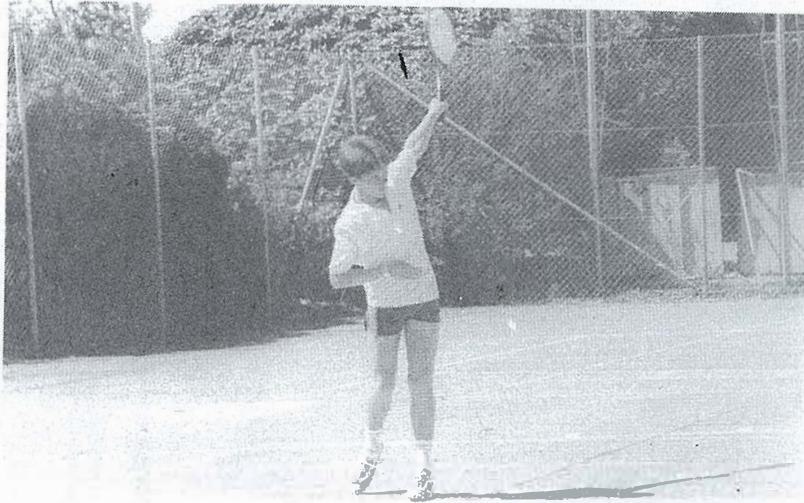

- Grant was a newcomer to the team and although a bit short on skill, he was a fierce competitor who displayed excellent determination and speed. He participated against Shirley Boys' and Kings' High.

- Barry Smith
- Barry was promoted from the junior ranks to the senior team. He performed very well against older opponents. He is a sound player who has an excellent temperament and will be a valuable member next year. He participated in all inter-schools.
- Lance King
- Another junior who was thrown in at the deep end to fill a space in the senior team. Lance performed most creditably against older opponents and he displayed a powerful game which often surprised them. He took part in all inter-schools and will be a useful asset to the team next year.
- Sanjay Sathananthan
- A newcomer who adjusted well to a new environment. His confidence improved throughout the season as did his results. Sanjay participated in all inter-schools except St Andrews.
- Darryl Gimblett
- Darryl is a very natural player who possesses a calm temperament. Although only a third former, Darryl displays a mature attitude which always holds him in good stead. He took part in all inter-schools except St Andrews.
- Peter King
- Another third former who performed well against older players. He is a quiet but confident player who has a wide range of shots and will be a valuable team member next year. Peter took part in all inter-schools except St Andrews.
- Lyndon Stevens
- Lyndon is an unorthodox but highly competitive player. He has achieved good results and is especially good in doubles. Lyndon has participated in all inter-schools.

Special thanks to Barry Finnerty, Bruce Waddell and Matthew Yarnell who all participated when required.

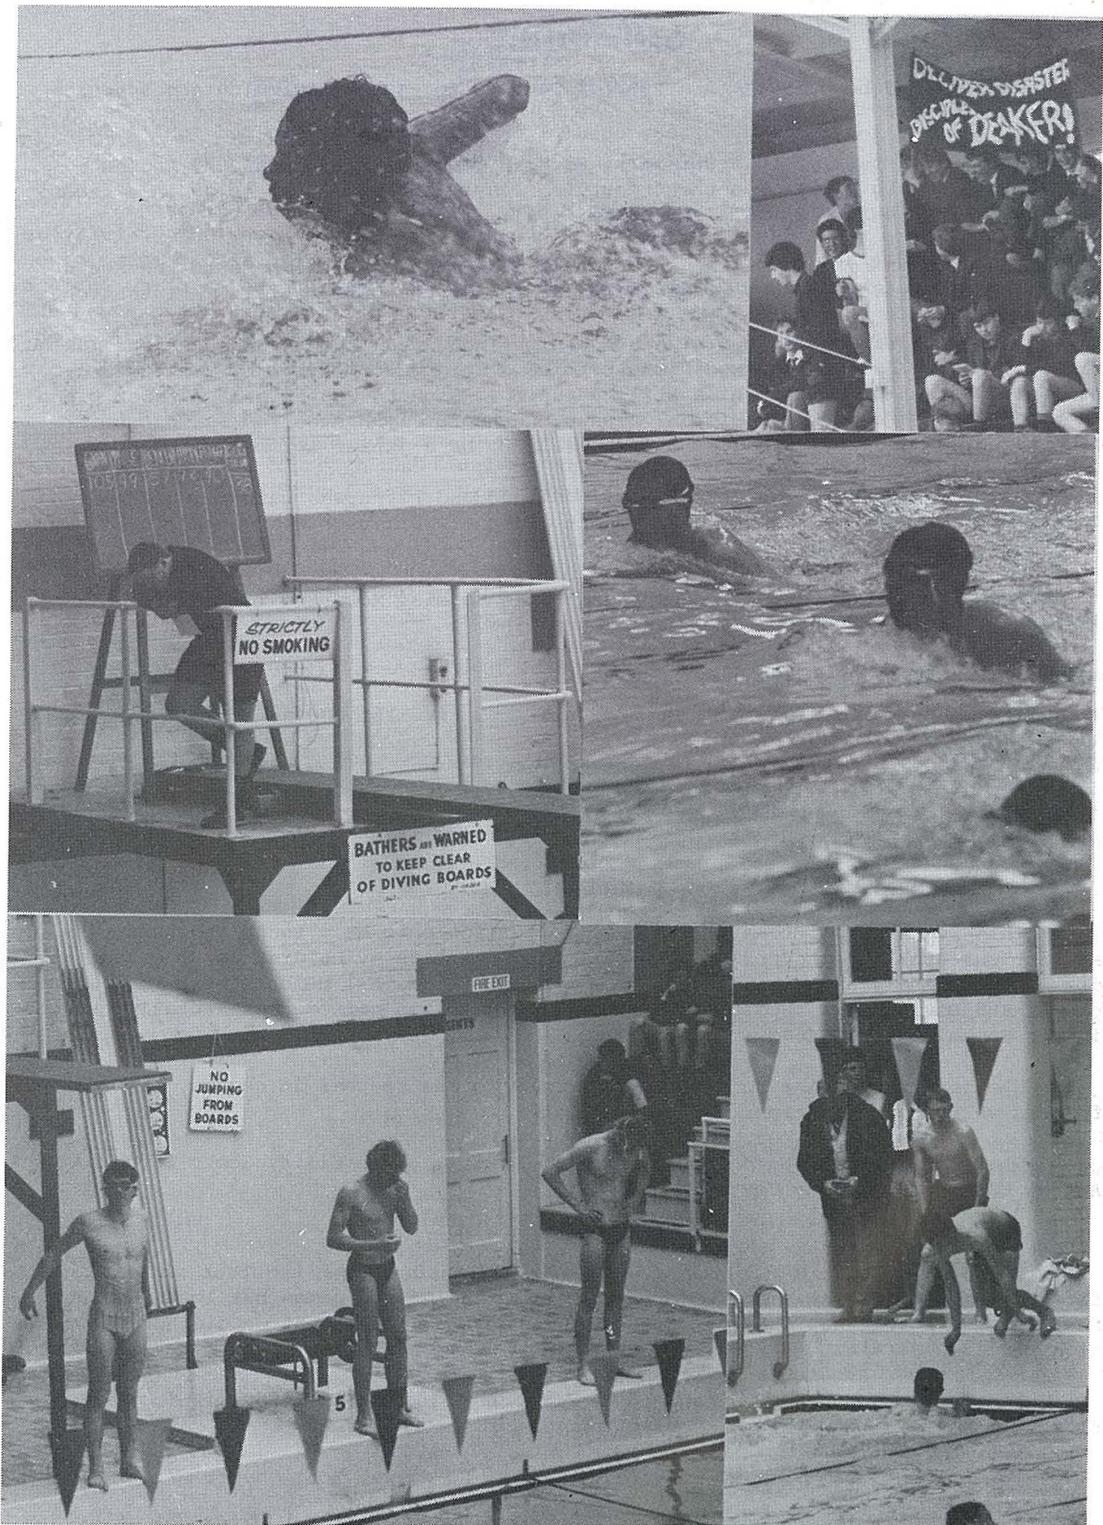

Inter-school Record:

- v St Andrews lost 4 - 17
- v Shirley Boys' High School lost 7 - 14
- v Kings High School won 19 - 2
- v Otago Boys' High School lost 1 - 20

Swimming

1985 proved to be once again a year of success for school swimming and school swimmers.

