Rector's Report

1987 was a year to look back on with satisfaction at Southland Boys' High School.

Academically, achievement was high with the expected pleasing results in School Certificate, Sixth Form Certificate and Bursary. In the sports arena excellence was shown in many facets with perhaps highlights in the performance of rowing crews at the secondary schools' National Regatta at Hamilton and the invitation extended to our First Rugby Fifteen by the New Zealand Union to represent all secondary schools in an international tournament in Taiwan in 1988. Culturally there was much happening in debating, speech, drama and music culminating in the "School Revue" which, with the participation of more than a hundred pupils from our school and Southland Girls' High School along with the input from many staff, provided enjoyable entertainment for many.

A busy fruitful year.

Once again despite a national shortage of secondary school teachers and a more acute local one, we were well staffed for 1987 and this coupled with the professional commitment of most teachers provided a well settled school.

The contribution of many pupils, as in 1986, made for much of the pleasant atmosphere that pervaded the school most of the time. Especially welcome was the supportive, helpful attitude of those in forms six and seven, whether working at Chartres Lodge; helping with the reading programme, working in the canteen; assisting at form four camps or just being willing to accomplish without fuss the unglamorous but necessary chores around school. It is a fortunate school which has as part of its complement so many courteous young men of quality.

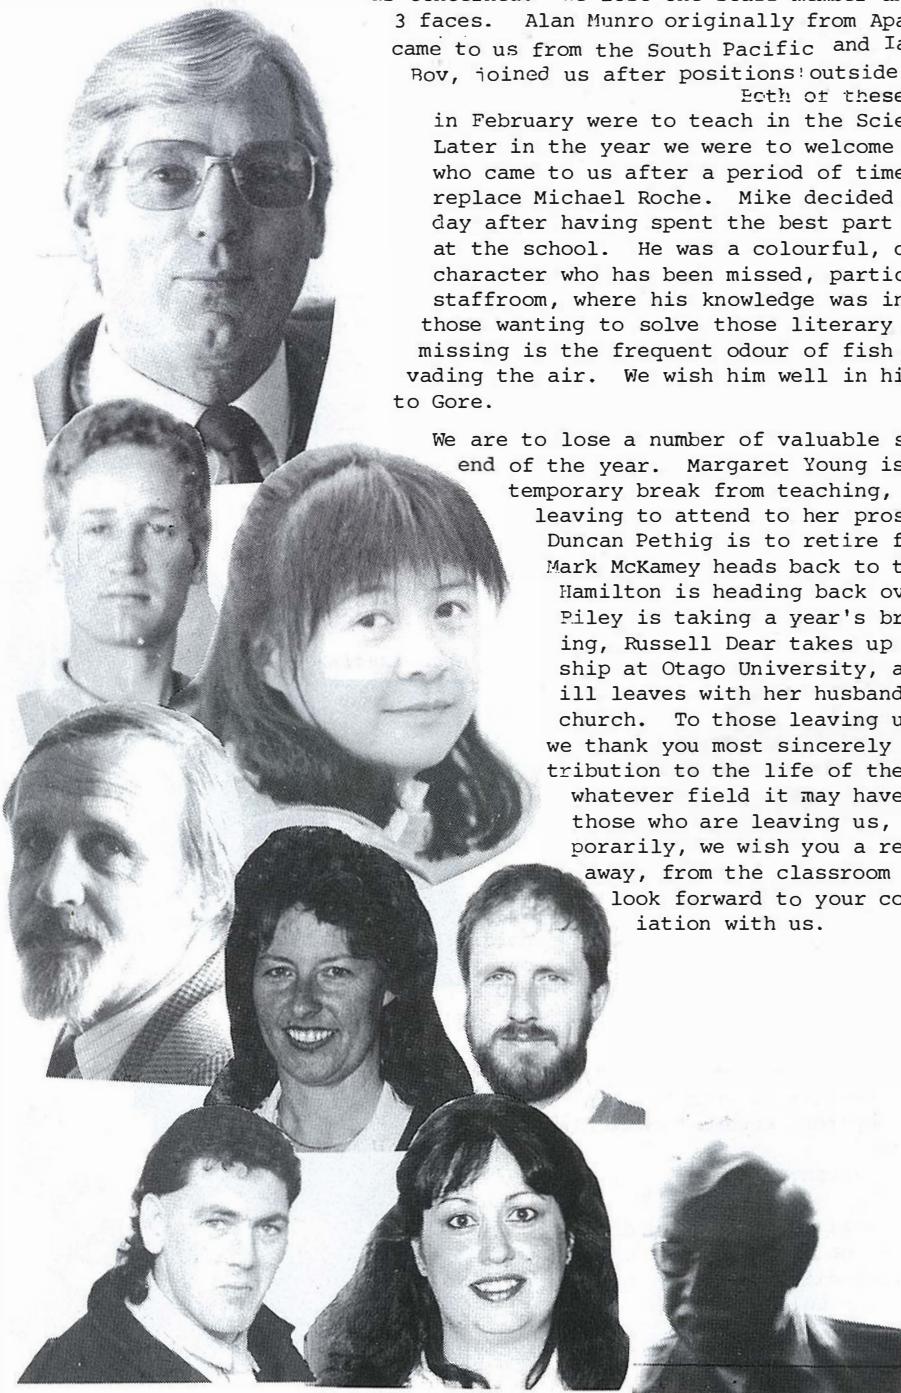

Notable in this year was the move for the school to be controlled by its own Board of Governors. Since 1881 we have belonged to a multi-school Board initially controlling two secondary schools but in recent time managing five such schools. Although the previous arrangement served this school very well indeed we look forward to the influence of a Board in whose focus lies our school only.

If 1987 was a good year for our school I expect 1988 to be at least as good, but I remind you all, that schools exist to provide easy access for young people to a pool of knowledge, skills and customs so that all may take from it to provide for educational needs and in turn contribute to it at the highest level of their attainment to nurture others.

What you can take from and give to that resource depends largely on your own effort. Your future in these uncertain times lies in your own hands. Grasp it.

Staff Notes '87

1987 will go down in the records as one of the most stable years for some time - at least as far as staffing is concerned. We lost one staff member and welcomed 3 faces. Alan Munro originally from Aparima College came to us from the South Pacific and Ian Welsh, an Old Boy, joined us after positions outside teaching.

Both of these new arrivals in February were to teach in the Science Department. Later in the year we were to welcome Joe Hamilton who came to us after a period of time overseas to replace Michael Roche. Mike decided to call it a day after having spent the best part of 17 years at the school. He was a colourful, controversial character who has been missed, particularly in the staffroom, where his knowledge was invaluable for those wanting to solve those literary problems. Also missing is the frequent odour of fish and chips pervading the air. We wish him well in his retirement to Gore.

We are to lose a number of valuable staff at the end of the year. Margaret Young is taking a temporary break from teaching, Ann Pask is leaving to attend to her prospective family, Duncan Pethig is to retire from teaching, Mark McKamey heads back to the States, Joe Hamilton is heading back overseas, Neil Piley is taking a year's break from teaching, Russell Dear takes up a year's fellowship at Otago University, and Gaynor Hamill leaves with her husband for Christchurch. To those leaving us permanently we thank you most sincerely for your contribution to the life of the school in whatever field it may have been. To those who are leaving us, we hope, temporarily, we wish you a restful time away, from the classroom routine and look forward to your continuing association with us.

Coldstream Hostel Report

Once again an enjoyable year was held by all (well almost all) at Coldstream Hostel. We had numerous achievements both sporting and otherwise. It all started with Coldstream cleaning up every other house in the athletic sports for the second time in a row. This was followed by the inter-house winter sport competition which was a success in the rugby department once again as Coldstream annihilated all other houses in both junior and senior grades and retained the shields won for the last years, thus showing the strength of country rugby. The swimming sports were attended by the whole Hostel and second place was attained due to good participation. However, the "Round the Park" races were another story. We also won our first round in debating and were waiting to annihilate everyone else in the remaining rounds but that never eventuated.

This year we had nine players in the first fifteen, two in the senior tennis, fifteen in athletics, and one in the swimming and water polo teams respectively.

The Hostel was invaded by the notorious David Lindsay, school head prefect, in the second term.

But when he turned into a traitor and played for Uttley in the house sports we had the last laugh. David just could not stop hanging onto the give way sign outside the Hostel.

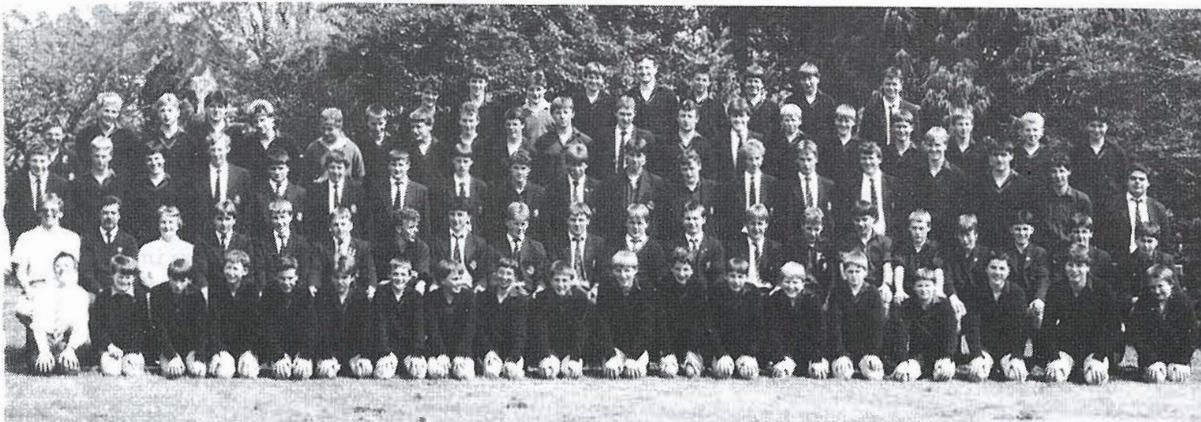

Once again our Hostel Ball was a success, the boys attending presenting the Hostel with a painting to complement the Hostel renovations. We only had one social in conjunction with Enwood Hostel this year much to the disgust of everyone including the third formers.

The change-over from the Hostel's Board to the High Schools Board went along without too many technical hitches.

The Hostel this year was run smoothly due to the superb management of Mr Brinsdon, with the homely touch provided by Matron, Mrs Lindsay, who was approached by everyone at some stage or other with "sew this, patch that please!" They were backed up with the valued services of the House-masters and Hostel Prefects, as well as those of our caretaker, Mr Withington, who survived another year of blocked drains, muddy shower rooms, broken windows and "constructive advice" from would be master painters and builders.

Our thanks also to the cooks and cleaners who have once again managed to see us through another year.

William Denny

Social Committee Report

The 1987 Social Committee comprised three prefects, six Seventh Formers and two Sixth Formers. With a Senior Social on 26 March, we were certainly thrown in at the deep end. However, thanks to Jason Chisholm's large array of audio equipment, we were able to begin the social year on a very successful 200 decibel note, without needing to enlist any outside help.

A faithful core of industrious members boogied its way through the shy separation of the Thirds, the supposed sophistication of the Fourths and the clam-like clutches of the Fifths, right through to the "high-spirited" craziness of the Seniors. Often at the second of each form's two socials, water pistols and torches added greatly to the enjoyment of the Committee, producing some very wet, angry and bedraggled young couples.

The traditional "Icebreaker" was a great night out. "Face Value" featuring an ex-Boys' High student on vocals, provided excellent live entertainment for the large crowd who attended. But perhaps the biggest excitement of the night arose when the support band, "Overdrive" performed. With three Southland Boys' High School students in the group, namely Tim Kitto, Justin Wainwright and Campbell Paterson, plus Nathan Taane and Jason Chisholm, they proved to be extremely popular with the parochial crowd. "Overdrive" later performed at two other socials, which provided them with some highly valuable experience.

The combined schools "formal" on 7 August was a huge success this year, largely due to the extra assistance given by the prefects on several weekend mornings. "Une promenade sur le boulevard" was the theme for the evening and the hall was appropriately decorated. From the foyer it was necessary to walk under l'Arc de Triomphe, past French style bicycles laden with bread and on into the cafe-lined boulevard itself (the hall). Striped canopies overtopped traditional candle-lit French tables, and many shrubs and small trees added greatly to the effect. Although the band, "Happy Daze" could not perform all of the dances which we had practised at lessons, they were very good performers and introduced a modern element to the usually formal evening.

Generally, 1987 was a very successful year for the Social Committee. It served an important purpose by holding occasions where social interaction between the two schools could be held in a relaxed and fun-filled fashion, while also providing an unlimited supply of complimentary popsicles for the prefects!.

Social Committee members were:

Simon Raynes, Nigel Hickey, Jason Stephens, Willy Lewis, Mark McGregor, Hamish Carter, David Lindsay, Mark Scully, Dean Horo, Craig Hall, Craig Stevens.

Library Report

This year had a bad start with no Seventh formers to take up the position of Head Librarian and not enough Sixth formers as Senior Librarians.

This problem was followed by the unfortunate closing of the library to students at lunchtime and intervals after one of the reference section's encyclopaedias went missing. The reference book was never recovered and the library remained closed for the rest of the year.

Not all of the events in the library were depressing however, as there are plenty of juniors and Fifth formers to take next year's senior position and the library purchased a brand new set of the 1987 Encyclopaedia Britannica.

Many new books were purchased in both sections including a great many paperbacks; both science fiction and others. It's a shame though, that boys seem to have dropped the old tradition of donating books to the library before leaving school at the end of their time.

Part of the way through the year we saw a music evening in the library where the musical pupils from Third through to Sixth forms shared their talents and contributed to the informal recital with their parents. This was followed with a supper prepared by the PTA and the evening concluded. The night was a great success and the library hopes to see more of such recitals.

The library was host to numerous staff and PTA meetings as well throughout the year. Also, in the library, were many of the schools debates and other similar projects.

Hopefully 1988 will be equally as good a year as this was in the library.

Report from Music Room

The keyboard laboratory has now become very much a part of the classroom experience, with many boys accomplishing a high standard of performance, and all boys achieving a "hands on" experience.

A new 6th form certificate course with a greater emphasis on performance, and the value of music as a leisure activity was introduced this year. This enabled a greater number of pupils to be involved, although - by use of optional modules - it still allows for students who wish to proceed to the Bursary music course in the 7th form.

We attended a number of public performances during the course of the year. In addition we hosted a visit of the Jackson Duo - Margaret playing violin and Miles classical guitar.

Our pupils in turn provided entertainment at a variety of public functions. These included two, one hour long concerts at NICO, where a number of pupils performed on a variety of instruments, or sang. The Pipe band was well received at assembly performances at Tweedsmuir and Rosedale Intermediate schools. The combined SGHS - SBHS orchestra performed at both senior and junior assemblies at SGHS on 6 May. Later in the year we took three of our keyboards to the girls assemblies to demonstrate their capabilities - a highlight was Brendon Wright's rendition of the Bach Toccata, making use of the Pipe Organ stop on the large keyboard. In addition, David Barson played a flute solo at the Inner Wheel AGM on 6 July.

The Secondary Schools Music Festival on 2 July was well supported by all local schools - our contribution being the Pipe band, combined SGHS/SBHS orchestra. Our pupils also took part in the massed choir, band and string orchestra items.

We began the successful practice in 1986 of holding musical performance evenings, the boys performing to an invited audience of parents and teachers. Two were held this year, a Folk Cushion concert in the library on 20 August, and a music students concert in the school hall on 29 October.

The school had a number of entries in this year's Westpac competition, our successes being mainly in the small instrumental section. Jason Chisholm on a viola was a member of the winning group, the others being from SGHS. The instrumental trio, David Powley - piano, David Barson - flute and James Donaldson - bassoon was placed 2nd. Other groups who acquitted themselves well were a keyboard ensemble which included SGHS girls, a small group from the Pipe Band, and the School choir.

