EDITORIAL

As we all know, the education system in New Zealand has been given the vast responsibility of caring for the academic, social and perhaps, moral education of every young person in this country. Because it is obligatory to attend school to at least the age of 15, a situation arises where reluctant pupils, with insufficient responsibilities and motivation, express their discontent through vandalism and other anti-social acts. We think that secondary schools in general, and Southland Boys' High School in particular, could do more to involve pupils and make education both more interesting and a more enjoyable phase of life.

A more varied school programme giving each pupil more choice and responsibility could result in more respect for the school system, and thus better self-discipline, less vandalism and crime within and outside the school system.

The goal of a more varied school programme could be achieved by the introduction of an elective scheme involving clubs in and out of school time. More money should be channeled into recreational activities around the school, such as replacing our five courts or buying equipment for other outdoor activities. A video-tape system could help relieve classroom monotony, while at the same time being an invaluable teaching aid.

More co-operation and liaison with other schools and the community at large would also go a long way toward making school a more obviously integral part of life.

The only way these goals can be achieved is by enthusiasm from the staff and senior pupils, supported financially by the administration.

Simply by reducing some of the boredom found in schools, we believe that the education system could become a much more valuable asset to our community by fostering responsibility for others.

N. L. Macindoe and I. M. Morison

DIARY - FIRST TERM

FEBRUARY

- Wed. 4: In an argument about Hostel food, Mr Fitzgerald points out, "No one's died there yet;" From the cynical looks, it was obvious that no one would believe such a sweeping and unsubstantial statement.
- Mon. 9: Mr Hamill tells Simpson, "This is the laziest Chemistry class I've ever seen, and their knowledge of Chemistry is not exactly startling." "I'll have him up for slander" - Annear.
- Tues. 10: Mr Shirley insists on full attendance during p7 on Friday. "Over my dead body" - Ross.
- Wed. 11: 7th Form Geography students migrate to Borland Lodge. "I love holidays" - Ball.
- Thur. 12: Fourteen new prefects announced. McCall appointed Head Prefect. "Some rise by sin, others by virtue fall" - Shakespeare.
- Mon. 16: Mrs Cave hands out yet another assignment. "This is becoming a bad joke" - Haywood.
- Thur. 19: Mr McIntosh advises Millar not to get lost in the corridors. "Sarcasm is the lowest form of wit" - Millar.
- Tues. 24: Mr Dear informs 7A for the umpteenth time, "The book's answer is wrong."
- Wed. 25: Girls' High prefects invited to Boys' High Sports Day. The school is overrun by girls. "Who are those hooded hordes swarming over endless plains?" - T. S. Elliot.
- Fri. 27: Ball visits a scholarship maths class. Mr Dear mutters, "Before you walked in, the total IQ was 1000. Now is 1001." "Teachers are modest men." - R. A. Dear

MARCH

- Tues. 2: A "modest" Mr Dear writes on a 5th form maths assignment, "Archimedes was one of the most intelligent people on earth, and Mr Dear is reported to have descended from him." "It's a wonder that Archimedes did not descend from him!" - Mr Gordon.
- Mon. 8: The school tennis team annihilates Kings by 14-3 matches. The cricketers surprise all by winning by 70 runs.
- Wed. 10: Boys' High prefects take the afternoon off to attend the Girls' High sports. Robertson assures himself of 1st XV selection by tackling three Girls' High prefects in the relay. "If only CRW was there..."
- Thurs. 11: First senior social held. "It's not normal but it's fun." - Fitzgerald.
- Mon. 15: The school is invaded by female student teachers. All intellectuals are amazed to see a 100% English attendance. "I'm doing well with my female staff." - Rector.
- Tues. 16: The tennis team loses narrowly to O.B.H.S., while the 1st XI manage to win on the second last ball. "We had it all planned." - Ross.
- Fri. 19: A debate is held in the school hall. Topic: "That the prefects system is a fascist attempt to control the masses." Several attempts were made on Mr Lonsdale's life.
- Thurs. 25: Mr Dear informs 7A, "Symmetric Functions are like beautiful women, but women are easy to get, Maths isn't."
- Fri. 26: Porter takes his maiden senior assembly. Regrettably, he made a mug of himself by cracking up on the stage.
- Mon. 29: Mr Lonsdale spends a double period telling 7B English about his experiences in foreign toilets.
- Wed. 31: First winter sports period held. "That's one assembly less..." - Ward.

APRIL

- Thurs. 1: April Fools' Day. During English, Hammington (appropriate) calmly gets out a can of peaches and proceeds to feed his pet rock. Mr McIntosh suggests that he do the feeding outside. Needless to say, Hammington...
- Fri. 2: The mob wanders down to Girls' High for a monster fair. Christie bravely steps into the pig pen on popular demand, but is thrown out by an enraged pig. "Like repels like." - Electrical Law.
- Tues. 5: School work day: hard work was the fate of the poverty-stricken juniors.
- Thurs. 7: The 4th Form social held.
- Fri. 8: Mathieson's last day at school. "Parting with such sweet sorrow..." - Shakespeare.

- Sun. 10: The 1st XV manage a good win over Old Boys.
Easter Break.
Wed. 21: The new gym is opened. Once again G. D. A. manages to put in a commercial for potato sales.
Sun. 25: Six prefects brave the elements to attend a dawn parade on Anzac Day. McCall forgets the wreaths.
Mon. 26: Haywood presented with the deputy-head prefect's badge. "And yet another lamb for the slaughter" - anon. 5th former.
Wed. 28: Trevor Richards visits the school. He manages to insult the masses by calling the school Invercargill Boys' High.

MAY

- Mon. 3: The Rector treats the mob to a lesson in sports psychology. "The 1st XV's loss has nothing to do with it." - Rector.
Mr Evans: "Gaussian surfaces (like physics) is a figment of your imagination." "Now he tells us." - Seneviratne
Wed. 5: The Governor-General visits the school.
7th formers have an informal discussion with the "Guvna".
A Family Concert is held.
Fri. 7: End of Term.

DIARY - SECOND TERM

- MAY
Sun. 16: 1st XV beat Hamilton Boys' 4-0 in a holiday fixture.
Mon. 24: First day of school. Many a saddened face is observed around the place.
Tues. 25: Hunt tells 7A of his tramping exploits with Miss Black's class.
Hunt: "Of course, we had to take your disabilities into account."
Miss Black: "Which disability is this?"
Coldicott: "The moment of truth."
Thur. 27: A great day for school hockey. The 1st XI beat their Girls' High counterparts, 2-0, thus recording their first win for 1976. "Another miracle of fate." - Cuff.
Mon. 31: 3rd formers converge on the Civic Theatre to hear the N.Z. Symphony Orchestra.

JUNE

- Thur. 3: The school enjoys yet another unscheduled holiday. This time for the Olympic Games' Mystery Envelope Sale. "The money had nothing to do with it." - Rector.
Tues. 8: Another holiday for the sports teams. This time the mob is away to O.B.H.S.
Wed. 9: The two relay teams lose to Otago, as do the basketball and debating. The soccer team has a close win of 2-1. The 1st hockey XI enjoyed its second win of the season by winning 3-2.
Thur. 10: The Blind Centre entertained by Boys' High musicians.
Mon. 14: Examinations begin. Many a lost soul is seen wandering around in a daze.
Tues. 15: Pianist Barry Margan entertains the senior school.
The Combined Girls' and Boys' High win the New South Wales Music Competition.
Thur. 17: Miss Black: "You can treat these exams as a joke if you like, and see how low you can get." "Don't worry, we will." - Spence.
Mon. 21: Mr Boyd is acting rector for the day.
Tues. 22: The Waitaki visit is called off due to the equatorial weather.
Another dance is held.
Mon. 28: All rep. sports teams decide to extend their week-end by three days, with the excuse of visiting Waitaki.
Tues. 29: The badminton team wins by 6-0, while other teams come second by similar margins.

JULY

- Fri. 2: For some vague reason 500 dozen bottles of beer are stacked up outside the hall. "They've had another senior dance, have they?" - Mr McIntosh.
Mon. 5: Annear confesses to have done three whole hours of homework during the week-end. The gasps of sheer horror turn to understanding smiles when he admits the work was for Mrs Cave.
"Swotting kills!" - Mr Evans, referring to Coldicott's work.

- Wed. 7: Otaki Scholar visits the school.
- Thur. 8: Miss Black calmly informs 7 Biology, "My brain is not functioning." Robertson - predictably - asides, "Didn't know she had one."
- Fri. 9: Yet another team thrashes Hargest, to complete the 100% record. This time the Debating Team wins the Jaycees Competition in the process.
- Sat. 10: A fifthomania dance is held. The troops descend on Tuatapere after a brilliant 10-8 win by the 1st XV over Blues.
- Wed. 14: All top teams massacre Kings, except the Harriers, who are relegated to second place. Simpson manages to score 5 goals in the soccer game.
- Fri. 16: Seneviratne finally arrives back at school after a month's vacation, and is horrified by 7A Physics' diligent attitude to work. "This is weird; I think I'll suffer my fourth relapse." - Seneviratne.
- Mon. 19: The 1st XV is congratulated by the Rector on its Saturday win over Bluff. In a moment of weakness or madness, Mr Evans exclaims, "Physics is beautiful!" "He needs help." - Niederer.
- Fri. 23: The school receives a list of 100 unattached females for the formal, but unlike previous years, McCall decides not to put the list on public display.
- Sat. 24: The 1st XV manage to down Hargest 11-3, while the 1st XI hockey annihilate Kingswell A by 10-1.
- Mon. 26: Miss Black decides that 7A Biology's conscientiousness is worthy of recognition, so everyone goes to Borland Lodge for three days. Mr Fitzgerald is determined not to miss out so he joins the party.
- Tues. 27: A large contingent, armed with shin pads, arrives at Girls' High for the last dancing class.
- Wed. 28: The Borland Lodge party comes back with red eyes and dazed looks. When questioned about the trip, Spence replied, "It was either dying of starvation or dying of food poisoning, so we haven't had much to eat."
- Thur. 29: The S.B.H.S. and S.G.H.S. Ball is held. Osborn threatens to wear tramping boots. "Twas a rough night." - MacBeth.

AUGUST

- Mon. 2: Timaru visit. The 1st XV pull off yet another surprise win.
- Wed. 4: Miss Black stuns 7A with yet another brilliant theory: "I think!" "She can't do the impossible." - Fitzgerald.
The Combined Orchestra play for the Community Arts Concert.
- Fri. 6: The rector cracks up when he sees Haywood without a blazer or tie. "I don't know what the young fellows of this school are doing..." - Rector.
Lunchtime concert by "Shark".
- Sat. 7: The 1st XI Hockey once again wipes out the yellow people. This time the score is 4-1.
- Mon. 9: Fitzgerald, much to his teacher's delight, manages to spend a whole Biology period without talking.
- Tues. 10: The 1st XV is exterminated by a group of Old Boys, 34-10. "I think CRW is going to conduct the next team talk from Kew Hospital." - Robertson.
- Wed. 11: Gore visit and the Harriers win their first Interschool. "I believe in miracles." - Cowie.
- Thur. 12: House Sports and Deaker narrowly wins three rugby games.
- Mon. 16: Miss Black leads a group of disgruntled teachers to have the magazine censored. "In my chauvanistic state, I ignored their protests." - Mr McIntosh.
Staff-prefects v. the school rugby team. Needless to say, the school wins by the wide margin of 9-8.
- Tues. 17: S.B.H.S. prefects play basketball against their female counterparts. McCal is sent off for foul play.
The combined schools' production is staged.
- Wed. 18: House Sports and Page House amazes all cynics by beating Deaker in the Senior rugby. "O horror, horror!" - Shakespeare.
- Thur. 19: The Round-the-Park Race is held.
The prefects take on S.G.H.S. at Hockey. All chauvanists rejoice to see the school win, 2-1. "The survival of the fittest." - Charles Darwin.