Recently a team of four swimmers, Richard Tapper, Michael Lawson, Andrew Hamilton and Craig Boylan won the freestyle relay, and the medley relay in a record time at the Collegiate Schools' Relay Carnival.

Near the end of March, the school sent a team of five swimmers to the South Island Secondary Schools' Swimming Championships at the QEII pool in Christchurch.

All five swimmers gained high honours in individual races with everyone making finals. Andrew Hamilton showed himself to be a strong competitor by gaining 3rd place in the senior 200 FR while still a junior. Richard Tapper gained first place in three of his races while Michael Lawson and Scott Flynn excelled against stiff opposition. Craig Boylan also showed himself to be a junior swimmer with potential.

The relay team of Tapper, Lawson, Hamilton and Flynn was narrowly beaten in a controversial final where once again while all the swimmers concerned performed to their best, the officials failed.

The swimmers would like to express thanks to Miss McCarthy for her valued assistance both with organisation and travelling.

Results: South Island Secondary Schools:

Richard Tapper	- 1st 50 Fr Record; 1st 100 Fr; 1st 200 Bk
Andrew Hamilton	- 3rd 200 Fr; 6th 100 Bk
Michael Lawson	- 2nd 100 Fly; 5th 400 Fr
Scott Flynn	- 6th 200 Br; 7th 100 Br; 5th 200 Im
Craig Boylan	- 2nd 200 Br; 5th 100 Br
Southland Boys Relay	- 2nd 4 x 40 Fr

Water Polo

This year the 'A' team once again proved itself to be a tough opponent even against our arch rivals Verdon, who won the competition by holding us to a four all draw in the finals after beating us in an earlier round. All members performed with credit and Bevin Ellis, Scott Flynn and Andrew Hamilton gained representative status in the Southland U/15 team.

The team would like to extend its thanks to the teacher in charge, Mr Tiplady, for his valued organisation.

The team was: Richard Tapper, Michael Lawson, Bevin Ellis, Scott Flynn, Andrew Hamilton and Tony Joyce.

WATERPOLO 'B' TEAM

The Southland Boys' High School Waterpolo Team has been together since the first term of this year. The team won the majority of its games but lost the last few, when we barely had a team. This meant, unfortunately, that we did not get a high placing overall.

The new season has now begun and we're off to a good start by winning our first two games.

The present team is: T. Bone, J. Tinnock, G. Milne, Tony Joyce.

On behalf of the team I would like to thank Mr Tiplady for being our coach and organiser.

Softball

The 1985 team was comprised of young but talented players with only five returning from the previous year's team. There was some lack of experience but many of the newcomers played competent Saturday softball.

This year's inter-school with Kings High School was a new experience for the majority of the squad. Played at Surrey Park, the two preliminary games were won quite convincingly by Southland Boys' High School. The final was played on the dust diamond which a few had never played on and this subsequently led to fielding errors. The teams play in general was good with batting possibly being the weakest link. The entire team led the chase with the bat convincingly. However the team could not pull back the four run deficit and lost 12-8.

This year's Dalgety Tournament for secondary schools was much more competitive than previously. Through some solid play we beat James Hargest and Central Southland quite convincingly to reach the final as possible underdogs. We played against a strong Cargill High School side. Niels Somerville, the most experienced player in the team and top pitcher, tried but could not contain the Cargill batters. Some top fielding by Craig, Brett and Bradley Smith kept the runs at bay and with Glen Roff, Craig Smith and Allan Poy coming home through aggressive batting, the school had three runs on the board but by the seventh innings, Niels started to tire and eventually the Cargill team came back to win 4-3. The team was disappointed knowing that they should have won. Cargill then played Kings High School which Kings won and went to the Nationals at Auckland.

Portraits:

- | | |
|---------------------------------|--|
| Allan Poy (Captain) | - First base, second year player. Showed leadership qualities. Played consistently well. |
| Niels Somerville (Vice Captain) | - Pitcher. Oldest and most experienced member. Showed excellent pitching skills and reliable with bat. |
| Brett Smith | - Second base, second year. Excellent fielder and team's best batter. Lead the young players in both fields. Should reach the top. |
| Darren Vaeluaga | - Outfielder, second year player. Reliable on the field and good with bat. Excellent team player. |
| Bradley Smith | - Third base. Newcomer to team but competitive softballer. Very good fielding skills and second top batter. Exciting prospect. |
| Craig Smith | - Shortstop, first year but well above average player. Good fielder and good middle order batter. Should come up well for future years. |
| Glen Roff | - Outfielder. Glen was an extremely good fielder and extremely reliable with bat. Back-up pitcher who will be an asset to teams in future. |
| Michael Canning | - Catcher. Young but played to high standard. Good thinker of play. Needs to work on batting a bit. |
| Nigel Perkins | - Utility, second year. Good player who was dedicated to team. Had little chance to prove himself but assured of a place in future teams. |
| Shaun Taane | - Outfielder. New player who showed potential with bat. Good team player. Hope will continue playing. |
| Alex Brown | - Outfielder. New player who did well in field and tried hard in the batter's box. Could be good if he works at it. |
| Derek Broomhall | - Outfielder. Newcomer to softball but worked hard. Left school mid year. |

The team would sincerely like to thank Mr Cooper for the effort he put into shaping it with his knowledge and expertise. All members learnt from his help and dedication.

1st XI CRICKET TEAM 1985

Back row: M. Scully, Mr A. Bailey (coach), R. Tait

Middle row: D. Jackson, R. Southby, N. Mills, S. McDonald, T. Buist, J. Goomes

Front row: F. Taane, D. McWilliam, G. Scully (Captain), S. McAulay, H. Murray

Captain: Geoff Scully

Coach: Mr A. Bailey

This year was one which should be remembered by all members as a good year. The 1st XI finished second in the Senior Reserve Competition, just behind the winners, Union, whom we had previously beaten. However, a tie with Old Boys' earlier in the season, and an upset loss in the last game to Appleby, meant we lost the competition by one point. The club season therefore was a very successful one for us.

The team batted consistently well and bowled earnestly all year. Two centuries were scored in club cricket, one to Rodney Tait who scored against Georgetown, the other to Geoff Scully, 113 not out against Verdon College.

Top batting aggregates : Geoff Scully 510 runs
Rodney Tait 421 runs

Top bowling figures : S. McAulay 27 wickets
D. McWilliam 26 wickets

Inter-schools

v St Andrews at Invercargill 5 - 6.12.84

This was the first of our annual inter-school fixtures which saw Southland Boys' High School batting first and scoring 316 for 7 declared. Top scorers were R. Tait 79, G. Scully 67 and M. Scully 58 not out.

St Andrews then batted and scored 160 all out. Top scorers - Sullivan 49, Thompson 43. Bowling for Southland Boys' High School W. Hosken 4 for 7, D. McWilliam 3 for 38.

This resulted in a pleasing first innings win to Southland Boys' High School.

v Shirley Boys' High at Invercargill on 18-19.2.85

Our next game was against Shirley Boys' High when again school batted first, scoring 155 all out. S. Taane 20, S. McAulay 36. Bowling, R. Petrie took 4 for 44 for Shirley. Shirley then scored 146 all out with D. Murray scoring 52. Wicket takers for school were S. Taane 3 for 7, G. Scully 2 for 17. In the second innings Southland Boys' scored 142 all out, G. Scully top scoring with 76. For Shirley R. Petrie took 5 for 35. Shirley were all out for 81 in their second innings, resulting in a win to Southland Boys' by 79 runs.

v Otago Boys' High at Dunedin 11-12.3.85

In this game we saw, for the third time in a row, school batting first again, and we were all out for 104. T. Buist scored 32 for Otago and A. Gale 4 for 22. Otago then scored 110 all out, P. Dobbs scoring 27. Bowling for Southland, R. Southby scored 4 for 27. In the second innings school scored 127 all out, J. Goomes scoring 23, G. Scully 21 and M. Scully 20. Otago then scored 122 for 4, P. Dobbs 67 not out. This was our only inter-school loss as Otago Boys' won by six wickets.

v Kings at Invercargill 18-19.3.85

Our last inter-school for the season, saw school bowling first for a change. Kings scored 114 all out, S. Reeve scoring 23. Bowling for school, J. Goomes scored 4 for 28 with G. Scully 3 for 19. Southland Boys' High School then made 211 with M. Scully 52 not out and G. Scully 44. J. Dickison took 5 for 52. In the second innings, Kings scored 198. M. Sinclair scoring 72. Southland Boys' High School then were needing 110 in just over an hour and at stumps were 82 for 6. Therefore the match was drawn.