The Senior Prizegiving included items from the Concert band conducted by Mr D. Gallagher and led by Andrew Whelan. This featured a work for band and bagpipes in which the leader of our Pipe Band, Andrew Cole was the soloist. The Senior choir performed and was conducted by Mr R. James and accompanied by Miss M. Black.

3rd Form Keyboard Ensemble

Senior Keyboard

CONCERT BAND

This year saw many senior members leaving during the year, but the gaps were quickly filled by new members from the Junior School.

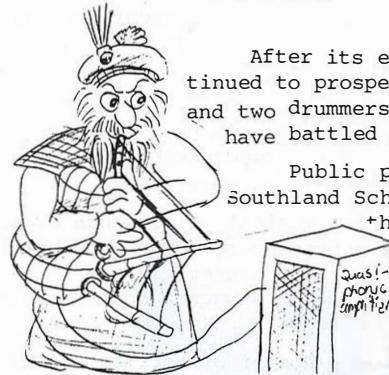

Several Girls' High Musicians joined us in the first term to practise for the combined revue, our first challenge for the year. Thanks to conductor, Mr David Gallagher, the Girls' High members, and the unusually high turnout of our own members for these practices - the school revue was a great success.

The combined band played again at the Secondary Schools Music Festival, following which we returned to our usual format. We played at the schools' Music Students' Concert and at the Senior Prizegiving, with a bagpiper featuring in the band for the first time.

I would like to thank Miss Black and the Band members for the time and effort they have devoted to the band. Also I would like to thank Andrew Cole for soloing on the bagpipes and also above all, Mr Gallagher, without whom we probably would not have a band.

Andrew Whelan

PIPE BAND

After its establishment last year the school Pipe band has continued to prosper in 1987 despite some setbacks. Three senior pipers and two drummers left the school but the few remaining band members have battled on.

Public performances this year have included items at the Southland Schools Music Festival, the Westpac Music Competition, the North Presbyterian Church, as well as visits to Rosedale and Tweesmuir Intermediate schools.

Thanks again to Music Tutors, Messrs Gilmour, Reid, Clarkson and Mouat and to Mr Paris and Miss Black for their help and support.

Woodwind Trio

smaller group once again performed the two traditional folk songs mentioned above; this time conducted by David Powley and accompanied by Julian Kersey.

During October, the choir was once again summoned, this time in preparation for the Senior Prizegiving on 12 November. With a boost in numbers from several keen Seventh formers, the Anvil Chorus from "Il Trovatore" Verdi and "March of the Kings" by Bizet, were both performed very successfully.

To round off the year a group of five Seventh form boys gave their summarised rendition of "Cats" at the Fifth year "break-up".

While not exactly being a breeding group for the Vienna Boys' Choir, singing has certainly developed at Southland Boys' High School over the past three years and full credit must go to Mr James for his choral expertise. Thanks also to Miss Black for the accompaniment which she gave on many occasions.

SCHOOL CHOIR

Following a recent revival in interest the School Choir increased in numbers again this year. On three occasions, audiences were fortunate enough to enjoy the intricate vocal delights of our choral prowess.

A group of sixteen boys, ranging from chirpy little unchanged third formers to the senior members with their booming baritones, took to the stage on 28 and 29 May in the School Revue. Two traditional folk songs were performed - The Water is Wide and Vive l'Amour.

Spurred on by a rapturous reception at this fixture, Mr James deemed us capable of tackling the Westpac Music Competitions on 9 June. The "spontaneous harmonisers" amongst us were weeded out and a

Revue

This year's School Revue was presented in the School Hall on 28 and 29 May and took as its theme the development of radio in Southland. This proved to be a very appropriate and popular choice as it gave great scope for the performers. We were joined by Southland Girls' High School in this presentation and the Revue had a cast of over 100 boys and girls.

The Revue was arranged and directed by Miss M. Black and Mr N. Lawrence with the assistance of a large number of staff members.

A highlight of the evening's entertainment was the Staff Quintet - Messrs R. Carr, R. James, N. Lawrence, N. Paris, N. Riley. They sang "Old Mother Hubbard" and their own version of "The Church's One Foundation" a take-off of school life from a staff members point of view - "The school administration is never put upon", "Our hope and inspiration, one Jack, one Bob, one Ron."

The combined schools Orchestra and Concert Band both acquitted themselves very well. Aunt Daisy proved to be a cameo spot in the show and was performed by Debbie King. Another highlight was a mimed performance of the "Banana Boat" song by Tim Kitto, Justin Wainwright and Campbell Paterson - they had just the right turn of humour.

A group of about 20 boys and girls gave a touch of colour with three separate production numbers; a Country and Western bracket, a Rogers & Hammerstein bracket and a selection from "Singin' in the Rain".

Two humorous sketches were performed - "When I was Young" by a cast of girls and "The Music Teacher" - a Peter Cook and Dudley Moore sketch by Mr N. Lawrence and Mr N. Paris.

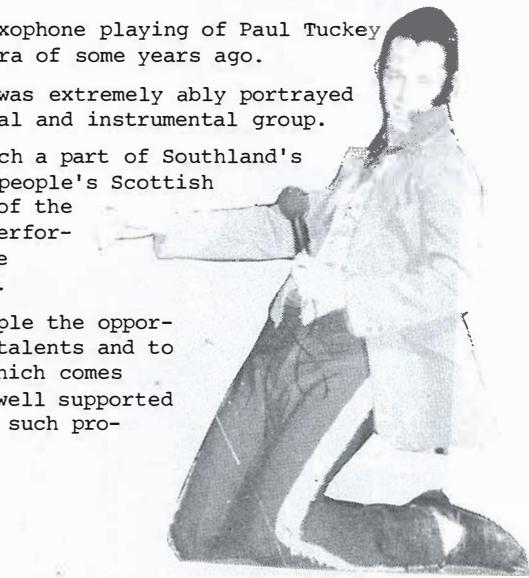

The Southland Boys' High School choir, under the conductorship of Mr R. James, performed well and "The Sound Machine" - a group of synthesisers and electronic keyboards played by girls and boys conducted by Miss M. Black gave an electronic touch to the evening.

The Jazz Group which featured the saxophone playing of Paul Tuckey gave a glimpse of the very popular jazz era of some years ago.

Elvis Presley was not forgotten and was extremely ably portrayed by Simon Raynes, securely backed by a vocal and instrumental group.

Not often heard on radio but very much a part of Southland's musical background was the music of many people's Scottish forefathers, the Pipe Band. A highlight of the Southland Boys' High School Pipe Band's performance was the lighted stick display by the tenor drummers, performed on a dark stage.

The Revue gave a large number of people the opportunity to use their musical and dramatic talents and to enjoy that special sense of camaraderie which comes from such productions. It was extremely well supported by the public and we look forward to more such productions in the future.

Debating

Back row: David Lindsay, Ian Forrester, Mrs Drayton, Steven Early, Bevan McWilliam
Front row: Ewan Kubrycht, Craig Donaldson, Clinton Dunner, Paul Calvert

Debating successes in 1987 have not proved to be world shattering but debating has been marked by the courage shown by speakers debating for the first time, very evident improvement by some "old-timers", sheer hard work and the ability to smile bravely as results went against us.

It all began on 18 March. The school team of Steven Early, Bevan McWilliam and David Lindsay prepared to do battle with Southland Girls' High School arguing "That the pen is mightier than the sword". Southland Girls' High School were declared winners but the mark sheet added up differently. After a period of uncertainty, both teams were promoted to the second round of the Westpac Competition.

In the second round, this same valiant team argued the negative "That the farmer does more for N.Z. than the politician". Not one of the James Hargest High School team managed to speak for her allotted ten minutes but they still beat us 340/333. At least this verdict ensured the safety of the two farmer's sons in our team on their return home."

The school team fared little better in the interschools. Kings High School successfully defended the affirmative of "That the street is better than the meadow". Otago Boys' High School proved "That violence had a place in entertainment". Was this a warning for the rugby match in the afternoon?

Steven Early was not able to travel to Timaru Boys' High School and Ian Forrester took his place. The school team's preparation and closely integrated argument "That this is the me generation" resulted in team work marks of Southland Boys' High School 35, Timaru 23. However even with this margin, success was not to be ours and Timaru won 249/248.

Some honour was salvaged against Waitaki Boys' High School. The gentlemen in our team, with Mrs Drayton as coach, managed to negate the topic "That woman should step down from her pedestal". The Bridegman Stubbs trophy now stays at Southland Boys' High School for the year.

Two school teams, Neil Fraser, Richard Lucy and Jason Smith; Craig Donaldson, Clinton Dunner and Paul Calvert took part in the local competitions. Both teams competed valiantly arguing "That royalty is needed" but unselfishly allowed Aparima and the other competitors to continue in the competition while they returned to their studies!

The Staff/School debate took place at the PTA Speech Debate evening. The school was represented very capably by a Sixth form team: Craig Donaldson, Ewan Kubryct and Clinton Dunner. The 27 June bulletin says it all.

"PTA SPEECH DEBATE EVENING"

1. Staff v School Debate - Despite brilliant argument, great team work and some virtuoso song and dance, the staff were beaten into 2nd place by the School Debating team last night.
 2. Students Annihilate Staff - In a vigorous and fast-moving debate, revolving around the subject "Youth is wasted on the Young", the Student Debating team verbally conquered their opposing weak argumented staff who bravely but unsuccessfully tried to enforce the affirmative but had no chance when the resounding applause of an enthusiastic audience voted for the strong negative student argument.

Korimako Speech Contest

On 24 July the Korimako Speech Contest, Otago/Southland Regional Finals were held at Cargill High School.

Quinton Taipari of 4ES and Joseph Ruston of 5LS were the entrants for Southland Boys' High School in the English speaking sections. Although neither won their section, they spoke so well they were invited to form part of the group travelling to Tauranga to support the regional finalists, all of whom were from Invercargill. Accommodation at the Judea Marae was shared with pupils from Wellington High School and schools from the Nelson/Marlborough region.

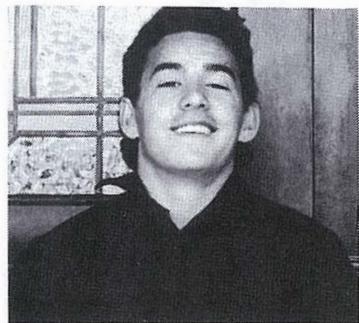

At 10 a.m. on 24 September all the groups from throughout New Zealand were welcomed on to the Maungatapu Marae, followed by the official opening at Baycourt at 12.30 p.m. and then the contest.

The first two sections were the Te Rawhiti Ihaka (Junior Maori Speaking) and Korimako (Senior English) sections. The following day saw the last two sections, Pei Te Hurinui Jones (Senior Maori speaking) and Sir Turi Carroll (Junior English) sections.

After all the speeches were finished the awards and trophies were presented. All the speeches were of a high standard and the Judges had a very difficult task to choose the winners. George Ngatai of Kingswell High School was placed second in the Senior Maori speaking; much to the delight of his Southland support group.

Quinton and Joseph returned to Invercargill both enriched by their experiences as part of a major Maori Hui.

Maths Day

"Maths all day. Yuck!" Such was the reaction of many boys when first told of our Maths Day. However by the end of the day most boys had changed their minds as they discovered some aspects of maths which they had not met before.

The day consisted of seven sessions that included such things as music, P.E., science, orienteering, making hexaflexagons, probability and measuring the speed of sound. The seventh session took place in the hall where one boy from each form participated in a free-hand circle drawing competition. A rather noisy affair, it was enjoyed by all and the winner was David Nichol of 4WS with a near perfect circle.

Both staff and boys enjoyed themselves and will look forward to another Maths Day next year.

Reading Day

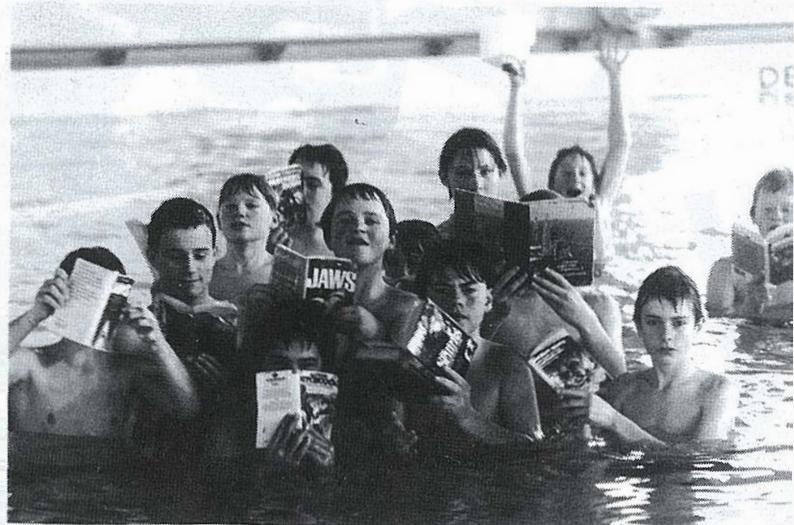

Reading week was held in mid July.

All boys were encouraged to bring a book to read in silence for 10 minutes each period.

The aims of the week were to promote reading, the sharing of good literature and to stimulate interest in books.

The accompanying photos are testimony to the success of the week, when reading supercedes water sports . . .

Junior Drama Day

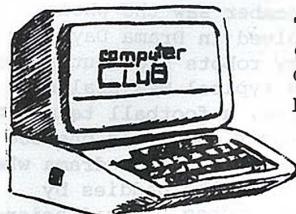

Monday, 7 December saw the whole junior school involved in Drama Day. We were entertained by robots from outer space who wanted to be a typical New Zealand family and drank tea, a football team who wanted to please their coach and cheated so they could win and a hostage drama where a lady PE teacher beat the baddies by wielding her hefty handbag. A mad scientist, the Mafia and a film crew (or were they really smugglers??) were very much in evidence, while skits and poetry kept the interest level high. The school has a large number of highly skilled, very talented boys, both on stage and behind the scenes.

Much of the material was written by the boys themselves and this added to the fun. Thanks are due to all the staff involved especially the co-ordinator, Mrs Edwards.

CLUBS & ACTIVITIES

Computing

The Computer Room was in use by pupils for about 50% of classtime. This included the new 6th form class, Computer Craft, English, Maths, Commerce and Science. In most cases, pupils responded with enthusiasm and pride in their work which was satisfying to them and their teachers.

With the gradual addition to the software available, we expect even more use to be made of the machines.

Because of this increased use, and because of the new Computer Craft course, the computers were not normally made available to pupils during lunchtimes and after school. This was regretted but necessary if proper use was to be made of the machines during classtime. Despite this, on many of these occasions pupils were able to complete class work.

Form 7 Cooking Class

This year, the 7th form cooking class made an enthusiastic start to the year with five of the enrolled eleven members attending. This number snowballed to an astonishing six during the year when work circulated of the gastronomic delights that were being created in the humble recesses of the school canteen. Of these were the delicate pineapple pavlovas, the myriad of meat dishes, cakes worthy of a connoisseur, as well as, of course, the odd David Lindsay disaster. Memorable moments include the small blaze in an oven during the making of caramel scones, the scraping off of a banana cake that was incredibly stuck to a "non-stick" surface, as well as the end of year banquet that was the year's highlight.

Some quotes from the year include:

- Paul Metcalfe: "I don't want to panic anyone, but..."
Dean to Bevan: "The great fire of London started just like that Bevan"
Andrew Whelan: "I'll supervise!"
Dean West (while rolling out pastry): "It's all in the wrist action..."
Grant Ryan (after making wontons): "As flies to wonton boys..."
David Lindsay: "Oh! did I miss doing the dishes? Oh! shame shame!"
Bevan McWilliam: "Don't look now David but I think something just evolved from your banana cake."

Some of our gourmet specialities included:

- David and Grant: Banana cake pate
Bevan: Scone flambe
Dean and Andrew: Apple square a la leprosus boils

None of this would, of course, have been possible without the supervision of Mrs Pask to whom we give our warm thanks.