- Thur. 19: In yet another basketball game, the prefects are defeated by the staff, 43-27.
"Too civilised for the 1st XV." - Annon. soccer supporter. Taylor loses all hope of Higher School Cert. by sending off Mr Long.
- Fri. 20: Mr Gren Alabaster's last day at school. The school mourns the death of Mrs Baker.
The end of another eventful term.

DIARY - THIRD TERM

(Tournament results from the August school holidays).

AUGUST

- Wed. 25: The 1st XI soccer brings home yet another trophy from Auckland. "Another brilliant effort." - Anon. basketball supporter.
- Thur. 26: Porter, Atkinson, Johnston selected for the Southland Under 18 Team and Haywood appointed captain.
- Fri. 27: Atkinson, Johnston selected for the Southland Under 18 Rugby Team with Porter as Vice-captain.
- Mon. 30: Under rectorial orders, the hedge protecting the tennis courts is savagely attacked and annihilated. "When we were in the desert..." - Rector.

SEPTEMBER

- Mon. 13: Kalpage returns to school to find out to his disgust that the school has been hard at work for three weeks. "What kind of school is this?" - Kalpage.
- Tues. 14: The Rector asks Fitzgerald where he lives. "It must be my bad neighbours." - Fitzgerald.
- Wed. 15: Lindsay finds himself in the final of the badminton championships. Seneviratne attends English. "I haven't seen him all year." - Mr McIntosh.
- Thur. 16: Mills modestly informs McDougall, "If you are as good at English as I am, you'll get accredited." - "That's what he said last year." - Mitchell.
- Fri. 17: In a desperate move to counter the delinquent 5th formers, the Rector appoints three 6th form prefects.
- Mon. 20: Fitzgerald enjoys a day off. When told about the "rare" event, Mr Evans replies, "I was wondering where that flashing smile was." Haywood's arrival corresponds with the end of the lambing season.
- Tues. 21: Most teachers enjoy a holiday at Borland Lodge under the pretense of looking after 4th formers. "The trout were beautiful." - Mr Hamill. Mr Dear makes widespread inquiries as to Atkinson's physical existence.
- Wed. 22: The photographer's last day at school. Mrs France attempts to record the 7th form choir on film.
- Thur. 23: 7A listens with some surprise to Mr McIntosh's confession: "I have umpteen books with passages of writing in them". "I thought the English Department went in for comics." - Hammington.
- Fri. 24: Atkinson, Porter and Johnston abandon school in favour of a North Island tour with the South Island Under 18 Rugby Team.
- The Rector makes a purge of the more 'uncouth elements' of the school.
- Mon. 27: Mr Lonsdale: "Pashes to ashes, Lust to dust."
- Wed. 29: Ali-Norton fight and Miss Black cracks up when two people turn up to Biology. She decides to invade the common-room. However, due to a mass migration through the windows only another two people are added onto the roll.
- Thur. 30: After a brief but savage argument, Mrs France hammers the prefects into submission and a few dispirited youths are later seen heading towards doom - a choir practice.

OCTOBER

- Mon. 4: Another horror story - senior exams begin and most 6th formers give up in despair. "Don't worry about statistics, you'll be doing it again next year." - Mr Basher inspiring Mills with confidence.
- Tues. 5: Dodge surprises all by turning up to the Latin exam. "Tis not possible." - Shakespeare.
- Wed. 6: Annear abstains from the Maths exam on the grounds of mental cruelty. "Sadly lacking in originality..." - Johnston.

OCTOBER

- Thur. 7: Last day of school exams. "The die is cast." - Julius Caesar.
Not satisfied with his initial victories, the groundsman savagely assaults the hedges surrounding the Junior tennis courts.
- Fri. 8: The Rector embarks on a stop-work campaign and refuses to attend Junior assembly.
- Wed. 13: Haywood scores 100%, but he later reveals that this phenomenal mark was attained in four subjects. "It wasn't easy..." - Haywood.
- Thur. 14: Hunter hands in an English essay. "The mere fact that it was due on the 16th of February had nothing to do with it." - Mr Lonsdale.
- Fri. 15: Mr Dear informs Robertson, "You remind me of a Chicago gangster: you do so much rubbing out."
- Sat. 16: Atkinson, Fitzgerald and Niederer display much brilliance and the school "B Grade" tennis team sweeps into victory against Invercargill.
- Tues. 19: Mr Shirley reaches the heights of fame when he appears on television in connection with the S.M.A.C. Maths Competition..... The next day, Mr Shirley is deluged with requests for his autograph. "He made Albert Einstein look silly." - Anon. 7th former.
- Thur. 21: Another Senior dance is held.
- Fri. 22: Reports come out. "Wailing and gnashing of teeth." - The Bible.
- Mon. 25: Labour Day.
- Tues. 26: Mr Dear tells Cuff, "I can't help you with your problem."
- Wed. 27: Atkinson abandons school for the last time. Most delinquents are saddened by this untimely loss of one of the finest student (delinquent) leaders the school has ever known.
- Thur. 28: The old gym is demolished.

NOVEMBER

- Tues. 2: Goodsir and Ferrando appointed Dux and Proxime Accesit.
- Thur. 4: A 3rd form social is held. As usual the boys are outnumbered 4-1. "Even odds.' - a keen 3rd former.
- Mon. 8: 7th form reminded about exams.
Musicians head off to Peacehaven to give a concert.
- Wed. 10: Scholarship candidates leave school to experience the delights of the RSA Hall.
- Fri. 12: Scholarship Physics exam and Austin emerges three hours later with a look of bewilderment on his face.
- Wed. 17: The myth of New Zealand egalitarianism received its annual blow from Senior Prize-giving.
- Fri. 19: Relaxing in the staffroom, Mr Gordon is heard to remark, "The only hope of a world revolution for peace is by beating people into love."

DECEMBER

A very tight time-table, with Junior exams, Senior and Junior Prize-givings, the Junior Drama production of "The Car", Junior reports, staff farewells, and closing down procedures for 1976.

Staff Notes

The most obvious change to the staff of Southland Boys' High School has been appointment of Mr Boyd to the position of Deputy Principal. Mr Boyd has commended himself to the staff especially by his untiring efforts to secure relieving teachers to replace absent staff, thus sparing other teachers the added burden of supervising classes of sick colleagues. Mr Boyd has also shown a keen interest in many activities of the school, and in particular in the field of outdoor education.

Mr Lonsdale leaves Boys' High after six years to take up the position of Head of English at Ashburton College. We wish him well at his new job. The school will miss Mr Lonsdale's many contributions to its cultural, sporting and social life: in the area of drama, his work has brought the school to the peak of excellence; his coaching of soccer and debating has also brought the school honour; he has made a noteworthy impact on the school library; and Mr Lonsdale's cheerful and honest personality has been an asset to the social life of the staff. Mr Lonsdale has been excellent at many things - including irritating the Rector.

We must also bid farewell to Mr Vallender, who leaves us for Europe after teaching at Boys' High for three years. Mr Vallender has worked hard at teaching Science, and has also played a very active part in the sporting life of the school, both by coaching and playing on staff teams.

Mrs Williams, Mr Oppermann, and Mr Johnston all leave Boys' High after teaching here for a year. Mrs Williams was a very charming addition to the staff, teaching languages and English. We wish her further successes at Menzies College. Mr Oppermann, who came to us from California, and who helped with Drama and Junior basketball, has gone to Auckland. Mr Johnston, who taught English and Social Studies, often brought a fresh perspective to topics under consideration. He has gone to the North Island to do more post-graduate study.

Three teachers who were with the school for parts of the year were Mrs Aquino, Mr Tunnicliffe, and Mrs Slater-Hayes. Mrs Aquino was able to be with the school for only a few weeks at the beginning of the year. Mr Tunnicliffe taught Maths for nearly two terms before moving to a new position in Christchurch. Mrs Slater-Hayes brought a lively enthusiasm into her classes which will make her departure to the North Island our loss. She also made a big contribution to the success of the Smac Maths Competition.

Mr Evans came to Boys' High from Fiji to swell the ranks of physicists. Not only has his dedication to Science enriched the school's mental life, but his passion for astronomy has been a welcome addition to the range of interests discussed among pupils and staff. Mr Evans is a valuable "acquisition."

Mr Lee-Smith resigned after the close of the term, and leaves to take up an appointment at the Southland Polytechnic. He persisted during his eleven terms at Boys' High in his efforts to stimulate the mental faculties of his pupils, arguing that a critical, growing mind is part of being a well balanced person. Mr Lee-Smith assisted in Drama, supervised Junior basketball for four years, and founded the Wells Club.

Our last good-bye is to Mr Gren Alabaster, who has made an immense contribution to the development of the Physical Education Department of Southland Boys' High School. His monument is undoubtedly the new gym, for which he worked so long and hard over the years. His sane approach and firm hand helped many lads during his long tenure at the school. Teachers of Mr Alabaster's calibre are not easily replaced.

The whole school and staff were shocked and saddened by the tragic death of Mrs Baker following the birth of her daughter.

A baby-boom occurred among the staff during this year - perhaps because of the

youthfulness of many of the junior staff. Daughters were born to Mr Shirley, Mr Lee-Smith, Mr Baker, and Mr Long, and sons were born to Mr Gordon and Mr Evans.

It is not the usual tradition to mention the contributions made by staff unless individual members are leaving or arriving. However, the editors think that gratitude should be expressed by the school for all the efforts of all the staff, without which the academic, sporting, cultural, and social successes of the year would not have been possible.

Debating Club

Cum Verbis Pugnamus

With a completely new interschool team this year can be regarded as being rather successful and a credit to its members.

This year the Jaycee Debating Competition accounted for most of the "A" team's debates, the first one being against Kingswell B, on the subject "That this house pities its grandchildren." Being the first debate of the year the team, Ian Morison, Mark Crowther and Stephen Peters were pleased with a well earned victory. Jaycee debates against Hargest B and Marist A followed. In both cases the S.B.H.S. defeating their opponents.

Having reached the Southland final, the "A" team debated against James Hargest A, "That the most effective women's political organisation is the family", taking the negative. A unanimous decision by three judges gave us the Southland Senior Jaycee Debating shield for the second time.