The team would like to thank Mr Bailey for his time and effort and useful contributions when playing for us during the club season.

2nd XI CRICKET

Captain: Donald Jackson

Coach: Mr Downey

The season was a mixed one which saw the team finish fifth in the second grade competition.

The season's highlight was a outright win over the competition winners, Georgetown.

Roger Southby and Jason Goomes spearheaded the bowling attack and their accurate bowling saw early wickets fall in most matches.

The team was often let down by inconsistent batting. However, four half-centuries were scored during the season and Ian Fraser had the highest aggregate for the season.

During the season, Nathan Mills, Jason Goomes and Roger Southby were promoted to the First XI.

The team would like to thank Mr Downey for his coaching and support throughout the season.

The team was: Donald Jackson (Captain), Farrel Taane (Vice Captain), Roger Southby, Nathan Mills, Thris Adam, Laurence Mawhinney, Jason Goomes, Simon Forrest, Iain Fraser, Daryl Gellatly, Dean Horo, Jason Smith, Lincoln Joyce, Gary Popham, Chris Deacon.

COLTS

This year's Colts cricket squad enjoyed a moderately successful season. It was a young squad with only 8 of the 13 man squad in their second year of school. All the team members had ability in one aspect of the game but because of their youth and sometimes inexperience, did not always perform to their fullest.

v Shirley Boys' 18 February 1985

After a dismal start in the first innings in which M. Harrington (23) and C. Stevens (13) were the only ones to reach double figures, Shirley Boys' responded with 170 in the first innings. Our best bowling figures for the day were 664 by G. Popham. In the second innings we reached a total of 118 with J. Sharp top scoring 33 and T. Stewart 24. In the Shirley second innings, due to some accurate bowling by T. McCallum (5-8), we had them at 9 for 39 with a 1 wicket win to Shirley.

v Otago Boys' 11 March 1985

Otago batted first and compiled 130. Bowling for Southland took 4 for 21 and M. Harrington 33-35. SBHS replied with 159, of which J. Sharp scored 59 not out. In their innings OBHS totalled 104 with G. Popham taking for wickets for 30. SBHS were 81 for 1 at stumps, therefore taking a convincing win by 9 wickets.

v Kings High School 18 March 1985

KHS batted first with a reasonable total of 112 which was easily passed by SBHS with a total of 140. J. Sharp top scored with 66. In their second innings KHS scored with a total of 54 - (G. Popham 5-25). SBHS got off to a good start by easily passing their score with 37. C. Stevens was not out 14 and K. Brown not out 13. This gave us a win by 7 wickets.

The team was C. Stevens (Captain), J. Sharp, G. Popham, T. Stewart, C. Rawlings, D. Lowe, T. McCallum, C. Donaldson, S. McLeay, A. Roberts, M. Harrington, A. Fair, K. Brown.

On behalf of our team we would like to thank our coach, Mr W. Richardson, for the excellent advice and encouragement through this cricket season. Mr Richardson put in many hours in preparing us for inter-schools.

Golf

Captain: Peter Giles

Coach: Mr A. Rolfe

Golf was first introduced to Southland Boys' High School in 1982 by Mr Rolfe and this year the team won the National Trophy. This was a culmination of four solid years of dedicated training.

All in all, 1985 was an extremely successful year. In February, Shirley Boys' High School were soundly defeated on our home territory by $11\frac{1}{2}$ matches to $\frac{1}{2}$. In the following month the squad had a very close and an enjoyable encounter with Otago Boys' High School. Then in April, they retained the Southland National Provident Teams Trophy, the B team finished second and the D team won the nett trophy.

The National Provident win qualified the team for the finals against the top teams in the other twelve golfing districts of New Zealand. The necessary funds were raised to enable the team to compete in Wellington during the August holidays. They returned from that trip with the N.Z. Trophy.

A Team : Peter Giles, Wade Hoskin, Rohan Welsh, John Wickstrom

B Team : Blair Deaker, Gary Popham, Allan Poy, Barry Kingsland

C Team : Grant J. Ryan, Jon Waldron, Jason MacGregor, Nathan Mills

D Team : Murray Harrington, Tony Wilson, Brent Kingsland, Lachlan Welsh

The team would like to thank Invercargill's professional golfers John Griffin, John Vear and Ken Allan for their help. Also, thanks go to Mr Scobie for his assistance during the North Island tour and his fund raising efforts beforehand. The support from Mr Waterston and Mr James was greatly appreciated as well. Finally special thanks to Mr Rolfe for his encouragement, support, guidance and vision. Morrinsville High School must gain from his golfing expertise and we wish him well in his new appointment.

Back row: G.C. Robertson, P.K. Chalmers, I.H. Gray
Middle row: Mr F.J. Simpson (coach), J.I. Stephens, B.A. Smith, N.S. Fraser,
A.S. Poy, Mr J.B. Goodwill (Teacher i/c)

Absent: N.J. Alterio
Captain: Ivan Grieve
Coach: Mr Fred Simpson
N.Z.F.A. Area Coach

Local Competition

The team was once again entered into the local Senior Reserve Grade. Our coach this year was selected by the NZ Football Association to be Southland's Area Coach. We had a young team this year but a very capable one when they set their minds to the task in front of them. We had our coach playing for us. He also was our top goal scorer with 13 goals to his credit, with Allan Poy next with 11. The highlight of this competition was our last game against the winners of our grade, United, which we won 3 - 1.

Our results in this grade were:

Played 20, won 10, drew 1, lost 9, goals for 55, goals against 48.

Inter-schools

v Otago Boys' High School: SBHS lost 2-0

We were unable to contain them this year, even on our own muddy pitch. Our defence however, performed very well against the experienced attack. On top of that, Nicky Alterio played a creditable game in the midfield.

v King's High School: SBHS won 1-0

This result made going to Dunedin very worthwhile, as this brought an end to an eight year drought. This game proved to be very physical and demanding. However, the team fought with great determination and high spirits against an experienced attack, which included two N.Z. representatives. Our goal was scored from a Graeme Robertson shot which rebounded off the keeper into the path of an incoming King's defender.

v Timaru Boys' High School: SBHS lost 2-0

We were plagued by the pressures of school, hard ground and misfortune for this game and we were without our regular coach who normally has the right thing to say at half time to make us buck up our ideas.

Tournament

This year we hosted, along with Verdon and Hargest, the Invercargill Secondary School Tournament. Ten teams participated, coming from as far north as Christchurch. In our section, we played St Andrews, Taieri, St Peters (Gore) and Waitaki Boys' High. Our results were:

Played 4, won 2, drew 1, lost 1, goals for, 12, goals against, 5.

This put us second in our section behind St Andrews College. We went through to the semi-finals and were beaten 4-0 by a polished Christchurch team, St Bedes. This put us up against Verdon for the play off for 3rd and 4th places. Ivan Grieve scored with a twenty yard drive, but Verdon scored a few minutes later. After full time the score was locked at 1-1. Tournament rules said that we should go straight into a penalty shootout. We proved to be more successful at this and won the game 5-3. The successful kickers were: Jason Stevens, Graeme Robertson, Allan Poy and Ian Gray. Also, our goalkeeper Craig Humphries did well to save two penalties. At the end of the tournament a Tournament Team was named which included Ivan Grieve. Top goal scorers were Allan Poy and Graeme Robertson with four goals each.

DB Tournament

The school participated once again in the annual DB Tournament, where we met some of Invercargill's top teams. We lost our three games 3-0, 2-1, 5-0. Our only goal was scored by Allan Poy.

The school was well represented and completed the 1985 season in good form.