Bevan McWilliam and Dean West

Radio Club ZL 4CT

Only towards the end of the year did long distance radio communication start to improve after a quiet few years. A small group of boys listened and spoke to overseas amateur radio operators once a week after school. The number of contacts made this year and their countries are listed:

- 12 contacts in Australia
- 3 contacts in U.S.A.
- 2 contacts in U.S.S.R.

I.S.C.F.

Under the leadership of Mr Rout and Mr Paris, we met every Thursday lunchtime from the beginning of the year, and a few met every second Tuesday in a smaller cell group as well.

During the second term both Messrs Rout and Paris had to pull out of their leadership roles because of other commitments, and we had to begin looking for teachers to take over where they left off. Although lacking the experience, resources (and admittedly, finances) of supporting staff during this time, we managed to struggle to the end of Term II.

In Term III, new faces brought new ideas to the group. Miss Black and Mrs Edwards volunteered to help out for what was initially a few weeks, but now Mrs Edwards will be taking on a more permanent role, and will be helping out next year.

Highlights of the year were a visit by Mike Wilson (YFC Co-ordinator, visits to and from Girls' High, and a visit by four members of Y-1 1987.

Visitors to the School

G'day, I came over here as a Rotary Twin Exchange Student to learn more about New Zealand, to see another culture and to meet people different from any people I'd met before. I believe that I did all that and had a lot of fun as well! I met a lot of interesting people and saw more of New Zealand than most of the people in Australia ever will and I also learned what it's like to go to a single sex school. I learned what it's like to have rain every second day and I played my first game of Rugby Union.

I'd like to thank all you guys who helped me and the teachers who helped me as well. I recommend this scheme to anyone who gets on alright with people and who wants to learn. It's a really great experience as I said before so "Go for it".

Andrew Lloyd (Aussie)

To everyone at Boys' High, thanks for all the great times I have managed to spend with a lot of you over the last four months!

I was able to come to your school through the Rotary club's twin Australia/New Zealand exchange programme. That is, I saw an ad in the paper for it, applied to my Rotary club, and after a series of interviews, I was selected to come to Kiwi-land. I was then matched up with a Kiwi who basically had the same interests as me, who goes to Boys' High, which is why I go to Boys' High too. After Brent stayed with me for four months in the great land of OZ, I finally got here on 5 May to spend a term at your school.

I come from a place called Merimbula, 3,000 population on the far South Coast of N.S.W. I live 100 m from the beach, and in summertime it is very hot and the tourists flock to the town, usually 20,000 Victorians!

I go to Eden High School - the only high school where I live! I travel half an hour on a bus each morning to Eden, and it is a co-educational school! When I came here I was surprised to find that everyone wears the same clothes - even down to the shoes - as everyone else!

You would be lucky to find half of my school bothering to wear a uniform on any day of the week. I had never seen a schoolboy wearing a tie before coming here either! So wearing your uniform and coming to a place where there are no girls and strict discipline has been a massive change in my lifestyle!

There are about 15 other Aussies from Christchurch down here, and we all went on a trek away to Queenstown - on the shotover jet, up the West Coast and to Fox Glacier - then to Christchurch where we had a lot of fun! Our exchange group has also had a weekend skiing at Coronet Peak, and a camp at Berwick Lodge in the forest hills out at Dunedin airport which was fantastic!

If anyone wants to go on one of the exchange trips - don't hesitate. They're fantastic! You learn far more than you would sitting at school, you meet new people, see plenty of sensational new places and have a lot of fun. Hopefully I'll be coming back soon to this bonza Kiwi place! From your Aussie mate.

Congratulations SBHS on coming 2nd in rugby!

Workshop Technology

Our orienteering finished, we relaxed with a gentle game of rugby league. We were then called inside and we lined up eagerly hoping for a solid meal but our hopes were soon dashed as a sea of brown, round imposters calling themselves sausages was slopped onto our plates. We inquired as to the origin of these curious objects, no one was quite sure.

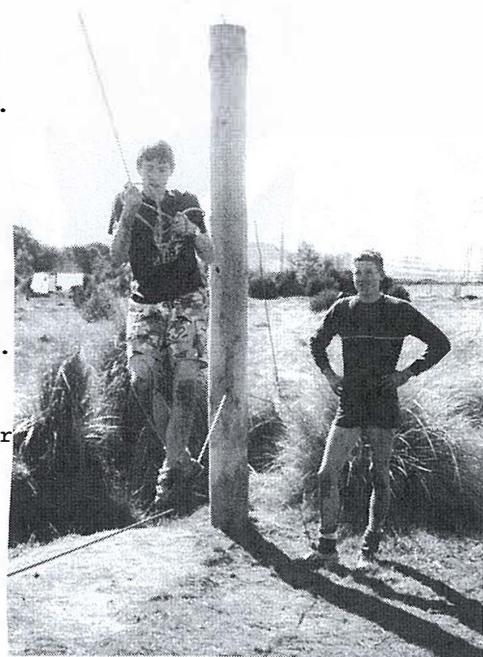

The next day the morning was spent on the confidence course and climbing wall, the afternoon, taking a compass course through dense untracked bush. There was also a search and rescue exercise where a person who had supposedly broken his leg was finished off with a drag through the bush on a make-shift stretcher. The day ended with a sort of mince meal, we think.

The next day we set off for Out Camp. After one hour our packs felt twice as heavy. After another hour we were all ready to die but we kept going for 2-3 hours in the bush. Three hours on the road in blistering heat on blistering feet had taken its toll on us all by the time we arrived. We pitched our tents, lit our fires and cooked a much needed tea. Some fires were used more than others as many didn't burn at all.

Spirits were high as we lugged packs, that felt light, from the school buildings to the bus. It was then that home sickness set in.

After a couple of rowdy hours on the bus we arrived at the Clifden Caves, and as usual the Southland weather tried its best to get us wet. We donned parkas, turned on our torches and entered the forboding subterranean labyrinth, it was wet but easy going until the Cauldron appeared around a corner. This chilled our blood as we thought back to earlier expeditions when certain teachers had slipped from the narrow and slightly submerged ledge into the icy waters while students cheered for the water's victory. After slow progress, all we cavemen who had conquered the obstacle waited in eager anticipation of seeing a friend or teacher go into the frigid pool. The cave's end soon came and we were away again, our destiny Borland Lodge.

On arrival we were sent to our chalets to fight for the top bunk. Once unpacked and having completed several raids on each other's cabins for precious items such as tables, chairs, insect repellent and food, we went to the conference room. We were given maps and compasses and pointed towards dense bush, the teachers hoping we would never be seen again.

The nights were cold, as we were just below the snowline. We woke to frozen ground and frozen shoes and socks. This was rectified by placing them in billies over the fire.

We then had breakfast and filled a pack for every five people with parkas and lunch and set off for a one day expedition up to snowy saddle.

The walk soon became more exhilarating as we climbed sheer surfaces, well almost, dodging falling rocks and classmates. We soon arrived at the saddle covered in two feet of snow. The view was worth the effort we had made. We made our way back to camp and prepared tea.

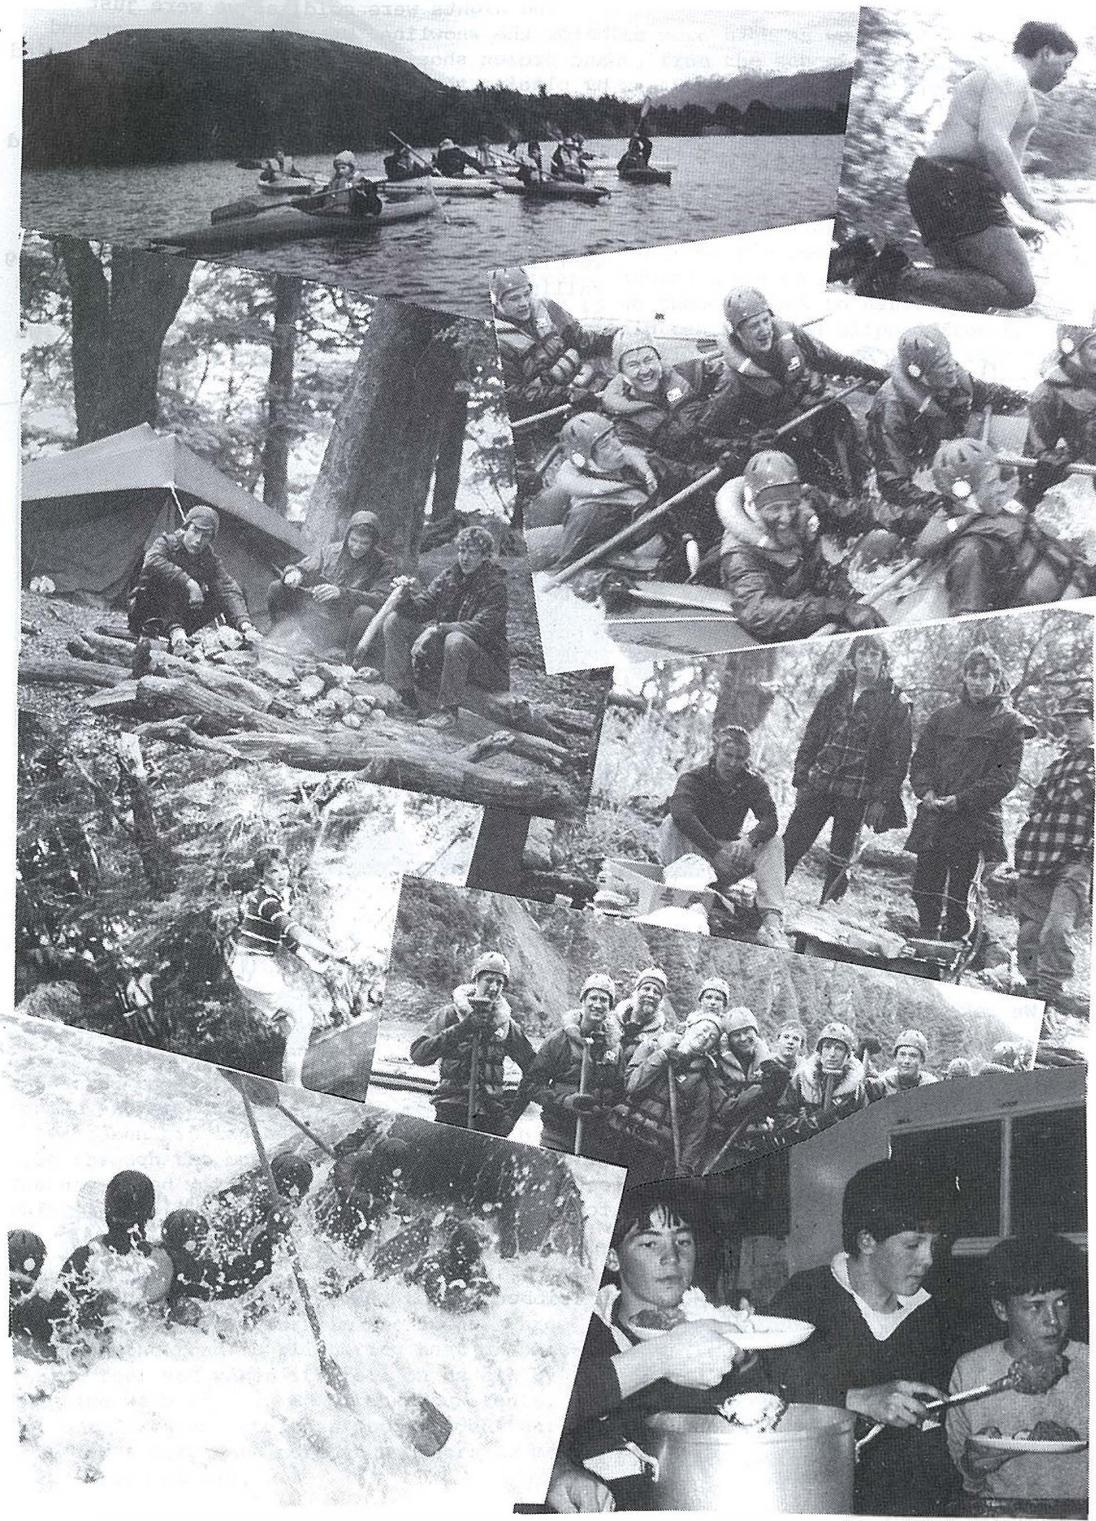

That night we composed our camp song which is, we are afraid, unprintable.

We woke early the next morning, in fact, packed up our gear and set off straight down the road this time to Borland Lodge. Three blisters later, we arrived. We passed time sunbathing until the bus came to take us home. Spirits were just as high but noise level wasn't. We compared B.O. and ate the last remaining junk food. We were pleased to return to our comfy beds after lying for days on hard insulation pads. All in all it was a great camp!

Camps

Was there a message here? Last year's camp to Glenorchy attracted over 50 students, but then again it was held in term time. This year the camp took place after the school year ended for the 6th formers and only seven enthusiasts plus two staff ventured forth. With only nine bodies seeking seats, a bus was out, a mini bus too. No matter, Mr Sarson's mighty maxi would again prove how an Empire was won. Ewan Kubrycht somehow managed to talk his parents into letting him take their car as well. Had they known beforehand it was also to tow a trailer, attempt to climb up to the scheelite mines on Mt Juda and transport the rafts up the Rees River, they might not have been so generous.

We camped again on the island near the Dart Bridge. Mr McKamey attempted to catch a last fish before returning to the USA and Lee Sarson and Vance Pritchard floated down the Dart on inner tubes to avoid the sandflies. At night around the campfire the gang of four regaled staff with horror stories of the running of the school and all refused to believe Mr Sarson's explanation for the time it took him to climb Mt Juda - he only comes into his own above 15,000 feet and therefore he was just ticking over. With Mt Juda being only 5,500 feet high, it seemed a safe statement.

A quick dash up to the Harris Saddle between rainshowers and a dry night spent in a rock cave seemed mild stuff when compared with bolting down the Rees on inner tubes and finally, on Saturday, a trip down the lower Shotover Gorge with one of the rafting companies. This made for a memorable finale to a good trip.

Skiing

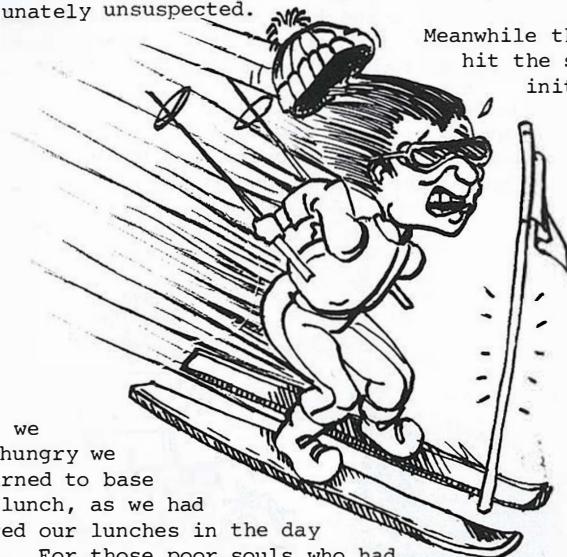

This year SBHS organised several ski trips and skiing has become a popular sport with many students. The first of such trips is described here.

The snow-covered slopes were rampant with skiers from SBHS, on the first of several ski trips to the Coronet Peak Ski Resort.

The arrival at the skifields was heralded by shouts of joy, whether in anticipation of the thrills that lay ahead or for the relief that the bus had made it up the mountain in one piece, we know not.

After getting off the bus, we collected our ski passes and rental equipment and set off for the slopes. Most of us being novices, we took ski lessons with the highly trained and charismatic ski instructors such as Lisa. With the lessons over, we took to the slopes and the danger that we presented for the skiers below us was fortunately unsuspected.

Meanwhile the more experienced of our members hit the slopes, backsides first. After the initial problems, we quickly gained our snow legs and the rest of the morning was full of action-packed excitement down the many challenging slopes.