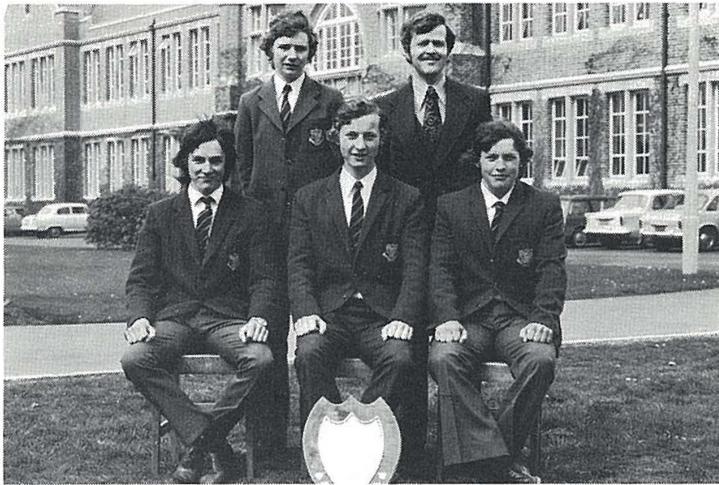

In the Southland-Otago final we were disappointed to lose against the Otago Boys' team.

Our first interschool debate was against Otago Boys' on the subject "That the age of the individual is over." Taking the affirmative we narrowly lost to Otago 296-282. Against Waitaki Boys' on the subject "That women are more practical than men", the Boys' High team suffered another loss, by 4 points. We felt however that the judges decision was unfair and that we deserved a win.

The team regret that this year there was no debate against King's High School, due to their inability to find a team.

The school "B" team of Trevor Burnard, Richard Lobb and Christopher Bell performed very well, reaching the semi-final of the Jaycee competition. Burnard also gave assistance to the "A" team when needed.

In conclusion we would like to express our sincere appreciation to Mr Lonsdale for his tremendous dedication in keeping debating up to the standard of previous years. We regret to see his leaving and wish him well in his new position.

"THE EXPERIMENT"

Senior Drama - The Family Circle

The Southland Boys' High School's Hall stage was this year the scene of a revolution. All convention was ignored in order to undertake an experiment in drama. The experiment was a study of family relationships throughout the ages devised and produced by Mr R.A.F. Lonsdale.

The production was originally envisaged as a show including James Hargest, Kingswell, Girls' High and Boys' High performed in the Civic Theatre. But after an early default by Hargest and various other hold-ups coupled with Mr Lonsdale's remarks of "I never get what I want!", a three school performance was staged in our school hall two months behind schedule.

But what a show! The "Family Circle" consisted of excerpts from "The Women of Troy", "Hamlet", "She Stoops to Conquer", "The Pohutukawa Tree", "The Chicken Run" and "The Caucasian Chalk Circle". These performances were skilfully linked by the use of Serious Muse (Chris Bell) contrasting a Humorous Muse (Philip Smith) both of whom kept the audience up to date on happenings throughout the show. The performances were also interspersed with musical interludes and two intervals, one being a supper break - yet more revolutionary ideas aimed at creating a more intimate theatre.

The excerpt from "Hamlet" was concerned with the problem of Hamlet (Peter Redpath) gaining revenge on his uncle, King Claudius (Andrew Christie), after Claudius had killed Hamlet's father and married his mother, Gertrude (Kim Christie), in order to ascend to the throne. In having to settle for a very plain set, after envisaging a dramatic setting, the play could have lost some of its impact but with fine acting from all players including Laertes (Lyndsay McGrannachan), Ophelia (Kathryn Alabaster) and Polonius (Euan Murdoch) nothing could stop its success.

"She Stoops to Conquer" was in complete contrast to "Hamlet" with Peter Redpath taking the role of Tony Lumpkin, a semi-illiterate rustic gentleman, and Kim Christie playing Mrs Hardcastle, a dominating aunty. Amid rolling ahahs from Tony and Diggay (Neville McCrostie) Mrs Hardcastle was trying to match Tony with Miss Neville (Gillian Thomson) but stumbled upon a plan against her ambition which aroused enough rage to turn her features red.

A problem which is very real in today's society was presented in the excerpt from "The Pohutukawa Tree"; that on an unmarried girl becoming pregnant. The excerpt demonstrated the late 1940's attitude to such a problem in a Maori family full of pride and tradition. Aroha (Nicola Mortimer) had her pride shattered when Queenie (Diane Crisp) became pregnant to Roy (Maurice Maxwell) who refused to wed a Maori. Johnny Mataira (Mark Galletly) reacted with the actions of a delinquent after Rev. Sedgwick (Stephen Sharp) failed to solve the problem with what he considered 'normal procedure'. Thanks to Mr D. Clare (S.G.H.S.) for this tragic production.

Kingswell proved their worth in drama by demonstrating the lack of communication in many homes through the staging of Act 2 Scene I of the "Chicken Run". Slim (Barry Parr) completely disillusioned with his father (Garry Millar) had decided to join the "bikies". His mother (Anne Kooy) frightened of losing her son attempted to mediate but with some family situations, more than mediation is required.

But the "Family Circle" had a definite beginning and a definite ending. Beginning with "The Woman of Troy" a tragic situation arose where Andromache (Marea Fortune) had to give up her child to Greek soldiers to be killed. The breaking up of a family seems an illogical place to start but this paves the way for a positive ending with "The Caucasian Chalk Circle".

"The Chalk Circle" was the most lively production with the largest cast. It was also

a very fulfilling play in that justice seemed to be carried out. The situation arose where the court had to decide who a child's real mother was. Grusha (Marea Fortune) was a loving 'foster' mother whereas the Governor's wife (Judy Hunt) was concerned only with her own ego. Azdak, the judge, was played by Richard Mills who naturally enough displayed the vulgarities and corruptness of a peasant judge extremely well, and often sidetracked from the real action with his laughable antics. But for once in his life Azdak observed true justice and allowed Grusha to keep the child. Thus Marea Fortune, who in "The Women of Troy" lost a child now gained one, and so ended "The Family Circle" on a positive note.

The success of the experiment can only be measured by the audience's appreciation of the situations presented in the Family Circle. Sure there were adorable moments such as when 3½ year old Michelle Lee held the audience spell-bound with the nonchalant charm of a professional. But did the hard work from all of the actors and all the backstage people justify itself? I believe so and I thank Mr Lonsdale for his perceptive look at the "Family Circle". It is with great regret that we see Mr Lonsdale move on, but we cannot be unfair and must allow other schools to exploit his talent and dedication in drama. He has built a small empire of drama in this school and it is up to us to continue.

Outward Bound

Our school is extremely lucky to have an Old Boys' Association which takes an interest in the school. This year I was very fortunate to attend the Colsham Outward Bound School for three weeks under the Old Boys' sponsorship. The Outward Bound School's motto is "To Serve, to strive, and not to yield," and that is exactly the idea behind the course. In any activity at the course, it was up to each individual to be honest with himself, to find his limit, and to try and surpass it. This applied to all the activities, which included tramping, kayaking, sailing, solo and service, with running being a frequent exercise. These activities were designed to create both mental and physical stress, and were most effectively achieved in the solo scheme and marathon respectively.

Reflecting on the value of the course, on early morning runs, swims and cold showers, on being too tired to go on but continuing, on trying not to be too obvious walking down a main highway in wet long-johns, I can only be thankful to the Old Boys' Association for making it possible for me to be part of a great experience.

Coldstream Report

Mrs E. King once again managed the hostel in an efficient manner and was hopefully assisted by Messrs Withel, Moore, Milne, Lynd, Evans and Broome. Unfortunately it is Mrs King's last year in the hostel as Manageress and already many predictions have been made concerning the 'standards of lifestyle' which the successor of her position will be expecting of the boys.

Many are worried; as rumour has it Mr McGrath her successor, is the keeper of many dogs in the Police Force, but we do hope that his qualities extend beyond the handling of these animals. In addition the recent appointment of Mr Lynch, a dedicated Traffic Officer, as a Housemaster, has resulted in tenders being called for demolition of the bike sheds, with the intention of erecting a dog pound in its place. This is seen as an invasion of the forces to restrict the freedom of the hostel boarders individual civil rights.

Prominent fifth formers showed initiative and imagination in creating the upside down pastime 'Dead Ant', which involved budding S.C. candidates splayed on the ground with all four limbs waving skyward at the call of "compulsory dead Ant"! The more capable students of Coldstream extended his abilities to self-penned cliches such as "good heavens its Evans"! (Further deformation of character lead to the hypothetical creation of "Sally---").

Council men were regularly seen to be resealing the footpath between the Hostel and the tuck shop and when an authority on digestology, A Ward, was asked to comment on this phenomenon all he could say was "The pigs, they need a good feed".

The hostel instigated a programme of swimming for Juniors at 6 o'clock in the morning, which works on the principle of swim or take the consequences. No doubt 1977 will see Coldstream winning the Coca Cola meet. All credit must go to Mr Milne for coaching these youngsters even if he wears a sweat shirt when swimming because the water only comes up to his knees. Mr Milne's enthusiasm in encouraging boarders in the participation of sport has also led to the formation of the Coldstream Softball team. Success seemed inevitable right from the beginning and with a minimum of practice, the fulltimers had won several games. This proves city slickers are no match for able tussock jumpers.

The Wells Club

The school's Science Fiction Club was established a few weeks prior to the end of the first term. Activities of the club have been the formation of a Science Fiction section in the school library (thanks to the work of K. Sutton) and the running of a short story competition. The club founded a library through donations by members and by buying books from club revenue. During the year club members and other school pupils went to see '2001 A Space Odessy' and 'The Andromenda Strain'. The club has a membership of twenty-five with revenue gained through a regular term fee.

Next year the club plans to branch out into film rentals.

Special thanks go to Mr Lee-Smith for providing the initial drive to get the club started and kept going along the right lines.

THE ULTIMATE FAILING

Michael Ferns - 4A1

The arctic summer was now approaching and as he crouched within his igloo, Dawson began to make preparations for the trek he planned to make out of the wilderness.

As he checked through his pack and its contents, he thought back to the consequences which had brought him here at the end of last summer.

He had been involved in a research project, the aim of which was to locate other habitable planets beyond our solar system. The group had planned to achieve this by preserving a man in a chemical state and then sending him out into space in a small but highly advanced spacecraft. The spacecraft was to be controlled by a shipboard computer which would investigate each planet it approached and upon finding one suitable for human habitation, it was programmed so that the man would be released from his preserved state. He then would proceed to undertake further experiments and studies concerning the planet to add to the preliminary research done by the computer. If however no such habitable planet was ever discovered, the spacecraft would return to Earth by a more direct route. In this eventuation the whole journey was designed to take 750 years.

Dawson had agreed to be the guinea pig for the project and the spacecraft had left Earth on the scheduled date May 7th 1990.

He shivered as his mind involuntarily reinacted the events which followed. It had seemed only a moment later when he awoke from his preserved state alert and nervous with anticipation. He shot a glance up at the time clock above the computer. The year shown was 2740. He then realised he must have returned to Earth, he felt a snug secure feeling knowing it. Only after a minute or so while he waited for the hatch to open and the welcoming party to arrive did he feel some misgiving that the project had failed.

Time wore on and Dawson, feeling some pangs of apprehension at the delay, rose and stumbled over to the hatch. His hands fumbled over the clips as his anxiety rose but finally he succeeded in having unfastened them all and he slowly pushed the door outwards. The wind roared into the small craft, bringing with it flakes of snow as well the icy

temperatures. Dawson gazed aghast at the scene before him. In place of the highly sophisticated American base he had expected he was greeted with a hugh expanse of snow and ice. As the bitter cold penetrated his clothing he came to his senses and slammed the door shut. Quickly he strode over to the computer brushing the snow off himself as he did so, and settled down to listen to the tape of the spacecrafts journey and information sent from Earth.