Southland Representatives:

Ivan Grieve, Jason Stevens, Paul Chalmers and Graeme Robertson (U/18's), Craig Humphries (U/16's)

Our special thanks goes to Fred Simpson for his patience throughout the season. Also a special thanks to Mr Goodwill for his contribution in team administration and management this year.

PEN PORTRAITS

- Ivan Grieve (Captain) - (6 goals, sweeper) Most competent and skilful player who led by example throughout the season. Played a vital and key role in the defence. A very experienced player who reads play well.
- Owen Eastwood (Left Back) - His first year playing soccer (previous rugby player). His enthusiasm and determination grew stronger through the season - has great potential. "What ref... you can't be serious, I was only rucking".
- Richard Bell (Right Back) - A totally uncompromising defender, totally dedicated and full of aggression. Earned the respect of many a left wing (those that survived).
- Brent Smith (Centre Back) - Worked his way into the team just before the Otago Boys' inter-school and has been an asset to the team ever since. An excellent defender, especially in the air.
- David Goodwill (Right Wing) - (7 goals) A very versatile and skilful player, always alert and active. His experience and control greatly benefited the team.

- Ian Gray (Left Wing) - (3 goals). A pacy, controlled winger who possessed a blistering drive. Scored several times from long range. Worked hard all season.
- Allan Poy (Centre Forward) - (11 goals). The powerhouse of the team. His persistence, aggression and determination was an ever present inspiration and he was rewarded often.
- Fred Simpson (Centre Forward) - (13 goals). As player/coach, his experience and knowledge of the game (even though he's past his prime?) helped the team through a most successful season - could work on his fitness - knees up Fred.
- Blair Turnbull - One of the smallest and youngest players in the team, he went from strength to strength during the season. An intelligent player who plays very controlled soccer. Adjusted well to Senior Reserve Grade.
- Jason Stevens - (2 goals). Showed exceptional talent on occasions, had the ability to beat most players and has an excellent eye for goal - sometimes a bit erratic.
- Nic Alterio - (1 goal, utility or almost anywhere). A dynamic player, aggressive, determined... uncompromising often injected life into the team. Had a tremendous work rate.
- Paul Chalmers (Goalkeeper) - A brave, dedicated keeper of the highest calibre. Often the difference between winning and losing a game. Made some superb saves.
- Neil Fraser - (2 goals). A great team member, who contributed well to the team's success. Has good determination and hassling abilities - a great prospect for the future.
- Grant Gerken - (7 goals). Had extreme pace which he used to good effect - scored several good goals.
- Graeme Robertson - Another brilliant player. Had great vision and ability to read play and a high skill level. Played only in inter-schools and tournament.
- Philip Clifford - A young player who played well in the team and whose determination was greatly appreciated by all. Has good future.
- Craig Humphries - a controlled keeper with good reflexes. Had a mammoth boot.
- Dean Riddle (Centre Back) - Versatile player with great determination and speed.
- Matthew Yarnell (Right Back) Very solid defender with speed and aggression.

2ND XI SOCCER

Captain: John Williamson

Coach: Mr Goodwill

The team was again entered in the second grade, and as a consequence, were continually playing against much older players in both age and experience. The determination displayed in these classes heralded some very close encounters. Soccer is a team game, and it was pleasing to see teamwork involved in the execution of all our goals. Congratulations go to David Frame who scored 14 goals during the season, and equal gratitude is extended to all those involved in the build-up to these goals in which all the members of the team are to be included. As an indication of the team's ability and determination, in eight games, we lost by only one goal, and we had an 8-2 win over S.P.B. We also won the Gore High Inter-school 4-0, a very pleasing result.

Throughout the year, the team's lineup was continually altered, yet the camaraderie and good sportsmanship experienced in each game resulted in enjoyable moments and few temperamental outbursts. The friendships that we developed as a result of these games was one of the most pleasing aspects of the season, and something to be remembered. The sideline support from parents, students and interested spectators alike also helped. Many thanks.

Many thanks must go to Mr Goodwill who did a magnificent job as coach, and encouraged the team as a whole. His support and organisation allowed individuals to gain confidence and a sense of experience. Thanks also to John Moore and Brant McNaughton (steadfast at Keeper) for their help in captaincy throughout the year, and a fond farewell to the famous five; J. Williamson, D. Wilson, I. Codd, N. Chau, A. McKnight and G. Gerken.

Best of luck for next season.

Games played: 18, won 2, drew 1, lost 15, goals for 41, against 67.

UNDER 17 SOCCER

Captain: Brent Smith

Coach: Mr Paris

This was an extremely successful season for the team, who showed their capabilities by winning the local competition.

It was a thoroughly deserved win after convincingly beating the Eastern Southland teams, who had joined our competition to make it more competitive.

The team was a fairly experienced side with a few players also doubling for the 1st eleven.

The team: Brent Smith (Captain), Craig Humphries, Craig O'Callaghan, Mark Cuff, Jason Cowan, Andrew Lock, Iain Braithwaite, Blair Turnbull, Roger Hawke, Jason Stevens, Nigel Hawkes, Grant Ryan, Andy Clarke, Jason Soper, Jason Smith and Neil Fraser.

Many thanks to Mr Paris who coached a winning side in his first year of coaching. Thanks also to Mr Goodwill.

UNDER 15 SOCCER

Coach: Mr Brinsdon

The Under 15 Soccer team had a very good season. The team consisted of: (Forwards) Robbie Carroll, Dean Hubber, Craig Donaldson, Vance Pritchard (Mid Field) Craig Stevens (C) Stephen Harper, Steven Frost, Paul Calvert (Defenders) Darren Dore, Dallas Collingwood, Richard Welsh and Goalkeeper Andrew Moore. We had a slow start but with the help of the coach Mr Brinsdon, who settled the team, we began to play as a unit. We had stiff competition with the other teams, but we put up a determined and consistent effort. Andrew Moore in goal and Darren Dore and Dallas Collingwood did well in defence. The mid field all combined well to put good ball through to the top scorer centre-forward Robbie Carroll. The team played 10 games, won 9 lost 1. Even with a 17 to 1 victory in the last game, we had to be content with a well deserved 1st equal in the competition.

UNDER 15 'B'

The soccer season this year was very enjoyable. The Under 15 'B' was inexperienced, but full of enthusiasm. The team consisted of: (Forwards) Richard Cameron, Jonathan Peterson, Warren Amos (Captain), Hamish Blick; (halfs) Paul Lawrie, Nigel Winder, Andrew Stark; (backs) Janan Dunning, Derek Eyles, John Hope; (goalkeeper) Lindsay Hyde.

The team tried to play as a team but it didn't always succeed. For a relatively inexperienced side, the team won a deserved 4th place in the competition. Games played 10, won 3, lost 6, drew 1.

UNDER 14 SOCCER

Captain: Jason Shaw

Coach: Mr R. Bishop

The team played very well and won the competition in this grade. Out of nine games played, only one was lost, with 40 goals for and 12 against.

A player of the match Cup was awarded to the best player each week. During the season it was won by John Forsyth, Jason Shaw, Wayne Smith and Craig McColl. There was an "Oops Award" presented each week also.

A special thanks goes to Mr Bishop for all his time and effort throughout the season. His coaching, encouragement and support brought about the team's success and his arranging of a victory dinner at the Don Lodge was enjoyed immensely by all the team and their parents.

The team: Cameron Bain, Wayne Smith, Alistair Everett, Ian Forrester, Malcolm Bishop, Timothy Bayne, John Forsyth, Anthony Mason, Terry Bone, Craig McColl, Nigel Hulls, Jason Shaw, Allan Griffiths, Kelly Chapman and Jason Keen.

Southland Representatives: Terry Bone, Ian Forrester and Jason Shaw.

Badminton

This year saw about 40 boys involved at Surrey Park on Wednesday afternoons.

The School Badminton Team this year closely resembled those of previous years by once again proving very strong. The team consisted of Darren Hawes (Captain), Barry Kingsland, Roger Southby, Mark McLean and Tony Hamilton.

This inter-school team had a very evenly matched tie with Otago Boys' High School and was narrowly defeated in a point-for-point counback.

The first major competition of the season was the local Secondary Schools Tournament. In a close final with Cargill High School we eventually won. Good team spirit was a factor in this win. In winning this we secured ourselves a position in the South Island Regional Final.