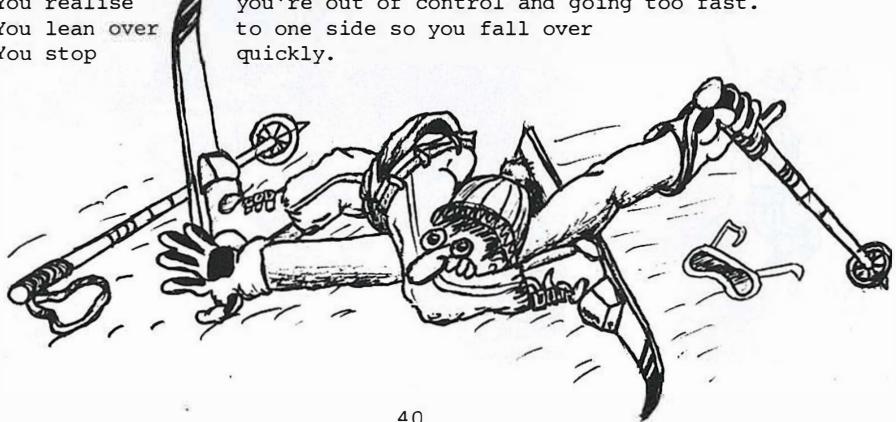

When we got hungry we returned to base for lunch, as we had stored our lunches in the day room. For those poor souls who had forgotten their lunches, the only alternative was to wait in the seemingly endless queue at the makeshift canteen, as the main canteen wasn't operating following the recent fire.

The afternoon was a continuation of the morning's activities, but with the novice skiers gaining more confidence and tackling the more difficult slopes, that trusty standby - the speed stop - was beginning to be used more and more frequently.

1. You realise
2. You lean over
3. You stop

speed stop - was beginning to be used more and more frequently. The speed stop consists of three easy steps. you're out of control and going too fast. to one side so you fall over quickly.

At 4 o'clock the chair-lifts stopped and shortly after a troupe of bruised, battered, wet but cheerful fifth formers proceeded to the Vincent Ski Club hut which had been rented for the duration.

There, those of us with the energy, unpacked our gear and began the Great Snowball Offensive of '87. A few of the more adventurous types rummaged through the refuse of the resort hoping to find a suitably large piece of cardboard for a makeshift toboggan. The most adventurous of them all managed to "borrow" a real toboggan from one of the other ski huts. Unfortunately, he had underestimated the speed and before he knew what had happened, he found himself halfway down the mountain and spent the rest of the evening hiking back up to the resort.

Back at the ski hut, while waiting for tea, the main pastime was taking turns reading a Donald Duck comic found in the ski hut common room, although one person read his physics textbook from which he seemed to derive much enjoyment, judging by the chuckles. I wonder what was inside that textbook? Tea was quickly consumed by the ravenous rabble. Then the bedding was set up, stretchers everywhere which made the hut look like more of a refugee camp than anything else.

The next morning's skiing held no great surprises, there were the usual number of battered bods by lunchtime. The afternoon was a different matter altogether. First of all, there were the somersaults performed while getting off the ski lifts by David Barson. Morton Syme's Guide to Suicide by slitting your wrists with your skis, and kamikazee ski lessons given by Neil Lawrence and Glen McMurdo. Neil ended better off with having one ski instructor, one teacher and several companions to his name: Glen with one Jane Doe.

The day came near to ending and we left the slopes and the other skiers in relative safety, freed at last from our reign of terror.

The afternoon's entertainment over, we loaded the bus and left for the Queenstown Medical Centre where Morton Syme received the necessary attention, although his state wasn't helped by the doctor shaking Morton's injured hand! While this happened we were let loose upon the town to seek our tea; Queenstown will never be the same.

On the trip back we nursed our bruises and swapped horror stories. A thoroughly enjoyable trip on all accounts.

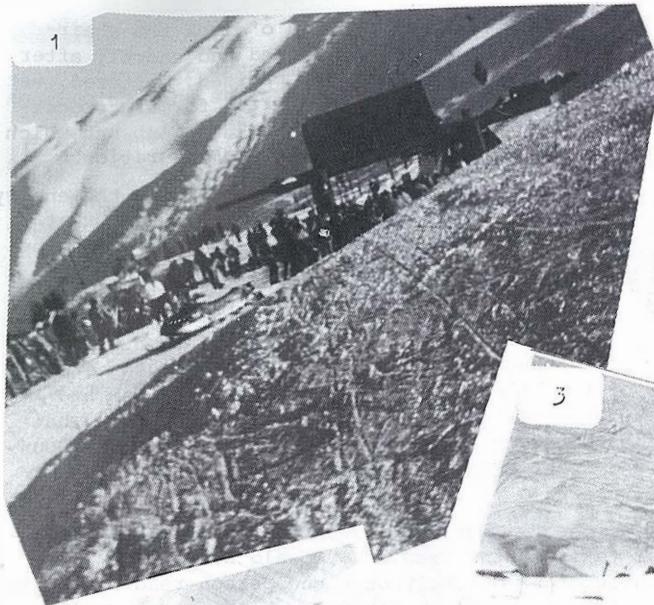

Thanks to Mrs Lyness and Mr Boyd for organisation of fundraising and supervision.

Grant Howden and Anthony Mason

OCTOBER SKI TRIP

This year in October the school took three bus loads of keen and budding skiers to the Remarkables ski field. The day was clear and extremely sunny and the snow was excellent which, collectively, made for a great day's skiing. With most of us never having skied before, it was a great chance to try it out, and after a morning's lesson everyone was skiing confidently over the mountain. The day was so successful that another group went up in October. Although the snow wasn't as good, the day was just as enjoyable.

Thanks to Mr Sarson for organising the trips and thanks to the teachers who gave up their weekend to accompany the groups.

Spirit of New Zealand

A chance of a lifetime! That is the only way to describe this voyage on "The Spirit".

I was fortunate enough to be chosen to go on Voyage 017 which departed from the overseas terminal at Lambton Harbour, Wellington, on 7 April.

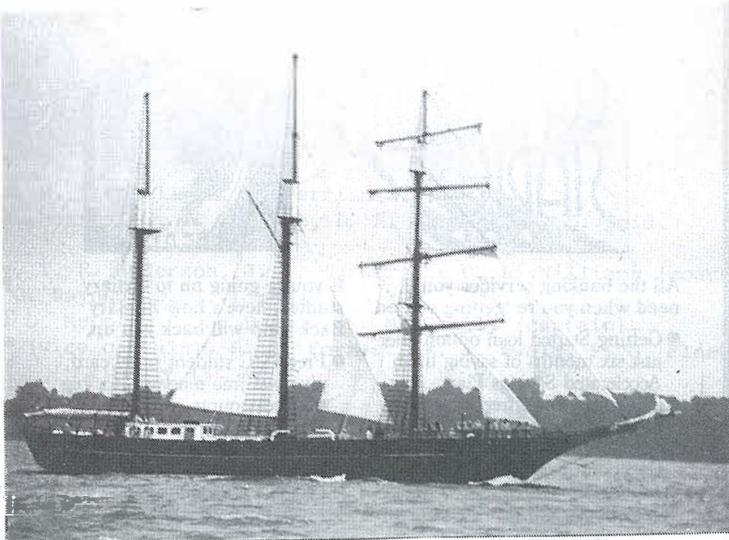

I was the second last trainee to arrive so all the other trainees had already been about the ship and learned all the rigging plans.

"The Spirit of New Zealand" was launched in 1986 on 24 February. Its overall length is 37 m and it has 14 sails that cover an area of 686.5 m². Also it has a 250 hp engine with top speed around 9 knots. While under sail top speed is about 13 knots.

Once I arrived I dropped all my bags and put on a harness and was sent to the top of the foremast and on to the yards. The foremast is 29 m high so I had quite a good look about.

Once the last trainee arrived we were organised into groups of 9; either called Starboard A or B and Port A or B. There are four groups each with nine in them. "The Spirit" has 36 trainees - 18 girls, 18 boys and about another 11 crew.

Each morning we were woken at 0600 hours and had to have a swim from bow to stern. After that we had breakfast at 0700 hours then at 0800 we had "happy hour" when each group got a part of the boat to clean making it spotless. Once everyone had been checked by the First Mate, we were allowed to sail, learning about the sails we were looking after with our group.

We crossed Cook Strait into Marlborough Sound and sailed up Queen Charlotte Sound and also went to Picton and Anakiwa where we spent a day at the Outward Bound course.

Once out of Marlborough Sound we had a non-stop sail to Napier, each group having a watch. Our group, Starboard B, were put on the "graveyard watch" which is from 2400 to 0400 hours. We had four hours on, eight hours off.

On this voyage I met many people and made firm friends. As the only one from Southland, I learnt a lot about where the others came from and in exchange told them about my province.

We arrived at Napier on the 16th and that night we had awards given to each trainee - a certificate to say we had completed the Voyage No. 017.

The experience is one I will never forget and it is certainly one I will always treasure. I thank the school for giving me the opportunity to go on this unforgettable trip.

Rugby 1st XV

Captain: Mark Scully

Coach: Mr C. Williams

1987 proved to be an outstanding season for the 1st XV. For the first time the team competed in the Trust Bank Top Four Competition, in which it was one of two teams representing the South Island. The team performed with distinction, being runners-up to St Peters (Auckland) in this competition. This was an excellent achievement as this year's team had only three capped players from last year's team. The side was therefore very inexperienced at top-level age group rugby, but overcame this inexperience through sheer determination, commitment and application.

The 1st XV again played its club competition in the Under 20 grade. This year the U/20 competition was a very strong one indeed, and the school had a disappointing start, with two early losses.

However, the team improved considerably as the season went on, and gained itself a place in the finals against unbeaten Invercargill. In a thrilling final, SBHS defeated Invercargill 22-21, to win the U/20 competition.

The interschool season proved to be very rewarding as well, as the team remained unbeaten with wins against Waitaki BHS, Kings HS, Timaru BHS and a draw against Otago BHS.

Much of the team's success can be attributed to the superb coaching of Mr Williams, whose dedication, enthusiasm and knowledge have been a decided asset to the side. On behalf of the team I would like to convey your sincere thanks to Mr Williams and also thank the parents and supporters for their support and encouragement throughout the season. I would also like to pay a special tribute to all team members for the wonderful team spirit they developed which helped to make this such a memorable year for us all.

1ST XV PEN PORTRAITS

Mark Scully (1st five-eighth and captain)

- A formidable 1st five-eighth because of his all-round ball skills, his strength and competitiveness. Led by example and showed that he has the ability to motivate others. Had a grand season and has a promising future in the game. Needs to concentrate on the "torpedo" style goal kicking. Must stay on.
- Outstanding attacking player, who created many chances with his well-timed runs. Enjoyed an excellent season. Useful goal-kicker.
- Exceptionally quick. Found his position on the wing. Proved to be an elusive runner who was hard to stop. Match-saving try against Otago BHS.
- Developed throughout the season. Used his pace well. Scored many good tries. Should be a decided asset to the team next year.
- Moved into centre during season from wing. Adapted well to new position. Proved to be a devastating tackler in mid-field. Always gave 100 per cent.
- Had a good season. Made the 2nd 5 position his own. A good distributor of the ball and solid tackler. The team will be looking for big things from Lance next year.
- Second year player who was unfortunately hampered by injury. A solid tackler who had a stabilising effect on the backline. Outstanding game against Waitaki BHS.
- Developed into a solid distributor of the ball. Improved during season. Should work on lengthening pass and kicking from base of scrum.
- Strong player who used his size and strength well on occasions. Tended to play in bursts. Hasn't reached full potential. Has the ability to have a big season next year.
- Lacked a little pace but made up for it in the tight. A determined player who always gave his best. Gained good line-out ball at the back.

Simon Forrest (Fullback)

Simon Raynes (Wing)

Chris Deacon (Wing)

Mark Perriam (Centre)

Lance King (2nd five-eighth)

Julian McColl (2nd five-eighth)

Paul Fleet (Half-back)

Robert Mitchell (No. 8)

Jim Turner (Flanker)

- Jason Enright (Flanker)
- One of the fittest players in the team. Always first to the loose ball. Should work on tackling for next year. A good asset for next year's team if he develops more strength.
- Tim Anderson (Lock)
- Had a good season. Always gave his best. Secured good line-out ball. Hard worker in the tight.
- Bevan Ellis (Lock)
- The team's main ball-winner. Enjoyed an excellent season. Dominated most opponents both in the tight and around the field. Good asset next year.
- Nathan Stratford (Prop, Vice Captain)
- Had a big job this year being the only capped forward. An excellent scrummager and mauler. Was the driving force behind the pack. Dominated in set-pieces.
- Craig Hall (Hooker)
- Developed into a top-class hooker. Good striker of the ball. Throwing into the line-out was very good. Very competitive around the field.
- Sam Hazlett (Prop)
- Improved considerably during season. Became a very formidable scrummager. Surprised many bigger opponents.
- Andrew Barker (Five-eighths)
- Had very few chances. Took his chances well. Possesses good skills. A good asset to next year's team.
- David Lindsay (Flanker)
- Always gave his best. Good tackler and high work rate.
- Jason Munro (Flanker)
- Solid player. Could always be relied on. Good game against Waikiri.
- Doug Reid (Prop, Hooker)
- Very few chances. Very dedicated. Should be a good asset next year.
- Robbie Swale (Flanker)
- Very fit. Turned in some good performances. Often outplayed bigger opponents.
- Andrew McLeod (Prop)
- Developed into good scrummager. Unfortunately left during the year.
- Jamie Findlay (Flanker)
- Fast and mobile player. Had few chances. Good line-out forward. Should look to put some weight on for next year and will be a good asset.

1st XV Interschools

v Otago BHS

This year OBHS had a very strong team. They started out very well and SBHS trailed 7-0 early on. The half-time score was 11-4 after S. Forrest had scored for SBHS. In the 2nd half the SBHS team played magnificently to comeback and take the lead 14-11 through an excellent try by S. Raynes. However, with two minutes to go Otago kicked a penalty to draw the match 14-14.

Scorers for SBHS - S. Forrest, S. Raynes tries; S. Forrest, 2 penalties.

v Kings HS

SBHS turned on a solid performance to defeat Kings HS 17-0. Early tries to C. Deacon and M. Scully gave SBHS a 10-0 lead at half-time. SBHS kept their dominance through the 2nd half, through a try and penalty to S. Forrest to win the match convincingly.

Scorers for SBHS - C. Deacon, M. Scully, S. Forrest tries; M. Scully, con; S. Forrest penalties.

v Waitaki BHS

In possibly the side's best performance of the season, SBHS defeated Waitaki 25-6. Despite reasonably wet conditions, SBHS managed to play open and attractive rugby which was reflected by the fact that all tries were scored by the three-quarters. This was a very satisfying result after last year's loss to Waitaki.

Scorers for Southland BHS - C. Deacon, L. King, S. Forrest, S. Raynes (2) tries; M. Scully penalty conversion.

v Timaru BHS

In a disappointing performance SBHS defeated Timaru 17-12. The side played well at times, but basic mistakes at vital times cost the team more points. Chris Deacon had a good game scoring two tries on the wing.

Scorers for SBHS - C. Deacon (2) tries; M. Scully conversion, S. Forrest penalty.

2nd XV RUGBY

Captain: Dean Horo

Coach: Mr Baldwin

The 2nd XV rugby team once again was fortunate in having Mr Baldwin as its coach for the 1987 rugby season. With his enthusiasm and dedicated coaching our team came second in the local Town Under 18 competition.

With only two players back from the previous season a new side had to be built. With perfect performances against Cargill, Verdon and Hargest in the earlier rounds, we found ourselves against a huge Blues side in the semi-final. Using ideal tactics and teamwork we beat Blues 21-0. In the final against Verdon however, nothing went our way and despite a sterling effort we lost 18-12.

Our interschool fixtures brought mixed fortunes with a loss to Otago Boys' 16-6 but a win against Waitaki in the mud 7-0. On both occasions the forwards dominated.

Our congratulations go to N. Stratford who gained selection in the Southland and South Island Under 16 team.