He seemed to become mesmerized as the tape explained how shortly after he had left the food and overpopulation problems had come to a crisis. As these problems had become more and more acute, relations between countries had deteriorated as they squabbled over tiny pieces of land and sea which would help them support their population. This had soon developed into open war and although nuclear weapons were never used as they would render the precious land useless, the aftermath proved that its alternatives were just as devastating. Millions lay dead and both contested and uncontested land was reduced to a barren waste by the chemicals and shells of both sides.

Also noted was the fact that several nuclear stations had been damaged and many important resources had run completely out - both situations having enormous consequences. All the factors pointed towards the certainty of a huge world-wide relapse in the near future.

The tape then went on to mention that with each generation people were getting smaller. Referred to as a perfect environmental adaption, the reasons given to explain the phenomena were the possibility of chemical and radiation effects, as well as an adaption to the over-crowding and food shortage problems. The change had begun imperceivably but had gathered sufficient momentum so that now each new generation was noticeably smaller than the previous one.

The transmission from Earth ended shortly afterwards. The final information the tape offered was as stunning as the earlier had been. Shortly before re-entry into the Earth's atmosphere the shipboard computer had altered the spacecrafts course slightly to avoid a meteorite shower. It was too late to recorrect and the spacecraft was forced to continue on its altered path. The landing place was pinpointed in Northern Canada, on the Melville Peninsula, about 50 miles above the Arctic Circle.

Shocked and stunned Dawson settled down to await rescue, churning over in his mind the information on the tape. Only then did it occur to him that rescue might never eventuate. Hurriedly he removed the special suit designed for extremely hot or cold conditions from its rack and donned it.

As he stepped outside into the icy conditions the wind tore at him, flinging him back against the spacecrafts side. Glancing about he could just discern through the flurries of snow, the sides of a gully rising up around him. Large drifts of snow already were piling up against the craft. The extra supplies in their external container lay beneath one such drift. Thinking quickly Dawson retired inside and immediately packed a few essentials in a small pack including the scanty emergency rations stored in the spacecraft.

Slinging this over his shoulder he emerged from the spacecraft for the last time and headed downwind. The fresh loosely packed snow made it hard going and often he had to literally wade through the deeper drifts. After half an hour or so he took refuge from the driving wind and snow in a small grove of trees and consulted his compass. He planned to keep the wind behind him and head southwest where his best chances of finding help was anyway.

Doggedly he proceeded on, his limbs becoming tired and weak and less responsive to his commands. His face felt numb and sore and beads of perspiration from his efforts had frozen on his brow. As he stumbled to the top of a rise he was forced to steady himself against a tree. Buffeted by the wind he glanced hopefully down into the tiny valley below.

A dogsled loaded with two figures was slowly traversing the valley, black dots against the white surrounds. He tried to shout and began to run down the slope, waving his weary arms. His legs suddenly gave way under the strain and he sank to the ground. His mind commanded him to rise and ensure he had attracted their attention, but his body would not respond. He felt warm and pleasant lying in the snow as he sank into a coma.

Dawson remembered little about his recovery period - only the fact he was surrounded with furs and many faces often peering down at him. When he had recovered sufficiently to move about he spent his time for the remainder of the winter learning phrases of the Eskimo's language and how they hunt and live. He knew he required a reasonable knowledge of how to fend for himself if he was ever to attempt to leave and return to civilisation. Although he enjoyed the life he found among the sincere Eskimo people, he knew he must journey to the outside world and discover man's fate there.

Early summer was the only time to travel far in the area, as a dogsled could be used effectively on the hard snow while there is the absence of hazards like the blizzard and snow storms which prevail in Winter. Dawson knew he could not postpone the trek any longer. He needed to know what had happened, however ghastly, and from all indications from the Eskimos he was with, nothing might have happened except regression, as in their case.

Two days later when the last of the Winter storms had abated Dawson set out. Good conditions made the trip easy and fast. Within a week, according to his calculations he was below the arctic circle and within a day or two of Melville - the principal city in the area. The dogs now proved useless as the snow began to melt and become more dangerous. As they threatened to exhaust his previous food supply he freed them and abandoning the sled continued on, carrying only the barest essentials.

Approaching the city a day later, he caught his first glimpse of it from atop a hill. The city lay far below - appearing toy-like in the distance, its suburbia disappearing unbroken around a bend in the valley.

Hurriedly he began to descend the heavily wooded slope. His heart beat faster as his anxiety grew. Coming into a clearing shortly before the bottom, he peered down at the now much closer metropolis, scrutinizing its every detail. The reality came home to Dawson's resisting mind.

Melville was no space-age city nor was it even the modern bustling town he had once visited in 1980 with his father. Its sprawling mass straggled disorderly along the valley. The ramshackle houses stood in non-existent streets, vulgar shanties constructed of any types of waste and scrap materials. In addition every building seemed to be half the size in all proportions than it should be.

Frantic he ran furiously down the remainder of the hill and arrived panting at the city outskirts.

Crouching behind a rubble fence he observed with revulsion the scene before him. Several children were playing in what appeared to be a school-yard. They wore coarse rough sack-like clothes, the bigness of which accentuated the amazing smallness of their bodies. All must have been under 3' in height but unlike dwarfs they were perfectly proportioned, except in the case of the two or three mutants among them. The deformed children seemed to be commonplace to the others who allowed them to take as active a part in their games as was possible. At that moment an elderly man appeared at the tiny door of the building which fronted onto the yard. Grizzled in appearance and holding a short stick, he sneered at the children who immediately ceased their playing and were ushered inside with a wave of his cane. As the old man turned to follow his pupils inside his tiny frame not more than 3½' high was briefly outlined in the doorway.

Realising his sightings' connection with the tape, Dawson retired a respectable

distance up the hill to ponder over what had happened. At first he felt selfish anger that he could now never return to proper civilisation and be amongst his own countrymen again. He knew he could never bring himself to live or even be at ease with these barbaric half-humans and mutants he could see below, brawling and scavenging in the streets.

But as his anger subsided it was replaced with pity for these people whose entire lives had been ruined by the thoughtlessness of past generations. Man's overriding character had ultimately caused his downfall. His selfishness, greed and short-sightedness had spelt misery for the generations to come, even though sub-consciously he had known what he was doing and had the power to stop this slow annihilation of his own self. These people below would never progress. Resources were now non-existent or extremely scarce, as was food.

Miraculously the Eskimos had escaped from all these dilemmas. Although they had been saved from the rest of the world's failings by their environment (e.g. The food cycle is complete within their surroundings, the climatic condition could possibly have provided a shield against the chemical and radiation effects and no battles were ever fought over their land, generally thought to be useless), their main attribute which saved them was their conservation minded style of life, in which they take only what is absolutely necessary from their surroundings.

Dawson realised his only remaining choice was to return to the as yet unspoilt environment and the simple unselfish life offered by the Eskimos.

Music Notes

Music is gradually gathering momentum in the school with more participation by enthusiastic students. A Certificate of Attainment was instigated in July of this year, and it is hoped that by the end of this year all junior class members will have qualified for this Certificate.

We have a long list of performing students, and these boys have been given every encouragement to add to their confidence and skills by performing within the community: for example, items were provided for the Invercargill Arts Festival on all four days of the Festival, making eight appearances in all.

Musical Calendar

The "Family Affair" Concert was well attended when it was held during the first term. The "Sharks" Guitar Group made its first appearance at the Concert. Later its members presented a successful lunchtime concert to help raise funds for the newly acquired timpani.

In August, the "Sciurba Group", as it was called, was requested to perform for a recital at the Southland Museum held by the Invercargill Community Arts Council. This same group made a tape for Broadcasting at the local studio of "4YZ".

When Boys' High musicians visited the Orphans' Club to entertain its members, many of whom were Old Boys of the school, several of our instrumentalists happily joined the Orphans' Club Orchestra during the combined concert and thoroughly enjoyed the experience.

Euan Murdoch, Chris Wilson, and Angus France were special guests at a recital given by Mrs May Jones' pupils. The recital occurred at the Southland Women's Club in October.

Twenty-two boys gave an interesting programme to ladies and gentlemen of Peacehaven

and their guests. This concert, which included items by the choir, vocal solos, a duet, piano and other instrumental solos, was in early November.

When we were invited to entertain at the W.D.F.F. Conference, Peter Brown and Peter Ward sang and played their own compositions. The five entertainers were very delighted to receive a box of home-made cakes each from the ladies, as were Mrs France and Miss Black. Ian Morison suitably replied.

The Orchestra under the baton of Gary Osborn played exceedingly well at the Senior Prize Giving. Euan Murdoch and Paul Gallagher delighted the audience with their solos.

GARY OSBORN

Gary Osborn had already made a name for himself as a promising young cornetist before he came to Southland Boys' High School. He certainly has made the most of his talent, and has been most willing to share his knowledge and enthusiasm with many young students of the school.

On Tuesdays after school, Gary has been a tutor of Brass at Central Southland College for this year. He has also devoted much of his free time to the Junior Garrison Band.

Gary has U.E. Music, and while at school reached Grade VII Theory of the Royal Music School. This year, for the fourth time, he has been chosen for the N.Z. Youth Band.

Congratulations, Gary, and best wishes for your musical career.

MUSIC CAMPS 1976

This year marked the beginning of a new era in School Music because of the April "Combined Orchestra" and Chamber Groups Camp held at Pukerau. Twenty-six keen young musicians from Southland Girls' High School and Southland Boys' High School attended the four day intensive Music School. With the willing co-operation of many knowledgeable tutors, the Camp was an outstanding success, and gave great impetus to the year's music.

In July, these musicians won both sections of the Bank of New South Wales Chamber Music Contest. The Contest was held in the Southland Museum, where fourteen students played two movements from an Italian Suite composed by a former Invercargill woman, Mrs Jeanette Taylor Sciurba. Miss Karen Grylls of Southland Girls' High School conducted the performance.

Crusaders

This year Crusaders (Inter-School Christian Fellowship) met each Tuesday in Room 20. The group is strictly non-denominational with our guide being the Bible.

The programme this year has been particularly varied and interesting for those attending. Often Bible studies were held, with senior members assisting sometimes. In addition we have had outside speakers, films, music groups, discussions and other activities.

Our thanks go to Mr Fyffe and Mr Tiplady for running the group, and also for the many valuable studies.

Plans are already being made for a number of activities for 1977, and anyone interested can attend meetings with absolutely no obligations.

ZLACT

The Radio Transmitting Club has had another interesting year with voice (S.S.B.) contacts made with hams in five continental areas (Oceania, North and South America, Asia and Europe), using the 80 to 10 metre bands. Local contacts have also been made on the 2 metre band. Club members have constructed simple transistor sets, including a solar-powered transmitter (constructed by I. Scott) which has a morse range of at least two miles with less than one milliwatt output on 80 metres.

Congratulations to J. Grandiek (6C2) and J. R. De Silva (4A1) who passed the Amateur Radio Operator's examination held by the Post Office in September.

Thanks to JE3DQH/P4, (Hiroshima City), for the gift of photocells.

Smac Maths

This year the school played host to the Southland Mathematical Association's SMAC competitions. In this the second year of SMAC, the number of entries was high, amounting to nearly three thousand from thirty-eight different schools. The competitions were open to all pupils from forms one to four. Thus SMAC provides a valuable area for collaboration between secondary, intermediate, country primary and district high schools.