The winning female team was Southland Girls' High School, who travelled with us in a minibus to Christchurch for the final. The desire to win and going to the N.Z. Final was acute but we lost to the eventual N.Z. winners, Christchurch Boys' 8-0. The other teams in the competition gave us several good matches, many going to three sets. My thanks must go to Mr Kingsland for accompanying us.

My thanks must also go to Mr Dear for his support and organisation which made the trip to Christchurch possible.

There are many young, up and coming players in the school, and I'm sure they will continue to make Badminton strong in the school for years to come.

Volleyball

Although Volleyball is one of the school's minor sports, we were able to compete in over 10 inter-school challenges throughout the year. None of this would have been possible if our dedicated and patient manager/coach, Mr Lawrence, hadn't taken the time to coach us in better techniques and set plays.

Of our inter-school challenges Kingswell proved to be the hardest. Cargill was defeated narrowly which was a great achievement. This took us to second equal place in the second season and fourth overall. The other inter-school challenges were hard and exciting matches and were played against teams such as Hargest and Girls' High both of which tested our ability. Other matches included the staff versus pupil game. This well-fought challenge was a salutary lesson to us, because although young and fit, we couldn't match the teachers. In the third game we came back but it was too late.

The dedication and loyalty of the team members was apparent in the many enjoyable games we played. The second season's wins could not have been possible without the help of the two Tahitian students, Elfred Normand and Stephane Menez, who, as a pair, were totally unbeatable in their attack-defence and setting of the ball. The team learnt many techniques and skills from them and victory would not have been possible without them. On behalf of the team and Southland Boys' High School we thank them for their helpful and educational stay here. The team of original players was:

- | | |
|--|---|
| <u>1st Setter</u>
C. Tresidder (Captain) | - A true defensive player who was a vital cog in setting and saving the ball. Occasionally on the attack he was successful. Overall a multi-positional player. |
| <u>1st Spiker</u>
B. Aronson (Vice Captain) | - Played consistently in all games. As our top spiker his performance was notably good, his attack was efficient and accurate, his serving improved in later games. |
| <u>2nd Spiker, 2nd Setter</u>
D. Tiata | - A well co-ordinated player who was able to play in all positions and conditions. His strategy was well thought out and his performance as 2nd Spiker and Setter was proven again and again. |
| <u>2nd=Spiker & 2nd= Setter</u>
G. Mitchell | - A player with aggressiveness, he shared the 2nd Spiker position with David and saved many a lost ball. A vital player in all games. |
| <u>1st Blocker, 3rd Spiker</u>
C. Cloughley | - Chris was the main blocker and 3rd Spiker. His talents on the court were amazing and his agility for his size was excellent; without him the team's strategy would have been broke. |
| <u>2nd Block, 3rd Setter</u>
I. Robertson | - A player whose blocking and setting progressed through the year and his ability to force the opposition into error was helpful. |

Other thanks must go to the Hostel boys, especially Glen Perkins and Craig Robinson, for their support and involvement in the Intermediate and Junior teams who played successfully, and to the P.E. Department for their coaching and for lending us the Gym.

The future of volleyball in our school will become clearer in the next few years. Some day it will become a major sport here.

Preparations should be made now for the up-and-coming players so that they may excell in this field. The school should prepare for the growing numbers of pupils searching for a modern and exciting game.

1st V 1985

Captain: Dean McIntosh

Coaches: Mr Sandy Wells

Mr Reid

The 1985 1st V was a team many thought wouldn't be as successful as teams in past years. However with plenty of practice and determination, the teams proved to be one of the most successful in Boys' High's history, beating OBHS for the first time in eleven years.

The team finished the season with three cups to its credit which included the Southland Secondary Schools Trust Cup, 'A' Reserve Grade Champions Cup and the 'A' Reserve Grade Final Cup.

Not having the height advantage of past years, team work was a necessity. This became particularly obvious on defence, and we won many games on our skill here.

Inter-schools

v Otago Boys' High School

Entering as underdogs, the team had to play very well to win. This it did, and we played our best game of the season not giving Otago Boys' an inch. Extremely good team defence and good shooting by S. May, D. McIntosh and T. Williams, assured our victory.

v Waitaki Boys' High School

Waitaki had a very young, inexperienced team, so victory seemed to be a certainty. This pleased us, not because of the win, but because it gave us a chance to play our bench for a large proportion of the game. Bradley Smith and Michael Noble played well and showed promise for future games.

v Kings High School

A game we really wanted to win so as to gain a clean sweep of inter-schools. Although we won by a large margin, the game was scrappy and very unlike the basketball we had been playing. Never-the-less, a win.

South Island Secondary Schools

Isolation proved to be the team's downfall. The team was by far the best team at the tournament but lack of games against Northern teams and playing under Northern referees hindered our performance dramatically.

The basketball played in Blenheim was in many ways, a different ball game to that played in Southland. However, not all was lost as the trip was thoroughly enjoyed and the experience of tournament play is always an advantage. The team finished runner-up.

Having been a member of the 1st V for three years, I can, without doubt, say that this year's team has been the best to play for, not because of the success but because of the good team spirit.

On behalf of the team I would like to thank the 2nd V for their support throughout the season, especially D. Jackson, D. Knight and M. Kersey. I would also like to thank Charlie Wise for his coaching during the season - a major reason for the team's success. But, most of all, without the coaching and friendship of Mr Reid and Mr Wells, the team would not have gained the success it did. We thank them very much.

The team figured prominently in Southland basketball with all players playing in the local 'A' grade and all representing Southland Under 18.

TEAM PROFILE

- Dean McIntosh (Captain) - Sthld Mens 'A' squad, Sthld Mens 'B' team, Sthld U/19, Southland Secondary Schools team. Dean proved a very helpful and friendly captain to all team members. He gave both the younger and older members of the team more confidence in themselves and the spirit to play as a team. Dean's play has improved vastly this season and his inclusion in the Southland Mens 'B' team was just reward for a year's hard work both on and off the court.
- Mark Wells (Vice Captain) - Sthld Mens 'B' squad, Southland Secondary Schools team, Sthld U/19. Being Mark's second year he played with confidence. This was particularly obvious on defence, saving the team on many occasions. Needs to shoot more.
- Tawera Williams - Sthld Mens 'B' team, Sthld U/19, Sthld Secondary Schools team, South Island Secondary Schools. A very explosive and match winning player. An asset to any team, will go a long way if prepared mentally.
- Phillip Knight - Mens 'B' team, Sthld Secondary Schools team, South Island Secondary Schools team, Sthld U/19. By far the team's most improved player, Phillip's offensive ability will be of a very high standard if he keeps improving at the same rate. A very valuable player; needs to work on defence.
- Steven May - Sthld Mens team, Sthld U/19, Sthld Secondary Schools team, South Island Secondary Schools team. Individually a very good player. Has an excellent outside shot and pass when used. Doesn't let height disadvantage him on offensive; a quality hard to find.

| Bradley Smith | - Sthld U/19, Sthld U/16. Bradley's first year in 1st
If he continues on his own game can play very well.
Given opportunities he can and will go a long way.
Will be an asset to the team in future years. |
| Michael Noble | - Sthld U/19. Michael is a player whom every other
team member could learn something from. Michael's
defence is of a very high standard, perhaps one of
the highest in the team. Given court time he will
play good basketball in the future. An excellent
tournament player. |
| Richard Tapper | - Sthld U/19. Played some good basketball in many
games. A good rebounder when motivated. Must not get
disheartened, will be an asset next year. |

2nd V BASKETBALL

Captain D. Jackson

Coach: Mr Reid

Won 5 Lost 5

This year's team had mixed fortunes throughout the season, as the team tended to play more as individuals rather than as a team. This was probably why the team was not quite as successful as it might have been. However, we did achieve some notable successes. We beat the Hargest 1st V three times out of four and the Verdon 1st V twice out of two games.

Top point scorers for the season were: Wade Hoskin and Jeremy Clyma.

Donald Jackson, Matthew Kersey and David Knight were selected to play in the school's 1st V for the South Island Secondary Schools, Southland Secondary Schools and Regional Tournament.