UNDER 15 OPEN RED

Captain: A. McStay

Coach: Mr W. Richardson

The team improved throughout the season and always played as a team and not as individuals. This team work paid off as we finished the competition third. This success was mainly due to the skilled and patient coaching of Mr Richardson and the team thanks him for his time and effort. Also the team will remember the skills Mr Richardson has taught us.

The team: A. McStay (captain), Q. Hicks, P. Fleck, T. Taylor, D. White, P. Honeywill, B. Millar, D. Curry, A. Henderson, M. Anderson, S. Mason, M. Lawrence, B. Cooper, W. Wilkes, M. Harrington, D. Rutherford, J. Yates, D. Reid, H. McKenzie.

UNDER 16 OPEN BLUE

Captain: Q. Strang

Coach: Mr J. Dickson

At the start of the season we had a rugby team ranging from 3rd formers up to 5th. The first game of the season was against Cargill Blue. Beating them 26-4, we went into the match against the other Cargill team that next weekend, confident. We went down to them 10-0. The rest of the season was steady, the team only losing two games. I think the highlight of the season was beating Cargill Red on Rugby Park. Beating them 4-0 put us at the top of the competition only to lose to them again a few weeks later, relegating us again to second place where we ended the season. Congratulations to Cargill for the effort. The team wishes to thank Mr Dickson for his time and effort and for sticking with us the whole season.

The team: M. Arnold, M. Brice, R. Broomhall (VC), J. Burgess, K. Brown, A. Campbell, S. Dermody, R. Faiva, J. Goodman, R. Goodwillie, P. Kapo, M. Kapo, P. King, J. McDonnell, R. McNamara, R. Nicol, Q. Strang (captain), T. Smith, C. Taipari, Q. Taipari.

UNDER 16 OPEN RED

Captains: All but C. Wilkes and P. Caughey

Coaches: Mr Welsh and Mr Hamilton

We had a very unbalanced team this year with only a few backs and far too many forwards. Because of this many of our forwards were turned into wings and fullbacks. We began the season poorly with a few heavy defeats but gradually improved to be a far stronger team near the end of the season.

Special thanks to Mr Welsh and Mr Hamilton. Thanks also to Mathew Edwards, Tony Stewart, Craig McKinnon and David Sim for their time and effort in helping the team by playing for us. Also thanks to Neville Gawn whose incredible fitness enabled him to play for his team as well as many others.

The team: G. Dalhousie, C. Wilks, T. Stewart, M. Edwards, C. Deacon, P. Nanai, J. Hall, G. Murrel, P. O'Sullivan, C. McKinnon, D. Sim, G. Hamilton, M. Lindsay, N. Gawn, R. Connors, D. Bartley, A. Watson, R. Dickson, R. Oosterbrook, P. Caughey, B. Robinson, S. Robinson.

UNDER 16 RESTRICTED BLUE

Coach: Mr A. Bailey

The team's very successful season was due to a tall, mobile forward pack and fast backs that ran the ball at every chance so we ended up an easy 1st place in the local competition, miles ahead of the second place team. Our thanks to Mr Bailey who put a lot of time and effort in the team.

Results: Played 13, won 13, points for 456, points against 22.

The team: D. Lowe, C. Brazier, G. Hamilton, H. Learmouth, A. Smith, J. Henderson, D. Fleet, C. Sim, M. Hazlett, B. Beker, K. Taane, D. Tapp, S. Dunlop, J. Soames, B. Corbett, W. Jones, M. Turner, P. Cass, T. McCallum.

UNDER 16 RESTRICTED RED

Captain: G. MacIntosh

Coach: Mr Ward

The team played strongly from the start of the season, winning most of their games. We had a strong mobile forward pack that liked to run the ball hard at the opposition. The backs led by Tristan Dawson were strong runners once they got into their stride. Our half-back Aarron Geange was a great asset to the team not only running with the backs, but being able to lead the forwards with great determination.

As the year wore on the team seemed to lose their hearts in the game and their determination seemed to be lacking.

Players to stand out: Tristan Dawson, Aarron Geange, Scott Blanch, Gavin Hawke, Jason Watkinson and Glenn MacIntosh.

The team: Jonathan Cowie, Wayne Sangster, Jonathan MacAskill, John Hanlen, Stuart Harrington, Matthew Burke, Glenn MacIntosh (captain), Matthew Richardson, Scott Blanch, Gavin Hawke, Phillip Diack, Aarron Geange, Nigel King, Watson Mortimer, Tristan Dawson, Jason Watkinson, Malcolm Price, Hayden Anderson.

The team would like to thank Mr Ward for giving up his time to coach us during the 1987 season.

Taiwan Fundraising

A fund raising committee has been set up which consists of five parents of the squad. They have many fundraising ventures in the pipeline and are hoping to pay all the team's air fares.

The First XV leaves for Taiwan on April 12 and arrives in Keelung, where they will stay on April 15. For the next eight days the team will play a total of five games. They will return on April 26.

1st XI HOCKEY

Captain: Murray Harrington

Coach: Mr B. Neilson

Manager: Mr N. Riley

This year we began with a mixture of youth and experience. We played in the Senior Section of the local competition and finished a creditable fourth of the six teams involved.

We had a very effective core of defensive players which often frustrated our opposition. However our attack was the weakest phase of our play. All too often we put our opportunities to little use.

Interschools

v Otago BHS - lost 3-2

Things looked ominous when they scored in the opening minute. However we drew even just before the break. We gained the lead early in the second spell but two late goals ensured our defeat.

v Waitaki BHS - drew 1-1

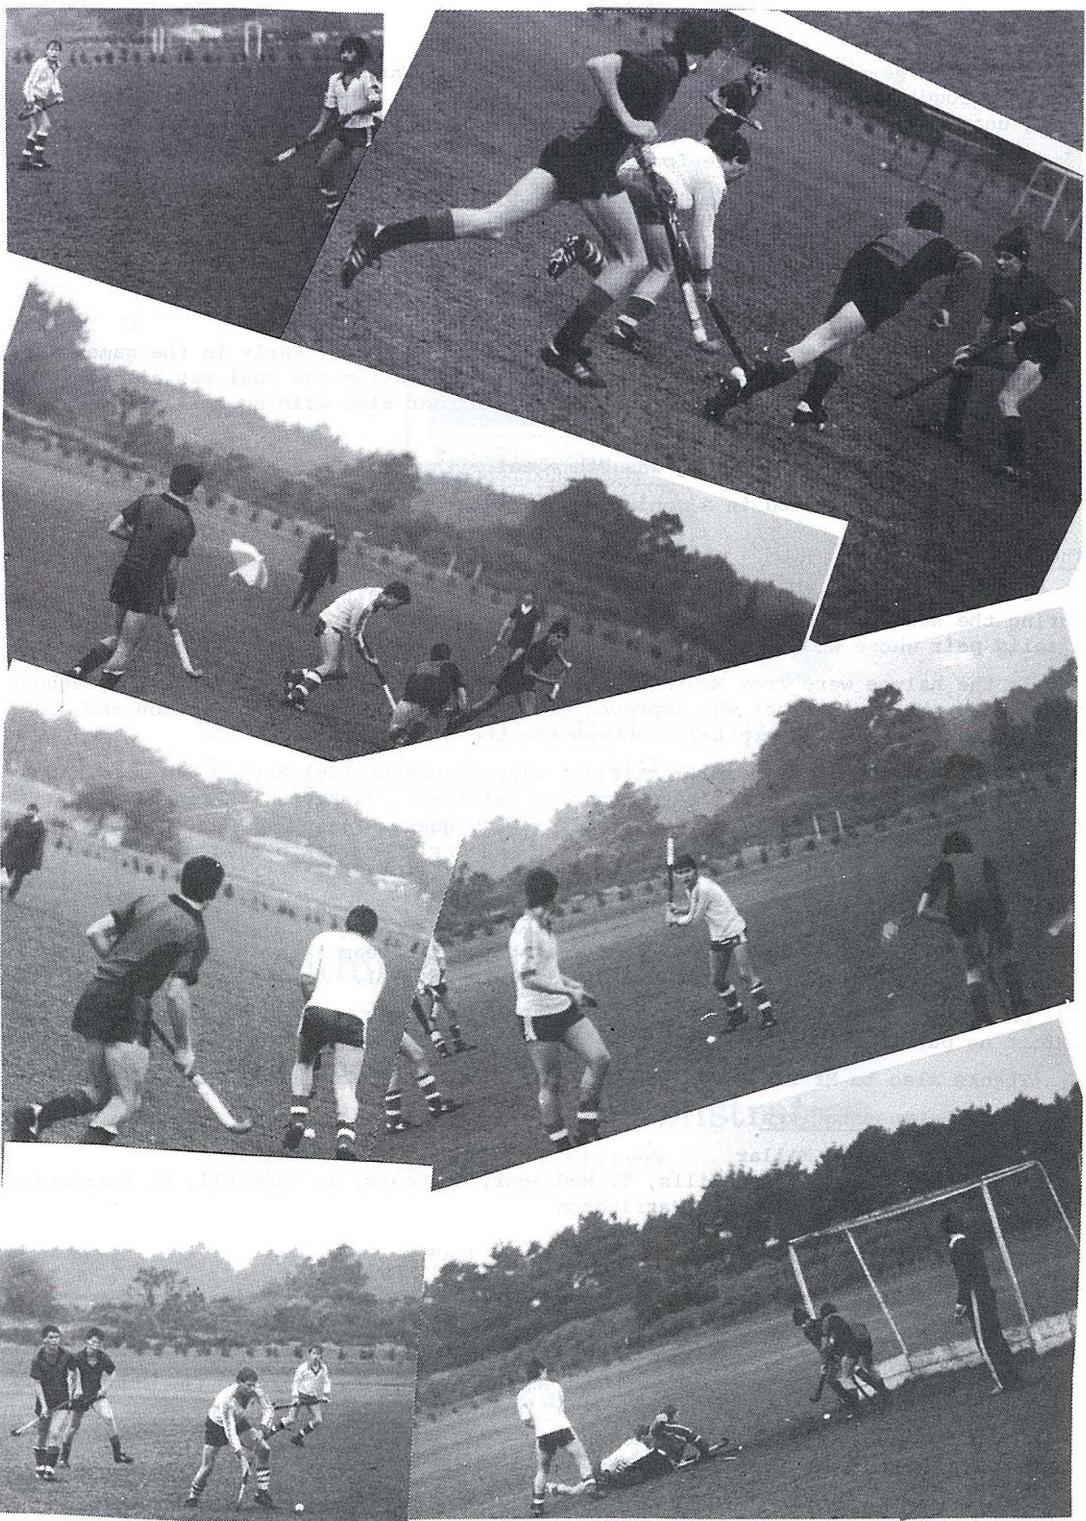

A very close game against a traditionally strong side. Our play down the wings was the strong point of our play.

v Kings' HS - drew 1-1

Played on a very heavy ground which did nothing for dribbling skills. It was however an intense and physical encounter which more than made up for the conditions

v Gore HS - drew 1-1

Another intense struggle which should have gone our way. Two missed strokes did nothing for our cause. The result was however our best against Gore to date.

TOURNAMENT

This year we contested the Challenge Shield in Dunedin. It was going to be an uphill struggle from the beginning as we had to change the team because of players being unavailable.

After section play we were fourth in our pool of six teams.

Our results were:	v Otago BHS	lost 2-0
	v Kaikorai Valley	won 9-0
	v Ashburton College	lost 4-1
	v Nelson College	lost 8-0
	v John McGlashan	won 4-1

We then played Kings' High to decide our final ranking. Early in the game they scored a very controversial goal. After much deliberation the goal was allowed. The rest of the game was a stop start affair with neither side gaining total control. Result - lost 1-0.

This meant our final placing was 7th equal with Otago Boys' High School.

Tai Tran was selected in a Juniors Tournament Team selected at the tournament.

The Team:

Our defence was always alert and goalkeeper Simon Galt made many fine saves during the season. Fullbacks Kylie Mills and Sam Cross completed the trio. They were a solid pair whose combination with the goalkeeper was at times outstanding.

In the halves were Troy McGregor who played a high standard of hockey throughout the season, Michael Baxter who improved considerably throughout the season and Murray Harrington at centre half who was the top goal scorer.

In the forwards Ian Campbell at right wing played skilful hockey and combined well with Nigel Hickey to dominate opposing defences. Hickey's linking between halves and forwards laid the foundation for many goals. Angus Tapper used his speed to advantage at centre forward and Tai Tran and Chris Gormack played with skill against older opponents.

Greg Coats was utility half-back and used his powerful hit to effect.

Both Scott Millar and Michael Scott came into the team late in the season and made useful contributions. Craig Casey also played well.

On behalf of the team I would like to thank Mr Barry Neilson for the time and effort he put in coaching us this season.

Thanks also to Mr Riley for his invaluable administrative skills.

This season was more successful than last season with the team coming fourth in the Senior Reserve competition. This placing came after an extremely slow start to the season because of the large number in the first XI squad. The team lost members throughout the season with most notable losses being M. Baxter (vice captain), S. Millar and T. Tran.

The team's inter-school against Gore High saw the team lose a 2-0 advantage at half time, finally going down 4-2 after a disastrous 20 minutes in the second half. The notable players for the team were G. McGregor, C. Lucy, S. Millar and G. Harrison.

1st XI SOCCER

With nine of last year's team returning, it was decided to enter the Senior Grade for the first time since the halcyon days of Jacques Vercauteren. Although the team did not train to the necessary degree, and suffered from the lack of a permanent coach, they competed very well and most games were lost only in the last minute.

The results: Played 14 games; won 4, drew 2, lost 8. Goals scored; 16 for and 37 against. 10 points on the table gave us sixth place out of eight. The problem was lack of goals - isn't it always!

Inter School Matches

v Otago BHS

Our only home game was against a team of players with great confidence and skill. Their pace and deceptive running gave us a lesson as we lost 7-1, Hawke scoring the goal.

v Kings' HS

This game was played in Dunedin in good spirits. The team combined well after an early goal by Kings and at one stage was 1-1 with a goal to N. Fraser. With a lapse in concentration the team went down 2-1. This was our best inter-school appearance and we were unlucky not to draw against the 16th best team in New Zealand.

v Timaru High

Won 3-2. Playing without a few regular players, the team started well and was up 2-0 at halftime; goals to C. Smith and N. Fraser. A spirited comeback from Timaru brought two quick goals. At 2-2 the team lifted itself with a well deserved goal to J. Shaw. A good result.

1987 S.S.F.A. Tournament (Nelson)

Held during the first week of the August holidays. We competed against nine other schools. In section play SBHS beat Howick 2-1, beat Nelson colts 2-1, drew with Nayland 2-2 and lost to Marlborough 1-3, to finish 2nd. In post section play we beat Middleton Grange 3-0 then lost to Nelson 0-5 in the semi-final. In play-off for positions 3 and 4 we drew 2-2 again with Nayland only to lose 3-5 on penalties. The tournament was a proving ground for such promising future team members as B. Roff, R. Peterson, C. Donaldson. J. Stephens was selected for the tournament team. Our thanks to Mr Smith and Mr Goodwill for their efforts and dedication.

Pen Portraits

Jason Stephens (Captain)

- Skilful and sharp as a striker with a superb work rate. His versatility resulted in his playing midfield for most of the season. He showed good drive and leadership.

Blair Turnbull (Vice Captain)

- A very versatile player who was always alert and active. Had good skills and used them well. Blair was a good distributor of the ball and often turned defence into attack.

Brent Smith (Centre back)

- A very competent back who played consistently well all year. Had good ball skills and an ability to beat his marker. Enjoyed some good attacking runs. His experience benefited the team once he returned from Australia.

Chris Panting (Goalie)

- Chris matured to a fine goalie at the end of the season. Tended to be a bit erratic, played an exceptional tournament and worthy of his place in the team.

Marc Lawrence (Right back)

- Marc possessed a strong tackle and not many wingers got past him. Became more dedicated as the season went on, also enjoyed good forward runs.

Daryn Dore (Left back)

- A fine header of the ball. Not many wingers made it past Daryn who was always covering them well. Possessed good speed and used it to his advantage.