Pupils entered in six sections, namely mathematical verse, posters, designs, models, projects and the team events. In all, well over one thousand dollars worth of prizes were distributed.

Prize winners for S.B.H.S. were (in the third form) John Gee (3rd prize, models), Craig Rodwell (highly commended, models), Lawrence Paskell (highly commended, posters); in addition, John Bulman, John Gee, John French and Mark Sycamore won the coveted third form team event by beating thirty-eight other teams in the final. Form four prize winners were J. R. de Silva (commended, verse) and S. E. Boyd (commended, posters).

Congratulations to all who took part and our thanks to all who helped make the event a great success. We hope for even more entries from the school in 1977.

Art Notes

This year's talented artistic activity has culminated in what can only be described, as an admirable contribution to the School's Art Department, by a dedicated, brilliant and most obviously modest crowd of elite artists.

The Young Contemporaries Exhibition was somewhat disappointing overall, although there were some deserved prizes; notably William Grieve's screenprint 'The Last Dance'; Alan Herbison's 'The Water Tower' and David Badcock's 'The Crown Range'.

Two ex boys of the school, Mark De la Mare and Roger Guise had a joint exhibition from which the school purchased one of Mark's prints and one of Roger's paintings.

In keeping with the Art Department's trendy and up-to-date image, a new kiln has been purchased to cope with the perpetually expanding need for modern facilities.

This year has seen an upsurge in the number of carvings produced in the school. An activity primarily initiated by an unusually abundant source of timber, which after high winds had been felled earlier this year to the rear of the school. One carving of David De la Mare's, a totem pole, which was placed in the school grounds, received many an uninformed comment. Mr C. Williams was quoted as saying -

"What's this then - Wounded Knee"?
To which David replied sarcastically;
"Well it's not a first fifteen rugby ground".
The Master's reply was;
"I'll have to get Neil Porter on to you".

Never before in the school have four students attempted The Fine Arts Preliminary examination in one year. Efforts by these students to add a penthouse in their study room failed miserably due to adverse public opinion. They later settled for two one hour coffee breaks and a two hour lunch break each day. A bi-product of industrious activity was wall to wall garbage.

Library Report

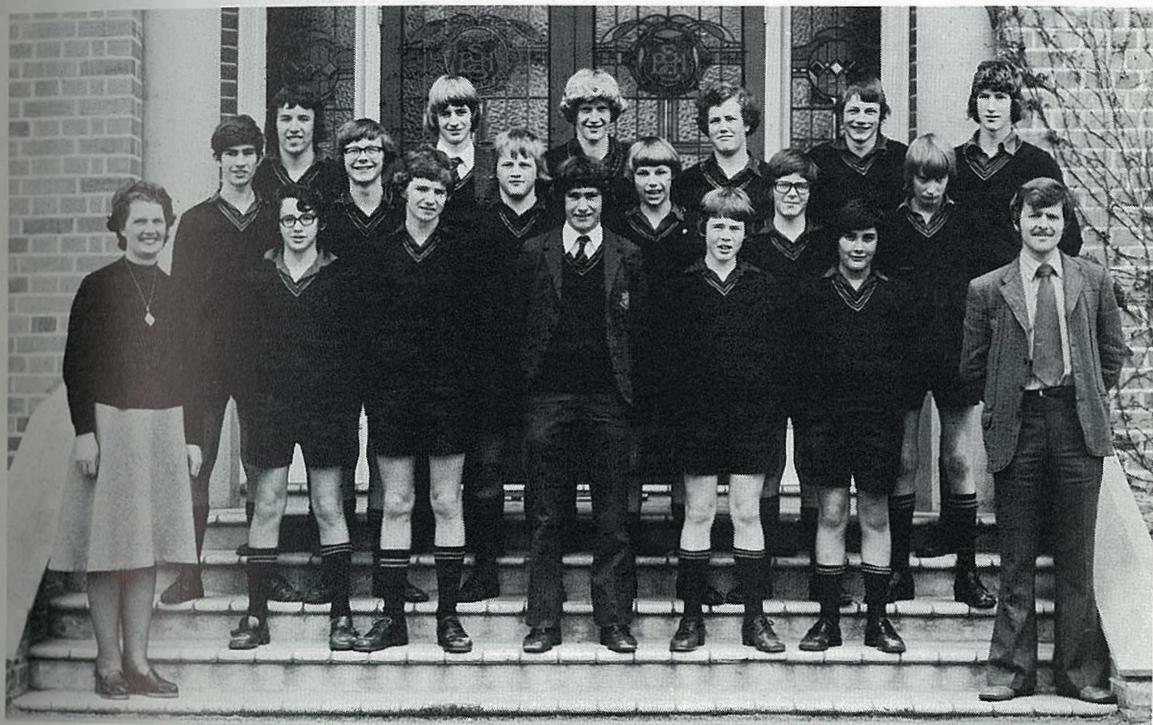

1976 was yet another successful year for the library with the addition of many new books and the addition of a paperback section and a science fiction section organised by K. Sutton.

1976 also saw the arrival of a new Librarian, Mrs B. Anderton, who took over the duties of her predecessor Mrs I. E. Gray. Mrs Anderton should be thanked for her commendable effort of keeping the library running smoothly all year. She has worked extremely hard throughout the year. Thanks should also be given to the Librarians, who have given consistent help throughout the year and without whom the library would cease to function.

Our special thanks goes to Mr R.A.F. Lonsdale who as Teacher/Librarian, has devoted much time and effort to the library. We are all sorry he is leaving and we wish him all the best for the future.

We also thank Mr Sarson and the Art students who have enhanced the library with their work.

Finally, we can only hope that the library will continue to function as efficiently in the future as it did this year.

1ST XV RUGBY

This year's team was picked after a number of trials and was a combination of new blood and solid experience with 5 of the 8 capped players having their 3rd season of 1st XV rugby. The team welded together well as a unit and surprised many with a good first up win beating Waikiri 18 - 3.

Unfortunately the team's form tended to fluctuate turning in some good games against stronger teams then almost being beaten by very low rated teams. This mixed form was also present in the inter-school fixtures, beating Hamilton Boys 4 - 0, Kings 16 - 0, and Timaru 10 - 6, while losing away to Otago Boys 18 - 13 and Waitaki Boys 10 - 3, two games which could well have gone the school's way. Two losses in the first round of the club competition against Bluff and Pirates put our chances of winning the competition in jeopardy. Though we were able to beat both teams in the second round we had to be content with runners up, Bluff taking out the competition.

One high spot of the season was the winning of 3 hard games in eight days. The team beat Invercargill 10 - 8 in a very fast open game on the Saturday, beat the well performed Kings side 16 - 0 on Wednesday, then turned out 3 days later to beat competition winners Bluff 7 - 6 in a very bruising game on No. 1.

TEAM MEMBERS

This year's team was well balanced with strong determined and hard running backs. Neil Porter (loose head prop and Vice Captain) turned in a solid season in the tight, and lead the forwards well. Russell Hunt had a good season at hooker and will be a valued member of the team next year. Stephen Crowther (Tighthead Prop) and Ken Drake (Lock) went from strength to strength and earned their places with honest toil. Blair Atkinson (Back) was another to shine, a robust type of forward and very hard to stop with ball in hand. Loose trio of Allan McDougall (No. 8), Michael Ross and Peter Redpath (Flankers) all worked with diligence and paved the way for some powerful forward performances. At 1st Five Tony Hunter, after a shaky start settled down to play some fine rugby, both on attack and defence. Outside him at 2nd Five, Kerri Johnston showed speed and a keen eye for the gap, but too often moved away from support. Grant Johnstone at Centre was slow to get into the swing, but played magnificently in the second half of the season. His strength and speed made him a real asset to the team. Paul Annear (Left Wing) never reached the form of last year till late in the season when he scored some good tries. Harvey Robertson (Right Wing) lacked a little speed, but made up for this with solid determination. John McCall (Fullback) made a very successful switch from wing to fullback, his defence was very sound and entries into the line set up many scoring opportunities. Of the reserves Donald Millar was unlucky not to get a regular place in the team, but made the most of his opportunities and gave a valuable contribution. Kevin Burns, John Compton and Matthew Smellie were limited in opportunity, but gained from their experience and will be useful team members next year.

The team extends its thanks to coach Mr Williams for the many hours of hard work he put in with us. His skill and dedication moulded the team into a very effective unit and his ability as a coach can only be fully appreciated by those who train with him. Thanks also to Mr Baker for administering the fitness sessions in the gym and warm-ups before the inter-schools.

Special thanks to all the parents, friends and anonymous bodies that turned out rain hail or snow to lend their support. It's good to know there's someone behind you, win or lose and your unflagging support throughout was much appreciated.

INTERSCHOOL RECORD

HAMILTON BOYS WON 4 - 0

The team ran up its first inter-school win of the season against the touring H.B.H.S. side.

The game was played on a heavy ground in cold conditions. School completely dominated the forward encounter and this effort along with the superb defence of the backs paved the way for a very hard game. The forwards dominance especially in the second phase play was what finally led to a win for the school.

D. Haywood scored the try when the scrum screwed on the H.B.H.S. line.

All credit must be given to H.B.H.S. whose efforts and fine sportsmanship must stand them in good stead for future years.

OTAGO BOYS LOST 18 - 13

The game was played on a firm ground in fine conditions. The school was slow to settle down resulting in loose scrappy play for most of the first half, resulting in school being down 12 - 6 at half time. In the second half the school forwards took control, but were too late to save the day. D. Haywood took his chances by kicking 3 penalties and turning in a good all round game, while N. Porter carried over 2 players to finish off a good forward try.

WAITAKI BOYS LOST 10 - 3

Game played in bright sunshine on a firm ground. Team kicked off playing into the sun and a light breeze. School held a territorial advantage for most of the half, but failed to run up the points, the score being 3 all at the change. A lack of lustre performance in the second half allowed Waitaki to get on top and score 7 points in the last quarter. School's points came from a sole penalty by D. Haywood who missed several attempts. None of the school players shone in a very disappointing performance.

KINGS HIGH WON 16 - 4

This was a game the school really wanted to win after their loss in Dunedin last year. The No. 1 field was in good order and the weather was fine. School kicked off with the breeze behind them and made good use of it. The game was fairly even in the early stages, but after two good penalties by D. Haywood and a converted try by K. Drake the game settled into a hard battle with slight dominance by school forwards.

The second half was a lot more even with the school scoring one try to D. Haywood after screwing the scrum on the King's line. The game slowly deteriorated into a scrappy kick and chase game.

TIMARU BOYS WON 10 - 4

School met a determined challenge from the experienced Timaru side. As has been the case in past years the heavy nature of the ground was to our advantage. The game was quite scrappy due to the heavy ground conditions, but was played in bright sunshine. Some steady pressure from Timaru resulted in a try midway through the first half. After a penalty by D. Haywood school trailed 4 - 3 at the turn around. Timaru elected to play kick and chase and attempted to capitalise on our mistakes. A further penalty by D. Haywood and a good try in the corner by P. Annear gave school the lead, which they hung onto despite a strong challenge from Timaru. Final score 10 - 4.

2ND XV RUGBY

The team contested the Town Under 18 Grade, in which we came third equal. We played fourteen games, won nine and lost five.