Representative players: Southland U/18 - D. Jackson, D. Knight.

The team would like to thank Mr Reid for his dedicated coaching during the season.

The team was: Captain Donald Jackson, Vice Captain Matthew Kersey, Wade Hoskin, Jeremy Clyma, Karaan Chilton, Chris Peterson, Richard Everest, Dougal Pollock, David Knight, Robbie Ker.

U/16 'A' BASKETBALL TEAM

Coaches: Mr & Mrs Young
Dean McIntosh

The season started with a loss to Cargill, 30 - 6 but then things changes. Throughout the whole season, the only losses were to Cargill. Most games were won by a minimum of 15 points; the best win being 30 - 8, our second win over James Hargest High School. High team spirit and all players working together proved to be the key to complete success. Finishing a close second behind Cargill at the end of the season, we definitely had a successful season.

Special thanks from all the team to Mr and Mrs Young and Dean McIntosh who were responsible for the high team spirit.

The team was: Brendon Butt, Toni Dunlop, Tony Sycamore, Saroa Mulipola, Michael Adams, Robbie Ker, Karaan Chilton, Andrew Hamilton, Darren Vaeluaga and Andrew McLeod.

4TH FORM BASKETBALL TEAM

Coach: Mr Rout

This year the team was entered in the Under 16 grade of the local competition. This meant that some of our opponents consisted of 5th form players. Despite this disadvantage, the team played hard and enthusiastically at all times and it was pleasing to see the significant improvement in the standard of a number of our players. Unfortunately, it was not until near the end of the season that our full potential was seen and as a result we won only two games.

Team members were: Colin Cowley, Robert Mitchell, Gary Dalhousie, Lance King, Barrie Smith, Lyndon Stevens, Tony Wilson, Joseph Nepia, Ben Tiata, Regan Shirley.

3RD FORM 'A' BASKETBALL

Coach: Tarewa Williams

During the second term we played in the Friday night Basketball competition. Despite the fact that we lost most of our games, the team's spirit was consistently high throughout the season.

We owe our thanks to Tarewa for his effort and enthusiasm in coaching the team.

The team members were: Matthew Burke, Carl Rangi, Alby Roberts, Fau Mutipola, Phillip Webb, John Kissell, Grant Elliott, Aaron Thayer, Richard McNamara and Geoff Deacon.

1st XI HOCKEY TEAM 1985

Back row: W. Allan, S. Galt, K. Mills

Middle row: Mr N. Riley (coach), P. Conway, N. Mills, P. Jenkins

Front row: C. Waddell, M. Harrington, C. Brown (Captain), J. Symons, S. Cross

Absent: I. Campbell, M. Grandiek

Captain: C. Brown

Coach: Mr N. Riley

This year's team had lost six members from that of last year's team. This seemed to have little effect on the team's abilities as a whole, even though we played in the senior men's competition. This grade proved to be too easy for us, but certainly improved the team's skills and attack. Long time rivals, James Hargest were repeatedly beaten by double figure scores. Southland Boys' High took out the men's reserve grade with three games in the competition still to go.

Inter-school Record

v Otago Boys' High School: won 6 - 4

This was our best game of the season, completely out-scoring Otago Boys'. Although down 2 - 1 at half time our attack did show some promise. However, with the first five minutes of the second, the Southland Boys' High School hockey machine scored a brilliant goal. Four men in Otago Boys' lost all sense of the control that they had shown in the first half.

v Waitaki Boys' High School: drew 2 - 2

This was a disappointing game, after being 2-0 ahead at half time, Southland lost its concentration to a determined Waitaki side, who were awarded two goals after several penalty corners.

v Kings High School: won 3 - 1

This was a game of mixed fortunes; even though the game was mainly based at the King's defencing goal mouth. Southland was denied a stroke from a cleverly taken short corner but bounced back within minutes to score a goal. This remained the score until half time. The second half was very mixed also but Southland managed to hang on till full time.

v Gore High School: lost 6 - 2

This game began well with our attack beginning to worry Gore at times. Some outstanding overhead passes enabled brilliant goals to be scored. The 2-all score at half time was a true indication of the game to that point but the second half was somewhat disappointing as our lack of fitness showed through. The fiery first half had taken its toll on the players.

The Team

At the beginning of the season the correct combination was found straight away which showed up in the scores in competition play. Although six players had left, Mr Riley did well to find a very attacking team quickly.

In the forwards there were I. Campbell and P. Conway who alternated at left and right wings, C. Brown right inner, R. Johnston and C. Waddell who alternated at left inner and W. Allen centre forward. This forward line ended up by scoring well over 90 goals, 50 of which were scored between the two inners and centre forward. They were backed by M. Harrington right half, N. Mills, centre half and J. Symons left half. The understanding between the halves and forwards showed up in some brilliant goals from over-head passing and short push passing. All halves were very strong on defence and under pressure.

Fullbacks P. Jenkins and K. Mills combined well with S. Galt the goalie to pull off some close saves. Reserve was Sam Cross who also played well.

The team's performance through the season was very good but was let down by a poor tournament result. This team, however, proved to be very skilful and aggressive.

Tournament

In the first week of the August holidays, the team, along with Gore High, participated in the Rankin Cup held in Christchurch. As this tournament was a very highly ranked one in New Zealand, we were hoping to do well. But luck would not fall our way. In our first game against Christchurch Boys' High, four goals were netted and all were disallowed. We ended up by losing 4 - 0.

The results were:

Southland Boys' High School v Kings High	lost 10 - 0
v Hill Crest High	drew 2 - 2
v Gore High	lost 6 - 1
v Burnside High	won 2 - 1
v Christchurch Boys' High	lost 4 - 0

The team was placed finally 13th out of a very well spread team list ranging from Auckland Grammar to Gore High.

I have been in the team for the last four years and am very proud to have been a member of this team which showed good spirit on and off the field.

A special thanks must go to Mr Riley for coaching us. The time and effort he put in was reflected on the field. Good luck for next year's team.

RUGBY 1st XV

Captain: D.C. Nind

Coach: Mr C.R. Williams

With six players back from last year and a mixture of young talent the team looked set for a formidable season. The early inter-school against the touring Dannevirke High School side put pressure on from the start. Unfortunately, the team lost four club matches, and was only placed third in the Under 20 competition. This was more due to a lack of concentration by the team rather than the formidable opposition.

Southland Boys' again was one of the unbeaten Secondary schools sides in the South Island. In retrospect, the school team would have been a worthy representative for the South Island in the Top 4 competition.

The highlights of the season would have to be the inter-schools where the true character of the team was revealed. On behalf of the team, I would like to thank the coach Mr Clive Williams, for his dedication and guidance. His understanding and knowledge of the game which is a great asset to school rugby, has helped form another successful team.

Personally being part of this team has been enjoyable with its successes on the field and lighter moments off the field.

Finally, I would like to thank the parents and supporters for their dedicated support all season.

Inter-school matches

v Dannevirke High School: won 33 - 0

Played on a heavy ground. School was dominant in all facets of play which was reflected in the score.

v Otago Boys' High School: won 7 - 0

An opportunity to revenge last year's result. It was a hard, bruising encounter involving two well drilled forward packs. Some of the play was over-vigorous which tended to mar the performance of the visitors.

Many lessons were learnt. The team played with great dedication and resolve. Scorers - J. Goomes penalty and B. Smith a try.

v Waitaki Boys' High School: won 58 - 0

Played in fine conditions. A record breaking performance. Once settled, the team overwhelmed the unusually weak Waitaki side scoring ten tries.

Outstanding performances: G. Scully 18 points, S. Hebenstreit a "Hat trick" of tries.

v Kings High School: won 11 - 7

First game against them in five years. We met a highly charged side which proved to be our greatest test. The team struggled to settle but some enterprising play was produced near the end of the game. Visual interpretation of the scrummaging laws helped to make the game more even.

v Timaru Boys' High School: won 25 - 0

Played on a very hard ground. The team took time to settle, but when it found its rhythm the team produced some attractive rugby, scoring five tries. The forward pack again dominated.

PEN PORTRAITS

Derek Nind (Hooker and Captain)

- Unlucky not to be selected for the N.Z. team. An outstanding hooker. Fearless competitor who thrives on pressure. As a captain, able to motivate team mates into action. Set a superb example to the others on and off the field.