Craig Stevens (Left half)

- A good team member who always encouraged fellow members. Had the ability to beat his marker and shoot. A fine fighter who never gave up and will be an asset next year.

Roger Hawke (Centre half)

- A player who loved going forward, but not so quick to get back. Roger had a great shot and should, in the future, look to use it more. A player with good skills and a flair for scoring goals.

Boyd Roff (Right wing)

- A very young player who thrived on competition, and had a good perception of the game. Often lacked size but gained in determination. A fine player for the future.

Neil Fraser (Striker)

- Had extreme pace which he used to good effect - scored some good goals. A good team member, full of determination. Neil also used his height with some good headers.

Craig Smith (Left Wing)

- One of the smallest members in the team who had a good shot and used it well. Full of aggression and a fine header of the ball.

Jason Soper (Half-forward)

- Player who liked to go forward. Had good speed and a good tackle. Needed to attend more practices.

2nd XI SOCCER

Captain: Hunter Donadlston

Coach: Trevor Neilson

The team was entered in the local third grade competition. They had mixed success in this grade playing against bigger and more experienced players which proved to be difficult at times. The team played 17 games winning 7, losing 8 with 2 games drawn. They scored 54 goals, conceding 49. The results could have been better with a few close results going the other way.

The top goal scorer was Trevor Neilson with 13 goals. We played one inter-school against Gore High School, a close game which we lost 5-4, with Bradley Wilson scoring a hat trick.

The team: Craig Sutherland, Craig McColl, Phillip Pascoe, Ian Braithwaite, Jonathan Peterson, Hunter Donaldson, Richard Peterson, Jason Jones, Steven Frost, Roger Carman, Lindsay Hyde, Simon Tattersfield, Grant Maddison, Paul Calvert, Bradley Wilson, Vance Pritchard and Warren Amos.

Thanks to Trevor Neilson and Mr Goodwill for giving up their time coaching us this year. Also thanks to Trevor for playing when needed.

UNDER 19 'A' SOCCER

Captain: J. Shaw

Coach: Mr Paris

1987 was the first year that the Southland Football Association had played an Under 19 youth grade.

After a bad start, the team improved and won the competition, which included a 10-0 win over one of the Hargest teams.

Southland Boys' High School 'B', Hargest Red and United proved to be the tougher opponents.

B. Roff, W. Smith and J. Shaw were consistent goal scorers and C. Stevens was the most improved player.

The team wishes to thank Mr Paris for all of his time and support.

The team: Strikers - B. Roff, C. Donaldson, W. Smith J. Shaw; Mid-field - J. Forsyth, J. Clifford, R. Hawke and C. Tribbe; Defenders - C. Stevens, B. McCrone, A. McAllister, G. Lamont, Keeper - I. Forrester.

UNDER 19 'B' SOCCER

The SBHS Under 19 Blue team had a fairly good season. Starting off slowly, we managed to pick our game up and play well. Although we might not have been able to win the league we were placed fairly highly with there being keen rivalry with the other SBHS Under 19 team.

Everyone played fairly well thanks to Mr Goodwill our coach. Also we must thank Mr Paris whose van provided transportation out to Sandy Point.

The team: Jason Jones, Richard Peterson, Andrew McCulloch, Aaron Rayner, Cameron Bain, Jason Bloom, Stuart Escott, Mark Duncan, Aaron Hogue, Jason Webber, Richard Welsh, Bradley Wilson, Alastair Everett and Dean Johnstone.

Although this year the team was not entirely successful, it had the potential to perform well.

As the season progressed, all players improved but we didn't seem to match the constantly improving skills of our opponents. The loss of Hamish Duffy midway through the season meant that the team lacked dominance up front. The team would agree, however, that what we lacked in goals we more than made up for in team spirit.

Our thanks to Blair Turnbull and Neil Fraser whose ever present guidance and encouragement were a great help during the season.

1st V BASKETBALL TEAM

This year's team had only one returning player from last season. Despite the lack of experience, the team won half of its games in the local inter-school competition. Through aggressive play, the team came close to defeating our more experienced, traditional inter-school rivals.

Captain Bradley Smith set an example through his smart, hustling play. Newcomers, Lyndon Stevens and Dean Horo were two of the team's high scorers. Andrew Hamilton's rebounding and shooting were vital to the team's success. All team members worked well together, making for an enjoyable season.

UNDER 16 BASKETBALL

Coach: Mr Sherborne

This year's Under 16 Basketball team faced a challenging season. Competition from Cargill and Kingswell was particularly strong but Southland Boys' High School managed to keep games close on most occasions.

The games against James Hargest and Verdon were always fiercely contested with our team emerging the victor on most occasions.

Most of the Under 16 players will be more up to the ranks of 1st V next year.

The team: Robert McNeil, Justin Young, Mark Stevens, Fau Mulipola, Alby Roberts, Daniel Martin, Julian Kersey, Jonathan Keast.

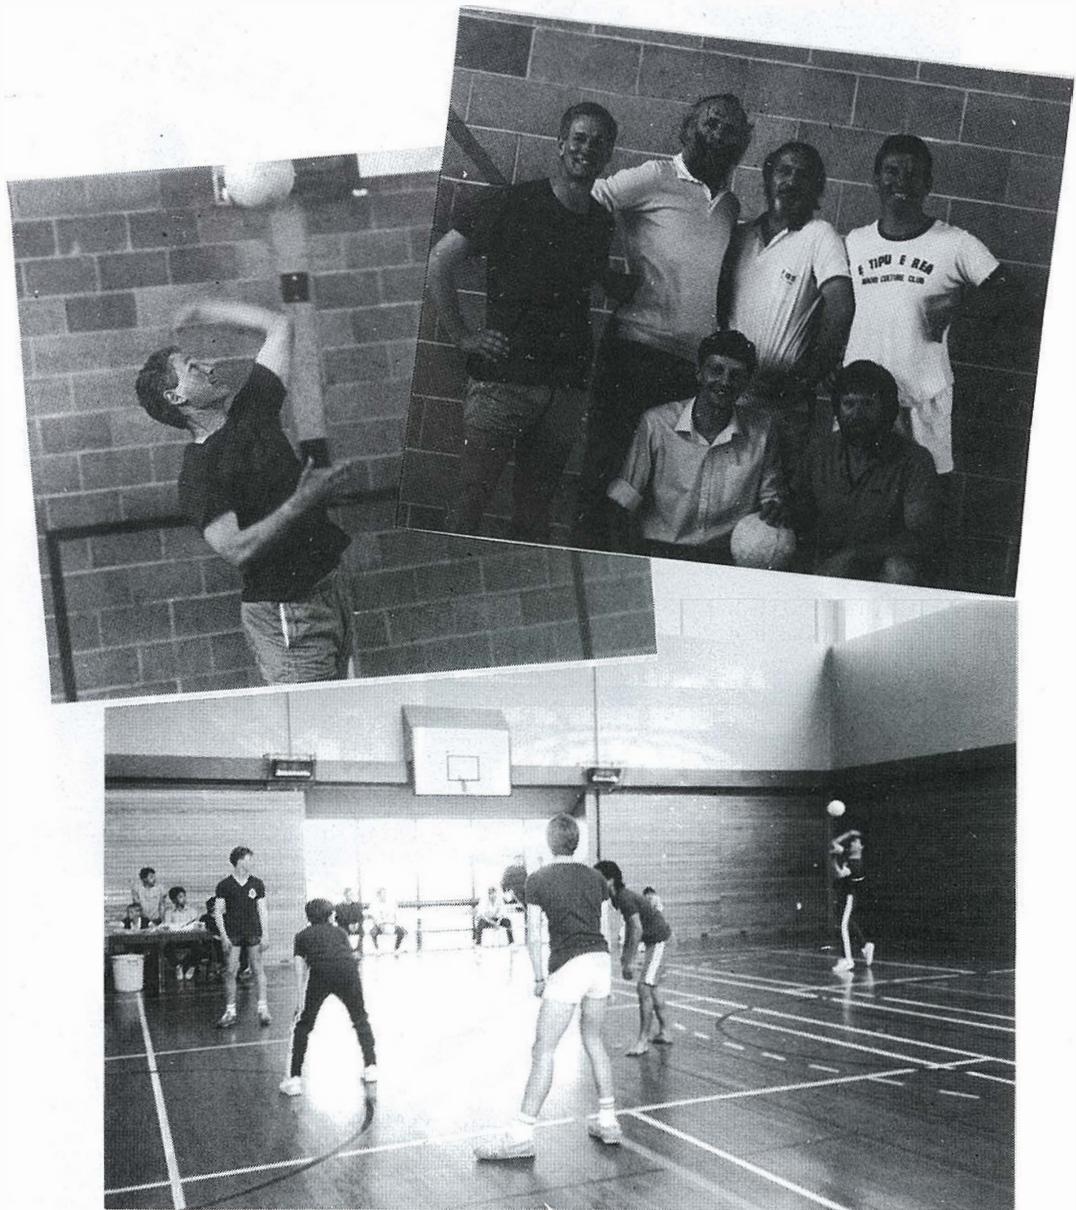

FORM 3 BASKETBALL

Coach: Mr C. McGillivray

This year's 3rd form basketball team was up against some strong competition from other schools especially Cargill High School and Verdon College. The team played in the Friday night competition and I am sure everyone enjoyed it. Thanks must go to Mr McGillivray for his enthusiasm in coaching the team.

The team: Michael Winiata, Shane Turner, Richard King, Brent Smith, Sam Paaka, Nicholas Broughton, Brendon Brice, Maurice Windle and Arran Jameson.

Inter-schools

v Shirley BHS 22-23/2/87

Southland batted first and was in early trouble at 2 for 2. However J. Sharp 34 D. Gellatly 53 and G. Popham 34, guided Southland through to 169. Shirley was dismissed for 123, mainly through the efforts of G. Popham who took 6 for 29, giving Southland a handy lead of 46 which was well built on by M. Scully 28 and D. Gellatly 44 not out, as Southland went through to 140/8 declared. This left Shirley 187 to win the match at approximately 4 an over. Shirley was also in trouble at 2/10 but 5 dropped catches allowed N. Astle to go through to a superb 110 to lead his team to victory with 1 over to spare. Result - Outright win to Shirley BHS.

v Kings' HS 3-4/3/87

Again SBHS batted first and was all out for 137, the main contributions coming from J. Sharp 49, D. Gellatly 30 and M. Scully 20. Kings was dismissed for 96 with G. Popham 3 for 19 and C. Rawlings 3 for 22 doing the main damage. SBHS then looked for quick runs to set Kings a target. At 104 for 7 SBHS declared with D. Horo having made 35. Kings went through to 58 for 2 as the match dwindled to a draw. Result - Draw.

v Otago BHS 16-17/3/87

Otago won the toss and elected to bat on a good wicket at Littlebourne. Southland found wickets hard to come by and Otago eventually declared at 173 for 7. Facing a big total against their old rivals, the Southland batsmen worked well to reach 166 all out with M. Scully 55 and J. Sharp 29 leading the way. The wicket continued to play well as Otago went through to 196/8 declared, M. Scully 3 for 61. This left Southland an impossible task and they were 85 for 3 at stumps, with D. Lowe contributing a solid 23. Result - Draw.

2nd XI CRICKET

Captain: C. Deacon

Coach: Mr Downey

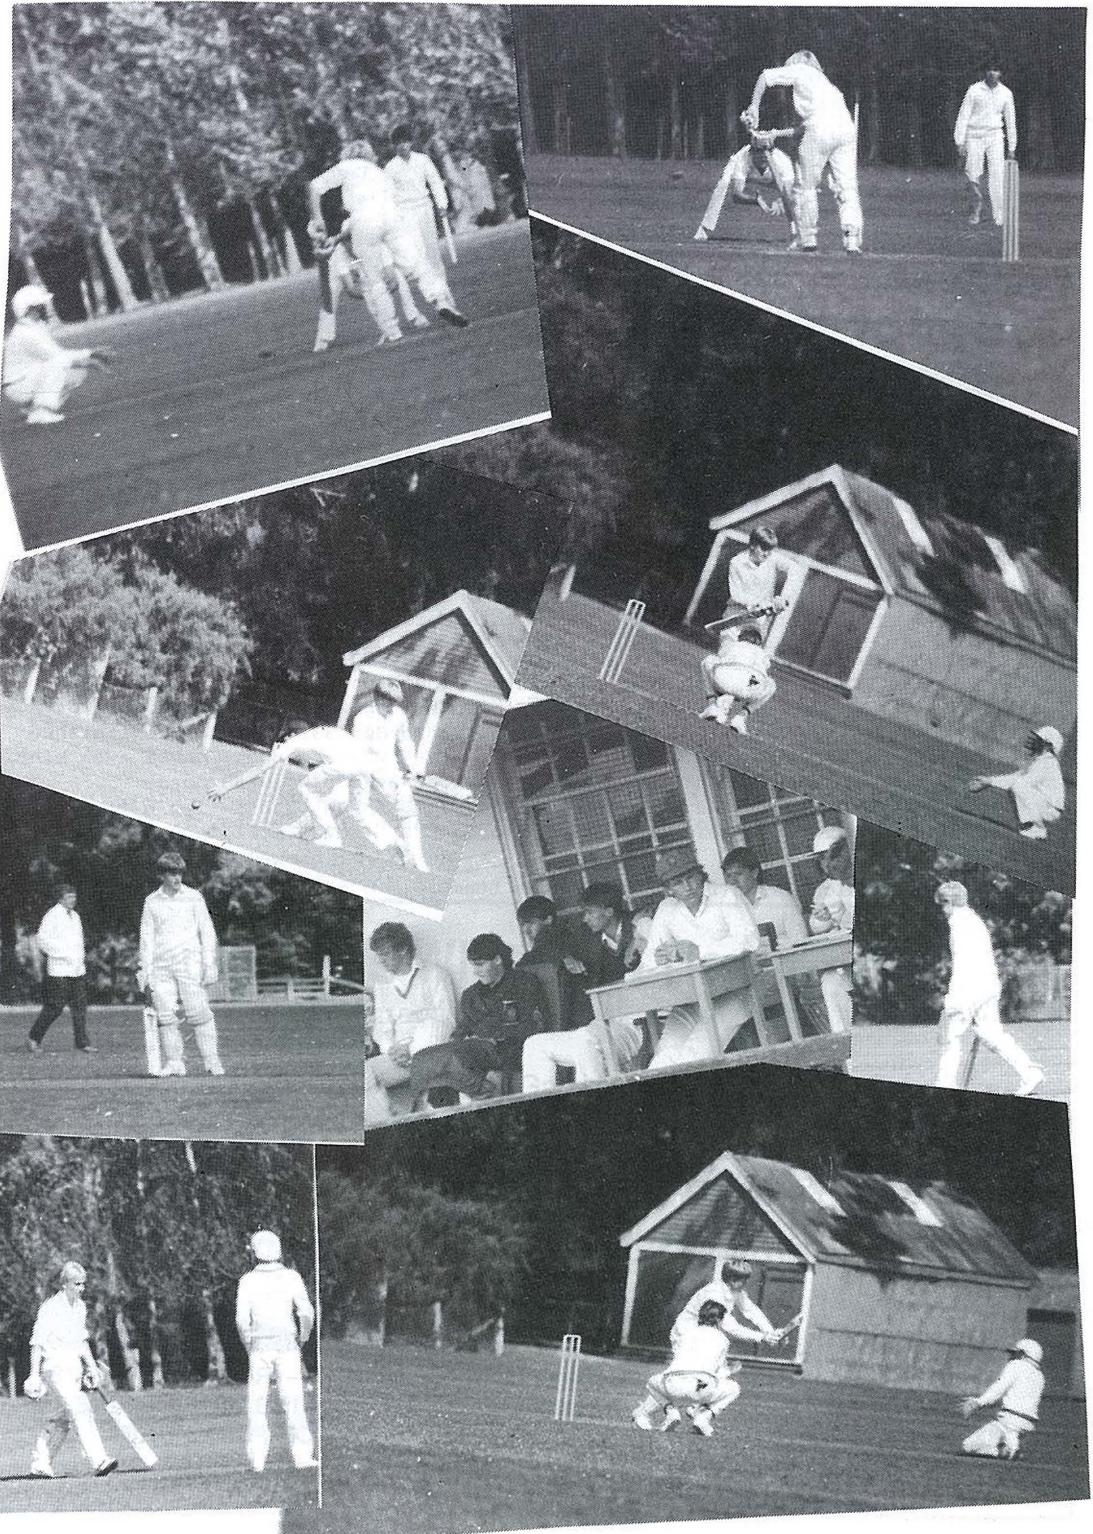

The second XI started the season well. We had a young team due to players being picked for the first XI. Richard King, in the junior school and Keith Brown, frequently put in fine batting performances throughout the season, while David Hanlan and Robert Nichol did well with the ball. Our inter-school against Fiordland College in the first part of the year, saw the team come out with the victory.