With only one player from last year's team, not surprisingly the team lacked confidence and experience at the beginning of the season. However, as the season progressed the team started to realize its potential with young players like T. Mason, M. Crowther and D. Leckie in the forwards and C. Gray and G. Ward in the backs showing promise.

The forwards, although lacking size, were very mobile round the field, dominating the loose play. The backs were always sound on defence, especially B. Pascoe. Players to stand out on attack were C. Gray, G. Ward and N. McMillan.

Special mention should be made of S. Lindsay who showed determination in his games and G. Snegirev who displayed dedication towards the team throughout the season.

In the inter-schools we lost to Otago Boys' High 8 to 14 and Waitaki Boys High 3 to 22. In the Otago game the team played with enthusiasm and determination, unluckily narrowly losing to a bigger team. In the Waitaki game the team played disappointingly mainly due to the illness of several key players.

The team would like to express their sincerest appreciation for Mr Hamill's time and effort in coaching the team.

5TH GRADE A

Captain: D. J. McKinell

Coach: I. Baldwin

Result: Played 10; Won 8; Lost 1; Drew 1
Points for 241; Against 30

The team endeavoured to play open attacking rugby, but was hindered by various outside elements. The main opposition was provided by Southland College and the two matches between the teams were the highlights of the season. The last game against Southland College produced an outstanding defence which gradually succumbed to superior weight in the forwards.

The outstanding back was N. Daly who was also top tryscorer for the season. The forwards usually gave away a heavy weight disadvantage, but achieved dominance by superior fitness and tactics inspired by our coach Mr Baldwin. A. Christie, P. Shepherd and lineout giant D. Cuttance were the pick of the forwards. Special thanks to Mr Baldwin and also thanks to the Old Boys players who gave up time to help us.

Captain: A. Ward

Coach: P. Fitzgerald

Played 12: Won 7: Lost 5

Throughout the season the team play was of a high standard. With valued coaching from Mr Fitzgerald the team members turned on consistent performances all season. The best performance by the team was against Marist which sealed us in 3rd position in the competition.

Our thanks to the leadership of A. Ward and coaching of Mr Fitzgerald, who gave up valuable time and Saturday afternoons for the team.

The team: Forwards: P. Brown, J. Falconer, R. Kyle, J. Fleming, R. Mills,

Backs: A. Ward (Captain), C. Compton, R. Little, C. Warnoch,
D. Anderson, G. Vui, P. Morris, C. McLellan, W. Martyn.

6TH GRADE "A"

Captain: R. Newton

Coach: K. J. Drake

The team continued the good record of the school in this grade. In winning all of its 10 games, the team amassed 266 points conceding only 19 points. The team scored 53 tries as a result of consistent forward play and determined running by the backs.

The forwards were the lightest pack in the competition, but through better technique and superior fitness gained the measure of their opponents. I. Withington and G. Ludemann were forwards who always gave their best.

The backs were full of talent with hard running and strong fending being the key to scoring tries. P. Jillings at half-back was an aggressive player and always served his backs well. I. Robertson and A. Grant always played well and were eager to find gaps in the opposition's defence.

The team was unlucky to lose P. Coutts who was promoted to the second fifteen.

Credit must go to the School "B" team who came second in the competition and may have proved our toughest opponents.

The team would like to sincerely thank Ken Drake for his dedication, valuable coaching and time spent on the team. I am sure it was appreciated by all.

The team: P. Scott, A. Grant, D. Thorn, I. Robertson, G. Ward, G. Soper, P. Jillings, R. Kahuroa, R. Newton, G. Ludemann, G. Withington, R. Hamilton, A. Cairns, J. Insull, D. Hall-Jones, P. Burke, P. Ward, R. Haig, I. Withington and T. Kennedy.

UNDER 16 "A"

Captain: S. M. Wilson Coach: N. R. J. Sutton

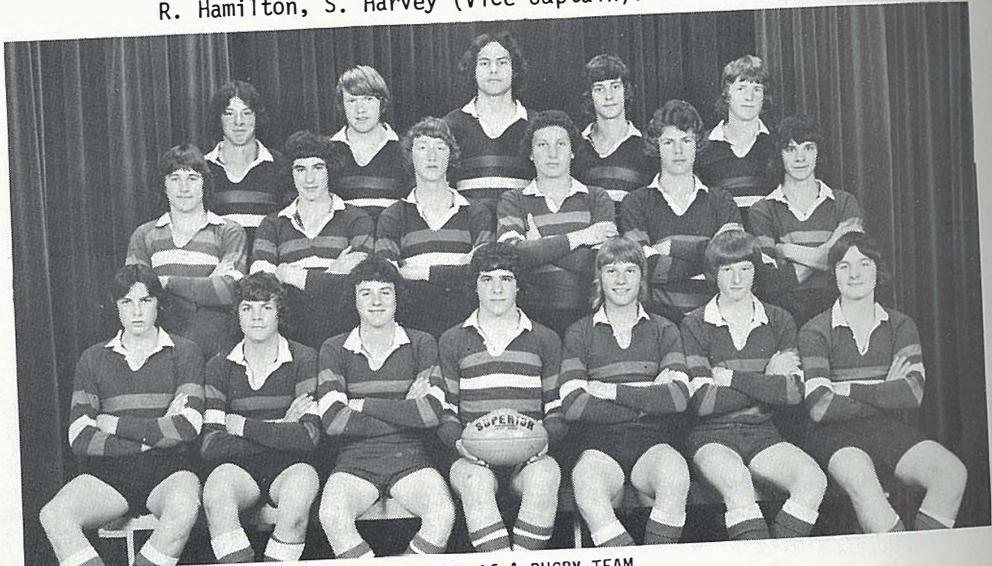

Result: Played 10; Won; Lost 0
Points 230 Against 27

The team played good rugby throughout the season winning every game and the competition.

Firstly, thanks must go to N. Sutton for his valuable time and dedication to the team. With a shortage of coaches he filled in well and produced a very good side.

Outstanding performances in the forwards by B. Earnshaw and R. Turner ensured a talented backline of good ball. P. Noble and T. Winsloe showed that they will go far and L. Campbell improved his game greatly and went on to score many good tries.

The team: T. Winsloe, L. Campbell, P. Noble, B. Perry, A. Hall, B. Sycamore, S. Wilson (Captain), A. Leckie, G. Thomas, G. Hubbard, S. Moffit, N. Wells, R. Turner, C. Atkinson, C. Miller, M. Kidd, B. Earnshaw, R. Hamilton, S. Harvey (Vice Captain).

3RD XI A

Captain: Ian Grant

Coach: Mr Lonsdale

The team didn't perform well throughout the season. Lack of competition put an end to all hopes of consistent team efforts. This lack of competition may have created a lack of interest in practices and sometimes on Saturdays. However, the team rose to the occasion whenever it played Marist, the eventual winners of the 3rd Grade competition losing marginally 6 - 4 and 3 - 1. The team took sometime to settle down, but in the latter stages threw everything into the game, a really tremendous effort that should have been rewarded with goals, but unfortunately wasn't.

Our thanks to Mr Lonsdale for coaching, transporting and organising the 3rd XI again this year although his efforts were frustrated by low turnouts at practice. We also thank any supporters who came along on Saturdays.

The team: T. G. Burnard, G. E. Duthie, I. Grant (Captain), P. L. Morris, P. M. Smith, R. A. Vincent, A. J. O'Brien, T. R. Corcoran, J. D. Beresford, S.J. Ladbrook, R. S. Bayliss, P. N. Vear. K. Sutherland and D. J. Gibson also helped the team in their time of need.

3RD GRADE "B"

Captain: P. Skeggs

Coach: Mr Lonsdale, Mr Maslin

The team showed much promise at the start of the season, but a loss of a few key players set the team back a bit. With the arrival of Stretton the team attacked more often but poor passing of the ball cost us many goals. The first half of most games we were usually down by one solitary goal while in the second half a lack of co-ordination sent us reeling. The team would like to thank Mr Lonsdale and Mr Maslin for their valuable coaching.

The team: D. B. Harper, B. R. Russell, C. S. Hammington, P. R. Winter, J. Stretton, P. M. Skeggs, I. R. Scott, M. D. Muller, D. Humphries, M. R. Cross, I. J. Campbell

Absent: G.R. Osborn (Captain), A.E. Herbison

1ST XI HOCKEY

Captain: G. Osborn

Coach: Mr R. A. Dear

This year's interschool record was perhaps the most successful in recent years. Although the team consisted mostly of 5th and 6th Formers it acquitted itself well against most club teams, especially against Kingswell when we beat them 10 - 1.

G. Osborn proved himself to be a good captain and many of the wins were a direct result of his efforts. He was assisted by other players including R. Ameratunga (vice captain), I. Morison (goalie), S. Bunting (full back), C. Aurik (centre half), A. Coates (half back), and H. Riley (inside right). The other members of the team were: K. Morison, C. Morison, M. Pearce, A. Herbison, B. Simmonds and C. Riley.

Interschool Record

Against Waitaki at Oamaru - lost 0 - 7. A disastrous game and we were well beaten by the fast pitch and the well-drilled Waitaki forwards.

Against Otago Boys' - won 3 - 2. This was by far the most exciting game played. After being down 0 - 1 at half-time, the team fought back to lead 3 - 1 in the second half. Otago managed to score another goal and thus reduce the lead, but we were lucky enough to prevent any further points being added.

Against Kings' - won 2 - 1. We were expected to beat the rather inexperienced Kings' team by a large margin, but this was not to be. With ten minutes left the score was 1 - 1 and a draw looked inevitable but Osborn scored through a well-aimed penalty corner and sealed victory.

Against Gore - won 5 - 4. Yet another close game. In this high scoring game the lead changed hands 4 times before the final goal. It was played on a fast pitch and was perhaps the best game played all season.

Four people are expected to leave this year but it is not expected that this will seriously weaken the team strength. Although Mr Dear was not able to attend all team practices his attendance on Saturdays had a valuable effect on team morale.

2ND XI HOCKEY

Captain: D. Branthwaite

Coach: Mr R. James

The team is becoming a very seasoned group and won its division quite easily. It played constantly throughout the whole season, but unfortunately received little competition. This was mainly due to the Invercargill Hockey Association's restructuring of grades.

The team's sincere thanks goes again to our coach Mr James, who managed to handle both teams very well. His support resulted in full teams almost every Saturday. The team would also like to thank the 1st XI members for their help during the season.

The team was D. Branthwaite (Captain), D. Rowe, W. McGuiness, C. Bennet, E. McLean, P. Ophuis, D. Skow, M. Chambers, R. Fraser, T. Hunt and P. Cook.

3RD XI HOCKEY

Captain: K. Sutton

Coach: Mr R. James

The 3rd XI played well this year, although being beaten 16 - 1 by the 2nd XI was rather demoralising for the first round. All players tried their best, and, for enjoyment, I believe we got the best for the season.

Our sincere thanks go to Mr James for the hard work he put in for the team during the term.

The team comprised K. Sutton (Captain), G. Nixon, N. James, P. Rodgers, P. Ridden, J. Gee, A. Hasset, J. Valentine, M. Brass, D. Rankin, M. Sciurba, B. Van Voornveld, M. McKellar and N. Peiris.