Malcolm Dermody (Loosehead Prop)

- Developed into a reliable scrummager whose improvement during the season was impressive. A force to be reckoned with next year.

Boris Ngatai (Tighthead Prop)

- Exceptional scrummager. A strong and mobile forward whose potential has finally been recognised.

Graeme Watt (Lock)

- Strong and extremely mobile forward. Fearless competitor who will be a great asset next year

Mark Tinnock (Lock)

- First season in rugby whose desire to do well was always evident. Became a dominant force in the lineout; solid scrummager.

Michael Broughton (Flanker)

- Devastating with a ball in hand. Some good performances but needs to concentrate on the game.

Mark Hamilton (Flanker)

- Dedicated team man who constantly gave his all. Determined player who needs to work on body position.

Tony Hunt (No. 8)

- Excellent season. Big future in rugby. Aggressive competitor. Fearless tackler. Great game against Otago Boys' High School.

Hunter Murray (Half back)

- Play improved throughout the season. Passes well off both hands. Finished with some notable performances.

SBHS

Vs

WBHS

Shane Enright (1st Five-eighth)

- Lacked confidence in unaccustomed position but proved to be a reliable performer. Another asset for next year.

Aaron James (2nd Five-eighth)

- Aggressive tackler whose play matured throughout the season. Tactical kicking was well used.

Stirling Hebenstreit (Centre)

- Powerful runner with ball in hand. Exceptional season, scoring many tries; needs to develop communication.

Brett Smith (Right wing)

- A deceptive runner with strong fend. Dynamic tackler who responded well to pressure. Tale next year.

Chris Adam (Wing)

- Played many positions, adapted with credit. Possesses useful ball skills.

Geoff Scully (Fullback)

- Adapted well to new position. Interrupted season with injury. Needs to persevere with goal kicking (torpedo).

Philip Eastwood (Lock)

- Had few opportunities, always acquitted himself when called upon.

Patrick Sushames (Flanker)

- Limited game experience but has skills which will be useful next year.

Michael Wallace (Wing)

- Possesses useful skills; few opportunities. Reliable team man.

Simon Ballantyne

- Fast off the mark, perceptive on attack. Needs to work on ball skills and tackling.

Absent: D.K. Tiata, J.R.I. Simmons

2ND XV RUGBY

Captain: Neil Brice

Coach: Mr I. Baldwin

The 2nd XV Rugby team once again was fortunate in having Mr Baldwin as their coach for the 1985 rugby season. With his enthusiasm and dedicated coaching, our team came second in the local Town Under 18 competition which, without those early season injuries, we would have won.

The team had only one player from the previous season 2nd XV so a new and eager team had to be built up again and with the support from Mr Baldwin, and the parents who attended our games, we were moulded into an exciting team.

Our inter-school fixtures brought mixed fortunes, with a loss to Otago 2nd XV 7 - 8 and a win against Waitaki 2nd XV 30 - 0.

In the game against Otago we held a territorial advantage but were unable to add the necessary points.

In the Waitaki game our school's forwards dominated against a weaker pack and our back line given a feast of ball, showed their class and skill by running in 5 out of 6 tries.

Once again the 2nd XV had four representatives in the Southland U/16's. They were Neil Brice, flanker; Laurence Mawhinney, Hooker; Mark Scully, 1st V; Simon Forrest, fullback.

3RD XV RUGBY

Coach: Mr Sapsford

Captain: Tim Buist

Even though the team did not have the most successful of seasons, the team's spirit was always high, which brought forward some enterprising play. In the forward Jason McLellan and Jason Syme consistently turned in good performances.

Boyd Wilson adapted well to the position of half back, whilst Tim Buist and David Sutherland combined well in mid-field. Alex Brown made several penetrating runs into the back line from full back.

Overall it was an enjoyable season for all concerned. Many thanks to Mr Sapsford for his time and energy.

Team Members: Jason Syme, Jason McLellan, David Sutherland, Tim Buist, Boyd Wilson, Alex Brown, Stephen Barracough, Albert Taare, Nicholas Trotter, Tim Pollock, Mark Campbell, David Duthie, Matthew Blomfield, Craig Duncan, Ben Cloake, Tony Hamilton, Tom Talene, Robert Minchin, Michael Henstock, Roger Southby, Leon Dunn, Luke Hubber.

UNDER 16 OPEN 'A' RUGBY

Captain: Ian Fraser

Coach: Mr Cooper

Played 14, won 10, lost 3, drew 1, Points for 222, Points against 65, Runners-up.

We started the season off with a very good, mobile forward pack and keen, hard running backs.

Our opposition was often taller and heavier than us, but this never got in our way as is shown by the results. We beat the winners of the competition twice out of three encounters. Our only downfall was to take lesses teams for granted, and subsequently we were beaten.

It was unfortunate that the team suffered injuries to key players at the wrong time. However we were lucky there was a good depth in the reserves.

Our thanks for the dedication of our coach, Mr Cooper and to those faithful parents who braved all weather to lend support.

The team: I. Fraser Captain, D. Gellatly Vice Captain, S. Raynes, D. Lindsay, J. Cantrick, B. Sadlier, A. Copeland, P. Rance, C. Panting, J. Reid, C. Deacon, B. Ellis, A. Brice, S. Ashford, T. Keast, S. Keast, G. Roff, M. Sharp, N. McKenzie, L. Pulham, L. Welsh.

UNDER 16 OPEN 'RED' RUGBY

Captain: D. Reid

Coach: S. Blummont

The team at the start of the season, lacked effort which resulted in substantial losses. At about mid-season the team's coach left school which resulted in a lack of coaching and low morale. The forward pack lead by Captain Doug Reid pushed back most opposition scrums winning a fair amount of ball for the backline. The backs lacked needed experience but lead by half back Wayne O'Conner, made some good breaks. In the last round they suffered narrow losses and to cap off the season, a 14 - 8 loss to the Kingswell lxt XV.

The team wishes to thank Shane Blummont for his coaching.

The team was: Hooker M. Canning; Props G. Syme, D. MacDougall, L. Pullen; Locks T. Anderson, M. McGregor; Flankers D. Reid (C), J. Trotter, J. Turner; No. 8 J. Munro Half back W. O'Conner; 1st 5 D. Ngatai; 2nd 5's D. Reece, L. Marrable; Centre G. Smit Wings I. Risk, W. Denny; Full-back N. Hickey.

UNDER 16 RESTRICTED 'BLUE' RUGBY

Coach: Mr Murcott

This team was plagued by injuries during the season when two members of the team broke their collarbones in the space of three weeks. However, the team was able to recover by the end of the season and play well, gaining second place in the competition.

Thanks to Mr Murcott for his valuable coaching through the season.

The team was: Tim Ritchie, Jason Hall, Paul Fleet, Bruce McIntyre, Andrew McIntyre, Hamish Naylor, Shane Jenson, Dean Gillam, Craig Hall (Captain), Farrell Taane (Vice Captain), Brent Colyer, John Whimp, Briam Sushames, William Lewis, Andrew Barker, Andrew Cole, Paul Ellis, Robbie Swale.

UNDER 16 RESTRICTED 'RED' RUGBY

Captain: Mr L. Joyce

Coach: Mr Ward

Played 11, lost 11, points for 56, points against 198

Although the team lost all its games there were hard-fought games which we could and should have won, especially at the start of the season. Against Cargill we lost 4 - 0 and against Hargest 4 - 3, we lead 3 - 0 until Hargest scored at the last minute.

The long break for training during the holidays taken in the middle of the season, and some heavy losses combined to lower the team's morale.

Members to stand out were; Jason Enright who showed determination and was sound with his tackling; Jamie Finlay, who also played well and secured some ball in the lineouts; In the backs, Michael Canning and Lincoln Joyce who formed a good link until one was injured half-way through the season.

Lack of size in the forwards and injuries in the backs counted against us and the results showed this.

Our thanks go to Mr Ward for his coaching during the season.