The team: Chris Deacon, Murray Harrington, Ian Smith, Nicholas Broughton, Keith Brown, Reon Goodwillie, Craig McKinnon, Justin Henderson, Tony Stewart, Robert Nichol, David Hanlan.

3rd XI CRICKET

SBHS was represented in the S.C.A. 2nd grade competition with two quite different 3rd XI teams. The first of these two teams, the 3rd XI 'A' consisted of fifth and sixth form pupils who were not quite ready for 1st XI and 2nd XI squads. The 3rd XI 'A' team was well captained by Craig Donaldson. Paul Calvert did a creditable job as wicket keeper and gear monitor. Other regular team members included: Barry Milne, Gary Dalhousie, Hunter Donaldson, Adam McLeay, Simon McLeay, Greg Coats, Landon Reiri, Paul Manson, Clive Wilkes, Stephen Nicholson, Mr Paris (player-coach). The team after a slow start was placed in the middle of the competition at the end of the 1986-7 competition. At the beginning of the 1987-8 competition the team made a reasonable start with a good win over Verdon College and a narrow loss to Tuatapere.

The 3rd XI 'B' team, or "Cavaliers" as they preferred to call themselves, was well captained by head prefect David Lindsay. "The Cavaliers" was essentially a 7th form and prefect social team which entered into the competition not so much to compete, but so as to enjoy a Saturday afternoon in the sunshine. The team was well managed by David Lindsay and they had their fair share of success, including a win over the 3rd XI 'A's in the 1986-7 competition.

"Cavaliers" Team Members were:

Grant Ryan, Jason Reid, Tim Anderson, David Lindsay, Matthew Hansen, Mark Perriam, Michael Adam, Nigel Hickey, Neil Fraser, Willy Lewis, Michael Horrax, Steven Early.

Part timers: Andrew Hamilton, Andrew Cole, Simon Raynes, Brent Smith, Simon Forres

Captain: Richard King

Coach: Mr Richardson

The Colts team played very well in its first inter-school against Shirley Boys' Shirley Boys' batted first, but were soon in trouble when T. Johnson took their first three wickets by the tenth over. Shirley Boys' were all out for 159 runs. T. Johnson took five wickets for the innings.

The Colts didn't bat very well but good scores from R. King 25 and W. Broughton 24 gave the Colts' total score of 80 runs some respectability. Some good bowling from W. Broughton (5 for 14) and good wicketkeeping from D. Fleet saw Shirley Boys' out for 93. Boys' High were chasing 166 for a win. Some excellent batting from R. King who scored a fine 95 not-out, and a quick 28 from P. Cass secured a win for Boys' High.

The next game was against Kings. W. Broughton bowled well, but the result of the game was a draw. It was a game Boys' High should have won.

Our final inter-school was against Otago Boys'. Otago batted first and scored a sound 209 for 9 declared. R. King 33, and W. Broughton 27, were the only Colt players to have good scores. In the second innings Otago Boys' declared for 75. The game finished in a draw with R. King 54 and M. Purdue 33 not-out who finished the day's play.

The team: R. King (captain), T. Johnson, W. Broughton, M. Purdue, P. Cass, B. Corbett, P. McDonald, B. Folster, D. Fleet, K. Mason, W. Roberts, S. Forgie, D. Tapp, M. Kemp.

Thanks to Mr Richardson for coaching the team.

Volleyball

1st VI VOLLEYBALL

Players: Richard Osborn (captain), Aaron Hogue, Hunter Donaldson, Cameron Humphries, Phillip Thompson, Nigel Hulls, David Powley.

Over the 1987 year Southland Boys' High has been represented by a little known, and often scoffed at group of sportsmen - those of the 1st VI volleyball team. Although the team had only mixed success this year, the school was well supported by them.

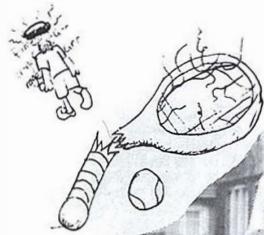

The team started its year-long campaign at the beginning of the first term with an Inter-school against a strong Kings' High School which was unfortunately lost. Other inter-schools came in the form of Gore High School which we won 5 sets to 0 and Kingswell High School which we lost 2 sets to 1. Unfortunately, these were the only volleyball inter-schools played, as all too often the other school in SBHS's major traditional inter-school functions failed to provide a representative volleyball contingent for us to play.

As well as these inter-schools the team played in the local High School Teams' competition at the Indoor Cricket Centre and despite strong opposition managed to serve, set and spike its way into a well deserved 3rd place.

Being the captain of the team I would like to thank all the players (as well as the "L A R G E" crowd of supporters-good joke), Mr N. Lawrence who willingly supported us with time and effort in our crusade as a coach, umpire and spokesman to higher authorities, getting us both uniforms and recognition as well as improving our game; thanks.

On the whole the SBHS 1st VI competed well in 1987, and although most of the team is leaving at the end of the year, I hope that in the years to come the volleyball team continues to grow in value and prestige following the example set by us.

As Julius Caesar once said, We Came, We Saw, We Conquered!!!!

Tennis

Captain: B. Smith

Coach: Miss L. Boyd

The school Tennis team was very strong this year and competed well against all opposition. The juniors were again to the fore with excellent performances. Our senior teams should be ably replaced in the future by these juniors. We won against Kings' High School, Shirley Boys' High School and lost to the Otago Boys' High School team. The juniors won all games however.

v Shirley Boys' High 23/2/87 (Home)
Juniors 6-6, Seniors 15-6

This was the first inter-school for two of the juniors and the first for this year. A draw in the juniors was a fair result but if some members had been more consistent a win may have been attained. In the seniors there was plenty of experience with two juniors from last year moving into senior ranks. They filled their positions well in the team. A 15-6 win to SBHS was a good achievement as one Shirley Boys' member had a national ranking of 8 last year.

v Kings' High 3/3/87 (Home)
Juniors 10-2, Seniors 21-0

In the Kings' inter-school, the juniors dominated play. The 10-2 win was more a result of the Kings' tennis strength however, as our players were very rarely extended. In the Seniors, SBHS dominated play winning by 21 rubbers to 0 with only two games needing three sets to be played to decide the victor. With no rubbers lost and the opposition not strong, this was a satisfying win.

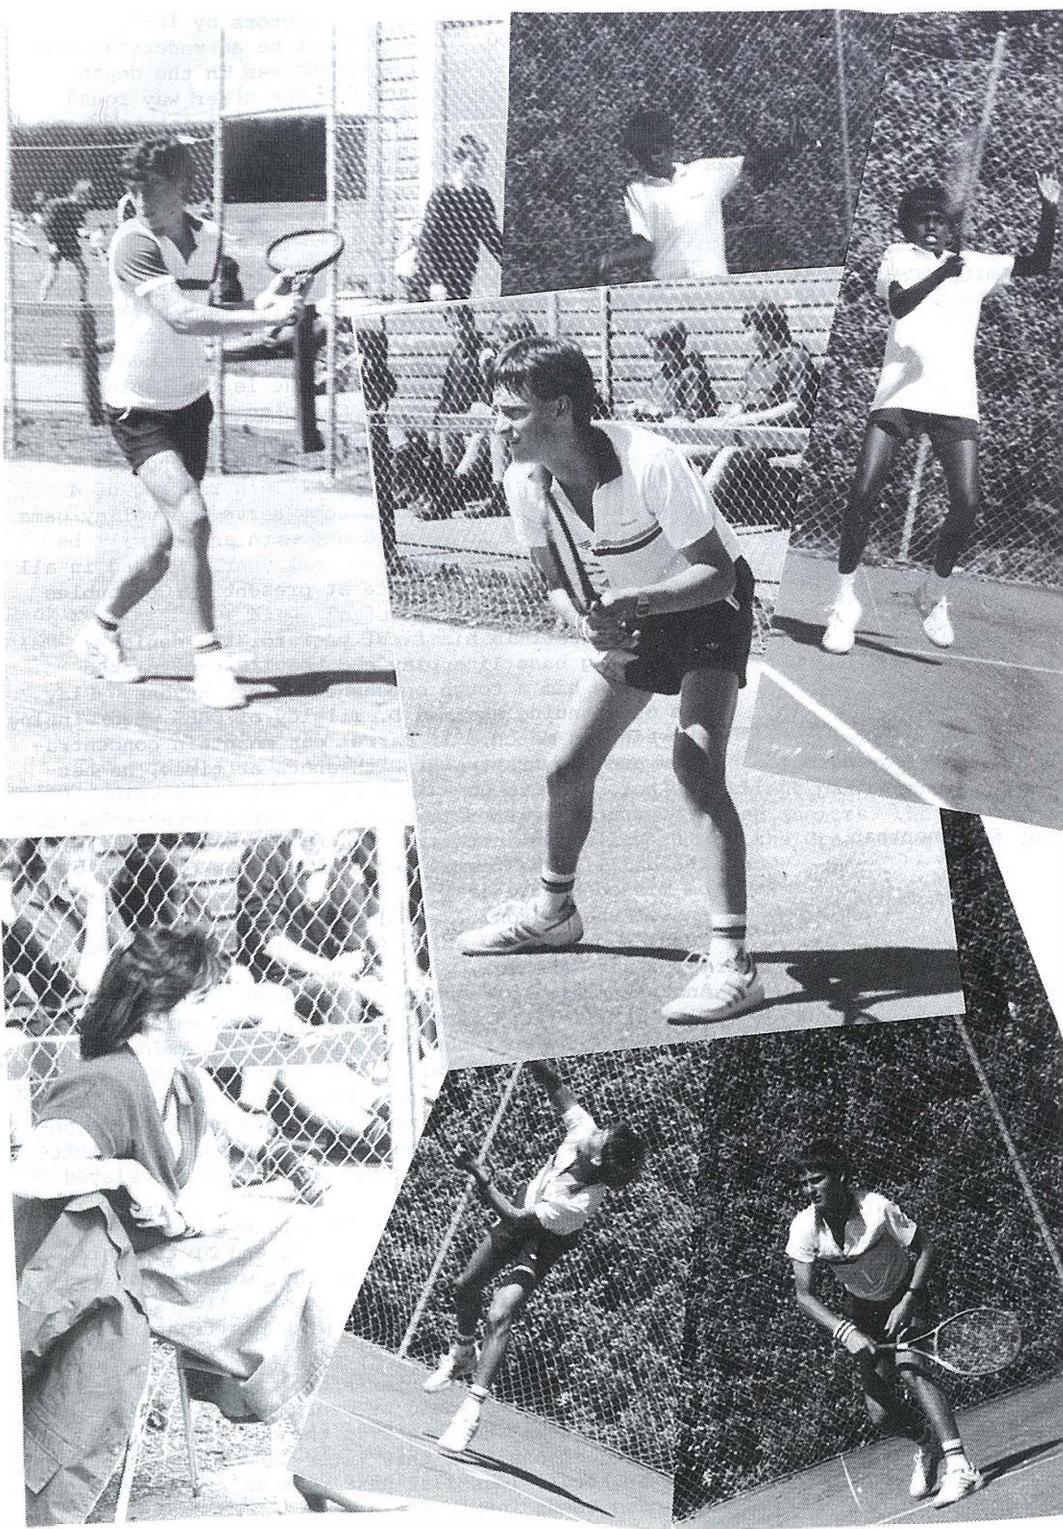

v Otago Boys' High 16/3/87 (Away)
Juniors 7-5, Seniors 5-16

This inter-school is traditionally the toughest and always the most keenly fought. The rare feat of the juniors was the highlight and should be commended. The 7-5 win was tense and a credit to the less experienced, little coached SBHS team.

In the seniors the result was different with Otago the victors by 16-5. However, every rubber won by SBHS was treasured. It would not be an understatement to have expected 1 or 2 rubbers at the most. Otago's strength was in the depth from 1-6 with their 5-6 competing well against our 1 and 2. The other way round however our 5-6 boys had no answer for their 1-2's. A most enjoyable inter-school and one which showed an excellent team spirit. The support by team members during these trying circumstances was enough to have their team mates fight to the last point.

Pen Portraits - Senior Team

- Barry Smith (Captain) - Played in all inter-schools. Highlight was beating Shirley Boys' High No. 8, nationally ranking W. Granger. Barry is an example for all players for his good sportsmanship. He is very determined and steady in his play. At present he is the Senior Schools Singles and Doubles Champion.
- Lance King - The fourth year in the inter-school team for Lance. Played exceptionally well in OBHS inter-school. Highlight - losing to a National 16's ranking of 4 in three close sets. His strong serve and volley game made him a force to be reckoned with and he will be a valuable asset to the team next year. Played in all three inter-schools. Lance at present is Co-Doubles Champion.
- Darrel Gimblett - A fifth former in his first year for the seniors. His strong base line play and heavily topspinned shot made him a tough opponent against anyone. Play was outstanding against D. Tilsley of OBHS when winning the singles match. If Darrel can maintain concentration and show restraint with shots at times, he has the potential to go a long way. Will be a valuable member next year. Played in all three inter-schools.
- Sanjay Sathananthan - A free-flowing shot maker and the hardest hitter of the ball in the team. Had some good results and will be missed by the team as he left for Australia at the end of the season. Needed more concentration in doubles but a very able 3/4 for the team. Played in two inter-schools.
- Peter King - Another junior brought in from junior ranks. Play was very erratic with some good wins. Must work on concentration but has the shots to form a formidable opponent. Played in all three inter-schools and will be a welcomed resource next year for the senior team.
- Paul Lamb - A seventh former who always gives his best. His confidence was boosted as the games progressed. A left-handed player who will be missed next year. Played all three inter-schools.
- Lyndon Stevens - He too lacks confidence in his game but played very consistent tennis up to the latter end of the third year, where his play became patchy, with Lyndon and Paul Lamb vying for the bottom spot. Always made the game tough for the opposition with his fighting spirit. Played in two inter-schools.
- Mathew Edwards - Brought into the last inter-school to replace Sanjay against OBHS. This would be overpowering for some but not for Mathew. He fought to the end and gained valuable lessons from this inter-school. His form will be keenly looked at next year as an improvement in his game seems inevitable.

Pen Portraits - Junior Team

- Rajive Sathananthan - A junior who played excellently at OBHS. His free flowing style was a pleasure to witness. To progress further however he must try to create more opportunities for net play. Played in all three inter-schools and will be missed by the team with his departure to Australia.
- Hamish McKenzie - A new member of the junior team who played with creditability. A good baseline player who also must work on his net play. Will progress into a forceful junior player next year for the school. Played in all three inter-schools and gained valuable experience.
- Calvin Stevens - Another valuable junior who always played very consistent tennis. His thoughtful play was a tremendous asset; his reading of the game was excellent. Played in all three inter-schools.
- Brendon Brice - A player with great potential. His fighting determination will hold him in good stead for next year. Will only improve as Brendon has a lot of natural ability. His only fault was the over-use of the lob. Played all three inter-schools.
- Blair Maddison - A newcomer to the team who has a lot of ability but must learn to concentrate more and fight a bit more for points. A good serve which should provide him with a weapon for his opponents. Played in one inter-school.

R. Sathananthan, B. Brice and H. McKenzie all made representative level for Southland.

Special note must go to Miss Boyd who gave players valuable support, assistance, encouragement and was always there for advice.