Basketball

FIRST FIVE

Captain: Brendan Taylor

Coach: Mr J. Long

With five players returning from last year's first five things looked hopeful for a successful season. The team, for the first time in the school's recent history reached the standard of being able to play in the men's 'A' grade competition. Although we were beaten a few times by quite staggering margins, we usually played well and pushed the other teams hard, sometimes being unlucky not to be able to pull off a deserved victory. We did however win a few games, of which one was so close that the team won it in extra time.

Our interschool record was disappointing. This however, was not due to our fault entirely as sickness, in the form of the flue, knocked out half our team for a couple of weeks, during which time we had some important games.

INTER-SCHOOL GAMES

v. Otago Boys' High School - Lost 88-50 - A disappointing result, and the score isn't a true reflection of the game. In the first half the game was both entertaining and exciting, with the lead swapping quite a few times. The team however hit a bad patch in the second half from which it never recovered.

v. Waitaki Boys' High School - Lost 72-43 - Due to sickness in the team we had to send only half of the first five, with the rest of the number making up our team coming from the seconds. We didn't settle down and play like a team and so the scoring suffered. This result was however later revenged. Acknowledgement must go to Greg Erskine in this game who scored a fine 22 points.

v King's High School - won 61-51 - This was the first inter-school played in the school gym with the result being very successful indeed. This was a very hard fought game with the school thoroughly deserving the win. With the support of the school behind them the team really played well and showed just what they were capable of. Special acknowledgement must go to Brendan Taylor who lead the team well and scored a fine 25 points.

v James Hargest High School - Won 34-13 and 32-12 - This was the first time for quite a while that the first five went through a whole season without losing once to Hargest. This really taught Hargest a lesson and put them back in their place!

Southern Zone Tournament - To the team's great frustration, we never played well and were very disappointed with their result. We did however manage to pull back a win from Waitaki Boys' High which made the trip worthwhile. Results were -

Beat Waitaki Boys' High 41-40; Lost to Kaikorai Valley High 41-27;
Lost to Otago Boys' High 66-38; Lost to King's High 79-56

Special thanks must go to Alan McLean who gave us special coaching for this tournament.

The team - Brendon Taylor, as captain, led the team well and proved to be a consistent points scorer. Greg Erskine was the most improved player by the end of the season, and both rebounded and shot well throughout the season. John Dainty showed he was a very capable player with a good shot and should improve greatly next season. Warick Ball and Richard Mills emerged as aggressive defenders and with some more experience, will greatly improve. Keith Fraser and Stephen Sharp proved themselves as good dependable players and should improve greatly next season. Gaven Barber with his height, and Mark Ridden with his defence around the court should help strengthen the team next season. The team was proud to receive the Conduct Cup in the Southland competition which shows the spirit in which all our games were played. Brendon Taylor, Greg Erskine and John Dainty played for the Southland Under 20 team, and Gavin Barber played for the Southland under 16 team - congratulations to these players.

Our thanks go to our coach Mr Jeff Long, who with his enthusiasm and attitude developed the players into the team. I am sure that we all benefited from his coaching.

SENIOR 'A' BASKETBALL

Captain: M. Young

Coaches: J. H. Baker & G. D. Alabaster

We began this year with six players from last year returning, which gave promise of a successful season. These six made up the nucleus of the team in the early stages, but later on, younger members took well-deserved places in the team's line-up.

New offensive and defensive strategy was incorporated which provided many points for the team. These 'moves' had developed well by the end of the season and had the members playing well as a team. The team played in the Centennial Hall competitions and after an undefeated season took the cup. It wasn't all easy going, Marist especially proved good opposition, but due to good team work the team always had something extra to pull in the last minutes.

Games played 12; Won 12; Lost 0; Drawn 0

The team: S. Lee, J. E. Mason, D. L. McFarlane, R. S. Coates, D. J. Henley, R. N. Hoskin, T. G. Crosbie, M. J. Young (Captain).

The team would like to thank Mr Alabaster and Mr Baker for their time taken to coach the team.

BADMINTON TEAM 1976

The School Badminton team again proved to be one of the strongest for years. The two inter-schools the team played were won very convincingly, showing the real depth of badminton in the school.

The team won their matches against Waitaki Boys' High School 6 - 0 and Kings High School 7 - 1.

Individually the players are of national and provincial level. Michael Lindsay represented Southland in the Wisden Cup at Auckland and also won the Southland Open Doubles. In the school singles champs Lindsay beat 3rd former Kevin Maxwell who deserved full marks for his fighting spirit. Kevin went to Hamilton for the Rothmans age group champs and was very successful even though he didn't win a title. Kevin just lost in the final of the Under 14 Boys' Doubles. In the local champs he won all 3 under 14 titles. Terry Smith showed he was one of the top juniors in Southland. He won the Southland Under 18 Doubles, Mix and was runner-up in the Singles. In the South Island champs at Dunedin Terry won the Under 18 mixed doubles. Ewan Murdoch proved to be a valuable team member and played consistently throughout the season.

All members of the School club would like to thank Mr Berridge for the work he has done for Badminton in the School this year.

Michael Ross: consistent opening batter, capable of scoring runs from the middle order, and a successful captain.

Garth Dawson: (vice-captain) opening bat, the king pin of the batting order. Has moved to Senior cricket.

Michael Lindsay: Right arm off spin. Bowler who took over 70 wickets during the season. His ability to flight the ball was not equalled.

Euan Murdoch: consistent opening bat, who always saw off to a good start. Also a fine gully fieldman.

Roger Pierce: leg spin bowler, middle order batsman who scored well, especially in club games. Full bowling potential wasn't realized due to limited opportunities.

Richard Hoskin: top order batsman, who applied himself well in the inter-schools. Maintained a high standard of wicket-keeping.

Kevin Burns: the all-rounder of the side, Kevin was a regular scorer and could bowl all day if needed. Also one of the sides' best fieldsman.

Channa Seneviratne: an all-rounder, Channa suffered from lack of opportunities, but could be relied upon to hold the lower order together.

Dean Baldwin: left arm slow medium bowler, who also batted well, especially in the Otago inter-school.

Greg Ward: Greg never really had the opportunity to show his obvious ability.

Ian Welsh: a late acquisition, Ian's bowling will be of value to the side next year.

Mr Shirley: consistent supporter of the team. His coaching was mainly responsible for the two inter-school victories and a fine team spirit. Thank you, Mr Shirley.

Team comment: This was a remarkable season for the team, which won both 1976 inter-schools and Section 2 of the Senior Reserve Competition. The team would like to thank the school for its assistance with fund-raising.

v. St Andrews at St Andrews, 8-9 December - Draw - In very hot conditions, St Andrews batted first and declared at 253/7, thanks to a bad fielding display by S.B.H.S. Pierce and Ross were the main wicket takers, although Burns and Lindsay did all the work. S.B.H.S. replied with 227, Murdoch, Burns and Skelt being the main contributors. St Andrews then declared, leaving Southland 211 to get in 130 minutes. Finished with 105 for 4, E. Murdoch retiring hurt after an aggressive 40.

St Andrews 1st Innings 253/7 declared. R. Pierce, 2 for 17; M. Ross, 2 for 7.

S.B.H.S.: 227. E.H. Murdoch, 45; K. Burns, 40; N. Skelt, 34; M. Lindsay, 31.

St Andrew's: 2nd innings: 184 for 8 declared. M. Lindsay, 4 for 79; R. Pierce, 2 for 60.

S.B.H.S.: 105 for 4. E. Murdoch, 40; G. Dawson, 27.

v. King's High School at King's, 8,9 March. Outright win to S.B.H.S. by 70 runs. On a substandard wicket, S.B.H.S. collapsed to be all out for 112, with only Hoskin and Ross showing any resistance. King's replied with 162. The Southland 2nd innings, including a century opening partnership, was dominated by the fine innings of Burns and Dawson. King's were left 214 to score in about 200 minutes. Michael Lindsay gave them no chance.

S.B.H.S.: 1st innings: 112. M. Ross, 39; R. Hoskin, 32.

King's: 162. M. Lindsay, 3 for 34; K. Burns, 3 for 38, D. Baldwin, 2 for 30.

S.B.H.S.: 2nd innings: 263 for 7 declared. K. Burns, 77 n.o.; G. Dawson, 77; R. Hoskin, 47. King's: 143. M. Lindsay, 7 for 61.

v. Otago Boys' High School at S.B.H.S., 15-16 March: Outright win to S.B.H.S. by 24 runs. S.B.H.S. batted first and went through to 126 before the first wicket fell. Scoring was slow and the declaration was made at 188/7. Otago declared their 1st innings closed at 192/4. Burns being the best bowler. In the 2nd innings, both Hoskin and Dawson completed five doubles and assistance from Dean Baldwin meant that Otago were left 149 to get in 130 minutes. Excellent bowling by Lindsay and Burns backed up by fine fielding allowed S.B.H.S. to win off the second last ball of the day.

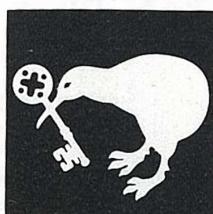

S.B.H.S.: 1st innings: 188 for 7 declared. G. Dawson, 65; R. Hoskin, 47.

O.B.H.S.: 192 for 4 declared. K. Burns, 3 for 48.

S.B.H.S.: 2nd innings: 152. R. Hoskin, 52; D. Baldwin, 21.

O.B.H.S.: 125. M. Lindsay, 4 for 54; K. Burns, 3 for 39; R. Pierce, 2 for 11.

2ND CRICKET XI 1975-76

Captain: M. Ridden

The combination at the start of the season was a strong one, and a good season was predicted. Unfortunately we lost Mr Cocks, our coach, just as the season began to get into full swing and this coupled with players being promoted sapped the strength of the squad considerably.

After these set backs, things got organised and we never played a game without a full team. The team finished in the middle of the competition with seven wins and a draw from 15 games.

Even though we lost the inter-school with Otago Boys' the experience of two day cricket was an interesting change.

The best efforts of the season were a hat trick by P. Davis against Old Boys' which helped in getting a good win, and 87 by Harvey Robertson against Murihiku which resulted in another win.

We would like to thank Mr Shirley for keeping a guiding eye on the team.

Team members were: D. Henley, M. Kidd, H. Robertson, P. Shepherd, G. Osborn, G. Cuff, G. Hubbard, C. McDonald, N. Bartlett, P. Tait, G. Erskine, D. McKinnel, L. Kelly, P. Davis, M. Ridden.

TENNIS

Front Row: A. Seneviratne, D.C. Atkinson, R.V. Ameratunga (Captain), M.W. Maxwell,
K.R. Maxwell

Back Row: Mr J. Long, P.M. Dale, B.J. Taylor

THE INTER-SCHOOL TENNIS TEAM

Captain: R. V. Ameratunga

Coach: Mr J. Long

This year's team has proved to be the strongest that the school has had in recent years. Most of last year's team was back, and much improvement was shown against Otago Boys' High.

INTER-SCHOOL FIXTURES

vs Kings High School, played at Dunedin - Dunedin turned on some glorious weather and the tennis played was a very high standard.