The team: Backs, Michael Hood, Shane McDowell, Craig Boylan, Tony Ballantyne, Kyle Learmonth, Simon Bath, Richard Murdoch, Peter Vanderwesthysen, Lincoln Joyce (C), Michael Canning. Forwards: Chris Taipari, Jason Enright, Richard Smith, Craig Russell (Vice Captain), Jamie Finlay, Donovan Clarke, William Sheddan, Anthony Payne, David Sim, Chris Ramsay, Leslie Ward, David Brown, Heath Pannett, Neville Gawn, Glen Wilcox.

UNDER 15 OPEN RUGBY

The first game of the season was against James Hargest. Our team came out to win comfortably with a final score of 36 - nil. There was a similar result against Central Southland. Against the 'B' team we came out the winners, 24 - 20. We won the next four games easily. We then managed to beat the 'B' team again with the final score being 9 - 4. The score in the twelfth game was against the 'B' team with a result of 13 - nil to the 'B' team. Cargill also beat us 22-4. The final game was against Verdon which we won 34 - 6.

We won the competition with a record of twelve wins and two losses. Total points for was 282 and 87 against. The top scorer of the season was D. Bartley, who scored 52 points.

The team would like to thank the coach, Mr Bailey for giving up his time and helping us win the competition.

Team members: Backs - S. Newton, D. Forrest, C. Wilkes, T. Dawson, S. Nicholson, J. Goodman, J. Sharp. Forwards - D. Bartley, S. McLeod, J. Houlston, N. Crosswell, M. Arnold, G. McDowell, B. Robinson, G. McMillan. Reserves - A. Dickie, G. Murrel, M. Price.

UNDER 15 RESTRICTED 'RED'

This team started the year as the underdogs in the Under 15 competition. As well, coaches Boris Ngatai and Derek Nind were forced, by pressures of 1st XV rugby, to hand over to two parents for the last half of the season.

The team contained a solid core of good footballers who practised very hard and played some very good rugby on Saturdays.

Cargill and Southland Boys' High School Blue were given a couple of tough games and there was always much interest when the team played Verdon.

The form of the following players is worth watching in the future; Karl Kupe, Tony Valentine and Glen Brazier who excelled in the backs, and Glenn Hamilton, Andrew Smith, Michael Webster and Wayne Sangster in the forwards.

Good luck team, thanks parents for your support and see you next year.

Coaches: John Webster
Brian Valentine

UNDER 15 RESTRICTED 'BLUE'

Coach: Mr Dickson

Team Members: Justin Henderson, Mark Turner, Jonathan Baird, Terry McCallum, Mark Hope, Mark Smith (Captain), Aaron Geange, Aaron Sharp, Peter King, Glen McIntosh, David Cassidy, Keith Brown (Vice Captain), Nigel Molloy, Hayden Anderson, Brent Becker, Christopher Atkinson.

The 1985 season finished with our team runner-up to Cargill. During the season we played them four times and recorded only one solitary win. Games with Verdon and our Red team were thoroughly enjoyed by all.

Our 70 plus win over the Red team was, perhaps, the best game of football we played. Each members of the team that day gave of his best and points were scored by several players.

Our thanks go to Mr Dickson, our coach, who gave his best and his time on Thursday nights and Saturday mornings. Also thanks to the Mums and Dads who provided transport and support at our games and good luck to all the players for rugby in 1986.

UNDER 15 OPEN 'RED' RUGBY TEAM

Captain: Martin Godfrey

Coach: Mr W. Richardson

The team started slowly losing the first three or four games but then started practising hard and playing as a team rather than individuals. Later in the season everything seemed to click and we improved as a team finishing strongly beating each competition team at least once.

The team: Michael Wright, Matthew Edwards, Grant Dermody, Simon McLeay, Craig Hamilton, Jason Dickson, Jason Gillan, Tony Stewart, Mark McLean, Kelvin Hamilton, Tim Robson, Geoffrey Deacon, Martin Godfrey, Jason Watkinson, Daryl Gimblett, Corey Rawlings, Paul Caughey, Quentin Strang, Michael Lindsay, Gareth Hamilton, Terry Best.

Excerpts from the Variety Show

"News about the School"

It's rumoured that Mr Edgerton is doing his little bit, just a bit too much, at lunchtimes. He's been seen ferreting out smokers from the loos and flourishing a very dangerous weapon in the corridors.

Mr Rolfe has had his share of fame. He and his boys have been driving through all the records. He's got a new set of clubs but there was a hole in one.

Mr Sarson showed up at school the other day in a new off-the-shoulder, shocking-pink shirt. The result it seems, from a week spent rafting with the boys. Unfortunately the rector found the whole scene to be un-palate-able.

There's been an upsurge in interest in Wallyball. Mr Waterston, a retiring figure about the school, puts this down to his own particular brand of encouragements. The net result is a band of happy lads throwing up every Wednesday.

"Mrs Young entered a stir-fry-cooking contest last week. We are happy to announce that she wokked away with first prize".

Mr Lawrence, noted wit and raconteur, life of any party and solo disc jockey, returned yesterday from Borland Lodge looking bronzed, muscly and 5' 9". "They're a great crew", he said about his form class 4M. Apart from losing a door in a chalet, severing the diesel fuel line for the camp's hot water system and pinching each other's food and smokes, they all pitched in and helped - well one or two did and only one person was lost in the bog and a teacher in the pond.

Asked if he liked "billy tea", Mr Lawrence replied: "I think he's very funny".

An unusual event has taken place at SBHS. A number of 3rd and 4th form pupils locked their teachers in the school assembly hall and forced them to sit three hour examinations in subjects ranging from Economic Studies to Woodwork. Several teachers burst into tears and fell to their knees begging to be released. Others claimed they had forgotten how to sit exams. Many asked to leave the room but were told they should have thought of that at interval. Marking is now in progress. So far no-one has passed.

N.Z. at the moment is being hit by a number of strikes. Teachers are striking for better conditions, hotel workers for better pay, bus drivers for an extra \$32 a week and kindergarten teachers for increased staffing, and in an item just to hand we've just heard that there's a birdstrike at Invercargill airport.

Here's what some of our company men have been up to for the past few years.

TRANSPORT MANAGER

Since his initial training at Portsea, Australia he has been around a lot over the past few years. In his first job he was responsible for a fleet of 23 trucks, their drivers and mechanics; he was then only 22! Next he had a stint as an Army pilot. After that he was involved in Operation Deep Freeze making sure the people down there got their supplies and mail! As a change of pace he next found himself in high places, ADC to the Governor General no less! He is now in charge of transport operations in Singapore and will be there for a couple of years. As he says he's had a full life so far and he's still only 35!

CONSTRUCTION ENGINEER

He was away to a flying start, obtaining his BE (Hons), Sydney through his Duntroon training. Australia has seen quite a bit of him one way and another, but his projects have also taken him to Scott Base, the Chathams, Germany, USA and right now, Fiji — his posting is for 2 years directing the Engineers of the Royal Fiji Military Forces. With his qualifications he is obviously going to the top, among other places! Building a career, building things, obviously suits him!

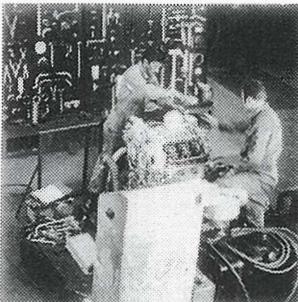

ENGINEERING WORKSHOP MANAGER

One of the people that keep the wheels turning. We sent him to CIT to complete his NZCCE (Mech) after he was commissioned from our Officer Cadet Training Company in Waiouru. His natural ability soon showed him to be an ideal person to instruct others in the methods of mechanics, plus being an expert in the practicalities. He's no stick in the mud either as his selection for service with the NZ Special Air Service shows.

OPERATIONS AND TRAINING OFFICER

Ever since he completed training at Portsea he seemed destined to be one of the men you would most like to have on

your side! His knowledge of gunnery and his expertise in training has been appreciated both in South Vietnam and by our own Territorials at different times. After 15 months advanced gunnery training in the United Kingdom he directed the School of Artillery at Waiouru for two

years. He is now back on another course, this time 12 months advanced staff training at Queenscliff, Australia learning about the wider ramifications of national defence planning and operations. We will be relying on people like him for a long time yet.

If you are aged 17-24 and are qualified for entry to university you are eligible for officer selection. Preference will be accorded to tertiary trained applicants.