Saturday Tennis Teams

The Senior D Grade team of Nathan McKenzie, Nigel Winder, Leonard Pullham and Peter Van Westenhuyzen were members of the D Grade Competition. Their reliability and good sportsmanship was very commendable.

The Junior A and B teams are also to be commended for their reliability and good standard of play.

Coach: Mr D. Cooper

The Boys' High Softball team had another successful season this year by gaining entry into the National Secondary Schools' Championships in Porirua for the second year running. The build up to this tournament was an unbeaten record through both the Invercargill section of the playoffs beating:

James Hargest 7-6 & 10-0, Menzies College 9-1, Cargill High 7-5
and in the Southland/Otago playoffs where we beat:

Kaikouri Valley High 11-1, Cromwell High School 13-0
to finally gain entry to the Nationals. This year we moved our placing from 6th to 5th position, with both good and not so good performances. All the games were played in the best of spirit and the experience gained was invaluable. The results were:

Marlborough Boys, 7-6 (win); Aorere College, 3-5 (loss);
Te Aute College 0-4 (loss); Mana College 5-11 (loss, eventual winners);
Northland College 2-5 (loss)

In our annual inter-school fixture with Kings' High School we won all our games convincingly. The scores were: 18-0, 13-4, 20-0.

Finally, the team would like to thank Bob Roff and particularly Mr D. Cooper for their time and effort in coaching us throughout the season. Next year, with exactly the same team returning, we would look forward to their guidance once again and, hopefully, further success.

The school fielded three teams in the local competition this year having varied success. A slightly weakened 'A' team had a few more difficulties with the main rivals Verdon College this year, but as usual the games were tough and reasonably close, although the score didn't always show it. The team finished 2nd overall (behind Verdon) which was a good effort.

The 3rd and 4th form team was very successful this season, winning Section II of the competition. A great effort for a young team who often had to play teams twice their size.

The 6th form social team had mixed fortunes with King and Edwards featuring regularly in both the general play and shooting. This was probably because they were the only two who could swim. All the games were played in a jovial mood and a lot of fun was had.

A special thanks must go to Mr Sherborne for his organisation of the teams, a special congratulations must be given to Brad Pankhurst who travelled to Hawaii with the under 15's in August and Bevan Ellis who went to Australia to play for the NZ

The team secured good wins over Northern Southland College and James Hargest High School and a win and a loss over Wakatipu High School.

After two days we were tied on points with Wakatipu High School. A protest entered by the Southland Boys' High School team against the Wakatipu team would have won the contest for us on countback but the protest was defeated and the Wakatipu team won the competition. We therefore had to be satisfied with 2nd.

The team: Michael Adam, Angus Tapper, Neil Fraser, Logan Cahill, Hamish Jackson, Paul McDonald, Mathew Butson.

Sailing

This year the sailing team again headed for Lake Wakatipu and the Southland Secondary Schools Sailing Champs. With slight more preparation this year we were confident of success and retaining the title won last year.

Travelling to Queenstown on Friday enabled us to gain some worthwhile practice in good 10-15 knot winds. Conditions were perfect and looked promising for the following two days of competition. However, things were not to be - the wind deserted us and the competition was held in frustrating and trying conditions in barely 4 km/h of wind.

Rowing

Back row: Mr Murcott, Tony Sycamore, Richard Lucy, Toni Dunlop, Warren Campbell, Richard Clapperton

Front row: Dion Forrest, Brent McGregor, Blair Turnbull, Andrew Syme, Andrew Cole, Karl Kupe, Hamish Carter

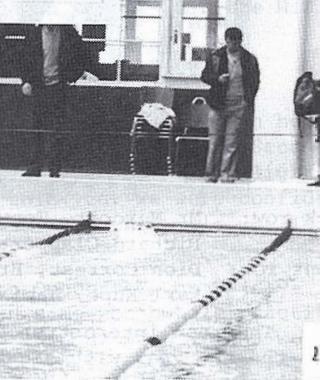

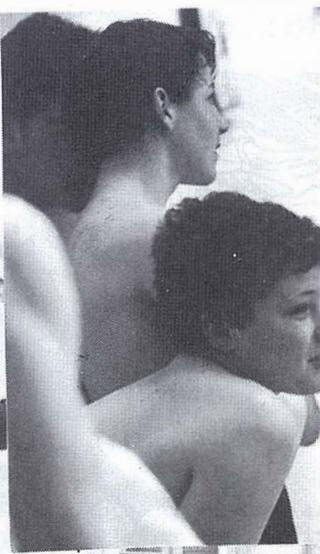

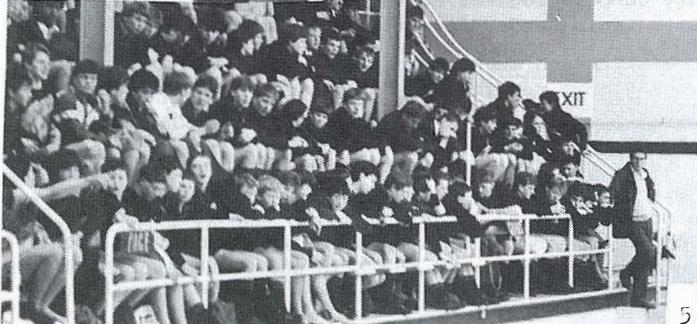

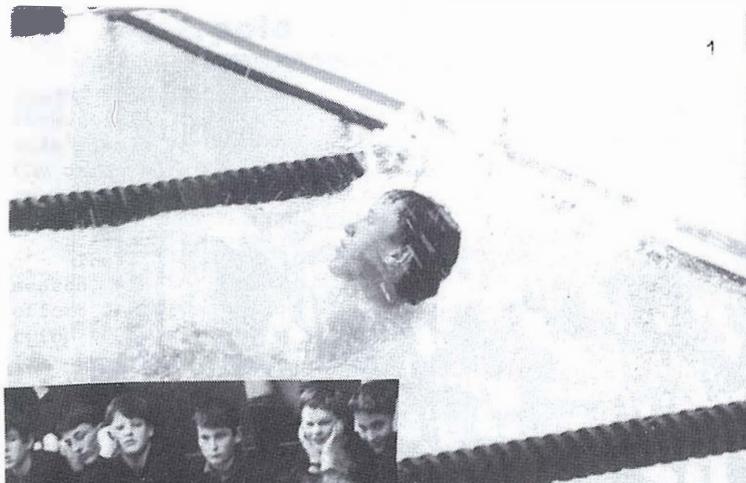

The keen interest shown toward the end of 1986 by the school rowers continued into the new year with sights keenly set on the National Secondary Schools Maadi Cup Regatta in Hamilton.

Held at Lake Karapiro, the Maadi Cup is the largest regatta in the world with well over 80 schools and 4,000 competitors.

Early season preparation went well with wins in the Under-19 Novice Eight and Four and Under 17 Novice Four events at the Otago/Southland Secondary School Championships on the Oreti River late in 1986.

Our fortunes fell in February '87 with only a single win in the Under 19 Novice Four at the South Island Secondary Schools regatta at Lake Ruataniwha, Twizel, but this provided the impetus for us to train harder for the Maadi Cup.

After several fundraising ventures and much organisation, we left for Hamilton in early March. The Waikato/Bay of Plenty regatta - a one day event - was held two days after our arrival and wins in the Under 19 Novice Pair, Novice 8 and Novice 4 events by Southland Boys' had the North Island Schools concerned. Our success here augured well for the New Zealand Secondary Schools event the following weekend where finals day produced a Bronze Medal for the Under 19 Novice Pair and Golds for the Under 19 Novice 8 and 4 crews; a most successful rejuvenation of Southland Boys' High rowing indeed. Thanks to John O'Connor and John Frampton for many hours spent coaching and to Mr Murcott for putting up with us on the trip and the Waihopai Rowing Club for the use of their boats.

Swimming

This year, Southland Boys' sent a smaller team than in previous year to the S.I.S.S., with good performances all round. The team managed to gain 3rd placing in the team's division. Swimmers who performed well in individual events were: Andrew Hamilton gaining 3 1st places, coming close to records; Craig Boylan gaining 2nd, 3rd and 5th placings; and Brad Pankhurst gaining a 2nd placing. William Lewis also performed well making the finals in his specialist events. The team would like to thank Mr Sherborne for his help on the trip.

In the 3rd term SBHS again performed well, taking two comfortable wins at the Southland Secondary relay competition coming within 0.7 seconds of one record.

Cycling

Back row: M. Smith, A. Kissell

Front row: T. Grave, S. McLeay, J. Kissell, G. Sycamore, A. McLeay, J. McEwan

1987 was the first year that cycling was included in the Winter Sports Inter-school programme, with races against Kings' High and Timaru Boys'.

Bad luck in the form of two punctures robbed the team of a certain Time Trial victory over Kings' High, while we defeated Timaru Boys' 30 points to 25 after a long tactical battle, with school taking three of the first four places in the mass start 40km event.

Once again the top Southland Secondary Schools team was Boys' High and we competed in the New Zealand Secondary School Championships in Palmerston North finishing 7th out of 36 teams as well as Todd Graves taking 2nd place in the Joli Cup Individual Time Trial.

Four riders also rode the 110km Manawatu Novice Tour with John Kissell finishing in a highly creditable 9th place.

Mark Smith also finished 3rd in the Under 15 points event at Manfield Auto course.

With strong interest being shown by younger riders, the future of cycling in the school looks bright.

The team would like to thank our coach Laurie Tall and Mr Bisschops for their organisation and support.

Badminton

In another closely fought final a young Southland Boys' team overcame a more experienced and accomplished Cargill team in the Southland Secondary Schools competition. This is the third year running a school team has won the event, and with the majority of the team consisting of second and third year students the future of school badminton looks very promising.

In August the team travelled to Timaru to compete in the South Island Championships. The team performed to expectations but found the going tough against players two and three years their senior. Next year should reflect the depth of talent in the school. On behalf of the team I would like to thank Mr Sarson for his organisational skills and a special thanks must go to Mr and Mrs Marshall for giving up so much of their own time. Without them the trip would not have been possible.

The team: Nathan McKenzie, Glen Hamilton, Daryl Marshall, Brent Kingsland

Orienteering

As is always the case with this fast growing sport, the leading question is - "What is it?" Orienteering is a race to navigate around a number of set points on a map in the quickest time. This demands both mental and physical ability and is what seems to attract people who want to get away from plain running.

This year the Southland Boys' High School orienteering team was formed solely to compete in the Canterbury Inter-school Championships, the only major schools competition in the South Island. The team consisted of Roger Carman, Nigel Hulls, Simon Galt, David McCarthy and John Powley.

On Saturday, 26 September, we made the journey to Christchurch by car. On Sunday we competed with a wide selection of Christchurch High Schools and won both the Individual and, more importantly, the teams title. David McCarthy won the Individual in 25 minutes and our team won the title with the best four times of:

David with 25 minutes, Roger 31 minutes, Nigel 40 minutes and John 49 minutes winning by two minutes from Cashmere High who were second and Hagley High in third place.

All the team would like to acknowledge the tremendous support, organisation and time put in by Mrs Young. A very successful beginning for Orienteering at Southland Boys' High.

Golf

Back row: Mr R. James, Gary Popham

Front row: Murray Harrington, Jason Stephens, Simon Jamieson

The 1987 Golf team which consisted of Jason Stephens, Simon Jamieson, Gary Popham and Murray Harrington was a lot younger and more inexperienced than other year's teams. The team played three inter-schools. Against Shirley we won 7-1, against Kings' we drew 4-4, against Otago we won 9½-5½. With this fine record, going into the Provincial Tournament we were hopeful of winning. With scores of 82, 76, 75 and 99, we managed to win by 13 strokes from Gore High. With this win came a trip to the finals in Wellington.

The team left on 7 September flying to Wellington where we met Mr James. A practice round at the Hutt Golf Club the next day was most enjoyable, and the general opinion was of a short but tight course. The day itself was overcast and threatening rain, yet after the morning round we lay fifth with scores of 79, 75, 83 and 90 respectively. However with the rain in the afternoon also came high scores all round. We finished eighth, with afternoon rounds of 89, 83, 79 and 81. A very enjoyable trip capped off a good year for golf.

The team wishes to thank Mr James for his support throughout the year.

The only choice

This function is now a valued fixture on the school calendar, and close to 50 survivors fronted up on Wednesday, 2 December to receive their certificates and listen blushingly to the revelations and plaudits of their form teachers. Scarcely anyone escaped unscathed.

From time to time assorted musicians came to the rescue. A seventh form choral group entertained with excerpts from "Cats", a brass-sax quartet rollicked its way through a breezy number, and then, wonder of wonders, a barbershop quartet arose from the ranks of the staff and softened up the audience for the official speeches.

Neil Fraser (see extracts elsewhere) roamed nostalgically through his - and others' - school years, putting into words what many had known but few had spoken about members of staff. There was the teacher who reportedly said to a student: "Glasses fogged up----? I have that effect on women, too." And another, whose errant science experiments were oft described in graphic anatomical metaphors. The imitations of staff by students, too, were apparently exceedingly funny as well as accurate, though there were no demonstrations on the night.

The Rector was rather more circumspect, but he delighted his audience with an account of his departure from rep. cricket - occasioned, it seems, by a lone voice near where he was fielding on the boundary declaring that "old Jack" would have a heart attack if he was placed any closer to the bat. A very pleasant - and revealing evening wound up with an equally enjoyable supper, and parents, staff and the new ex-

VALEDIRORY SPEECH

Before beginning my address, I would like to take this opportunity to thank all the staff members and particularly Mr Alabaster for the great contribution they have made this year to all facets of school life.

For many of us here tonight, it will be our last senior prizegiving. This gives the occasion a sad note, not only because it marks the beginning of exams in a week's time but also because this is the last time we will be together paying tribute to those who have excelled. Next year will be the start of a new life, whether at University or in the workforce and the prospect of such change is undeniably exciting. However, in the words of a renowned French writer, "All changes, even those not longed for, have their melancholy - for what we leave behind us is a part of ourselves. We must die to one world before we can enter into another."

When I first arrived here, on New Entrants' day 1982, I recall being overawed by the vast enormity of Southland Boys' High. Poring over my indecipherable map, I was scarcely able to find my way through the seemingly endless maze of corridors, staircases and laboratories. The wonder of a laser beam in a physics lab and the huge, hairy giants such as Donald Jones, led me to realise just how small and insignificant I was, both in body and in mind.

Now five years since that day, I stand in familiar surroundings. Over 1,000 days of my life have been spent here and during those days I, like all adolescents, have grown both in body and in mind. Growth of the mind does not only mean gaining vast stores of knowledge - it also means gaining experience, it means gaining maturity and ultimately, it means gaining of self-knowledge.

Learning is never an easy process and all the time that we are learning we are unconsciously forming our own dreams, hopes and aspirations and thus a purpose for life.

Tonight we are saluting those who have made the most of their years at Southland Boys' High - those who have formed ambitions and who have realised them. However those who receive trophies and certificates are not the only ones who have achieved a sense of purpose.

Those who helped junior boys with remedial reading, those who assisted with the 4th form camps, those who led juniors in haka competitions, those who coached various sports teams, those hostel seniors who helped juniors with their studies and those who worked for weeks on a research project. These are also people who have achieved something in their school days. These people may not have succeeded in terms of scholastic or sporting results but they have succeeded in finding purpose in their life.

The security of the ivy-covered brick walls has provided us all with a constant, familiar environment in which to grow up. The 7th formers here tonight will, next year, no longer have the security that Southland Boys' High offers. The possibility of a user-pays system at University and the rationalisation of many industries, provide uncertain factors which could influence our lives in 1988. No longer will we have that secure, familiar and unchanging institution in which to cultivate a sense of purpose.

Southland Boys' High has provided us with a stable and secure haven from the harsh realities of the outside world for 5, at times, long, years. However the years we have spent here are not just a measurement of time, they have been years of fun, years of friendship, years of rebellion, years of mistakes and years of learning from our mistakes. Above all, they have been years of trying our very best to grow up.

David Lindsay