Results - Doubles

R. V. Ameratunga & P. M. Dale won both games (6-2,6-4) and (6-3, 6-2)
M. Maxwell & B. Taylor won both doubles (6-0,6-1) and (6-3,7-5)
D. Atkinson & K. Maxwell won their doubles (2-6,6-4,6-4)

Singles

P. Dale won both games (6-3,6-3) and (6-4,6-4)
R. V. Ameratunga lost (6-0,1-6,3-6) and (6-4,6-2)
B. Taylor won (6-3,6-1) and (6-4,6-0)
M. Maxwell won (4-6,6-1,6-1) and (5-7,6-2,6-4)
K. Maxwell won (6-2,6-2) and (6-1,6-1)
D. Atkinson lost (1-6,6-4,6-2) and won (6-2,6-4)

The final count read 14-3 to Southland.

vs Otago Boys' High School at Invercargill - perhaps the most exciting school tennis fixture played at Invercargill, for a long time. The result was not apparent until the very last game, and the lead changed hands about five times.

Results - Doubles

R. V. Ameratunga & P. M. Dale lost (7-6,7-6), (6-4,2-6,6-4) and (6-3,3-6,7-5)
B. Taylor & M. Maxwell won (7-5,6-3) and 6-3,6-4) and lost (6-2,6-4)
A. Seneviratne & C. McLellan lost (6-3,6-1) (7-5,6-0) and (6-2,6-2)

Singles

P. M. Dale won (6-1,6-0) and 6-3,6-4)
R. V. Ameratunga won (6-2,6-0) and (6-3,6-1)
B. Taylor lost (6-4,3-6,6-4) and (6-2,6-3)
M. Maxwell won (2-6,6-1,6-1) and (6-2,6-2)
A. Seneviratne won (0-6,6-2,6-4) and lost (6-3,3-6,6-4)
C. McLellan lost (6-0,6-0) and (6-3,6-4)

The final result was 12-9 O.B.H.S.

The Team Critique -

P. M. Dale - extremely fit and possesses powerful and intimidating drives. Paul however, needs to improve his consistency to reach the top.

R. V. Ameratunga - has improved a lot from last year, and needs to overcome "nerves" which can sometimes ruin his game.

B. Taylor - somewhat unorthodox but extremely effective. Brendan played extremely well in the doubles, and will be missed next year.

M. Maxwell - Maurice proved his ability to play under pressure. For his first year in the tennis team he has performed very well.

It was very unfortunate that we lost to Otago Boys' High this year, and the reasons must be analysed in order to avoid this next year. We were not prepared to juggle players around and this may well have led to our downfall. Next year our No. 5 and No. 6 must be a good combination. This year they had to play at very short notice, as we were expecting these to be juniors, but O.B.H.S. arrived with two seniors.

HIGH SCHOOLS' COMBINED 'B' GRADE TEAM

Captain: Rohan Ameratunga

As a single sex school we face a lot of difficulties regarding mixed teams. However, in the last two years the school has combined with a group of Girls' High players. We were not fortunate enough to win most games but most of the scores were about 9-7 indicating the closeness of standards.

Members of the team were - Rohan Ameratunga, Mark Fitzgerald, John Hunt, Warwick Ball, Richard Niederer, Jane Sharman, Susan Wilson, Susan Johnson, Gail Mangan, Pam Thompson, Gillian Sharman.

The school also entered four teams in the Junior Boys competition. The teams played well under the supervision of Kevin Snell. Kevin & G. McDonald were runners up in the competition.

THE SCHOOL TENNIS CHAMPIONSHIPS

Junior Singles - K. Maxwell easily won his way through the first four rounds but had to play hard to Beat N. Tansley 6-5,6-3 in the final.

Junior Doubles - D. Atkinson & W. Anderson had some hard matches to reach the finals but then convincingly beat R. Buchanan and M. Bartlett 6-0,6-0.

Senior Singles - R. Ameratunga and P. Dale were untroubled to reach the final, where Ameratunga was better on the day to win 6-3,6-2.

Senior Doubles - Ameratunga and Dale slaughtered all opposition in the early rounds and easily beat G. Erskine and D. McKinnel 6-1,6-2 in the final.

In the special end of year tournament 4B1 narrowly won from 4A2, and 3B1 also narrowly won from 3A1.

SOUTHLAND SECONDARY SCHOOLS CHAMPIONSHIPS

Due to inclement weather the Junior events were cancelled but our senior team of R. Ameratunga, P. Dale, M. Maxwell and A. Senevatne, performed very creditably. Paul Dale won the singles event quite comfortably, and Rohan Ameratunga could easily have been the other finalist had he not met Paul in the semi-final. Together this pair were runners-up in the doubles - a good effort, though with more concentration they could have won the event.

Athletics

S.B.H.S. ATHLETIC CLUB 1975-76 SEASON

The Club during this season did not have a large number of registered athletes, but nevertheless good performances were recorded through the season. With the introduction of the Southern League School athletes took advantage of the competition offering and performances improved accordingly. The season finished on a high note with the Southland Centre Track and Field Championships.

Outstanding performances at the Championships

J. Devery (U.18): 1st long jump, 1st triple jump, 2nd 100m, 3rd 200m
A. Coldicott (U.18): 3rd 100m, 2nd 200m, 1st 400m, 2nd 800m, 3rd 1500m
L. Campbell (U.18): 3rd 100m, 3rd 200m
N. Greig (U.18): 2nd 400m
M. Morris (U.16): 1st 1550m
G. Parkhill (U.16): 3rd 1550m
B. Smith (U.16): 2nd 800m
G. Ludeman (U.16): 3rd 800m
4 x 100 relays (U.18) School 1st
(U.16) School 3rd

From their performances at this meeting A. Coldicott and J. Devery were selected for the National Colts Championships. They also represented Southland in the Triangular Meeting.

Of the athletes who were not registered for the club, but still ran for the school on occasions, P. Annear and M. Hook had a high standard of performance throughout the season. Overall it was a successful season.

M. Morris and B. Smith are two promising middle distance runners while L. Campbell can be expected to improve over the shorter distances. It is hoped that next season that other athletes in the school will register in the Club and add even more strength to it for coming seasons.

HARRIER TEAM

Inter-Schools Won 1 - Lost 2

Waitaki B.H.S. at Oamaru - With a below strength team as a result of sickness, school was well beaten by the very strong Waitaki team.

Juniors - 4th B. Smith, 6th G. Ludamin, 7th B. Mathews, 8th P. Hoffman
Seniors - 5th M. Morris, 6th I. Coldicott, 7th A. Coldicott, 8th G. Parkhill
Lost overall 51 - 21

Kings' H.S. at Invercargill - In one of the best team efforts of the season, school was beaten narrowly by a high class Kings team. All runners ran right up to their best, but couldn't quite pull it off.

3rd A. Coldicott, 5th M. Morris, 6th I. Coldicott, 8th M. Crowther, 9th B. Smith,
10th S. McCoy
Lost overall 41 - 37

Gore H.S. at Invercargill - School runners were not extended to a great deal, but B. Smith and A. Coldicott both won in good times.

Juniors - 1st B. Smith, 2nd S. McCoy, 4th B. Mathews
Won 7 - 14
Seniors - 1st A. Coldicott, 2nd M. Morris, 3rd G. Parkhill, 5th N. Greig
Won 11 - 25
Won overall 18 - 39

CLUB RUNS

Junior Colts - S. McCoy had a successful season and has a good future ahead of him. His win in the McIndoe Casket was most impressive. P. Hoffman ran well on occasions, but his form was slightly inconsistent. D. Stephens, B. Mathews, M. Ferns were all dedicated team runners.

Senior Colts - The Senior Colts (U.18) this year had a very successful season and were by far the top team in the area. N. Greig was a valuable team member and played a valuable part in taking the McIndoe Casket teams race. G. Parkhill ran some good races and never gave up trying. J. Devery competed regularly without much success. I. Coldicott although not competing every week was a most valuable team runner and will be a great asset for next year as will B. Smith who although having a bad patch at one stage was never far behind and deserved his 3rd placing in the Road Race. M. Morris's form was rather inconsistent, but is one of the most promising athlete's around and deserved his selection for the National Cross Country Championships. A. Coldicott who started rather slowly, developed into a strong runner and his win in the Road Championships capped off a fine season. His selection for the National Cross Country was also warranted.

Magazine Committee Report

Due to the pressure of examinations, those seventh formers associated with the magazine could not follow their work to conclusion, so two weeks before the due date, several sixth formers were co-opted into the service of the magazine. These unwitting souls then had hurriedly to pick up the remaining threads. Their biggest worry was the multitude of team reports outstanding at such late date and the shortage of photographs.

Next year the committee will try and organise a full time magazine photographer, and will co-ordinate some sixth formers onto the committee half-way through the year, as well as making sure that team reports come in as soon as the sport is finished.

The magazine committee wishes to thank R. V. Ameratunga for his work on the diary and other aspects of the magazine, W. E. Ball for supplying as many photographs as possible and C. W. Bell for his last minute efforts in arranging photographs of school life to expand our inadequate stocks.

Staff Editor Reports

I wish to thank all those boys whose efforts have made the 1975 "Southlandian" possible. Because of space limitations, some omissions have been necessary, regrettably the Staff Critique among them. Nor has the inclusion of all photographs been possible. Unfortunately, reports for the Junior Drama production of "The Car", and also for the very successful 1976 Soccer 1st XI, arrived too late to be included in the magazine. For this I tender sincere apologies.

Finally, as I leave Southland Boys' High School this year, I wish to offer my best wishes to the school and its staff and pupils for the future.

The S.B.H.S. Old Boys' Association has 400 local members and there are branches in Auckland, Wellington, Christchurch and Dunedin. The Association aims are to facilitate the fellowship of Old Boys and to support the school in various ways, for instance by providing funding for the Outward Bound Fellow. The 1981 School Centennial is not very far distant and the decision to build a Lodge as a Centennial Project will benefit all future S.B.H.S. students. All school leavers are invited to join the Association which will help keep you in contact with your school friends. Membership and support will also help make the Centennial and the Centennial project a success. Enquiries re the Association may be directed to the Secretary, Box 296, Invercargill.

OLD BOYS' CRICKET CLUB

Following on from last season when the senior team won the Competition and the senior reserve set a high standard for the year this season the seniors have had two first innings wins and the senior reserve an outright win.

While the senior team is as strong as last year there has been some attrition in the Senior Reserve and new players are welcomed.

The Club has commenced Wednesday night interhouse cricket at Surrey Park which should both boost the Club's finances and give some interesting games.

OLD BOYS' SOCCER CLUB

This year the club fielded three senior grade and four schoolboy teams. The number one team won the Southland Football Association Senior Competition and the 2nd and 3rd teams also achieved good success.

The new pavilion at Waverley Park has been commenced and will be a valuable asset. The club would welcome new players from the school.

OLD BOYS' RUGBY CLUB

The 1976 Season saw a period of 'ups and downs' for the club. The 'ups' resulted in the Senior XV having their best season for some time and saw them reaching the semi finals of the Galbraith Shield and finally finishing fourth. The 'downs' resulted in the club fielding only three teams after an attempt was made to field four.

The club has been very disappointed in the last two seasons at the lack of players from the school and this season took some positive steps to change this by many players giving their time to coach the boys.

In 1978 we celebrate our 50th Jubilee which should be the highlight of the year and our plans are for a good club record for that year and the years to come.

Remember boys you are most welcome at Old Boys at Surrey Park where you can play Rugby, Squash and Cricket and still retain close ties with the school.
